## JOINT EXPLANATORY STATEMENT OF THE COMMITTEE OF CONFERENCE

The managers on the part of the House and the Senate at the conference on the disagreeing votes of the two Houses on the amendments of the Senate to the bill (H.R. 2985) making appropriations for the Legislative Branch for the fiscal year ending September 30, 2006, and for other purposes, submit the following joint statement to the House and Senate in explanation of the effect of the action agreed upon by the managers and recommended in the accompanying conference report.

The Senate amended the House bill with five numbered amendments. The conference agreement addresses all the differences contained in the five amendments in the disposition of the first numbered amendment. The first numbered amendment therefore includes a complete version of the Legislative Branch bill. An explanation of the resolution of the differences of the other four numbered amendments is included in the first numbered amendment. The disposition of the other four numbered amendments therefore is purely technical in nature to enable the complete bill text to be included in the first amendment.

Amendment numbered 1: Deletes the matter inserted and inserts complete bill text excluding the short title.

Many items in both House and Senate Legislative Branch Appropriations bills are identical and are included in the conference agreement without change. The conferees have endorsed statements of policy contained in the House and Senate reports accompanying the appropriations bills, unless amended or restated herein. With respect to those items in the conference agreement that differ between House and Senate bills, the conferees have agreed to the following with the appropriate section numbers, punctuation, and other technical corrections:

### TITLE I

#### SENATE

The conferees agree to appropriate \$785,549,000 for Senate operations. Inasmuch as these items relate solely to the Senate, and in accord with long practice under which each body determines its own housekeeping requirements and the other concurs without intervention, the managers on the part of the House, at the request of the managers on the part of the Senate, have receded to the amendment of the Senate.

#### HOUSE OF REPRESENTATIVES

The conferees agree to appropriate \$1,100,907,000 for House operations. Inasmuch as these items relate solely to the House, and

in accord with long practice under which each body determines its own housekeeping requirements and the other concurs without intervention, the managers on the part of the Senate, at the request of the managers on the part of the House, have receded to the amendments of the House.

## JOINT ITEMS

The conference agreement includes \$30,000 as proposed by the House and the Senate.

## CAPITOL POLICE

In fiscal year (FY) 2001, in response to pervasive management issues at the United States Capitol Police (USCP), the conferees directed the USCP to establish a Chief Administrative Officer (CAO) position with the overall responsibility for improving administrative operations of the USCP, including human resources, information technology, financial management and budgeting. In FY 2001 and subsequent years, the conferees also required the Government Accountability Office (GAO) to report periodically on the progress of the USCP in improving operations.

The conferees are disappointed with the slow pace of improvements and the broad range of management issues that continue to surface, including problems in procurements, project management, budget execution, and payroll and compensation issues. The conferees believe that there has not been adequate management emphasis on improving administrative operations. The tone set by management influences the actions of staff throughout the organization in helping to ensure good management practices and effective operations.

The conferees direct the Chief, the Assistant Chief, and the CAO to place a renewed emphasis on implementing basic internal control throughout their operations, with an emphasis on instilling accountability for good internal control procedures and practices

throughout the organization, while leading by example in this area and setting an appropriate tone at the top. Internal control represents the series of actions and activities that are put in place throughout an entity's operations on an ongoing basis and should be designed to provide reasonable assurance over (1) the effectiveness and efficiency of operations, (2) compliance with laws and regulations, (3) safeguarding of assets, and (4) the reliability of financial reporting and other types of reporting.

The conferees direct the Chief to implement a structured internal control program that meets the above objectives and includes the standard elements of internal control from basic management literature and GAO's Standards for Internal Control in the Federal Government. The conferees require the Chief to provide a written plan describing specific actions and timeframes required to address these objectives including how the USCP's new financial management system will improve the reliability of financial reporting, budget execution and reprogramming. The written plan is due on October 1, 2005, with quarterly reports on progress thereafter.

The conferees also direct the Comptroller General to undertake a review of USCP overtime usage. Specifically, the Comptroller General shall review (1) the requirements that necessitate the need for USCP overtime, (2) how USCP is managing and accounting for overtime use, and (3) the extent to which the deployment of technology might help defer the need for some USCP overtime.

**Reprogramming Guidelines**—The conferees direct that the United States Capitol Police may not carry out any reprogramming, transfer, or use of funds unless: (1) the Chief of the Capitol Police submits a request for the reprogramming, transfer, or use of funds to the Committees on Appropriations of the House and Senate on or before August 1 of the respective year, unless both such committees agree to accept the request at a later date because of extraordinary and emergency circumstances cited by the Chief; (2) the request contains clearly stated and detailed documentation presenting justifications for the reprogramming, transfer, or use of funds; (3) the request contains a declaration that, as of the date of the request, none of the funds included in the request have been obligated, and none will be obligated until both committees have approved the request; and (4) both committees approve the request.

A reprogramming, transfer, or use of unobligated balances request is required if (1) the amount to be shifted to or from any object class, approved budget, or program involved under the request, or the aggregate amount to be shifted to or from any object class, approved budget, or program involved during the fiscal year taking into account the amount contained in the request, is in excess of \$250,000 or 10 percent, whichever is less, of the object class, approved budget, or program; (2) the reprogramming or use of funds would result in a major change to the program or item which is different than that presented to and approved by the Committees on Appropriations of the House and Senate; or (3) the funds involved were earmarked by either of the committees for a specific activity which is different than the activity proposed under the request, without regard to whether the amount provided in the earmark is less than, equal to, or greater than the amount required to carry out the activity.

In 2003, Public Law 108-83 extended the Capitol Police jurisdiction zone solely for truck interdiction. In the Spring of 2003, the House and Senate Committees on Appropriations were given assurances by the Capitol Police that technology existed for an integrated program to assist in truck interdiction and subsequently approved \$18,891,300 for the technology. In July of 2004, the Government Accountability Office voiced concerns about the contract for the program and the lack of procurement oversight of the project. In March of 2005, the Committees were informed that the technology did not exist to support this effort. The Conferees have serious concerns over the lack of stewardship of the taxpayer dollars and how this exemplifies pervasive management issues and lack of asset accountability within the Capitol Police. The conferees direct the GAO to report on this issue in their next semi-annual report. In addition, the conferees note that the effective date of this provision was to be upon approval of regulations prescribed by the Capitol Police Board for the sole implementation, execution and maintenance of the truck interdiction program by the Committee on Rules and Administration of the Senate and the Committee on House Administration. It is the conferees' understanding that to date this has not been accomplished.

The conferees have included an administrative provision (Section 1004) that establishes an Office of the Inspector General of the United States Capitol Police. The conferees direct the Capitol Police Board to enter into a contract with an executive employment search organization to perform a nation-wide recruitment for the Inspector General. The conferees further direct the formation of a panel comprised of the Inspectors General of the Government Accountability Office, the Government Printing Office, and the Library of Congress to review the applications, interview the top applicants, and forward a recommendation, including not less than three candidates, to the voting members of the Capitol Police Board for review and final selection within 180 days of enactment of this Act.

#### SALARIES

The conference agreement includes \$217,456,000 for salaries of officers, members, and employees of the Capitol Police instead of \$210,350,000 as proposed by the House and \$222,600,000 as proposed by the Senate. This level will support the current staffing level of 1,592 officers and an additional 43 officers for the Library of Congress. Funding is provided for an additional 45 officers of the Capitol Visitor Center, as of August 2006. The conferees direct that these positions not be advertised until approved by the House Committee on Administration and the Senate Committee on Rules and Administration. This level of funding will also support 414 civilians as proposed by the House.

#### GENERAL EXPENSES

The conference agreement includes \$32,000,000 for general expenses of the Capitol Police instead of \$29,345,000 as proposed by the House and \$42,000,000 as proposed by the Senate. In addition, \$10,000,000 from prior year unobligated balances is available upon

the approval of the Committees on Appropriations of the House and Senate.

#### ADMINISTRATIVE PROVISIONS

##### (INCLUDING TRANSFER OF FUNDS)

The conferees have included an administrative provision, section 1001, which authorizes transfers between various accounts upon the approval of the Committees on Appropriations of the House and Senate. Section 1002 terminates the mounted horse unit and transfers the horses, equipment, and supplies to the United States Park Police. Section 1003 requires Capitol Police employees to file annual reports under the Ethics in Government Act with the Clerk of the House of Representatives. Section 1004 establishes an Office of Inspector General. Section 1005 requires semiannual reports of disbursements. Section 1006 continues current authority of the USCP to fill Library of Congress police vacancies with Capitol Police officers. Section 1007 relates to certain overtime compensation.

The conferees are very concerned about problems recently raised by the GAO concerning the inappropriate payment of compensatory time and overtime to employees of the Capitol Police who are exempt from the Fair Labor Standards Act (FLSA). The conferees have included Section 1007, which waives the repayment of certain overtime compensation paid incorrectly, to minimize the impact of flawed management controls on Capitol Police officers. The conferees are aware that the Capitol Police Board has promulgated regulations to bring Capitol Police overtime and compensatory time for FLSA-exempt employees into compliance with all relevant laws, and that these regulations are awaiting approval from the authorizing committees. In its ruling on this issue, the GAO stated its intention to issue a second opinion that will address the authority to provide overtime pay and compensatory leave to nonstatutory civilian employees and FLSA-exempt members of the USCP. The conferees encourage the Capitol Police Board to work closely with the Committee on House Administration and the Senate Committee on Rules and Administration to address any further issues which may arise from GAO's second opinion.
