getting through this problem we have for the fiscal year we are in is going to cost about \$900 million, they estimate, to get to October 1 to finish this fiscal year-almost \$1 billion, which we are giving them when we vote on this bill today and send it to the President.

But in the 2006 budget, which we are now going to pass in the Senate, probably in September-this is the committee I chair-we have what will be another \$1.5 billion, depending on how much is left of what we are passing today that can go into 2006. We believe it will be about half a billion dollars, so that the total would be the \$1.977 that was mentioned earlier for fiscal year 2006. We will monitor this as we go into the new fiscal year to assure that the Veterans Administration for 2006 has the full amount they need.

I also thank the distinguished chairman and ranking member of the full Appropriations Committee. When Senator FEINSTEIN and I went to Chairman COCHRAN and asked him for more money in our original 2006 budget for the veterans part of the appropriations bill, he immediately agreed. He immediately agreed that we would get the money we need.

The PRESIDING OFFICER. The Senator has used 5 minutes.

Mrs. HUTCHISON. Thank you, Mr. President. I will take the rest of the time.

Senator COCHRAN and Senator BYRD stepped right up to the plate to assure that the veterans had their first boost of \$1.2 billion. Then working with Secretary Nicholson and OMB Director Bolton, we now have a total of almost \$3 billion more in additional funding for the veterans in both fiscal years.

We are going to do right by our veterans. We appreciate that we have people with boots on the ground, fighting in Iraq and Afghanistan today. They are fighting for our freedom. We will never let them down. The bill we are passing today, in addition to the Interior part of this appropriation, is going to fully fund Veterans for the fiscal year we are in and take us with a cushion into the next fiscal year so every veterans' clinic that is being built continues to be built, so that every veteran who walks in the door is going to get the care to which he or she is entitled, to assure that nothing falls through the cracks for our veterans. Our President would do nothing less. Our Secretary, Secretary Nicholson. will do nothing less. I assure you the Senate will do nothing less. We are going to do right by our veterans and the bill we are passing today is a start. Mr. President, I yield the floor.

The PRESIDING OFFICER. The Senator from North Dakota.

Mr. DORGAN. Mr. President, first let me say a special thank you to my colleagues from the State of Washington and the State of Texas. They have said it well. Again, I am enormously proud our bill has carried this \$1.5 billion for veterans health care. There is a verse that goes:

When the night is full of knives, and the lightning is seen, and the drums are heard, the patriots are always there, ready to fight and ready to die, if necessary, for freedom.

Our soldiers are our patriots and when they come back from duty, duty our country called them for, we must keep our promise for veterans health care and that is what this \$1.5 billion helps to do.

Let me for a moment talk about the underlying bill again. There are some good things and some things I wish were better in this bill. I compliment my colleague, Senator BURNS from Montana and his staff: Bruce Evans. Virginia James, Leif Fonnesbeck, Ryan Thomas, Rebecca Benn; and also on this side. Peter Kiefhaber and Rachel Tavlor.

We worked very hard to put a bill together with over \$500 million less money than in the past year. That was not easy.

Indian Health Service-I regret to say, we are still underfunded. I am told we are funding about 60 percent of the need in Indian Health Service. We just must do better in the years ahead. We have responsibility for Federal prisoners' health care. We also have trust responsibility for the health of American Indians. We spend twice as much per person on Federal prisoners' health care than we do in per capita spending for American Indians for whom we have trust responsibility for health care

My colleague described the tribal colleges, and we have together been able to increase that funding for tribal colleges. That is a good feature in this bill. The reason we have done this is that it is a priority to help people step out of poverty and toward opportunity, and that comes from the tribal colleges. There are so many stories of people whose lives have improved by the ability to access tribal colleges.

We have some other areas in the bill that I wish were better.

BIA school construction, we need funding increases, not funding cuts, and yet the President's budget proposed very significant cuts and we were not able to add all of that back. Also building for new hospitals and health clinics is down. My hope is that in the next year, we can find a way to add back some funding in these critical Indian health areas.

Having said all that, this is a big bill, dealing with so many other areas of the Government-EPA, the Forest Service, and so many other areas of Government. We have worked in a bipartisan way.

Let me also say that Senator BYRD wishes consent to speak for 5 minutes prior to vote on Interior at some point later this morning. I talked to the ranking member and also the chairman of the full committee.

Finally, let me say the chairman of the full committee should understand that this is the first time in 17 years that we have gotten to the Senate floor this early with an Interior appropria-

tions bill. The last time Congress passed an Interior appropriations bill this early, those pages who serve in the Chamber were not vet born. So I think that says something about the leadership of Senator COCHRAN and Senator BYRD, who are the two leaders on the Appropriations Committee, and I for one like the notion that we are going to make the trains run on time in the appropriations process. It is the right thing to do and the right way to do it, and I am very blessed that in the month of July, we are in the Chamber passing this conference report. So hats off to Senator COCHRAN and Senator BYRD as well.

Mr. President, with that, I yield the floor and yield back the remainder of my time.

The PRESIDING OFFICER. The Senator from Montana.

Mr. BURNS. Mr. President, I do not know whether we have any more time remaining. The time has been set aside for Senator Byrd. Seeing no one to speak on this bill, I will yield back the remainder of my time also.

The PRESIDING OFFICER. Does the Senator want to make a formal unanimous consent request for the Senator from West Virginia?

Mr. DORGAN. Mr. President, I thought I had done that, but if I have not asked that consent, I so ask.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. BURNS. I yield back my time and I suggest the absence of a quorum.

Mr. COCHRAN. Mr. President, will the Senator withhold?

Mr. BURNS. Yes.

UNANIMOUS CONSENT AGREEMENT-H.R. 2985

Mr. COCHRAN. Mr. President, I ask unanimous consent that the order with respect to the Legislative Branch appropriations bill be reinstated with the time limited to 10 minutes equally divided between both sides.

Mr. ALEXANDER. Mr. President, I object

The PRESIDING OFFICER. Is there objection?

Mr. ALEXANDER. Mr. President, reserving the right to object, may I ask the distinguished Senator if I could have 3 minutes in morning business to make a brief comment on another matter?

Mr. BURNS. I have no objection to that. I shall not object to it. We had about 30 seconds. I pulled the trigger a little too quickly. Senator CRAIG is in the Chamber and would like just about 30 seconds with regard to the Interior appropriations bill.

The PRESIDING OFFICER. The question before the Senate is the unanimous consent request of the Senator from Mississippi. Is there objection? The Chair hears none, and it is so ordered.

The Senator from Montana.

Mr. BURNS. I would ask unanimous consent that the Senator from Idaho be

granted 30 seconds with regard to the Interior appropriations bill.

The PRESIDING OFFICER. Is there objection? The Chair hears none, and it is so ordered.

Mr. CRAIG. I thank the chairman for allowing me this brief moment. I have spoken to the veterans funding in this bill. Chairman HUTCHISON was in the Chamber, and Senator MURRAY has spoken to that. I appreciate all of their cooperation. We have tried to get our arms around this funding issue at Veterans, and I now believe we have. We are going to be very insistent on good numbers in the future. I have asked the Secretary to report to the authorizing committee on a quarterly basis. I think he will do the same to the appropriating committee.

Beyond that, this is a tremendously important bill for my State of Idaho. I often say the Federal Government owns Idaho. We Idahoans sometimes resent that. Because of the large land mass, it is Government land, but BLM and Interior play an important role out there.

We thank you for your consideration, both the Senator from Montana, the chairman, and the ranking member, Senator DORGAN, but especially the expeditious way you have gotten this bill through. Because of this veterans funding that is critical and the way that it has been handled, I know it has been unique to Interior at this time and place, but it was also necessary to complete it. We thank you very much for that cooperation.

LEGISLATIVE BRANCH APPRO-PRIATIONS FOR FISCAL YEAR 2006—CONFERENCE REPORT

The PRESIDING OFFICER. Under the previous order, the Senate will proceed to the consideration of the conference report to accompany H.R. 2985, which the clerk will report.

The legislative clerk read as follows: The Committee of Conference on the disagreeing votes of the two Houses on the amendment of the Senate to the bill (H.R. 2985), making appropriations for the Legislative Branch for the fiscal year ending September 30, 2006, and for other purposes, having met, have agreed that the House recede from its disagreement to certain amendments of the Senate, and the House agree to the same with an amendment and the Senate agree to the same; that the House recede from its disagreement to the amendment of the Senate numbered 5, and agree to the same. Signed by a majority of the conferees on the part of both Houses.

The PRESIDING OFFICER. The Senate will proceed to the consideration of the conference report.

(The conference report is printed in the proceedings of the House in the RECORD of July 28, 2005.)

The PRESIDING OFFICER. Who yields time on the pending conference report?

The Senator from Idaho.

Mr. CRAIG. Mr. President, I note the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The assistant legislative clerk proceeded to call the roll.

Mr. ALLARD. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. ALLARD. Mr. President, I understand we now have the legislative conference report before the Senate.

The PRESIDING OFFICER. The Senator is correct.

Mr. ALLARD. Mr. President, I am pleased to present to the Senate the legislative branch fiscal year 2006 appropriations conference report. This is my first year as chairman of this subcommittee and I am delighted we'll be able to send the bill to the President prior to the beginning of the fiscal year. I very much appreciate the support of my ranking member, Senator DURBIN, as well as the full committee chairman, Senator COCHRAN, and ranking member, Senator BYRD.

In general, I believe this is a fair agreement. It provides \$3.8 billion for the Congress and its support agencies. Funding in the conference agreement is \$198 million above the fiscal year 2005 enacted level and a reduction of \$225 million below the request. While there are very few programmatic increases in the bill, funding is sufficient to maintain current operations in all agencies. Significant increases above the fiscal year 2005 budget are recommended in only a few areas, such as funding to complete the Capitol Visitor Center.

Highlights of the bill include funding of \$250 million for the Capitol Police, which will enable the Capitol Police to maintain its current staffing level of 1,592 police officers and ensure appropriate levels of security for the Capitol complex. The Capitol Police salaries funding has increased by almost 100 percent since fiscal year 2002, and the number of officers has increased by about one-third. This indicates our support for Capitol Police and all the good work they do to protect this great institution.

The recommendation also includes \$428 million for the Architect of the Capitol, including \$42 million for Capitol Visitor Center construction and \$2.3 million for initial operational costs of the CVC. The Architect believes this amount will be sufficient to complete the CVC construction. Also within the AOC budget is storage modules for the Library of Congress at Ft. Meade, totaling \$40.7 million. While this is an expensive project, it is critically needed to take care of burgeoning storage requirements at the library

For the Library of Congress, funding would total \$560 million, including funding for the Library's highest priorities such as the new National Audio-Visual Conservation Center and Congressional Research Service enhancements.

Funding for the GPO would total \$123 million, including \$2 million to retrain staff for the new digital environment; the Government Accountability Office

would receive \$482 million, and the Open World Leadership Program would be funded at the budget request level of \$14 million.

I do have some concerns about this conference agreement which I would like to bring to my colleagues attention. First, I am deeply disappointed that the House insisted on the elimination of the Capitol Police mounted unit. I believe, as my predecessor Ben Nighthorse Campbell did. that there are some significant benefits to the Capitol Police having a mounted unit, and the costs are relatively smallabout \$150,000 a year. The officers who are part of this unit have received extensive training, the horses and attendant equipment have been purchased. This investment will be down the drain just 1 year after the unit became operational

We reluctantly went along with the House only because this bill needs to get done. But I believe it is a shortsighted decision that we will all regret.

Another regret I have with this conference agreement is the elimination of Senate language authorizing the Architect of the Capitol to hire an executive director for the Capitol Visitor Center. The CVC project is something I have been following closely, with monthly hearings in our subcommittee. In addition to concerns regarding the management of this mammoth construction project, I am very concerned that the Architect hasn't been given direction and authority to make operational decisions including the hiring of an executive director. GAO has reported it is critical AOC develop a strategic plan for moving from construction to operations. Without an executive director such decisions will surely languish.

Despite these concerns, I believe it is a fair and balanced conference agreement and I urge my colleagues to support it.

The PRESIDING OFFICER. The Senator from Illinois.

Mr. DURBIN. Mr. President, it is my honor to serve as the ranking member on this appropriations subcommittee with the Senator from Colorado as my chairman. I have had the distinction of being on this committee for several years with several different chairs. Senator BOB BENNETT of Utah, who was the dedicated leader of this subcommittee for many years, became quite expert on all of the areas that it covered, and I learned a lot from him. In fact, many of his suggestions are still being followed; for example, the integration of security forces on Capitol Hill between the Library of Congress and the U.S. Capitol Building.

I also salute particularly my colleague from Colorado. He has done a great job. Our friendship has grown through this relationship. His dedication is exemplary. When it came to the Capitol Visitor Center, this was a mammoth project which he inherited from decisions made years ago. He has shown personal attention to it, given of his time over and over to make sure
