a positive difference. On October 21, family and friends as well as the grateful recipients of Rich Geha's kind service and financial support to non-profit organizations, will gather to acknowledge his years of community service. I join them in appreciation for his commitment to excellence.

> HONORING HEALTHSOURCE SAGINAW, INC.

HON. DALE E. KILDEE

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 6, 2005

Mr. KILDEE. Mr. Speaker, I rise before you today to honor the administration and staff of HealthSource Saginaw, Inc. For 75 years, this facility has provided superior medical care to patients throughout the Saginaw area, and on October 21, they shall break ground on a new, larger facility.

Originally known as Saginaw County Hospital, HealthSource Saginaw was established by county officials in 1930 as a tuberculosis sanitarium. In 1991, it became a Municipal Health Facility Organization and gualified for non-profit status with the Internal Revenue Service. Throughout the years, it has maintained a vision to offer the finest care available, care that meets and exceeds the latest in healthcare, communications, and information technology. At the same time. HealthSource Saginaw has continued to provide the quality level of compassion for which it is known for throughout the State of Michigan.

With 319 inpatient beds, HSS is comprised of three divisions: Behavioral Medicine Services, an Extended Care Center, and a Medical Rehabilitation Center. They offer specialty services such as inpatient and outpatient Chemical Dependency and Mental Health care and treatment, restorative care, physical, occupational, and speech therapy, and the region's only inpatient adolescent mental health program. They receive accreditation from the Commission on Accreditation of Rehabilitation Facilities and the Joint Commission on Accreditation of Healthcare Organizations, who have given them the most optimal level of distinction for their hospital level services.

In addition to its non-profit status, HSS receives significant funding from Medicare, Medicaid, and of course through the support of Saginaw County residents, who have authorized a millage to help with costs. Over 99 percent of their total budget, including funds received by the millage, is earmarked for direct patient care, with the remaining one percent slated for equipment.

Mr. Speaker, it is indeed an honor and a pleasure for me to have this opportunity to recognize this outstanding group of medical professionals. Many families have benefited from their care and services. The staff considers it their duty and privilege to protect and defend human dignity and the quality of life for their patients. I am grateful for HealthSource Saginaw's commitment to go beyond the ordinary when providing healthcare services, and I ask my colleagues in the 109th Congress to please join me in congratulating and wishing them well on their expansion.

STATEMENT IN REMEMBRANCE OF KENNETH SMITH

HON. JIM SAXTON

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES Thursday, October 6, 2005

Thursday, October 6, 2005

Mr. SAXTON. Mr. Speaker, it is with great sorrow I announce the passing of Kenneth Smith of Manahawkin, New Jersey, after a long battle with cancer. Ken dedicated his life toward enhancing the sandy beaches, not only of New Jersey, but of the entire nation.

Ken Smith was a tireless and dedicated advocate for protecting and enhancing our beaches. He knew how much they mean to our state and national economies, and he fought tenaciously to assure the federal government gave beach preservation the priority it deserves. For over a quarter of a century, Ken was America's "Coastal Advocate."

Ken spent eight years as a Vice President and as a Director of the American Shore and Beach Preservation (ASBPA); and is a cofounder of the Alliance for a Living Ocean, formed in response to the terrible summer when garbage and other pollution was washing up on the Jersey shore in 1987. The Alliance for a Living Ocean won the Governor's Award for Volunteerism in 1999. Ken, known as ASBPA's "Tenacious Bulldog at the Beach," won the organization's prestigious Morrough P. O'Brien Award in 1999, followed by its Lifetime Achievement Award in 2004.

The millions of tourists who come to visit and enjoy our beaches each year from across the nation and from around the world, as well as ail those whose communities are protected from the ravages of storms by these same dunes and healthy beaches, owe Ken a debt of gratitude for all that he accomplished. Ken was the leading force in bringing an awareness to so many people about the importance of working together to preserve not only our beaches and oceans, but the environment and our natural resources as a whole. His dedication to not only protecting the beaches but educating people on the importance of preservation was unparalleled.

I extend my sympathies to his wife, Pat, and to his entire family and hope that these words of appreciation will comfort them in their time of sorrow.

THREATENED AND ENDANGERED SPECIES RECOVERY ACT OF 2005

SPEECH OF

HON. ANNA G. ESHOO

IN THE HOUSE OF REPRESENTATIVES

Thursday, September 29, 2005

The House in Committee of the Whole House on the State of the Union had under consideration the bill (H.R. 3824) to amend and reauthorize the Endangered Species Act of 1973 to provide greater results conserving and recovering listed species, and for other purposes:

Ms. ESHOO of California. Mr. Chairman, I rise to oppose the Pombo bill and in support of the reforms in the substitute amendment offered by Representatives GEORGE MILLER and SHERWOOD BOEHLERT.

The Endangered Species Act is a cornerstone of environmental protection. I'm very proud that one of my predecessors in the Congress, Pete McCloskey, was a leader in enacting this bipartisan law.

After more than 30 years, it's worth reevaluating and updating this law to better meet its objectives. I understand some of the frustrations that constituents have with the current law, but I don't think we should throw "the baby out with the bathwater" as the underlying bill would do.

While critics rightfully point out that we need to do more to help endangered species recover so they can be removed from the endangered list, the fact is the Endangered Species Act has been highly successful, with 99 percent of species listed under the ESA being saved from extinction.

I have very deep concerns about the bill before us today.

First, the bill requires the Federal Government to pay developers' costs in complying with the Endangered Species Act whenever even a portion of a property is impacted. There's no limit on the compensation payments that would be paid. The Congressional Budget Office has said this is a new entitlement that will increase spending by billions of dollars and establish a dangerous precedent. Imagine, for example, the Federal Government paying a factory owner for the costs of complying with the Clean Air Act when a decision is made to expand the plant. That's the principle this bill will establish. It's an extraordinary mistake.

Second, the bill removes protections against the use of hazardous pesticides. It's estimated that 67 million birds die each year from the effects of pesticides. These protections must be kept in place. One of the reasons the Endangered Species Act was adopted in the first place was to address declines in the population of the bald eagle caused by DDT.

Third, the bill strips the National Oceanic and Atmospheric Administration of its role in administering the Endangered Species Act, transferring it to the Department of Interior with no assurance whatsoever that this agency will have the resources or the expertise to take on this responsibility.

Fourth, the bill reduces the role of science by ending the current requirement that Federal agencies consult with wildlife biologists before undertaking actions that might harm endangered species.

The Miller-Boehlert Substitute makes great sense if we want to capitalize on the successes and the lessons of the last 30-plus years.

The substitute will repeal the current requirement that the Secretary designate "critical habitat" for endangered fish, wildlife, and plants *before* formulating a plan for species recovery. Instead, the substitute requires real habitat recovery efforts to conserve rare and threatened fish and wildlife. It ensures that recovery plans include the best possible science and that they're enforceable.

The substitute directs the Secretary to first determine whether public lands are sufficient to protect and save the endangered species before taking other measures that will impact private landowners.

The substitute will help small landowners who may not have the resources to comply with the Act. It will provide dedicated funding for technical assistance for these private property owners and establish a conservation grants program for landowners who help conserve the species on or near their property. It contains requirements that private citizens get timely answers from ESA enforcement agencies and insists on reporting requirements so that we know how many applications are really going unanswered.

The reforms in the substitute make sense and they should be adopted. The base text should be rejected.

IN RECOGNITION OF MS. LINDA LEONARD

HON. CAROLYN McCARTHY

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 6, 2005

Mrs. McCARTHY. Mr. Speaker, I rise today in recognition of Ms. Linda Leonard, a dedicated member and Executive Director of Long Island Crisis Center, LICC. On October 10, 2005, Ms. Leonard will celebrate 30 years of service to the citizens of Nassau County and Long Island.

Long Island Crisis Center was created in the 1970s by students of Adelphi University to promote counseling for students by students via telephone or face-to-face appointments. Since then, the Center has expanded to help countless Long Islanders with a wide array of programs.

Ms. Leonard has been in charge of the Center since 1979. She has brought support to numerous groups on Long Island and has brought the LICC from its very humble beginnings to an established multi-service agency. The people of Long Island are in debt to the work of this committed woman.

There have been many groundbreaking programs established by Ms. Leonard in her 30 years of service. For example, in the late 1970s runaway and homeless youth had no where to turn to for support. Ms. Leonard changed that in conjunction with the Nassau County Youth Board. She established the Runaway and Homeless Youth Hotline along with housing for these young people. She further led the way in the creation of Nassau Haven, a shelter for these same youth. While this shelter was not opened until 1980, the LICC continued to help these young members of the Long Island community.

Ms. Leonard is also responsible in creating support lines for people from stigmatized populations of Long Island. She had led the fight to create peer counseling and assistance programs for gay and lesbian youth. She pursued this fight through the 1980s, a time where this policy was viewed as highly unpopular. In 1993, LICC formed Pride for Youth with a grant from the Paul Rapoport Foundation. Pride for Youth's mission is to enhance the health and wellness of these youth through education, supportive services, and youth development.

It is the strong leadership of this woman that has allowed the LICC to be an effective organization in helping those members of the Long Island community most needing help. Mr. Speaker and colleagues, please join me in congratulating Linda in her 30 years of service. Best wishes, Linda, and I can only hope you continue serving Long Island in the exceptional way you have for 30 years. A PROCLAMATION THANKING CAM-ERON R. AGIN FOR HIS LIFE-LONG DEDICATION TO HIS COM-MUNITY AND HIS COUNTRY

HON. ROBERT W. NEY

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 6, 2005

Mr. NEY. Mr. Speaker:

Whereas Cameron R. Agin honorably served his country during a time of conflict in World War II; and

Whereas, Cameron R. Agin continued his life of service with the Zanesville Police Department, earning the rank of Captain; and

Whereas, Cameron R. Agin led a life devoted to civic responsibility and true patriotism in the Jaycees, Charity Newsies, American Legion, Boy Scouts, Grotto, Shrine and the VFW.

Therefore, I join with family, friends and the entire 18th Congressional district of Ohio in thanking Mr. Cameron R. Agin for his inspiring service both in war and at peace.

RECOGNIZING KATZEN INTER-NATIONAL ON ITS 50TH ANNI-VERSARY

HON. STEVE CHABOT

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 6, 2005

Mr. CHABOT. Mr. Speaker, I rise today to recognize the impressive achievements of a company in Ohio's First Congressional District that is celebrating its 50th anniversary. KATZEN International is a leading name in the ethanol industry and has been involved in the design and development of 70 ethanol plants around the world. I think my colleagues would agree that 50 years is a remarkable amount of time to be in any business, and this is no exception.

KATZEN International, Inc. was formed in 1955 by Dr. Raphael Katzen. The company includes a group of highly experienced chemical and mechanical engineers, biologists, and designers who have applied their expertise to provide innovative and advanced design concepts encompassing the agriculture, chemical, sugar, paper, and other industries.

Dr. Katzen pioneered a number of technologies used to produce fuel grade ethanol and as early as 1945 he designed, built, and operated a 17 million gallon per year ethanol plant in Springfield, Oregon using wood as a feedstock. Dr. Katzen and his colleagues have worked to improve the quality of life in rural America by developing some of the most efficient and successful ethanol plants in the country. As the ethanol industry has matured and larger plants have become the norm, KATZEN has retained its agriculture base and continues to work with ethanol plants of all sizes.

On behalf of the. people of Ohio's First Congressional District, I would like to congratulate Raphael Katzen and KATZEN International on 50 years of technology, development, environmental stewardship, and support for rural America. TRIBUTE TO WALT HIERSTEINER

HON. DENNIS MOORE

OF KANSAS IN THE HOUSE OF REPRESENTATIVES

Thursday, October 6, 2005

Mr. MOORE of Kansas. Mr. Speaker, I want to take a moment to bring to the attention of the House of Representatives a profile and interview of one of my leading constituents in Kansas' Third Congressional District, Walter Hiersteiner of Prairie Village, Kansas. Walt recently was the subject of an article in "The

Best Times: a newspaper for Johnson County's 60-and-older citizens", which I am including with this statement. Walt Hiersteiner has a long history of service to his family, friends and community. Since 1946, he has been involved with the management and administration of the Tension Envelope Corporation of Kansas City, Missouri, where he has been responsible for numerous innovations in that field, including 25 United States patents. Just as important, if not more so, has been his dedication to the Kansas City community, including: service on the Shawnee Mission Board of Education; establishment of the Committee for Excellence, which supported several school bond issues; service on

the Kansas State Board of Regents, to which he was appointed by Governor Robert Docking; chairing the Legislative Committee for the Johnson County Community College Foundation; and fundraising and direct financial support for numerous worthy community causes, including the Children's Center at Johnson County Community College and the Truman Medical Center.

I am pleased to have this opportunity to place this profile from the Best Times in the RECORD, but I am more pleased to have this opportunity to publicly recognize Walt Hiersteiner as a vitally important community leader and activist in the Third Congressional District, and as my personal friend for many vears.

[From The Best Times, Sept. 2005]

WALT HIERSTEINER: COMMUNITY INVOLVEMENT OVER A LIFETIME

(By Lynn Anderson)

A native of Des Moines, Iowa, Walter Hiersteiner graduated from the University of Iowa in Iowa City (a member of the Phi Beta Kappa society in 1939) and then Harvard Law School in 1942, where he was an editor of the Harvard Law Review. While a student at the University of Iowa, he met Jean Newburger, whom he married in 1944. After World War II, the couple moved to Kansas City.

Following his graduation from Harvard Law School, he practiced briefly with the Kansas City law firm of Ryland, Stinson, Mag & Thomson. In 1942 he was called in as a commissioned Naval officer, serving until 1946, principally as a naval gunnery officer stationed in Cincinnati, Ohio, and then Long Island, New York.

Following his discharge in 1946, he practiced briefly with the law firm of Margolin & Reinhardt in Kansas City. Then, in 1946, he joined the Tension Envelope Corp., which at that time had four manufacturing facilities. Years later, when Bert Berkowitz and Walter Berkowitz died within three weeks of one another, Bert Berkley, the son of Bert Berkowitz, became president, and Walter became executive vice president, sharing principal management responsibilities with Bert Berkley.

Bert Berkley's son, Bill, has taken over the sole management of the Tension Envelope
