

I am pleased to join with Sam's family and friends to honor this great American on his ninetieth birthday.

COMMENDING CONGRESSMAN
DAVID OBEY FOR HIS DEDICA-
TION TO THE GREAT LAKES ICE
BREAKER REPLACEMENT
PROJECT

HON. WILLIAM D. DELAHUNT

OF MASSACHUSETTS

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 28, 2005

Mr. DELAHUNT. New Englanders are accustomed to harsh winters. We know all too well that frozen rivers and blocked harbors can impede tankers carrying goods and barges laden with home heating oil stocks, resulting in lost commerce and putting lives in danger.

The people of the Great Lakes are no strangers to these problems too—which is why I am so pleased that the state-of-the-art Ice Breaker *Mackinaw* was recently delivered to the U.S. Coast Guard. The *Mackinaw* replacement project couldn't have happened without the support and hard work of our colleague, and the ranking member of the Appropriations Committee, DAVE OBEY.

As many of my colleagues know, the new *Mackinaw* replaces a World War II-era ice-breaker of the same name. For 60 years, she never missed a winter. However, the elements were beginning to take their toll on the ship, and it was becoming clear that a replacement vessel was needed.

Toward that end, Congressman OBEY has worked tirelessly to ensure the Coast Guard got the funding it needed for the Great Lakes Ice Breaker replacement project. His involvement with all aspects of the project—from concept to commissioning—means that the newly christened *Mackinaw* will continue the legacy of her namesake well into the 21st century.

But the *Mackinaw* is more than just an ice breaker. It is a homeland security platform complete with the necessary tools to carry out law enforcement operations on the Great Lakes. Additionally, its expanded decks will allow the cutter to tend to the lakes more than 2,500 navigational aids.

Without Congressman OBEY's leadership we'd still be waiting to commence construction of the new *Mackinaw*. In the meantime, the lakes would have continued to freeze-over and access to vital harbors would have been blocked. The result would have been millions of dollars of lost commerce and lost livelihoods. The people of the Great Lakes region and the Nation—as well as the U.S. Coast Guard—are truly the beneficiaries of his stewardship.

HONORING LOUISIANA EMPLOYER

TEAM—RECIPIENT OF THE MAN-
UFACTURING EXTENSION PART-
NERSHIP OF LOUISIANA'S SEC-
OND ANNUAL PACE AWARD

HON. CHARLIE MELANCON

OF LOUISIANA

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 28, 2005

Mr. MELANCON. Mr. Speaker, our local economies are greatly enhanced by the products, services and jobs that are created from the commitment and dedication of our local manufacturers. The manufacturer that I am recognizing today takes great pride in its contributions to the local community, as well as to the Nation, and demonstrates excellence through ongoing improvement in manufacturing and business management.

Aggreko's National Repair Team, located in New Iberia, Louisiana, provides major repairs and reconditioning of power generators and air compressors for Aggreko locations throughout North America. This local manufacturer has made significant advances in driving productivity and quality throughout their organization. In acknowledgement of these accomplishments, Aggreko will be honored by the Manufacturing Extension Partnership of Louisiana, MEPoL, with the second annual Platinum Award for Continued Excellence, PACE Award.

MEPoL, a non-profit business resource based at the University of Louisiana at Lafayette, serves to provide business and technical assistance to emerging and established manufacturing firms throughout the State of Louisiana. Since 1997, MEPoL, based on a philosophy of education, encouragement, and empowerment, has worked with manufacturers such as Aggreko to increase their productivity and profitability.

Working with MEPoL, Aggreko's National Repair Team has built a foundation for excellence through the principles of "Lean Manufacturing." By embracing this systematic approach for identifying waste and eliminating non-value added activities through continuous improvement, Aggreko has demonstrated leadership and set the stage for future growth and development. Their dedication to excellence is the reason that they are the recipients of MEPoL's second annual PACE award.

I congratulate Aggreko's National Repair Team, a local manufacturing leader whose significant organizational advancements and commitment to success has led to this outstanding achievement.

UNITED STATES TRADE RIGHTS ENFORCEMENT ACT

SPEECH OF

HON. EARL POMEROY

OF NORTH DAKOTA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, July 27, 2005

Mr. POMEROY. Mr. Speaker, I rise today to say that I will be voting against H.R. 3283.

While I too am concerned about China's compliance with its trade commitments and the surge of Chinese imports into the United States, the legislation being considered today

is unfortunately a false promise to address those concerns instead of real action that will become law and bring China to the table to correct these problems. In particular, the bill does nothing to address currency manipulation.

I remain strongly supportive of strengthening our trade laws and enforcing the laws we currently have on the books. In particular, I have been supportive of taking action to require cash deposits from new shippers of goods in anti-dumping cases to avoid defaults. This provision affects several domestic industries, and it is certainly important to honey producers in North Dakota and the nation. I hope this provision is passed as a stand-alone bill or included in legislation in the near future that addresses the compliance issues with our trading partners in a meaningful way.
