

A TRIBUTE TO MR. CLIFFORD L.
STOFFEL

HON. C.A. DUTCH RUPPERSBERGER

OF MARYLAND

IN THE HOUSE OF REPRESENTATIVES

Tuesday, November 8, 2005

Mr. RUPPERSBERGER. Mr. Speaker, I rise before you today to pay tribute to Mr. Clifford L. Stoffel who was awarded the 2005 Congressional Volunteer Recognition Award by the Second Congressional District of Maryland's Veterans Advisory Group.

It is with great pleasure that I bring before you a man who has selflessly committed himself as a volunteer driver and as the Coordinator for the Transportation Section at the Glen Burnie Clinic for Veterans.

In the past six years, Mr. Stoffel has driven 41,986 miles to take patients to and from scheduled and emergency doctor appointments. The veterans have come to rely on him when other drivers cancel or when they forget to request a driver. He is always willing to assist them, ensuring that those in need of a ride to the nearest veteran facility, will have transportation.

Because of Mr. Stoffel's generosity, approximately 2,258 patients have had reliable transportation when necessary. His generosity is recognized as an example of dedication amongst veteran volunteers.

I believe this country should honor the service and sacrifices of those who place themselves in harm's way to protect the freedoms of the American citizens. The Veterans Advisory Group provides an excellent opportunity for me to share pending legislation with people who have done just that, as well as, gain their perspective on specialized issues.

Mr. Speaker, I ask that you join with me, and the Veterans Advisory Group to commend the efforts of Mr. Clifford L. Stoffel in his kindness and willingness to help others. He has gone above and beyond to aid those who have dedicated their lives to serve our great country.

RECOGNITION OF THE PMI GROUP

HON. ELLEN O. TAUSCHER

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, November 8, 2005

Mrs. TAUSCHER. Mr. Speaker, I rise today to commemorate The PMI Group's tenth anniversary as a publicly traded company. The PMI Group's company headquarters is located in Walnut Creek, California, which is in my district. Ten years ago when the company first went public it was the sixth-largest IPO in the New York Stock Exchange's history. In the past decade it has grown from one of the nation's leading providers of private mortgage insurance to a global provider of credit enhancement. PMI has helped to push homeownership rates to a historic high, while consistently providing a strong average return on shareholders' equity.

Founded over 30 years ago, The PMI Group, Inc., offers residential mortgage insurance and credit enhancement products that promote homeownership and facilitate mortgage transactions in domestic and international capital markets. Currently the company has over \$5.2 billion in total assets, serves two million families worldwide and has been recognized as one of the best places to work in the Bay Area of California.

Under the leadership of Chairman and CEO Roger Haughton, The PMI Group's mission is to put people in homes—and keep them there. They have been integral in helping low and moderate income families become homeowners by developing affordable mortgage programs that help them to realize their dreams of homeownership. Now with operations in Australia, New Zealand, Hong Kong and Europe they have taken that commitment

globally. The company's management is committed to the belief that homeownership helps build strong families, which in turn builds strong communities.

The company's commitment to facilitating homeownership goes beyond its fundamental business model to its relations with the communities in which it operates, exemplified in the generous spirit of their foundation. The PMI Foundation supports national and local organizations that create housing opportunities and revitalize neighborhoods. Most notably the company has been a part of building over 125 Habitat for Humanity homes worldwide. They have also led the business community in initiatives to reinvest in inner-city and rural communities. Most recently, PMI stepped up to the plate and contributed a \$2 million relief package for the victims of the Gulf Coast hurricanes.

I greatly appreciate everything The PMI Group, Inc. has done for the citizens of my district, as well as our citizens nationwide. Facilitating homeownership is an admirable business, so I ask my fellow Members of Congress to join me in congratulating The PMI Group on a very successful 10 years as a publicly traded company and I wish them many successful years to come.

PERSONAL EXPLANATION

HON. JIM GIBBONS

Tuesday, November 8, 2005

Mr. NEY. Mr. Speaker:

Whereas, Bonny Huffman was nominated by Marianne Campbell, Board Chair of the Foundation for Appalachian Ohio; and

Whereas, Bonny Huffman has displayed a commitment to education, the Wellston City Schools, Junior Achievement, the United Fund, the Hope United Methodist Church and the Foundation for Appalachian Ohio; and

Whereas, Bonny Huffman is a blessing upon her community and has been a bottomless well of generosity for all those she meets.

Therefore, I join with family, friends and the entire 18th Congressional District of Ohio in

congratulating Mrs. Bonny Huffman and thanking her for many years of generosity to the community.

A TRIBUTE TO MR. JOHN FLUTKA

HON. C.A. DUTCH RUPPERSBERGER

OF MARYLAND

IN THE HOUSE OF REPRESENTATIVES

Tuesday, November 8, 2005

Mr. RUPPERSBERGER. Mr. Speaker, I rise before you today to pay tribute to Mr. Flutka who was awarded the 2005 Congressional Volunteer Recognition Award by the Second Congressional District of Maryland's Veterans Advisory Group.

I am pleased to bring before you a man who has generously taken time to assist the Occupational Therapy Department of the Baltimore Veterans Rehabilitation and Extended Care Center.

Mr. Flutka, a veteran himself, updates forms used to evaluate and treat patients, resulting in better quality of care. He also organizes supply closets, making for quick and easy access to indispensable materials. By utilizing his diligence, staff members can swiftly remedy the veteran's vulnerabilities.

I believe this country should honor the service and sacrifices of those who place themselves in harm's way to protect the freedoms of the American citizens. The Veterans Advisory Group provides an excellent opportunity for me to share pending legislation with people who have done just that, as well as gain their perspective on specialized issues.

Mr. Speaker, I ask that you join with me and the Veterans Advisory Group to commend Mr. John Flutka for his efforts in assisting the Occupational Therapy Department. He has gone above and beyond to aid those who have dedicated their lives to service our great country.

GYNECOLOGICAL RESOLUTION FOR
ADVANCEMENT OF OVARIAN
CANCER EDUCATION

SPEECH OF

HON. ROSA L. DeLAURO

OF CONNECTICUT

IN THE HOUSE OF REPRESENTATIVES

Monday, November 7, 2005

Ms. DELAURO. Mr. Speaker, I want to thank my colleague from Texas for his leadership on this important issue. Nineteen years ago, I learned for myself the deadly toll ovarian cancer can take. Back then, I knew little about these diseases. But then I was diagnosed with ovarian cancer during an unrelated doctor's visit. I was fortunate to have excellent doctors who detected the cancer by accident in Stage 1 and underwent radiation treatment for the next two-and-a-half months. I am proud

to say that I have now been cancer-free for 19 years.

I was lucky—lucky that my life was given back to me. But of course, my life was changed at the same time. We all hope to see the day when cancer is prevented and no one has to go through what I and so many others have endured. When it comes to life and death, no one should have to depend on luck.

And frankly, we are asking 25,000 women a year to do just that. As we commemorate the first National Ovarian Cancer Awareness Month, we do so with the understanding that more than 25,000 women are diagnosed every year with ovarian cancer—1 out of every 57 women. 16,000 of those women will die simply because the disease is not detected until it has reached an advanced stage.

The tragedy of it all is that ovarian cancer can be cured if it is detected soon enough. When detected in the early stages, more than 94 percent of women survive longer than 5 years, and most are cured completely. The problem is simply that women have never had a reliable, accurate method of screening for ovarian cancer in the early stages.

But that may be changing. Today, researchers are on the cusp of a breakthrough, of giving real hope to women who might otherwise not be diagnosed until it is too late. And our investment in ovarian cancer research is paying dividends, which is why we must keep fighting to make sure that ovarian cancer grants at the National Institutes of Health are fully funded. With 25,000 lives on the line every year, we can ill afford any setbacks in our work to find potential screening tools and treatments for this deadly disease.

Mr. Speaker, providing hope to women across the country is what that investment is about—highlighting the need to make that hope a reality is what this resolution is about. It is my privilege to support it.
