

vaccines, antibiotics, hydration adequate nutrition, and other simple, low-cost interventions.

As a long-time champion of helping the most vulnerable populations both here and abroad, I believe it is important to bring this issue to the attention of the American public. We can and must do more to ensure children around the world receive the interventions necessary for survival.

I hope my colleagues will join me in support of this resolution.

#### SENATE RESOLUTION 226—CALLING FOR FREE AND FAIR PARLIAMENTARY ELECTIONS IN THE REPUBLIC OF AZERBAIJAN

Mr. BIDEN (for himself, Mr. MCCAIN, and Mr. HAGEL) submitted the following resolution; which was referred to the Committee on Foreign Relations:

S. RES. 226

Whereas the Republic of Azerbaijan is scheduled to hold elections for its parliament, the Milli Majlis, in November 2005;

Whereas Azerbaijan has enjoyed a strong relationship with the United States since its independence from the former Soviet Union in 1991;

Whereas international observers monitoring Azerbaijan's October 2003 presidential election found that the pre-election, election day, and post-election environments fell short of international standards;

Whereas the International Election Observation Mission (IEOM) in Baku, Azerbaijan, deployed by the Organization for Security and Cooperation in Europe (OSCE) and the Council of Europe, found that there were numerous instances of violence by both members of the opposition and government forces;

Whereas the international election observers also found inequality and irregularities in campaign and election conditions, including intimidation against opposition supporters, restrictions on political rallies by opposition candidates, and voting fraud;

Whereas Azerbaijan freely accepted a series of commitments on democracy, human rights, and the rule of law when that country joined the Organization for Security and Cooperation in Europe as a participating State in 1992;

Whereas, following the 2003 presidential election, the Council of Europe adopted Resolution 1358 (2004) demanding that the Government of Azerbaijan immediately implement a series of steps that included the release of political prisoners, investigation of election fraud, and the creation of public service television to allow all political parties to better communicate with the people of Azerbaijan;

Whereas, since the 2003 presidential election, the Government of Azerbaijan has taken some positive steps by releasing some political prisoners and working toward the establishment of public service television;

Whereas a genuinely free and fair election requires that citizens be guaranteed the right and opportunity to exercise their civil and political rights, free from intimidation, undue influence, threats of political retribution, or other forms of coercion by national or local authorities or others;

Whereas a genuinely free and fair election requires government and public authorities to ensure that candidates and political parties enjoy equal treatment before the law and that government resources are not em-

ployed to the advantage of individual candidates or political parties; and

Whereas the establishment of a transparent, free and fair election process for the 2005 parliamentary elections is an important step in Azerbaijan's progress toward full integration into the democratic community of nations: Now, therefore, be it

*Resolved*, That the Senate—

(1) calls on the Government of the Republic of Azerbaijan to hold orderly, peaceful, and free and fair parliamentary elections in November 2005 in order to ensure the long-term growth and stability of the country;

(2) calls upon the Government of Azerbaijan to guarantee the full participation of opposition parties in the upcoming elections, including members of opposition parties arrested in the months leading up to the November 2005 parliamentary elections;

(3) calls upon the opposition parties to fully and peacefully participate in the November 2005 parliamentary elections, and calls upon the Government of Azerbaijan to create the conditions for the participation on equal grounds of all viable candidates;

(4) believes it is critical that the November 2005 parliamentary elections be viewed by the people of Azerbaijan as free and fair, and that all sides refrain from violence during the campaign, on election day, and following the election;

(5) supports recommendations made by the Council of Europe on amendments to the Unified Election Code of Azerbaijan, specifically to ensure equitable representation of opposition and pro-government forces in all election commissions;

(6) urges the international community and domestic nongovernmental organizations to provide a sufficient number of election observers to ensure credible monitoring and reporting of the November 2005 parliamentary elections;

(7) recognizes the need for the establishment of an independent media and assurances by the Government of Azerbaijan that freedom of the press will be guaranteed; and

(8) calls upon the Government of Azerbaijan to guarantee freedom of speech and freedom of assembly.

#### SENATE RESOLUTION 227—PLEDGING CONTINUED SUPPORT FOR INTERNATIONAL HUNGER RELIEF EFFORTS AND EXPRESSING THE SENSE OF THE SENATE THAT THE UNITED STATES GOVERNMENT SHOULD USE RESOURCES AND DIPLOMATIC LEVERAGE TO SECURE FOOD AID FOR COUNTRIES THAT ARE IN NEED OF FURTHER ASSISTANCE TO PREVENT ACUTE AND CHRONIC HUNGER

Mr. DEWINE (for himself, Mr. KOHL, Mr. COCHRAN, Mr. LEAHY, Mr. CHAMBLISS, Mr. HARKIN, Mr. BROWBACK, Mr. DURBIN, Mrs. DOLE, Mrs. LINCOLN, Mr. SMITH, Mr. CORZINE, Mr. COLEMAN, Mr. DORGAN, Mr. HATCH, Mr. OBAMA, Ms. COLLINS, Ms. CANTWELL, Mr. SANTORUM, Ms. STABENOW, Mr. CHAFEE, Mr. LIEBERMAN, Mr. MARTINEZ, Mr. DAYTON, Mr. ROBERTS, Mr. INOUE, Mr. MCCAIN, Mr. NELSON of Florida, Ms. SNOWE, Mr. LUGAR, Mr. NELSON of Nebraska, Mr. SARBANES, Ms. MIKULSKI, Mr. LEVIN, and Mr. REED) submitted the following resolution; which was referred to the Committee on Foreign Relations:

S. RES. 227

Whereas although there is enough food to feed all of the people in the world, as of summer 2005, 852,000,000 people are in need of food aid;

Whereas almost 200,000,000 children under the age of 5 are malnourished and underweight and 1 child dies every 5 seconds from hunger and related ailments;

Whereas the United Nations World Food Programme estimates that more than 5,000,000 metric tons of food is needed to prevent widespread hunger, 80 percent of which will be used for emergency programs to provide aid for people threatened by famine in 2005;

Whereas, as of summer 2005, the United States contributed approximately 1/2 of the total food aid received by the United Nations World Food Programme in 2005;

Whereas, as of summer 2005, 1 person out of every 3 people in Africa is malnourished as a result of drought, conflict, the human immunodeficiency virus (HIV) and acquired immune deficiency syndrome (AIDS), locust infestations, and economic dislocation, and countries in Africa will lack at least 1,500,000 metric tons of the food necessary to provide sufficient nutrition to the people in these countries if the level of donations does not increase;

Whereas the World Food Programme, as of summer 2005, had barely 1/2 of the contributions needed to provide food aid to the 26,000,000 victims of food shortage in Africa;

Whereas more than 14,000,000 people in the Horn of Africa are experiencing or are vulnerable to experiencing a severe food shortage;

Whereas approximately 3/4 of the population of Eritrea needs food aid and nearly 1/2 of the women and children in the country are malnourished;

Whereas, as of summer 2005, 8,300,000 people in Ethiopia are in need of food aid and other assistance as a result of poor harvests, degraded land, small land holdings, high population growth, loss of crops, and loss of livestock and other assets;

Whereas the United Nations World Food Programme food aid programs in Ethiopia have received less than 1/2 of the funding necessary to continue these operations;

Whereas the United Nations World Food Programme had received, as of summer 2005, less than 10 percent of the funding necessary to provide aid to the 3,500,000 people in Sudan who will need food in 2005, particularly during the height of the annual hunger season that lasts from August to October, due to political instability and weather conditions that ruined harvests in the country;

Whereas a lack of funds will require the United Nations World Food Programme to reduce the amount of aid given to 2,000,000 people in Burundi, including to 210,000 malnourished children and nursing mothers who face a food shortage as a result of drought and instability;

Whereas a lack of funds is expected to drastically constrain food aid programs worldwide and the critical efforts of private voluntary organizations of the United States that play a central role in implementing such programs;

Whereas a lack of funds forced the United Nations World Food Programme to begin reducing the amount of aid given to an estimated 6,000,000 people in West Africa who are experiencing a famine caused by displacement, drought, and locusts;

Whereas humanitarian agencies report rising rates of malnutrition among children under 5 years of age in Mauritania, Mali, and Niger, which can lead to developmental difficulties and growth stunting;

Whereas nearly 4,000,000 people in Niger, including 800,000 children, will face a food

shortage in 2005 at a time when the child malnutrition rate in the Niger region has reached emergency levels and the country has been afflicted by locusts and drought;

Whereas the Government of Mauritania had received only ½ of the aid necessary to prevent a food shortage as of summer 2005, leaving 60 percent of the families in Mauritania without access to a sufficient amount of food in 2005;

Whereas a lack of food in Sierra Leone forced the United Nations World Food Programme to reduce the amount of aid given to 50,000 Liberian refugees residing in the country in the summer of 2005, causing additional strife in an already tense political environment;

Whereas in the Democratic Republic of the Congo, the United Nations World Food Programme has a 47 percent funding shortfall as of summer 2005, which could force reductions in the amount of food aid delivered to 2,900,000 people in the war-torn country;

Whereas, as of summer 2005, donors had provided less than 20 percent of the total funding that the United Nations World Food Programme needs to provide an adequate amount of food for the people of southern Africa;

Whereas, due to increasingly severe drought conditions, the number of people who are in need of food aid in southern Africa increased from 3,500,000 people in the beginning of 2005 to 8,300,000 people by the summer of 2005, of which 4,000,000 are located in Zimbabwe, 1,600,000 in Malawi, 1,200,000 in Zambia, 900,000 in Mozambique, 245,000 in Lesotho, 230,000 in Swaziland, and 60,000 in Namibia;

Whereas international donors determined that hunger and poverty in Zimbabwe are largely attributed to the political corruption of the governmental structure in the country;

Whereas the United Nations World Food Programme and the World Bank proposed using aid to fund innovative weather and famine insurance policies that could protect small farmers from hardships suffered as a result of droughts and natural disasters;

Whereas food insecurity, the HIV/AIDS pandemic, and weak government institutions leave countries more vulnerable to external shocks and internal political unrest; and

Whereas the Bill Emerson Humanitarian Trust was established solely to meet emergency humanitarian food needs in developing countries: Now, therefore, be it

*Resolved*, That—

(1) the Senate—

(A) encourages expanded efforts to alleviate hunger throughout developing countries; and

(B) pledges to continue to support international hunger relief efforts; and

(2) it is the sense of the Senate that—

(A) the United States Government should use financial and diplomatic resources to work with other donors to ensure that food aid programs receive all necessary funding and supplies; and

(B) food aid should be provided in conjunction with measures to alleviate hunger, malnutrition, and poverty.

# SENATE RESOLUTION 228—EXPRESSING THE SENSE OF THE SENATE THAT IT SHOULD BE A GOAL OF THE UNITED STATES TO REDUCE THE AMOUNT OF OIL PROJECTED TO BE IMPORTED IN 2025 BY 40 PERCENT AND THAT THE PRESIDENT SHOULD TAKE MEASURES TO REDUCE THE DEPENDENCE OF THE UNITED STATES ON FOREIGN OIL

Ms. CANTWELL submitted the following resolution; which was referred to the Committee on Energy and Natural Resources:

S. RES. 228

Whereas reports by the Energy Information Administration entitled “Annual Energy Outlook 2005” and “May 2005 Monthly Energy Review” estimated that, between January 1, 2005 and April 30, 2005, the United States imported an average of 13,056,000 barrels of oil per day and that, by 2025, the United States will import 19,110,000 barrels of oil per day;

Whereas technology solutions already exist to dramatically increase the productivity of the energy supply of the United States;

Whereas energy efficiency and conservation measures can improve the economic competitiveness of the United States and lessen energy costs for families in the United States;

Whereas the dependence of the United States on foreign oil imports leaves the United States vulnerable to oil supply shocks and reliant on the willingness of other countries to provide sufficient supplies of oil;

Whereas, although only 3 percent of proven oil reserves in the world are located in territory controlled by the United States, advances in fossil fuel extraction techniques and technologies could increase the United States energy supplies; and

Whereas reducing energy consumption also benefits the United States by lowering the environmental impacts associated with fossil fuel use: Now, therefore, be it

*Resolved*, That it is the sense of the Senate that—

(1) it should be a goal of the United States to reduce the amount of foreign oil that will be imported in 2025 by 40 percent from the amount the Energy Information Administration estimates will be imported in 2025;

(2) the President should take measures to reduce the dependence of the United States on foreign oil by—

(A) not later than 1 year after the date of passage of this resolution, and every 2 years thereafter—

(i) developing and implementing measures to reduce dependence on foreign oil by reducing oil in end-uses throughout the economy of the United States sufficient by 2015 to reduce by 1,000,000 barrels per day the total demand for oil in the United States projected for such year in the Reference Case in the Annual Energy Outlook 2005 report published by the Energy Information Administration; and

(ii) developing and implementing measures to reduce dependence on foreign oil by reducing oil in end-uses throughout the economy of the United States sufficient by 2025 to reduce by 7,640,000 barrels per day the total demand for oil in the United States projected for such year in the Reference Case in the Annual Energy Outlook 2005 report published by the Energy Information Administration; or

(B) if the President determines that there are insufficient legal authorities to achieve the target for 2025, developing and imple-

menting measures to reduce dependence on foreign oil by—

(i) reducing oil in end-uses throughout the economy of the United States to the maximum extent practicable; and

(ii) submitting to Congress proposed legislation or other recommendations to achieve the target;

(3) in developing measures under paragraph (2), the President should—

(A) ensure continued reliable and affordable energy for the United States, consistent with the creation of jobs and economic growth and maintaining the international competitiveness of businesses in the United States, including the manufacturing sector; and

(B) implement measures under paragraph (2) under existing authorities of the appropriate Federal agencies, as determined by the President;

(4) not later than 1 year after the date of passage of this resolution, and annually thereafter, the President should submit to Congress a report, based on the most recent edition of the Annual Energy Outlook published by the Energy Information Administration, that assesses the progress made by the United States toward the goal of reducing dependence on foreign oil imports by 2025, including by—

(A) identifying the status of efforts to meet the goal described in paragraph (1);

(B) assessing the effectiveness of any measure implemented under paragraph (2) during the previous fiscal year in meeting the goal described in paragraph (1); and

(C) describing plans to develop additional measures to meet the goal described in paragraph (1).

## SENATE RESOLUTION 229—DESIGNATING THE MONTH OF SEPTEMBER 2005 AS ‘NATIONAL PREPAREDNESS MONTH’

Ms. COLLINS (for herself and Mr. LIEBERMAN) submitted the following resolution; which was referred to the Committee on the Judiciary:

S. RES. 229

Whereas terrorist attacks, natural disasters, or other emergencies could strike any part of the United States at any time;

Whereas natural and man-made emergencies disrupt hundreds of thousands of lives every year, costing lives and causing serious injuries and billions of dollars in property damage;

Whereas Federal, State, and local officials and private entities are working to deter, prevent, and respond to all types of emergencies;

Whereas all citizens can help promote the overall emergency preparedness of the United States by preparing themselves and their families for all types of emergencies;

Whereas National Preparedness Month provides an opportunity to highlight the importance of public emergency preparedness and to encourage the people of the United States to take steps to be better prepared for emergencies at home, work, and school;

Whereas the people of the United States can prepare for emergencies by taking steps such as assembling emergency supply kits, creating family emergency plans, and staying informed about possible emergencies; and

Whereas additional information about public emergency preparedness may be obtained through the Ready Campaign of the Department of Homeland Security at [www.ready.gov](http://www.ready.gov) or the American Red Cross at [www.redcross.org/preparedness](http://www.redcross.org/preparedness): Now, therefore, be it
