PROVIDING FOR CONSIDERATION OF H.R. 3058, TRANSPORTATION, TREASURY, HOUSING AND URBAN DEVELOPMENT, THE JU-DICIARY, THE DISTRICT OF CO-LUMBIA, AND INDEPENDENT AGENCIES APPROPRIATIONS ACT, 2006

Mr. LINCOLN DIAZ-BALART of Florida. Mr. Speaker, by direction of the Committee on Rules, I call up House Resolution 342 and ask for its immediate consideration.

The Clerk read the resolution, as follows:

H. RES. 342

Resolved, That at any time after the adoption of this resolution the Speaker may, pursuant to clause 2(b) of rule XVIII, declare the House resolved into the Committee of the Whole House on the state of the Union for consideration of the bill (H.R. 3058) making appropriations for the Departments of Transportation, Treasury, and Housing and Urban Development, the Judiciary, District of Columbia, and independent agencies for the fiscal year ending September 30, 2006, and for other purposes. The first reading of the bill shall be dispensed with. All points of order against consideration of the bill are waived. General debate shall be confined to the bill and shall not exceed one hour equally divided and controlled by the chairman and ranking minority member of the Committee on Appropriations. After general debate the bill shall be considered for amendment under the five-minute rule. Points of order against provisions in the bill for failure to comply with clause 2 of rule XXI are waived except as follows: beginning with the comma on page 5, line 25, through "and" on line 26; be-ginning with "for" on page 11, line 22, through the first comma on page 12, line 1; beginning with the colon on page 12, line 12, through "Program" on line 17; beginning with "Notwithstanding" on page 16, line 8, through the comma on line 8; sections 110, 112 and 130; beginning with the colon on page 32, line 25, through "Congress" on page 33, line 3; beginning with "Notwithstanding" on page 34, line 4, through the comma on line 4: and sections 151, 218, 808, 928, and 945. Where points of order are waived against part of a paragraph or section, points of order against a provision in another part of such paragraph or section may be made only against such provision and not against the entire paragraph or section. During consideration of the bill for amendment, the Chairman of the Committee of the Whole may accord priority in recognition on the basis of whether the Member offering an amendment has caused it to be printed in the portion of the Congressional Record designated for that purpose in clause 8 of rule XVIII. Amendments so printed shall be considered as read. When the committee rises and reports the bill back to the House with a recommendation that the bill do pass, the previous question shall be considered as ordered on the bill and amendments thereto to final passage without intervening motion except one motion to recommit with or without instructions.

The SPEAKER pro tempore. The gentleman from Florida (Mr. LINCOLN DIAZ-BALART) is recognized for 1 hour. Mr. LINCOLN DIAZ-BALART of Florida. Mr. Speaker, for the purpose of debate only, I yield the customary 30 minutes to the gentleman from Massachusetts (Mr. McGovERN), pending which I yield myself such time as I may consume. During consideration of

this resolution, all time yielded is for the purpose of debate only.

(Mr. LINCOLN DIAZ-BALART of Florida asked and was given permission to revise and extend his remarks.)

\Box 1230

Mr. LINCOLN DIAZ-BALART of Florida. Mr. Speaker, the rule provides 1 hour of general debate, evenly divided and controlled by the chairman and ranking minority member of the Committee on Appropriations. It provides for one motion to recommit, with or without instructions.

I would like to take a moment to reiterate that we bring this rule forward under an open rule. Obviously, historically, appropriations bills have come to the House floor with open rules; and we continue to do so in order to allow every Member in this House the opportunity to submit amendments for consideration, obviously as long as they are germane.

This is the last rule bringing forth an appropriations bill for the fiscal year 2006, Mr. Speaker; and I think that it speaks very highly of the Committee on Appropriations. Obviously, the chairman and the ranking member have had much to do with that, as well as all of the members of the Committee on Appropriations who have worked very hard in bringing forth all of these appropriations bills in such a timely fashion.

The bill that we are bringing forward today appropriates over \$66 billion for the Departments of Transportation, Treasury, Housing and Urban Development, the Judiciary, the District of Columbia, and independent agencies, an increase of 6 percent over last year. The bill is fiscally sound. It represents our commitment to provide necessary resources for programs and projects throughout the Nation, ranging from transportation, to housing, the Judiciary, the Executive Office of the President, the District of Columbia.

As all Members of this House know, the transportation infrastructure of the country is really the backbone of the economy, and its continued strength is essential to foster economic growth. The underlying legislation brought forth today goes far in ensuring that we have a reliable and stable transportation infrastructure to continue to help the economy grow.

The bill includes \$37 billion in funds for the highway system, representing an increase of almost \$2 billion. H.R. 3058 includes \$14.5 billion for the Federal Aviation Administration, an increase of \$887 million. Included in that amount is \$25 million to hire and train 595 new air traffic controllers. I think it is vitally important as air traffic controllers retire and air traffic continues to grow. This is really essential to so many of our districts.

In my district, home to Miami International Airport, the third largest international airport in the country, without an increase in the number of air traffic controllers, MIA would not

be able to continue its projected growth and continue to serve really as the hub of the Americas.

The Department of Housing and Urban Development is funded at \$37.5 billion, an increase of \$1.5 billion. These funds will permit the Department to administer programs that assist the public with housing needs, economic and community development, and fair housing opportunities. These funds will also empower low- and moderate-income residents towards selfsufficiency.

Under HUD, the bill includes funding for such important programs as Tenant Based Rental Assistance, also known as section 8; and Project Based Rental Assistance. These two programs serve almost 3.5 million households with vouchers and project-based housing. The bill includes \$20.63 billion in funds for the program, an increase of almost \$1 billion. In Miami-Dade County alone, which I am honored to represent, the housing authority uses the funds provided through these programs to house over 30,000 residents and for payment vouchers for 16,000 units.

H.R. 3058 provides \$5.8 billion for the judiciary, an increase of 6 percent over the current fiscal year. This will fully fund the courts' revised requests for security improvements at Federal judicial facilities and enable the courts to effectively process the priority criminal, civil, and bankruptcy cases.

This legislation was introduced by the chairman of the subcommittee, who has done a tremendous job, the gentleman from Michigan (Chairman KNOLLENBERG), and reported out of the Committee on Appropriations on June 21 by voice vote. It is good legislation. It is essential to our continued commitment to the security and safety of all in the United States, and we bring it forth under a fair and open rule.

Again, I thank the gentleman from Michigan (Chairman KNOLLENBERG) and the ranking member, the gentleman from Massachusetts (Mr. OLVER), for their leadership on this important piece of legislation. I urge my colleagues to support both the rule and underlying legislation.

Mr. Speaker, I reserve the balance of my time.

Mr. McGOVERN. Mr. Speaker, I yield myself 6 minutes.

(Mr. McGOVERN asked and was given permission to revise and extend his remarks.)

Mr. McGOVERN. Mr. Speaker, I thank the gentleman from Florida for yielding me the customary 30 minutes.

Mr. Speaker, I rise today in opposition to this rule and to the bill. Simply put, this bill significantly and irresponsibly shortchanges key funding for Amtrak and several programs in the Housing and Urban Development Department. While this bill provides slight funding increases for highways, transit and aviation programs, it slashes Amtrak to the point of extinction and eliminates important HUD programs like Brown-fnl;fields and Youthbuild.
