

a health and safety concern created in a disaster area when a large number of animals are stranded.

People have a connection with their pets. They know that animals trust their caretakers to take care of them and not leave them abandoned. It is important that we give people the choice to bring their animals with them in an emergency, especially since they can serve as a source of comfort during a troubling time.

RECOGNIZING DR. HILARY
KOPROWSKI ON THE OCCASION
OF HIS 90TH BIRTHDAY

HON. CURT WELDON

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 27, 2006

Mr. WELDON of Pennsylvania. Mr. Speaker, today I wish to recognize the outstanding achievements of Dr. Hilary Koprowski—a man who has changed America, and the world, for the better.

Dr. Koprowski is one of the most distinguished and respected biomedical researchers in American history and is known for his work as a creative scientist. One of Dr. Koprowski's most notable achievements is his discovery of the first oral polio vaccine. Today, the Western Hemisphere has been declared free of paralytic polio, and eradication of polio around the globe is within sight. The pioneering work of Hilary Koprowski has made this possible.

Today, Dr. Koprowski is the author or co-author of over 860 articles in scientific publications and is co-editor of several journals. Currently, he is the President of the Biotechnology Foundation, Inc., Director of the Biotechnology Foundation Laboratories at Thomas Jefferson University and Head of the Center for Neurovirology at Thomas Jefferson University in Philadelphia.

Born in Warsaw, Poland, Dr. Hilary Koprowski was faced with a choice between a career in music or science. He received a degree in piano from the Warsaw Conservatory as well as the Santa Cecilia Academy of Music in Rome. In 1939, Dr. Koprowski obtained his M.D. and adopted scientific research as his life's work. Music remains a significant part of Dr. Koprowski's life. His compositions are published and are currently being played by various orchestras. Dr. Koprowski often compared science to music when he said, "A well-done experiment gives the same sense of satisfaction that a composer feels after composing a sonata."

Mr. Speaker, Dr. Hilary Koprowski is a hero. He has been a world leader in scientific research for over 56 years. His expertise and leadership in the field of science has helped save countless lives. I know the House will join me in paying tribute to this outstanding scientist on the occasion of his 90th birthday.

HONORING UNITED FOOD AND
COMMERCIAL WORKERS UNION
LOCAL 951 PRESIDENT ROBERT
POTTER UPON HIS RETIREMENT

HON. PETER HOEKSTRA

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 27, 2006

Mr. HOEKSTRA. Mr. Speaker, I rise today to honor Robert Potter, President of the United Food and Commercial Workers (UFCW) Union Local 951, upon his retirement.

A graduate of Calvin College in Grand Rapids, MI, Robert Potter won election nine times as President of UFCW 951. Since 1980, he grew the organization from an unaffiliated union of 6,000 members into one of the largest local unions in Michigan and the largest UFCW local in the United States. Today,

UFCW 951 represents more than 35,000 members in an exemplary fashion: with innovative programs, a diverse and dedicated staff and professional management systems.

Robert Potter proved over the course of his career to be a skilled and pragmatic negotiator, facilitating several labor agreements that have preserved thousands of employee salaries and ensured the sustained prosperity of numerous businesses. In the early 1980s, he structured contracts with Kroger in West Michigan that allowed the grocer to remain profitable through today. The same contract model still guides other area employers. He also negotiated complex contracts covering all Michigan operations of Meijer, Inc. for 10 bargaining cycles without a single strike.

Robert Potter graciously shared his talents beyond his UFCW service by holding several officer positions within organized labor, including Vice President of both the Michigan State AFL-CIO and the Metro Detroit AFL-CIO. He also won election and re-election as an officer of the Michigan Economic Alliance of Business and Labor, serving from 1990 to the present.

Robert Potter's accomplishments and leadership will not soon be forgotten, and his years of dedicated service and expertise will continue to shape the UFCW long after his retirement. As Chairman of the Committee for the Future of the UFCW, he helped to guide the group that will undoubtedly play a significant role in ensuring the UFCW's future success.

Mr. Speaker, please let it be known that on this 27th day of September in 2006, the U.S. House of Representatives acknowledges the contributions and achievements of Robert Potter.
