

affects the responsibilities of the owner of the deer and elk to have them removed by the timelines set forth in the court settlements.

This provision should not have been inserted in this bill, but it is clear from the plain language of this one sentence that it only impacts one alternative method for removal of the herds, not the 2011 deadline for removal of all the deer and elk.

A TRIBUTE TO T. JEFFREY BANGSBERG

HON. JIM RAMSTAD

OF MINNESOTA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, November 14, 2006

Mr. RAMSTAD. Mr. Speaker, I rise today to honor a dear friend and a true Minnesota hero, Jeffrey Bangsberg.

Jeff will be retiring from full-time work this month, and it is fitting that we recognize the accomplishments this great Minnesotan has achieved and the perseverance and courage he has shown in the face of extraordinary challenges.

Jeff suffered a spinal cord injury 30 years ago. While this injury left him in a wheelchair, he never gave up and became a tremendous advocate for expanding access to health care and other critical services for people with disabilities and the elderly.

Since 1991, Jeff has brought his insight, passion and experience to a variety of important issues, including improving Social Security and the Medicare and Medicaid programs, especially for people living with disabilities.

I have worked closely with Jeff for 26 years on a wide range of legislative initiatives in both the Minnesota State Senate and U.S. House of Representatives. Jeff was instrumental in the creation and implementation of groundbreaking legislation, including the first personal care attendant program in Minnesota, Metro Mobility, Medicaid for Employed Per-

sons with Disabilities, and the Ticket to Work and Work Incentives Improvement Act.

All of these monumental achievements are the result of Jeff's great heart and his passion for helping others. Over the years, Minnesota governors have appointed Jeff to several councils and commissions, including the Minnesota State Council on Disability, the Minnesota State Rehabilitation Council, the Minnesota Health Care Commission and countless advisory committees for the Minnesota Department of Human Services and the Minnesota Department of Health. He was also a presidential appointee to the U.S. Commission on Civil Rights.

And in addition to all of these important commitments, Jeff also found time to serve as Government Relations Director for the Minnesota HomeCare Association. In this capacity, Jeff has effectively promoted home care services for seniors and people with disabilities at the local, state and federal levels. Because of his work, countless people are living independently and with dignity.

Jeff is truly an extraordinary person, not only for his ability to overcome obstacles, but also in his dedication to knocking down barriers for others. Jeff understands that we all win when all Americans are empowered to live up to their full potential.

As Co-Chair of the Bipartisan Disabilities Caucus, I have been grateful for Jeff's invaluable counsel, expertise and friendship over the years. While I could spend hours listing the many accomplishments of this tremendous individual, I can sum it all up by saying Jeff Bangsberg truly represents the best and the brightest, and I am honored to call him my friend.

Congratulations, Jeff, on your well-deserved retirement, and best wishes to you and your wonderful wife, Anita.

IN RECOGNITION OF DR. WILLIAM M. KELSO

HON. JO ANN DAVIS

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, November 14, 2006

Mrs. JO ANN DAVIS of Virginia. Mr. Speaker, I rise today to honor and recognize Dr. William M. Kelso for his distinguished career in historical archaeology and for his contributions to the historical record of the United States of America.

From his early professional beginnings as Assistant Field Archaeologist, Colonial Williamsburg Foundation in 1964 to his current position as Director of Archaeology, Association for the Preservation of Virginia Antiquities (APVA), Jamestown Rediscovery Archaeology Project, he has consistently demonstrated his earnest desire to further advance the research and support of archaeology in the Commonwealth of Virginia and the United States of America. During the 1970s Dr. Kelso served as Virginia's first state archaeologist and established programs and innovative methods and techniques that are currently in use. The broad range of his achievements include his role as Resident Archaeologist, Monticello home of Thomas Jefferson located in Albemarle County, Virginia, and later Director of Archaeology, Monticello, Thomas Jefferson Memorial Foundation, Inc. Further credentials

include his role as Lecturer at the University of Virginia and later Adjunct Professor of the College of William and Mary.

Perhaps his most notable contribution was when he served, as Director of Archaeology for the APVA Jamestown Rediscovery project, where his leadership was instrumental in discovering the remains of the English 1607 James Fort. This historic site is the first permanent English settlement in British North America and led to the establishment of English Common law and the first form of representative government in the New World. The archaeological evidence includes structural remains as well as accompanying artifacts representing seventeenth century material culture that documented the location of the fort.

Additionally, he served as Historical Archaeologist for the Virginia Historic Landmarks Commission and has extensive scholarly publications to his credit as well, that are widely circulated in academia both nationally and internationally.

Dr. Kelso has promoted the knowledge and awareness of history and archaeology among the general public. He deserves national recognition for his monumental contributions to our nation's history as the 400th anniversary of the founding of Jamestown approaches in 2007.

Thanks to Dr. Kelso, a more accurate story can now be told regarding the arrival and ultimate survival of the first English settlers to land on the soil of Jamestown, Virginia, including the roles of Native Americans and the later arrival of African Americans. This extraordinary effort is largely a gift from Dr. William M. Kelso, who through his dedication, diligence, skill and grit, has illuminated the truth.

IN MEMORY OF DON PRUNER

HON. ELTON GALLEGLY

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, November 14, 2006

Mr. GALLEGLY. Mr. Speaker, I rise in memory of my friend, Don Pruner, who died suddenly last week.

Don Pruner is remembered by many for being a shrewd businessman who brought professional emergency medical services to eastern Ventura County, California, my home for more than 40 years, and paramedics to all of Ventura County. I remember as well his love of fishing, his hearty laugh, and our shared love of antique autos.

I met Don and his wife, Jackie, at a Christmas party in 1969. We've been friends ever since. Don was an eternal teenager who loved life to its fullest while exuding the maturity of a loving husband and father who knew the pulse of the community and how he could fulfill its needs.

Don bought Conejo Ambulance Service in 1963. He expanded the business by working 24 hours, 7 days a week, and driving a 1958 Pontiac Ambulance, hiring off-duty firefighters and sheriff's deputies to make the runs with him. Eventually, the business evolved under Don and Jackie's guidance into Pruner Health Services.

Don's success as a businessman was matched by his success as a human being. Don Pruner has countless friends and a wonderful, loving family. A native Southern Californian, he never strayed from his roots.
