

EMERGENCY ULTRASOUND

HON. HENRY BONILLA

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Thursday, September 28, 2006

Mr. BONILLA. Mr. Speaker, I rise to speak about the use of ultrasound imaging by emergency physicians. October 2006 marks the 10-year anniversary of the establishment of the American College of Emergency Physicians, ACEP, Section of Emergency Ultrasound, which actively encourages research and training of emergency physicians in the use of emergency ultrasound. October 15, 2006, celebrates Emergency Ultrasound Day.

Emergency ultrasound, defined as the use of ultrasound imaging at the patient's bedside, is a critical component of quality emergency medical care. Ultrasound imaging enhances the physician's ability to evaluate, diagnose, and treat patients in the emergency department. It provides immediate information and can answer specific questions about the patient's physical condition, such as determining whether a presenting patient has thoracic and abdominal traumas, ectopic pregnancy, pericardial effusion, and many other conditions.

High quality emergency care is dependent on rapid diagnostic tools, enhanced safety of emergency procedures, and reduced treatment time. Imaging technology has greatly improved quality of care and made invasive medical procedures safer.

Emergency physicians are trained in the use of imaging equipment during their residency, as well as continuing medical education courses. Hospital privileges further validate this training.

Emergency ultrasound has moved outside the hospital due to its compact nature. In fact, emergency ultrasound technology is helpful on-site during military and disaster medical care. It has served in the care of America's brave military troops during both the Gulf and Iraq Wars. Also, emergency ultrasound was used to care for patients last year after Hurricane Katrina, and will be helpful in responding to other disasters and mass casualty events.

Mr. Speaker, I congratulate the work of the ACEP Section of Emergency Ultrasound. It has increased awareness of the contribution and value of emergency ultrasound by emergency physicians in the medical care of emergency patients, survivors of disasters, and our military forces serving at home and abroad. Research in this field should continue to be encouraged to allow the adaptation of critical technologies to continually improve the quality of emergency care.

HONORING JOHNNY MOSBY ON HIS RETIREMENT

HON. BART GORDON

OF TENNESSEE

IN THE HOUSE OF REPRESENTATIVES

Thursday, September 28, 2006

Mr. GORDON. Mr. Speaker, I rise today to honor Assistant Chief Johnny Mosby on his retirement from the Murfreesboro Police Department. After 42 years of dedicated service, Chief Mosby is retiring on October 6.

Not only has Chief Mosby done an excellent job of serving his native Rutherford County, he

also bravely answered his country's call to service during the Vietnam War. He served in the U.S. Army from 1966 to 1968 in the Big Red One Infantry Division. He was wounded three times while serving his country and earned numerous medals, including the National Defense Service Medal, Army Commendation Medal, Vietnam Campaign Medal, Purple Heart, Combat Infantry Badge and Sharpshooters Badge.

Upon his return from Vietnam, Chief Mosby rejoined the Murfreesboro Police Department and rose through the ranks, eventually receiving a promotion to assistant chief in 2003. He is a member of the Fraternal Order of Police, International Association of Chiefs of Police and the Tennessee Association of Chiefs of Police.

Civic involvement is a big part of Chief Mosby's life. He serves on the Usher Board of Mt. Zion Missionary Baptist Church and on the Rutherford County Workhouse Board. He is also a member of the American Legion, Disabled American Veterans and the Pin High Golf Club.

I thank Chief Mosby for his dedication and service to his community. I know he is ready to spend quality time with his family, but his service to Murfreesboro certainly will be missed. I wish him all the best in his retirement.

ARROWROCK PROJECT HYDRO-ELECTRIC LICENSE EXTENSION BILL

SPEECH OF

HON. DAVID WU

OF OREGON

IN THE HOUSE OF REPRESENTATIVES

Tuesday, September 26, 2006

Mr. WU. Mr. Speaker, I rise in support for H.R. 4377, the Hydroelectric Project at Arrowrock Dam License Extension. This bill will bring more public power to Pacific Northwest energy customers by extending the time required for construction of the Arrowrock hydroelectric project.

The extension is necessary because of consultations with the Fish & Wildlife Service to evaluate and protect threatened species in the vicinity of the project—bull trout. Because of delays in these consultations the commencement of construction was delayed past the expiration date of March 2005. An extension of license P 4656 is needed in order to begin construction during winter of 2006 or 2007 to take advantage of the lower water conditions.

This project was unable to meet the March 20, 2005 start of construction deadline because the Fish & Wildlife Service would not begin consultation on the project until after it completed consultation on all of the Reclamation projects in the Upper Snake River Basin. That Upper Snake consultation was a direct outgrowth of the requirements of the Snake River Water Rights Act of 2004, H.R. 4818, Title X, and the Nez Perce Agreement of 2004. I believe that the inaction of one federal agency should not be the basis for depriving the citizens of Oregon, Idaho and the United States of important rights, including their rights under permits issued by other federal agencies.

I support H.R. 4377 and ask my colleagues to vote "yes" on the bill.

TRIBUTE TO REV. CLEMITY THOMAS BAKER

HON. DANNY K. DAVIS

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Thursday, September 28, 2006

Mr. DAVIS of Illinois. Mr. Speaker, I rise today to pay tribute to Rev. C.T. Baker the Pastor of Holy Corinthian Missionary Baptist Church located in Chicago, Illinois. This Sunday Rev. Baker will celebrate 32 years as Pastor of Holy Corinthian Missionary Baptist Church. Rev. Baker has come a long way from his birth in Lexington, Kentucky. He has served in the ministry now for more than 45 years.

Rev. Baker has served as a beacon of light and a ray of hope throughout Chicago. Rev. Baker is not only a great preacher, but he has also been blessed with a great singing voice. After preaching on Sunday's he can be found singing God's praises in Dr. Willie Wilson's Singsation Choir. The choir is in a different church ever Sunday afternoon.

Rev. Baker really epitomizes the scripture found in the sixth Chapter of the Book of Micah. In that chapter the writer asks the question—what does God require of man? The response that was given—God requires that man do justice, love kindness and walk humbly with God. When Hurricane Katrina struck and thousands of people were displaced—it was Rev. Baker who helped lead the effort on behalf of Dr. Willie Wilson and Ministers throughout Chicago to provide relief. Rev. Baker, Dr. Willie Wilson and others personally went to the Gulf Coast and New Orleans—while there they handed out more than \$300,000 dollars to people who were displaced by the storm.

Rev. Baker is a compassionate man with a big heart. He received his formal training in the ministry from Moody Bible Institute and The Chicago Baptist Institute. He is a family man, father of his own children and he and his wife Mrs. Diane Baker are parents to many others.

On behalf of the constituents of the Seventh Congressional District I join with those paying tribute to Rev. Baker for his 32 years as Pastor of the Holy Corinthian Missionary Baptist Church.

HONORING DR. BEATO

HON. ILEANA ROS-LEHTINEN

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Thursday, September 28, 2006

Ms. ROS-LEHTINEN. Mr. Speaker, I would like to recognize Dr. Virgilio I. Beato, a constituent of Congressional district, in Coral Gables, Florida. Dr. Beato was born on December 20, 1916, in Cuba, where he grew up and attended medical school. Dr. Beato graduated as President of his class at the Havana University School of Medicine in 1943. Over the course of a career that has spanned more than six decades in both the United States and Cuba, Dr. Beato has treated thousands of patients and left a tremendously positive impact on countless lives.

Dr. Beato has done more than cure patients; he has also contributed greatly to the
