## INTELLIGENCE AUTHORIZATION ACT FOR FISCAL YEAR 2007

The SPEAKER pro tempore. Pursuant to House Resolution 774 and rule XVIII, the Chair declares the House in the Committee of the Whole House on the State of the Union for the consideration of the bill, H.R. 5020.

□ 1453

## IN THE COMMITTEE OF THE WHOLE

Accordingly, the House resolved itself into the Committee of the Whole House on the State of the Union for the consideration of the bill (H.R. 5020) to authorize appropriations for fiscal year 2007 for intelligence and intelligence-related activities of the United States Government, the Community Management Account, and the Central Intelligence Agency Retirement and Disability System, and for other purposes, with Mr. REHBERG in the chair.

The Clerk read the title of the bill.

The CHAIRMAN. Pursuant to the rule, the bill is considered read the first time.

The gentleman from Michigan (Mr. HOEKSTRA) and the gentlewoman from

California (Ms. HARMAN) each will control 30 minutes.

The Chair recognizes the gentleman from Michigan.

Mr. HOEKSTRA. Mr. Chairman, I yield myself such time as I may consume.

Mr. Chairman, I first wish to announce that, subsequent to reporting the bill, the committee has modified the classified annex to the bill with respect to the authorized level of funding for certain programs with bipartisan agreement between myself and the ranking member.

The classified annex containing the modified schedule of authorizations is and was available for review by all Members of the House, subject to the rules of the House and the Permanent Select Committee on Intelligence under the procedures described in my announcement to the House on April 6, 2006.

Mr. Chairman, the House Permanent Select Committee on Intelligence has a reputation for conducting its business in a bipartisan manner. With the intelligence authorization legislation before us today, I can say that we have clearly hit that mark again. I look across the aisle to my colleague and friend, the committee's ranking Democrat member, Ms. HARMAN, and say thank you for once again helping to craft a very good bipartisan piece of legislation that will allow the talented, dedicated and patriotic men and women of our Nation's intelligence community, our first line of defense, to protect America, its people and our friends around the world.

Mr. Chairman, this bill is all about national security. It is about authorizing the intelligence resources, capabilities and operations necessary for us to know about foreign threats and to defend ourselves in an increasingly dangerous world. It is about rebuilding, reshaping and indeed fixing a community that was decimated by the budget cuts of the 1990s.

Because of these cuts, on September 11, 2001, we were without a robust human intelligence capability and without a robust analytic capability that may have helped prevent or minimize these attacks on the United States. This bill continues a many-year effort to transform, build up and recreate an intelligence community that can know and respond to threats.

There will be those here today who will not share our concerns about the many threats against which our intelligence community must operate. There will be those who do not agree with the necessary activities of our intelligence community. There will be even those who actually accuse our dedicated intelligence professionals of violating, if not the law, then the spirit of American values. This as they go about a business to protect you and me.

To those who would and will take such positions, I say: you are wrong. The threats are real. The professional
