

other criminal or civil statute or regulation governing the standards of conduct for Federal employees.

“(3) TORT LIABILITY OF VOLUNTEERS.—A person who provides voluntary and uncompensated service under subsection (a), while assigned to duty, shall be deemed a volunteer of a nonprofit organization or governmental entity for purposes of the Volunteer Protection Act of 1997 (42 U.S.C. 14501 et seq.). Subsection (d) of section 4 of such Act (42 U.S.C. 14503(d)) shall not apply for purposes of any claim against such volunteer.”.

SEC. 12. PRESERVATION OF EXISTING AUTHORITY.

The authority provided by this Act, and by the Federal Trade Commission Act (15 U.S.C. 41 et seq.) and the Right to Financial Privacy Act (12 U.S.C. 3401 et seq.), as such Acts are amended by this Act, is in addition to, and not in lieu of, any other authority vested in the Federal Trade Commission or any other officer of the United States.

SEC. 13. REPORT.

Not later than 3 years after the date of enactment of this Act, the Federal Trade Commission shall transmit to Congress a report describing its use of and experience with the authority granted by this Act, along with any recommendations for additional legislation. The report shall include—

(1) the number of cross-border complaints received by the Commission;

(2) identification of the foreign agencies to which the Commission has provided non-public investigative information under this Act;

(3) the number of times the Commission has used compulsory process on behalf of foreign law enforcement agencies pursuant to section 6 of the Federal Trade Commission Act (15 U.S.C. 46), as amended by section 4 of this Act;

(4) a list of international agreements and memoranda of understanding executed by the Commission that relate to this Act;

(5) the number of times the Commission has sought delay of notice pursuant to section 21A of the Federal Trade Commission Act, as added by section 7 of this Act, and the number of times a court has granted a delay;

(6) a description of the types of information private entities have provided voluntarily pursuant to section 21B of the Federal Trade Commission Act, as added by section 8 of this Act;

(7) a description of the results of cooperation with foreign law enforcement agencies under section 21 of the Federal Trade Commission Act (15 U.S.C. 57-2) as amended by section 6 of this Act;

(8) an analysis of whether the lack of an exemption from the disclosure requirements of section 552 of title 5, United States Code, with regard to information or material voluntarily provided relevant to possible unfair or deceptive acts or practices, has hindered the Commission in investigating or engaging in enforcement proceedings against such practices; and

(9) a description of Commission litigation brought in foreign courts.

SUBMITTED RESOLUTIONS

SENATE RESOLUTION 224—TO EXPRESS THE SENSE OF THE SENATE SUPPORTING THE ESTABLISHMENT OF SEPTEMBER AS CAMPUS FIRE SAFETY MONTH, AND FOR OTHER PURPOSES

Mr. DEWINE (for himself and Mr. BIDEN) submitted the following resolution;

tion; which was referred to the Committee on Health, Education, Labor, and Pensions:

S. RES. 224

Whereas recent student housing fires in Ohio, Pennsylvania, Tennessee, and Maryland have tragically cut short the lives of some of the youth of our Nation;

Whereas since January 2000, at least 75 people, including students, parents, and children have died in student housing fires;

Whereas over three-fourths of these deaths have occurred in off-campus occupancies;

Whereas a majority of the students across the Nation live in off-campus occupancies;

Whereas a number of fatal fires have occurred in buildings where the fire safety systems have been compromised or disabled by the occupants;

Whereas it is recognized that automatic fire alarm systems provide the necessary early warning to occupants and the fire department of a fire so that appropriate action can be taken;

Whereas it is recognized that automatic fire sprinkler systems are a highly effective method of controlling or extinguishing a fire in its early stages, protecting the lives of the building's occupants;

Whereas many students are living in off-campus occupancies, Greek housing, and residence halls that are not adequately protected with automatic fire sprinkler systems and automatic fire alarm systems;

Whereas it is recognized that fire safety education is an effective method of reducing the occurrence of fires and reducing the resulting loss of life and property damage;

Whereas students are not routinely receiving effective fire safety education throughout their entire college career;

Whereas it is vital to educate the future generation of our Nation about the importance of fire safety behavior so that these behaviors can help to ensure their safety during their college years and beyond; and

Whereas by developing a generation of fire-safe adults, future loss of life from fires can be significantly reduced: Now, therefore, be it

Resolved, That the Senate—

(1) supports the establishment of September as Campus Fire Safety Month;

(2) encourages administrators and municipalities across the country to provide educational programs to all students during September and throughout the school year; and

(3) encourages administrators and municipalities to evaluate the level of fire safety being provided in both on- and off-campus student housing and take the necessary steps to ensure fire-safe living environments through fire safety education, installation of fire suppression and detection systems and the development and enforcement of applicable codes relating to fire safety.

SENATE RESOLUTION 225—DESIGNATING THE MONTH OF NOVEMBER 2005 AS THE “MONTH OF GLOBAL HEALTH”

Mrs. MURRAY (for herself, Mr. SMITH, Mrs. CLINTON, Mr. CORZINE, Ms. CANTWELL, Mr. DAYTON, Ms. LANDRIEU, and Mr. DURBIN) submitted the following resolution; which was referred to the Committee on the Judiciary:

S. RES. 225

Whereas child survival is a key element of global health and is of utmost importance to the United States and all countries of the world;

Whereas child survival must be addressed on a global scale;

Whereas increasing child survival rates is critical to population growth in countries around the world;

Whereas child survival depends on access to key nutrients that can avert millions of unnecessary deaths in third world countries from preventable diseases;

Whereas 5 simple interventions, if delivered to children before the age of 5, may significantly increase their chances of survival;

Whereas these 5 interventions—vaccines, antibiotics, Vitamin A and micronutrients, oral rehydration therapy, and insecticide-treated bednets—can be provided to third world countries at minimal cost;

Whereas 10,000,000 children die each year from preventable diseases in third world countries and 6,000,000 of those deaths could be prevented by the use of these interventions: Now, therefore, be it

Resolved, That the Senate—

(1) designates the month of November 2005 as the “Month of Global Health”;

(2) reaffirms its commitment to ensuring that children around the world receive the interventions necessary for survival as an integral component of efforts to improve global health; and

(3) encourages the people of the United States to observe the “Month of Global Health” with appropriate participation in key activities, programs, and fundraising in support of worldwide child survival.

Mrs. MURRAY. Mr. President, I want to take time to comment on the resolution I am introducing today which designates the month of November 2005 as the “Month of Global Health.”

Today we live in a global community where all nations both benefit from those countries that prosper, and suffer with those that do not. The Month of Global Health is a great opportunity to increase awareness of the pressing global health crisis that threatens our own public health and that of all nations around the world.

I believe this resolution is important and draws attention to the needs of a growing population of children in the developing world that are living without proper health care and the essential nutrients they need to survive. The resolution also highlights the necessary steps that must be taken to increase child survival rates in developing countries.

Child survival is one of the key elements to addressing global health. As a nation, there is much more we can do to assist developing nations in their effort to increase child survival rates. We must work on a global scale to avert the millions of unnecessary deaths among children caused each year from preventable diseases.

This resolution reaffirms our commitment to the children of the world and sends a message that child survival is a fundamental component in our efforts to improve global health.

Mr. SMITH. Mr. President, today I am pleased to join my colleague Senator MURRAY in introducing an important resolution that will recognize November as the “Global Health Month.”

Every year, 10 million children die from preventable diseases in Third World countries. As many as 6 million of these deaths can be prevented by
