

provided opportunities for international research experiences for young scientists.

As the former chairman of the VA-HUD and Independent Agencies Appropriations Subcommittee, my staff and I have found Dr. Clutter to be an invaluable resource and ally in advancing plant genome research. I especially enjoyed her professionalism and passion for science, which never waned or wavered during the years I worked with her.

Finally, on a personal level, in addition to being a leading intellect, she is warm, engaging, enthusiastic, and has a high tolerance for the less knowledgeable. Dr. Clutter's new liberties are well deserved but her departure will be a major loss to the NSF and the Federal Government. She will clearly be missed by the science community, and I will definitely miss her in this capacity, both as a friend and a public servant. I wish Mary and her family all the best.●

A TRIBUTE TO CLARENCE WANZER

● Mr. ROCKEFELLER. Mr. President, I rise today to recognize and honor Clarence Wanzer, a resident of Coal Branch Heights, Charleston, WV, who has devoted his life to leadership and service in his community.

Mr. Wanzer, who will turn 95 on September 4, was born in Charleston, WV. In 1919, Mr. Wanzer joined Simpson Church but soon moved to Columbus, OH to be raised by his grandmother. Mr. Wanzer did not return to Charleston until the 1930s.

After Mr. Wanzer returned to his birthplace, he took a job with the U.S. Postal Service. Later, he purchased a piece of property in Coal Branch Heights, a residential community in Charleston. The community received its first glimpse of Mr. Wanzer's personal determination and conviction when he began construction on his home. Without outside help and during his spare time, Mr. Wanzer hand-dug the basement and completed construction on his block house.

Since the 1930s, Mr. Wanzer, working tirelessly to better his community, has participated in numerous community organizations. These activities have benefited the residents of Charleston and West Virginia as a whole.

In 1950, Mr. Wanzer's life forever changed. He assisted Rev. Ernest Smith, a local pastor, by polling the residents of Coal Branch Heights as to which Christian denomination they would like to belong. The residents chose the Methodist faith, and a developer donated land to the Methodist Conference for the construction of a new Methodist church.

Although Mr. Wanzer helped to build St. Stephens Methodist Church, the Methodist district superintendent refused him the right to worship within the building's walls. At that time, half of Coal Branch Heights' population was Black and the other half was White.

Mr. Wanzer, an African American, was not permitted to worship with St. Stephens' all-White congregation. In response to this injustice, Mr. Wanzer purchased a small parcel of land, and he courageously constructed a second building in which all people of color could worship.

In 1965, the Methodist district superintendent invited Coal Branch Heights' Black families, the same families he had once turned away, to join the St. Stephens' parish. Mr. Wanzer's family joined St. Stephens in 1965, and he was able to enjoy the fruits of his decade-old labor.

Since 1965, Mr. Wanzer has touched the lives of those around him by holding a variety of leadership offices as well as inspiring other community members to become activists of the Christian faith. Today, he continues to serve his community. He recently, in his early 90s, undertook the task of seeking funds to fix a large sinkhole on Twilight Street.

I thank Mr. Wanzer for his unswerving loyalty and dedication to his community. Additionally, I wish him good health as he continues to serve the people of West Virginia. He serves as an inspiration to all of us as he continues to rely on his faith to do good works.●
