Also transmitted for the information of the Senate is the report of the Department of State with respect to the Protocol.

The Protocol was negotiated to address certain technical issues that have arisen since the Convention entered into force. The Protocol was concluded in recognition of the importance of U.S. economic relations with France.

The Protocol clarifies the treatment of investments made in France by U.S. investors through partnerships located in France, France, or third countries. It also modifies the provisions of the treaty dealing with pensions and pension contributions in respect to the Protocol.

I recommend that the Senate give early and favorable consideration to this Protocol and that the Senate give its advice and consent to ratification.

GEORGE W. BUSH.
