*The contribution to the Global Fund has been allocated among the diseases in proportion to the Global Fund’s grant portfolio.*

The conference agreement makes available $450,000,000 for the United States contribution to the Global Fund to Fight AIDS, TB and Malaria (Global Fund), $250,000,000 from the “Child Survival and Health Programs Fund” and $200,000,000 from the “Global HIV/AIDS Initiative” account. The disease amounts for “Child Survival and Health Programs Fund” and “Global HIV/AIDS Initiative” in the table above include the amount of the Global Fund contribution from those accounts estimated to be dedicated to those diseases, using Global Fund grant trend data.

The fiscal year 2006 budget request for these accounts included $200,000,000 for a United States contribution to the Global Fund: $100,000,000 from the “Global HIV/AIDS Initiative” account and $100,000,000 from the “Child Survival and Health Programs Fund” account. The President requested an additional $100,000,000 from the accounts which appropriate funding for the Department of Health and Human Services.

BUDGET JUSTIFICATION MATERIALS

The conferees agree with the direction of the Senate with respect to submission of a report on a proposal to improve budget justification material submitted with the fiscal year 2007 budget request. The conferees agree that the State Department should submit proposals as recommended by the Senate to the Committees on Appropriations no later than December 15, 2005.
TITLE I—EXPORT AND INVESTMENT ASSISTANCE

EXPORT-IMPORT BANK OF THE UNITED STATES

The conference agreement includes a first-time appropriation of $1,000,000 for an Office of Inspector General. The conferees expect the position of Inspector General to be filled as expeditiously as possible.

The conference agreement provides $100,000,000 for the subsidy appropriation. The conferees expect that there will be no reduction in Export-Import Bank activity levels due to the extraordinarily high level of carryover balances in fiscal year 2006, which totals approximately $320,000,000.

The conference agreement provides $73,200,000 for administrative expenses.

The conferees agree the Export-Import Bank should act promptly on all requests for assistance from United States exporters that meet the Bank’s criteria for credit worthiness, export additionality, foreign competition and net benefit to the United States economy. The conferees do not require from the Bank an explanation for rejections of requests for assistance from any specific United States industry. The conferees direct the Export-Import Bank to report by March 31, 2006 on all applications received in fiscal year 2005 and a summary of actions undertaken by the Bank with regard to such applications.

OVERSEAS PRIVATE INVESTMENT CORPORATION

The conferees direct the President of the Overseas Private Investment Corporation (OPIC) to continue current policy and consult with the Committees on Appropriations before any future financing for non-governmental organizations or private and voluntary organizations is approved.

TRADE AND DEVELOPMENT AGENCY

The conference agreement provides $50,900,000 for the Trade and Development Agency (TDA).

The conferees provide $1,500,000 for TDA to conduct an international aviation security and safety program to enhance the capabilities of foreign civil aviation authorities. The conferees believe this program will have the most impact if a substantial portion is implemented through a cooperative agreement between TDA and a non-profit aviation organization with relevant experience in development and training programs that assist countries in meeting their obligations for international aviation security and safety standards.
The conference agreement provides $1,585,000,000 for the “Child Survival and Health Programs Fund” instead of $1,497,000,000 as proposed by the House or $1,659,000,000 as proposed by the Senate. The conference agreement includes not to exceed $350,000 for monitoring and oversight as proposed by the Senate, rather than $250,000 as proposed by the House.

As in previous years, the conference agreement includes language allocating the “Child Survival and Health Programs Fund” among six program categories. A definition of program categories and their components can be found on pages 9 through 11 of House Report 107–142 and under the heading “Family Planning/Reproductive Health” on page 12 of Senate Report 107–58.

Funds in this account are allocated in the following table and, as stipulated in section 596, any change to these allocations is subject to the regular reprogramming procedures of the Committees on Appropriations:

A table describing HIV/AIDS, TB, and malaria allocations by account is at the beginning of this statement of the managers. Again this year, no funding for HIV/AIDS programs in the 15 Emergency Plan for AIDS Relief “focus” countries is appropriated in this account. Funding for the “focus” countries is appropriated under the heading “Global HIV/AIDS Initiative”. The narrative for HIV/AIDS funding is under the heading “Global HIV/AIDS Initiative”.

THE GLOBAL FUND

The conference agreement includes a total of $450,000,000 for the Global Fund: $250,000,000 from this account, and $200,000,000 from the Global HIV/AIDS Initiative account.

The conferees note that, of the funding committed by the Global Fund to recipient countries, approximately 56 percent will be for
HIV/AIDS interventions, 31 percent for malaria interventions, and 13 percent for TB or combined TB/AIDS interventions. The conferees have used these percentages to estimate the portion of the United States contribution to the Global Fund that is likely to be attributed for each disease.

**TUBERCULOSIS**

The conference agreement provides a total of $150,900,000 for TB assistance. Of this amount, $80,000,000 is funded through the “other infectious diseases” allocation in this account, an estimated $12,400,000 from other bilateral accounts, and $58,500,000 through the contribution to the Global Fund.

**MALARIA**

For malaria, the conference agreement provides a total of $242,500,000. Of this amount, it is expected that $139,500,000 of the contribution to the Global Fund will fund malaria programs, $100,000,000 is funded through the “other infectious diseases” allocation in this account, and an estimated $3,000,000 is provided from other bilateral accounts. The conferees have long been concerned by the mortality and morbidity caused by this disease, and have made available more than $657,500,000 since 2001 to fight malaria, consistently more each year than requested by the President.

The conferees include section 598, similar to a Senate provision, which requires that bilateral malaria funds made available in this Act are spent in a coordinated, transparent manner on effective anti-malarial programs. The conferees urge the United States Agency for International Development (USAID) to work with host country health authorities, other donors, and multilateral institutions to develop, where they do not already exist, country-level malaria plans with clearly delineated roles and responsibilities. These plans should include specific indicators, procedures to measure progress toward those indicators, and mechanisms to track the disbursement of funds.

Where appropriate, the plans should include significant support for the purchase of commodities, including bednets and pharmaceutical products. In accordance with these strategies, USAID’s malaria programming should be provided for activities that maximize the effectiveness of United States assistance dollars in mitigating the effects of malaria.

Section 598 also requires USAID to submit quarterly reports delineating expenditures to fight malaria. These reports should include indicators for USAID’s programming, progress toward those indicators, and how USAID programming fits within country-level malaria strategic plans.

**NEGLECTED DISEASES**

The conferees are aware that certain neglected diseases cause debilitating illness and disfigurement among hundreds of millions of people in mostly tropical countries, and that medicines exist to either prevent or cure most of these diseases. In section 593, the conference agreement includes a provision similar to a Senate
amendment which provides $15,000,000 for an integrated approach to the control of neglected diseases. The conferees direct USAID to consult broadly to ensure the most effective uses of these funds and develop a multilateral mechanism to implement an integrated initiative to control these diseases, enhance coordination and effectiveness and maximize donor contributions. The Administrator of USAID should consult with the Committees on Appropriations before a mechanism is chosen. Until such a mechanism is available, the Administrator should develop and implement the program through existing bilateral and multilateral mechanisms.

RESEARCH AND DEVELOPMENT

The conferees note that USAID is developing a “Research and Development” strategy. In doing so for fiscal year 2006, USAID shall program not less than $40,000,000 for microbicides, including up to $3,000,000 for the International Partnership for Microbicides, and $29,000,000 for the International AIDS Vaccine Initiative. Additional organizations and amounts are specified in the House and Senate reports.

AVIAN INFLUENZA

The conferees believe that strengthening international surveillance, reporting, and response capacity is the foundation of preventing and responding to an outbreak of avian influenza in the United States. Congress provided $25,000,000 in Public Law 109–13 for the first step of the multi-year effort necessary to address the threat posed by an avian influenza pandemic, and the conferees expect the Administration to submit requests for further funds for this priority in future appropriations Acts.

DEVELOPMENT ASSISTANCE

The conference agreement provides $1,524,000,000 for “Development Assistance.”

The conference agreement includes $214,000,000 for trade capacity building under this heading, of which at least $20,000,000 shall be made available for labor and environmental capacity building related to the free trade agreement with the countries of Central America and the Dominican Republic. Trade capacity building is further addressed in section 570 of the general provisions.

The conference agreement provides $365,000,000 for basic education, including adult literacy programs, under this heading. The conference agreement addresses this matter further in section 567 of the general provisions.

The conference agreement provides $15,000,000 for a program in Africa regarding school fees. This program is in addition to last year’s provision of a similar amount.

The conference agreement provides $15,000,000 for programs to improve women’s leadership capacity in recipient countries. The conferees recommend $11,500,000 for USAID’s Office of Women in Development, and note that the additional $500,000 above the level recommended in the Senate report should enable the office to begin conducting gender assessments in select country missions.
The conference agreement provides $200,000,000 of the aggregated amounts in the Act for drinking water supply and related projects, of which not less than $50,000,000 should be available for drinking water projects in Africa. The conference agreement includes language similar to that proposed by the Senate, recommending $20,000,000 for clean water treatment activities in developing countries.

The conferees support the fertilizer-related research and development work being conducted by the International Fertilizer Development Center (IFDC) and urge USAID to make at least $4,000,000 available to IFDC, including not less than $2,300,000 for its core grant, as provided under the Senate amendment. The House did not address this matter.

The conference agreement provides $20,000,000 for American Schools and Hospitals Abroad. The conferees request USAID consider supporting the American Community School in Beirut.

The conferees agree that not less than $1,000,000 should be made available to the United States Telecommunications Training Institute.

The conferees support language proposed by the Senate regarding micronutrient fortification of donated American commodities. The conferees expect USAID and the United States Department of Agriculture to work together to implement the 2001 Micronutrient Compliance Review to ensure these commodities are safe for consumption.

The conference agreement provides $2,000,000 for reconstruction and development projects in South Asia. The conferees direct that these funds be provided to the Doulos Foundation.

The conferees agree that $20,000,000 should be made available for the Election and Political Processes Program of USAID's Office of Democracy and Governance, of which $18,000,000 should be made available for democracy programs. The conferees note that the level of funding contained in the budget request may be insufficient for effective promotion of democracy abroad, and urge increased funding in fiscal year 2007. The conferees request USAID to consult with the Committees on how it can better coordinate its democracy and governance programs between Washington and the field, and between USAID and the State Department.

The conferees note with concern the reductions made in the fiscal year 2006 budget request for a number of African countries. The conference agreement contains funding levels for both the “Child Survival and Health Programs Fund” and “Development Assistance” that significantly exceed the amounts requested. The conferees therefore expect USAID to restore cuts in African country allocations to their fiscal year 2005 levels, consistent with proper programmatic considerations.

The conferees endorse the list of university proposals in the Senate and House reports. In addition, the conferees recommend consideration of proposals by:

— the University of South Alabama in partnership with the National Birth Defects Center of the Centers for Disease Control and Prevention;

— Historically Black Colleges and Universities in Mississippi to strengthen civil society in Latin America and the Caribbean; and
—a Consortium of Management Schools to link management schools in developing countries with faculty from leading United States management schools.

In order to eliminate a discrepancy between the Senate and House reports, the conferees direct that the first report requested from USAID on the status of university funding proposals be submitted no later than June 1, 2006 and the second report submitted no later than September 1, 2006.

The conferees clarify that funding contained in the Senate report under the heading “Birds of Prey” supports the Peregrine Fund’s work in the International Raptor Center, to be matched by private contributions.

**INTERNATIONAL DISASTER AND FAMINE ASSISTANCE**

The conference agreement provides $365,000,000 for “International Disaster and Famine Assistance”. The conferees take note of the tragic earthquake in Pakistan and are aware that additional funds, including the reprogramming of funds contained in titles II and III of this Act, may be needed to address the needs caused by this tragedy.

**TRANSITION INITIATIVES**

The conference agreement provides $40,000,000 to support the transition to democracy of countries in crisis.

**DEVELOPMENT CREDIT AUTHORITY**

*(INCLUDING TRANSFER OF FUNDS)*

The conference agreement provides $21,000,000 via transfer authority for micro and small enterprise programs, urban programs and other credit programs.

**OPERATING EXPENSES OF THE UNITED STATES AGENCY FOR INTERNATIONAL DEVELOPMENT**

The conference agreement provides $630,000,000 for USAID operating expenses.

**CAPITAL INVESTMENT FUND**

The conference agreement provides $70,000,000 for USAID’s Capital Investment Fund. The conference agreement makes available $48,100,000 for USAID’s contribution to the Capital Security Cost Sharing program, an increase of nearly 150 percent above last year’s contribution. The remainder of the funding in this account is to be used for USAID’s information technology requirements so that the Agency will be able to process timely and accurate information in a secure manner.

The conferees note that USAID plans to open a new mission in southern Sudan. To the degree that other United States Government agencies avail themselves of these facilities, the conferees note that USAID should charge a fair and reasonable rental assessment.
Other Bilateral Economic Assistance

**Economic Support Fund**

*(Including Transfer of Funds)*

The conference agreement provides $2,634,000,000 for the “Economic Support Fund” (ESF), instead of $2,558,525,000 as proposed by the House and $3,031,375,000 as proposed by the Senate.

Funds in this account are allocated in the following table and, as stipulated in section 596, any change to these allocations is subject to the regular reprogramming procedures of the Committees on Appropriations.

Egypt

The conferees note that the reduction in the overall ESF request for Egypt has come at the expense of project assistance, and that the budget request for cash transfer and commodity import program assistance each continue at a $200,000,000 funding level. The conferees are concerned that reduced overall ESF levels not erode further the amount of project assistance provided to Egypt.

Therefore, the conference agreement includes a minimum of $135,000,000 of project assistance taking into consideration the increased levels of assistance for democracy, governance and education programs. Within the amount provided for project assistance, not less than $50,000,000 shall be made available for democracy, governance and human rights programs and not less than $50,000,000 shall be used for education programs, including $5,000,000 that shall be made available for scholarships for disadvantaged Egyptian students. The conferees support the work of the Leadership for Education and Development program implemented by USAID in Egypt as it attracts students from rural areas of Egypt to attend the American University in Cairo.

In order to support the appropriations process in subsequent years, the conferees request the State Department submit a report.
to the Committees on Appropriations, as part of the fiscal year 2007 budget request, which describes the overall assistance objectives for the ESF program in Egypt. The report should address how project and non-project assistance attempts to achieve those objectives, the extent to which such objectives are being achieved, the rationale for the continued decline in project assistance, and to what extent the State Department and USAID believe this trend will continue. In addition, the conferees request that the report address the balance between economic and military assistance provided to Egypt, including whether maintaining the current level of military assistance in relation to economic assistance is most appropriate in light of political and economic conditions in Egypt and in the region.

The conferees agree with the House proposal that not less than 50 percent of the funds for democracy, governance and human rights be provided through non-governmental organizations for the purpose of strengthening Egyptian civil society organizations, enhancing their participation in the political process and their ability to promote and monitor human rights. Of the funds provided for education, the conferees recommend that not less than 50 percent be used to improve access to basic education. The remainder of funds provided for education shall be used to strengthen institutions of higher education, promote academic freedom, fund educational and cultural exchange programs, and provide educational scholarships including for the American University in Cairo. The conferees request USAID to consult with the Committees on Appropriations regarding the use of democracy funds for Egypt.

The conference agreement does not include language, proposed by the Senate, conditioning ESF assistance on the installation of an FM transmitter in Media City for Radio SAWA. The conferees expect the State Department to continue to make this matter a priority in Egypt-United States relations.

**AFRICA**

The conferees agree to provide $10,000,000 for political reform programs in Ethiopia and direct the State Department to consult with the Committees on Appropriations on the uses of these funds.

The conferees agree to provide $4,000,000 for assistance for Zimbabwe for activities consistent with the Zimbabwe Democracy and Economic Recovery Act of 2001 (Public Law 107–99). The conferees remain concerned with the authoritarianism of the Mugabe regime and the impact of its misrule on the people of Zimbabwe and the region, particularly with respect to the spread of HIV/AIDS.

The conferees support efforts to revitalize the peace process in Uganda, and expect funding in this Act to be made available for humanitarian, psycho-social, and development needs for displaced and war-affected persons. The conferees urge the Government of Uganda to accept the presence of international human rights monitors in northern and eastern Uganda.

**EAST ASIA AND THE PACIFIC**

The conference agreement includes language, similar to that proposed by the Senate, which recommends targeted assistance for
Cambodia, including $15,000,000 for the promotion of democracy, human rights, and the rule of law. The conferees agree with the Senate position with respect to Cambodia, and condemn the continued suppression of free speech and intimidation of political activists and opposition parties by the Government of Cambodia.

The conferees note that democracy remains fragile in Timor-Leste. The UNOTIL is scheduled to end in May 2006 and some essential government functions remain dependent on international assistance. The conference agreement includes language directing not less than $19,000,000 in ESF assistance for Timor-Leste, and $1,500,000 in INCLE assistance for on-the-ground training of police.

The conferees agree to provide $25,000,000 for assistance for the Philippines, an increase of $5,000,000 above the budget request.

NEAR EAST

The conferees agree to provide $110,000,000 for the Middle East Partnership Initiative and direct that up to $9,000,000 be made available for scholarship programs for students from countries with significant Muslim populations at not-for-profit American institutions of basic and higher education in the Middle East that are accredited by an accrediting agency recognized by the United States Secretary of Education and are not controlled by the government of the country in which they are located, including the American University of Beirut, the American University in Cairo, and the Lebanese American University. The conferees note that funding provided to American educational institutions in Lebanon may be used for scholarships to support students from any country within the Middle East.

The conference agreement includes $56,000,000 for democracy, governance and rule of law programs in Iraq, which is similar to a provision proposed by the Senate. The conferees direct that of these funds, $28,000,000 be made available to the International Republican Institute and $28,000,000 to the National Democratic Institute.

The conferees recognize the important programs of organizations, such as Interns for Peace, regarding peacemaking and economic empowerment of Palestinian youth, and recommend sufficient funding be made available to support these activities from assistance provided for the West Bank and Gaza.

OTHER

The conferees recommend $5,000,000 to continue support for the provision of wheelchairs for needy persons in developing countries, instead of $10,000,000 as proposed by the Senate.

The conference agreement does not include language proposed by the Senate regarding English language training programs in Francophone countries. The conferees direct that funds made available under the heading “Economic Support Fund” be made available for such purposes.
The conference agreement does not include a provision proposed by the Senate to provide a United States contribution to the Extractive Industries Transparency Initiative Trust Fund (EITI), which is managed by the World Bank. The House did not address this matter. However, the conferees support this initiative which aims to improve the capacity of developing countries to sustainably manage the extraction of natural resources and to monitor revenues generated from such extraction so they are used for purposes which benefit their people. The conferees provide $1,000,000 in ESF assistance to be administered by USAID to support EITI implementation and to strengthen the role and capacity of civil society organizations in the EITI process.

PakistAn

The conference agreement does not include language proposed by the Senate which conditioned ESF assistance to the central government of Pakistan on submission of a report describing steps the government has taken to protect the rights and safety of Pakistan’s human rights lawyers and journalists. The conferees are concerned with reports of harassment and violence perpetrated by Pakistani security forces against lawyers who represent political dissidents and journalists who report on government corruption and other abuses. The conferees direct the Secretary of State to provide the report required by the Senate provision no later than 120 days after enactment of this Act.

foundAtion for seCurity and sustAiNabilitY

The conferees agree to provide $3,000,000 for the Foundation for Security and Sustainability, as proposed by the Senate.

Central highlands of vietnam

The conferees agree to provide $2,000,000 for programs to address the needs of affected communities and individuals in the Central Highlands of Vietnam. The conferees expect up to $1,000,000 will be provided to the Montagnard Development Project.

economic deVelopment programs—inDoNesIan uniVersities

The conference agreement does not include a proposal by the Senate that $2,000,000 be made available for economic development programs conducted by Indonesian universities. However, the conferees expect funding to be provided for this purpose.

united nations high comissioner for human rights in nepal

The conferees agree to provide a total of not less than $7,500,000 in ESF assistance for Nepal, including $2,500,000 for a United States contribution to the Office of the UN High Commissioner for Human Rights in Nepal.

international fund for ireland

The conference agreement provides $13,500,000 as proposed by the House instead of no appropriation as proposed by the Senate.
ASSISTANCE FOR EASTERN EUROPE AND THE BALTIC STATES

The conference agreement provides $361,000,000 instead of $357,000,000 as proposed by the House and $395,000,000 as proposed by the Senate.

Funds in this account are allocated in the following table and, as stipulated in section 596, any change to these allocations is subject to the regular reprogramming procedures of the Committees on Appropriations:

SERBIA

The conference agreement includes language in section 563 similar to that proposed by the Senate conditioning assistance to the central government of Serbia on a determination by the President that the Government of Serbia and Montenegro is cooperating with the International Criminal Tribunal for the former Yugoslavia.

The conferees recognize that Serbia's democratic transition remains fragile, and directs the State Department to give priority from funds appropriated for assistance for Serbia to programs and activities that strengthen democratic political parties, parliament and civil society.

KOSOVO

The conferees recommend that support be considered for the American University in Kosovo.

TRAINING AND DEVELOPMENT

The conference agreement does not include language, proposed by the Senate, which recommends $3,500,000 for leadership development programs for women and youth. The conferees expect the State Department to make these funds available for such purposes.

The conference agreement provides $5,000,000 for the training of judges and prosecutors, as proposed by the Senate. The conferees request the State Department to consult with the Committees on Appropriations on the use of these funds. The conferees note the American Bar Association's rule of law programs and support implementing them through cooperative agreements.

The conferees recommend funding for the Russian, Eurasian, and East European Research and Training Program (Title VIII) at the fiscal year 2005 level. The conferees also encourage the use of
Title VIII funds to include comparative research and language training concerning Eurasian countries critical in the war on terrorism.

The conferees continue to support the East Central European Scholarship Program (ECESP) and expect that USAID will continue to fund ECESP in Albania and Macedonia through an extension of the current ECESP cooperative agreement.

ASSISTANCE FOR THE INDEPENDENT STATES OF THE FORMER SOVIET UNION

The conference agreement provides $514,000,000 instead of $477,000,000 as proposed by the House and $565,000,000 as proposed by the Senate.

Funds in this account are allocated in the following table and, as stipulated in section 596, any change to these allocations is subject to the regular reprogramming procedures of the Committees on Appropriations:

HUMANITARIAN PROGRAMS

The conferees are concerned that internal armed conflicts in the Northern Caucasus have caused great suffering and resulted in enormous humanitarian and development needs for the people of Chechnya, Ingushetia, North Ossetia-Alania, and Dagestan. The conference agreement includes not less than $5,000,000 for improvements in basic services, community reconstruction and recovery, economic development with an emphasis on job creation, the promotion of good governance, human rights, free media, and support for civil society organizations. The above-mentioned republics should receive priority consideration for this assistance. These funds should be disbursed through a transparent, competitive process.

The conferees agree that at least $3,000,000 of the funds allocated for regional programs should be provided to address ongoing humanitarian needs in Nagorno-Karabagh.
The conferees recommend that the State Department consider a proposal for a Central Diagnostic Laboratory in the Caucasus, to be located in Armenia.

The conferees recommend USAID give consideration to the programs of the Vishnevskaya-Rostropovich Foundation, which conducts health programs for children that emphasize disease prevention in the Russian Federation.

**TRAFFICKING IN PERSONS**

The conferees include not less than $4,000,000 for programs to fight trafficking in persons. The conferees intend that this funding be used to protect victims of trafficking, prevent new instances of trafficking, and support the prosecution of traffickers.

**NUCLEAR SAFETY**

The conference agreement recommends that of the funds made available for assistance for Ukraine, $5,000,000 should be made available for nuclear reactor safety initiatives, similar to that proposed by the Senate. The conferees expect that of this amount, $3,000,000 should be provided for simulator-related projects.

**TRAINING AND DEVELOPMENT**

The conference agreement provides $2,500,000, as proposed by the Senate, for the Business Information Service for the Newly Independent States (BISNIS). The conferees support BISNIS's efforts to establish a self-sustaining program under the Department of Commerce and will reconsider this matter in fiscal year 2007.

The conferees recognize the important work of the Eurasia Foundation in promoting civil society and private enterprise in the successor countries of the former Soviet Union and encourage USAID and the State Department to support the Foundation's efforts to launch and build indigenous foundations throughout the region to continue this work. The conferees note the Eurasia Foundation's commitment to seek sustainable funding for such indigenous organizations through private sector and regional donors.

**Independent Agencies**

**INTER-AMERICAN FOUNDATION**

The conference agreement provides $19,500,000 as proposed by the House instead of $20,000,000 as proposed by the Senate.

**AFRICAN DEVELOPMENT FOUNDATION**

The conference agreement provides $23,000,000 instead of $20,500,000 as proposed by the House and $25,000,000 as proposed by the Senate.

**PEACE CORPS**

**(INCLUDING TRANSFER OF FUNDS)**

The conference agreement provides $322,000,000, instead of $325,000,000 as proposed by the House and $320,000,000 as proposed by the Senate.
SUPPORT FOR COUNSEL

The conferees are aware that under certain circumstances jurisdictions overseas require the victim of a crime to participate in the prosecution of the crime. The conferees believe that the language of section 5(1) of the Peace Corps Act could support the use of funds appropriated to the Peace Corps to enable the Peace Corps to employ local counsel for volunteers in proceedings where they are parties or complaining witnesses. The conferees urge the Peace Corps to work with the committees of substantive jurisdiction to seek additional clarity on this issue in the Peace Corps Act.

AVIAN INFLUENZA

The conferees expect the Peace Corps to use funding appropriated under this heading for expenses relating to avian influenza.

MILLENNIUM CHALLENGE CORPORATION

The conference agreement provides $1,770,000,000 for the Millennium Challenge Corporation (MCC) instead of $1,750,000,000 as proposed by the House and $1,800,000,000 as proposed by the Senate.

The conference agreement makes available up to $75,000,000 for administrative expenses as proposed by the House, instead of $70,000,000 as proposed by the Senate. Additionally, the conferees include language proposed by the Senate, and similar to that proposed by the House, providing up to 10 percent of funds for threshold country assistance.

The conference agreement includes a number of provisions proposed by both the House and Senate requesting a report on the threshold country program, extending section 605(e)(4) of the Millennium Challenge Act of 2003, and requiring that the MCC fully fund multi-year compacts for fiscal year 2006.

The conferees understand that strong participation from indigenous civil society organizations is critical to increasing public support for and ensuring that the MCC successfully meets its intended goals of economic growth and poverty reduction. Such participation would also strengthen the nascent democratic processes in eligible countries, contribute to the MCC criteria of good governance, and provide opportunities for discussion of how best to achieve national priorities of economic growth and poverty reduction.

The conferees request that the Chief Executive Officer of the MCC submit a report that describes and assesses the record of national governance structures to take into account indigenous civil society input within countries that have completed compact negotiations. The report should be submitted to the relevant committees of jurisdiction identified in the MCC authorization no later than March 31, 2006.

GLOBAL HIV/AIDS INITIATIVE

The conference agreement provides $1,995,000,000 for “Global HIV/AIDS Initiative” instead of $1,920,000,000 as proposed by the House and $2,020,000,000 as proposed by the Senate.
Funds in this account are allocated in the following table and, as stipulated in section 596, any change to these allocations is subject to the regular reprogramming procedures of the Committees on Appropriations:

### ACCOUNT STRUCTURE

The conferees note that all funding for the 15 Global HIV/AIDS Initiative “focus” countries is appropriated in this account. The conferees strongly encourage the Office of the Global AIDS Coordinator to continue its policy of providing additional funding to “non-focus” countries and have included $50,000,000 for “non-focus” countries in this account.

### HIV AND NUTRITION

The conferees urge the Office of the Global AIDS Coordinator to develop and implement a strategy, in coordination with groups responsible for issues of nutrition, such as USAID, the Department of Agriculture, the World Food Program, and the Food and Agriculture Organization, to address the nutritional requirements of those on antiretroviral therapy. The conferees ask the Office of the Global AIDS Coordinator, in collaboration with USAID, to consult with and report to the Committees on Appropriations not later than 180 days after the enactment of this Act on the following for the Global HIV/AIDS Initiative “focus” countries:

1. The number of Global HIV/AIDS Initiative beneficiaries on antiretroviral therapy;
2. The impact of food and nutrition on care and treatment; and
3. A strategy to address the nutritional requirements of persons receiving care and treatment.

### TECHNICAL AND PROGRAMMATIC SUPPORT

The conferees urge USAID and the Office of the Global AIDS Coordinator to improve coordination for programs to fight HIV and TB, including through increased funding to organizations such as the World Health Organization which can provide technical support to countries.

The conferees continue to support the country planning process and recommend that the Office of the Global AIDS Coordinator consider support for organizations, such as Dream for Africa, which develop civil society and local health outreach.
DEMOCRACY FUND

The conference agreement includes a new appropriations account, similar to that proposed by the Senate, which seeks to increase the effectiveness and oversight of programs that promote democracy, governance, human rights, independent media, and the rule of law globally. The conferees note that this account also incorporates provisions contained in sections 6026 and 6034 of the Senate bill, and section 534 of the House bill.

The conferees recommend $95,000,000 for specific democracy programs and activities, as contained in the following table, and up to $1,448,200,000 for democracy, human rights, and rule of law activities under title II of this Act, as contained in the budget request:

The conference agreement does not include language proposed by the Senate that caps USAID contracts for democracy programs at $250,000,000. The conference agreement includes a provision requiring USAID to notify the Committees on Appropriations of democracy, governance, human rights and rule of law contracts, grants and cooperative agreements (and any amendments to the same) exceeding $10,000,000. The conferees include language similar to that proposed by the Senate to provide that funds in the Act that are made available to the National Endowment for Democracy (NED) may be made available notwithstanding any other provision of law or regulation.

The conference agreement recommends $6,550,000 for programs that support the advancement of democracy in Iran and Syria, and language permitting other funds in this Act to be used
of $10,000,000 from funds in this account as well as funds provided for the Middle East Partnership Initiative be made available for programs to support democracy in Iran, including through educational, humanitarian and nongovernmental organizations and individuals inside Iran. The conferees encourage the State Department to consider a range of proposals for democracy promotion in Iran, including activities utilizing the media.

The conferees support additional assistance for democracy programs in the Democratic Republic of the Congo from funds made available under this heading and elsewhere in this Act.

In addition to funds for programs targeted toward Africa, Asia, and Muslim countries outside the Middle East, the conferees include in the National Endowment of Democracy: $250,000 for democracy and human rights programs relating to Tibet; $2,000,000 for the promotion of democracy in Venezuela; $4,000,000 for political party development programs in Russia; and $1,000,000 for programs that promote democratization in North Korea, including human rights and the free flow of information.

The conferees provide $8,000,000 for a United Nations Democracy Fund. The conferees request the State Department to report to the Committees on Appropriations on how this fund will complement ongoing United States democracy building efforts.

INTERNATIONAL NARCOTICS CONTROL AND LAW ENFORCEMENT

The conference agreement provides $477,200,000 for International Narcotics Control and Law Enforcement (INCLE), instead of $442,400,000 as proposed by the House and $523,874,000 as proposed by the Senate. Funds are made available until September 30, 2008 as proposed by the House instead of September 30, 2007 as proposed by the Senate.

The conference agreement provides $10,000,000 for assistance for demand reduction programs, similar to the House bill. The Senate did not address this matter.

The conference agreement provides $16,000,000 for the International Law Enforcement Training Academies (ILEA) as proposed by the Senate. The House did not address this issue.

The conference agreement does not include a Senate provision making $10,000,000 in INCLE funds available for law enforcement programs to combat violent gangs in Guatemala, Honduras and El Salvador. The House bill did not address this issue. However, the conferees are alarmed by the growing violent gang activity in these countries and urge the Secretary of State to increase funding for these programs.

The conferees direct the State Department to consult with the Committees on Appropriations concerning the use of funds available under this heading and specified as "other programs" in the accompanying table. The conferees expect that programs in Iraq will be given the highest priority with either fiscal year 2006 INCLE funds or prior year unobligated funds.

The conferees agree with the concerns expressed in Senate report language regarding the unwieldy structure of funding for INL aviation programs. The conferees direct that not less than 30 days prior to the obligation of funds available for “International Narcotics and Law Enforcement” or “Andean Counterdrug Initiative”
for the procurement of aircraft, the State Department shall provide the Committees on Appropriations with an Analysis of Alternatives. The analysis shall include, at a minimum: the requirement or mission need for the aircraft to be procured; planned funding for the subject acquisition; cost of alternative aircraft; mission capabilities to include range, lift and operational limitations; estimated maintenance costs and requirements; planned acquisition strategy; and contract or availability limitations.

The conference agreement makes available $33,484,000 for administrative expenses as proposed by the House instead of $30,000,000 as proposed by the Senate.

Funds in this account are allocated in the following table and, as stipulated in section 596, any change to these allocations is subject to the regular reprogramming procedures of the Committees on Appropriations:

### ANDEAN COUNTERDRUG INITIATIVE

The conference agreement provides $734,500,000 for the “Andean Counterdrug Initiative” as proposed by the House and the Senate. Funds are made available until September 30, 2008 as proposed by the House instead of September 30, 2007 as proposed by the Senate. The conferees emphasize that there are other funds for Andean nations in this Act.

The conference agreement provides that not less than $228,772,000 shall be directly apportioned to USAID, including $131,232,000 for Colombia.

The conference agreement includes a provision similar to the Senate amendment that recommends that not less than $2,000,000 should be made available to protect biodiversity and indigenous reserves in Colombia. The House did not address this matter. The conferees intend these funds to be used for continued assistance for the Colombian National Park Service and to support activities of nongovernmental organizations.

The conference agreement includes a provision similar to that proposed by the Senate to provide $8,000,000 to USAID for organizations and programs to protect human rights in Colombia. These
funds are in addition to the $6,000,000 requested for judicial reform programs in Colombia in fiscal year 2006.

The conferees are aware that hundreds of Colombian military personnel, mostly young recruits, have suffered grievous injuries from landmines and other causes. Many require sophisticated medical treatment. Through the efforts of "United for Colombia," several United States hospitals are providing this treatment free of charge but there are incidental costs such as transportation, lodging and medicines. The conferees direct that of the funds available for the Colombian Armed Forces, $500,000 be made available to pay the incidental costs associated with the treatment and care of injured soldiers in the United States. The conferees also recommend that additional Leahy War Victims Fund assistance be made available for Colombian civilians who are disabled from landmines and other causes resulting from the conflict.

The conference agreement again includes conditions, similar to current law and the same as the Senate amendment, on aerial spraying. The House bill did not address this matter.

The conference agreement includes a provision proposed by the Senate, which is current law, that requires that the Administrator of USAID, in consultation with the Assistant Secretary of State for International Narcotics and Law Enforcement Affairs, shall have responsibility for the use of funds under this heading that are directly apportioned to USAID. The House did not address this matter.

The conference agreement makes available $19,015,000 from this account for administrative expenses of the State Department and $7,800,000 for administrative expenses of USAID as proposed by the House instead of $16,000,000 for the State Department and $7,000,000 for USAID as proposed by the Senate.

The conferees urge the Administration to include in its fiscal year 2007 budget request amounts necessary for a maritime refueling support vessel capable of refueling United States and allied vessels engaged in drug interdiction in the eastern Pacific transit zone.

Funds in this account are allocated in the following table and, as stipulated in section 596, any change to these allocations is subject to the regular reprogramming procedures of the Committees on Appropriations:

MIGRATION AND REFUGEE ASSISTANCE

The conference agreement provides $791,000,000 for the Migration and Refugee Assistance Account instead of $790,720,000 as proposed by the House and $900,000,000 as proposed by the Senate.

ISRAEL

The conference agreement also includes Senate language providing not less than $40,000,000 for refugees from the former Soviet Union and Eastern Europe and other refugees resettling in Israel. The House bill did not address this matter.

NORTH KOREA

The conference agreement does not include language, as proposed by the Senate, regarding assistance for refugees from North Korea. The conferees note that this matter remains a priority for the Committees on Appropriations, and expect the State Department to continue to consult with the Committees on Appropriations on how best to assist these refugees.

CONFLICT MITIGATION

The conferees include a provision, similar to Senate language, recommending funding for programs to mitigate conflict between refugees and hosting communities and to provide technical assistance to local organizations for assistance to refugees, including refugee registration and protection.

UNITED STATES EMERGENCY REFUGEE AND MIGRATION ASSISTANCE FUND

The conference agreement provides $30,000,000 for the United States Emergency Refugee and Migration Assistance Fund, as proposed by the House, instead of $40,000,000 as proposed by the Senate.

The conference agreement does not include language proposed by the Senate that provides the funds notwithstanding section 2(c)(2) of the Migration and Refugee Assistance Act of 1962.

NONPROLIFERATION, ANTI-TERRORISM, DEMINING AND RELATED PROGRAMS

The conference agreement provides $410,100,000 for Nonproliferation, Anti-terrorism, Demining and Related Programs, instead of $400,350,000 as proposed by the House and $445,100,000 as proposed by the Senate.

The conference agreement provides that certain funds appropriated under this heading may be made available notwithstanding any other provision of law, the same as current law and as proposed by the Senate. The House provided that these funds may be
used notwithstanding any provision of law that restricts assistance to foreign countries.

The conferees support the use of facilities in New Mexico for instruction in Rural Border patrol operations and urge the State Department to continue Anti-Terror Assistance Program training at these facilities.

The conferees recognize the strategic and potential economic importance of the port of Riga, given Latvia’s status as a valued and trusted NATO ally. In addition to the reporting requirements set forth in the Senate report, the State Department shall also report to the Committees on Appropriations on any specific security and non-proliferation issues and concerns needed to be addressed in the assessment.

Due to budget constraints, the conference agreement does not include a provision proposed by the Senate to provide additional funds above the amount requested for a United States contribution to the Comprehensive Nuclear Test Ban Treaty Preparatory Commission (CTBT). The House did not address this matter. The conferees urge the State Department to include sufficient funds for CTBT in the Administration’s fiscal year 2007 budget request.

The conference agreement does not include $29,000,000 as requested for programs in Iraq, including $16,000,000 as requested for humanitarian demining programs in Iraq. The conferees expect these programs to be funded from prior year funds currently unobligated for Iraq.

Funds in this account are allocated in the following table and, as stipulated in section 596, any change to these allocations is subject to the regular reprogramming procedures of the Committees on Appropriations:

**CONFLICT RESPONSE FUND**

The conference agreement does not include funding for the Conflict Response Fund. The conferees request the State Department, prior to the submission of the fiscal year 2007 budget request, to provide the Committees on Appropriations with a comprehensive, disciplined and coherent strategy detailing how the Office of the Coordinator for Reconstruction and Stabilization will coordinate United States Government-wide efforts to respond to international post-conflict contingencies.
Department of the Treasury

INTERNATIONAL AFFAIRS TECHNICAL ASSISTANCE

The conference agreement provides $20,000,000 for the International Affairs Technical Assistance program of the Department of the Treasury as proposed by the House and the Senate. Funds for this account are made available until September 30, 2008, instead of 2009 as proposed by the House and 2007 as proposed by the Senate.

The conference agreement provides that funds appropriated under this heading may be made available notwithstanding any other provision of law, the same as current law and as proposed by the Senate. The House provided that these funds may be made available notwithstanding any provision of law that restricts assistance to foreign countries.

DEBT RESTRUCTURING

The conference agreement provides $65,000,000 for Debt Restructuring as proposed by the House, instead of $99,750,000 as proposed by the Senate. The conference agreement provides $20,000,000 for the Tropical Forest Conservation Act Programs as proposed by both the House and Senate.

The conferees include a technical provision proposed by the Senate referencing limitations by the Agricultural Trade Development and Assistance Act of 1954. The House did not address this matter.

The conference agreement does not include Senate language limiting the use of the United States contribution to the HIPC Trust Fund. The House did not address this matter.

TITLE III—MILITARY ASSISTANCE

INTERNATIONAL MILITARY EDUCATION AND TRAINING

The conference agreement provides $86,744,000 for International Military Education and Training (IMET), as proposed by the House and the Senate.

FOREIGN MILITARY FINANCING PROGRAM

The conference agreement provides $4,500,000,000 for the Foreign Military Financing Program (FMF), instead of $4,442,300,000 as proposed by the House and $4,603,600,000 as proposed by the Senate.

The conferees agree with the House position that $1,300,000,000 shall be made available for grants only for Egypt and that $210,000,000 as proposed by the Senate shall be made available for assistance for Jordan.

Funds in this account are allocated in the following table and, as stipulated in section 596, any change to these allocations is subject to the regular reprogramming procedures of the Committees on Appropriations:

**ARMENIA AND AZERBAIJAN**

The conferees agree to include $5,000,000 for each of the countries of Armenia and Azerbaijan. In addition, the conferees support IMET assistance levels of $750,000 for each country.

**LEBANON**

The conferees agree to initiate FMF in Lebanon for $1,000,000. The conferees agree that this assistance should be used to initiate procurement of such non-lethal equipment as radios and vehicles.

**PEACEKEEPING OPERATIONS**

The conference agreement provides $175,000,000 for “Peacekeeping Operations”, instead of $177,800,000 as proposed by the House and $195,800,000 as proposed by the Senate.

**TITLE IV—MULTILATERAL ECONOMIC ASSISTANCE**

**International Financial Institutions**

**GLOBAL ENVIRONMENT FACILITY**

The conference agreement provides $80,000,000 for the Global Environment Facility (GEF) instead of no appropriation as proposed by the House and $107,500,000 as proposed by the Senate. The conferees recognize that the GEF adopted a new Resource Allocation Framework (RAF) in September, 2005. The RAF will
link the allocation of GEF resources to a country’s potential to generate global environmental benefits as well as its performance, including transparency and good governance. The purpose of performance-based allocations in any institution is to maximize the beneficial impact of scarce resources. The conferees are pleased that the GEF Council established the performance-based allocation system, the centerpiece reform of the GEF–3 replenishment agreement of 2002, and the basis for budget requests to the Congress over the last four years. Due to constraints of the budget allocation, the conferees were unable to provide the full amount for the GEF proposed by the Senate.

Additionally, the conferees are aware that the donor negotiations for the next GEF replenishment, GEF–4, are currently underway. Therefore, the conferees direct the Department of the Treasury to consult with the Committees on Appropriations on a periodic basis during the fiscal year regarding the implementation of the RAF and other reforms adopted by the GEF for the remaining GEF–3 funding as well as for new funding being proposed under the GEF–4 replenishment.

CONTRIBUTION TO THE INTERNATIONAL DEVELOPMENT ASSOCIATION

The conference agreement provides $950,000,000 for the International Development Association (IDA), the concessional lending facility of the World Bank, as proposed by the House instead of $900,000,000 as proposed by the Senate. The conferees believe that the IDA could be an appropriate source of funds to help eligible countries prepare for and combat a potential avian influenza epidemic. There exists significant need in Asia for programs to increase surveillance capacity, compensate small-scale farmers for timely reports of bird die-offs, modernize animal husbandry practices, and upgrade infectious disease infrastructure. The conferees urge the United States Executive Director to the World Bank to use the voice and vote of the United States to increase support for this global priority, and direct the Secretary of the Treasury to report not later than 90 days after enactment of this Act on the World Bank’s plans to do so. The conferees urge governments in that region to make combating avian influenza a top priority.

CONTRIBUTION TO THE MULTILATERAL INVESTMENT GUARANTEE AGENCY

The conference agreement provides $1,300,000 for the Multilateral Investment Guarantee Agency, as proposed by the Senate, instead of $1,741,515 as proposed by the House.

CONTRIBUTION TO THE INTER-AMERICAN DEVELOPMENT BANK

INTER-AMERICAN INVESTMENT CORPORATION

The conference agreement provides $1,741,515 for past due payments by the United States to the Inter-American Investment Corporation as proposed by the House, instead of $1,500,000 as proposed by the Senate.
CONTRIBUTION TO THE ENTERPRISE FOR THE AMERICAS
MULTILATERAL INVESTMENT FUND

The conference agreement provides $1,741,515 for past due payments by the United States to the Multilateral Investment Fund as proposed by the House, instead of $3,742,000 as proposed by the Senate.

CONTRIBUTION TO THE ASIAN DEVELOPMENT FUND

The conference agreement provides $100,000,000 for the United States contribution to the Asian Development Fund, as proposed by the Senate, instead of $115,250,000 as proposed by the House.

CONTRIBUTION TO THE AFRICAN DEVELOPMENT BANK

The conference agreement provides $3,638,000 for the African Development Bank, as proposed by the Senate, instead of $5,638,350 as proposed by the House.

CONTRIBUTION TO THE AFRICAN DEVELOPMENT FUND

The conference agreement provides $135,700,000 for the African Development Fund as proposed by the House and the Senate.

INTERNATIONAL ORGANIZATIONS AND PROGRAMS

The conference agreement provides $329,458,000 for voluntary contributions to “International Organizations and Programs”, instead of $328,958,000 as proposed by the House and $330,000,000 as proposed by the Senate.

Funds in this account are allocated in the following table and, as stipulated in section 596, any change to these allocations is subject to the regular reprogramming procedures of the Committees on Appropriations:

UNIVERSITY DEVELOPMENT PROGRAM

The conferees encourage the United Nations Development Program (UNDP) to remain vigilant over the politicization of its funding for propaganda purposes, particularly by the Palestinian Authority in the West Bank and Gaza and by the illegitimate State Peace and Development Council in Burma. The conferees do not endorse the purchase of aircraft by UNDP for program purposes in Burma.

WORLD FOOD PROGRAM

The conferees support the work of the World Food Program and have provided $10,000,000 for a voluntary contribution under section 534 of this Act as proposed by the Senate, rather than $6,000,000 as proposed by the House.

TITLE V—GENERAL PROVISIONS

(Note: If the provision proposed by the House and Senate is similar, except for a different section number or minor technical differences, the section is not addressed in this statement of the managers.)

Sec. 504. Report on Unobligated Balances

The conference agreement includes a new provision as proposed by the Senate (section 6100), with some modification, that requires the submission of quarterly reports on unobligated and unexpended funds.

The conferees agree that the quarterly report required by this section should be formatted to provide information on unobligated balances for the relevant quarter as well as cumulative balances for unobligated and unexpended funds. For purposes of this quarterly report, the terms “unobligated” and “unexpended” shall have the same meaning as such terms defined by the Government Accountability Office (GAO) “Red Book” and as used by the Office of Management and Budget (OMB).

The conferees agree that the first quarterly report required by this provision, covering the first quarter of the fiscal year 2006 and prior year balances, shall be due to the Committees on Appropriations no later than February 1, 2006.

Sec. 505. Limitation on Expenses and Representational Allowances

The conference agreement includes a revision of House sections 504 and 505 and Senate sections 6004 and 6005. The agreement combines these provisions into a new section 505 which addresses both a limitation on representational allowances as well as a limitation on entertainment expenses to also include recorded music, live artistic performances, personal gifts and furnishings.
Sec. 507. Prohibition Against Direct Funding for Certain Countries

The conference agreement includes a provision similar to that proposed by both the House and Senate (section 6007) which prohibits direct funding for certain countries, exempting Libya from the prohibition on Export-Import Bank programs and Overseas Private Investment Corporation financing.

Sec. 509. Transfers

The conference agreement includes a provision similar to that proposed by the House and Senate (section 6009) limiting transfers of funds in this Act.

Sec. 510. Commercial Leasing of Defense Articles

The conference agreement includes a provision similar to that proposed by the House and Senate (section 6010) which provides the same authority in current law regarding the commercial leasing of defense articles.

Sec. 511. Availability of Funds

The conference agreement includes a provision similar to that proposed by both the House and Senate (section 6011) which addresses the availability of funds.

Sec. 515. Notification Requirements

The conference agreement includes a provision similar to that proposed by both the House and Senate (section 6015), with modifications, which requires the application of reprogramming oversight procedures. The conference agreement includes a new heading, “Democracy Fund”, subject to notification.

Sec. 517. Independent States of the Former Soviet Union

The conference agreement includes a provision similar to that proposed by both the House and Senate (section 6017), with modifications. The agreement excludes subsection (a) of the House bill regarding restrictions on assistance and includes Kazakhstan and Uzbekistan in the list of countries for which funds are subject to notification procedures, as proposed by the House.

Sec. 519. Export Financing Transfer Authorities

The conference agreement includes a provision similar to that proposed by both the House and Senate (section 6019) limiting the transfer authorities for funds, modified to apply to funds appropriated in title I of this Act.

Sec. 520. Special Notification Requirements

The conference agreement includes a provision proposed by the Senate (section 6020) which requires that funds for Serbia, Sudan, Zimbabwe, Pakistan, Liberia, and Cambodia be subject to the special notification procedures of this section, instead of a similar provision proposed by the House (section 520).

Sec. 521. Definition of Program, Project, and Activity

The conference agreement includes a provision similar to that proposed by both the House and Senate (section 6021) which ap-
plies the definition for the terms “program, project, and activity” to the entire Act, the same as current law and as proposed by the House.

Sec. 522. Child Survival and Health Activities

The conference agreement includes a provision similar to that proposed by both the House and Senate (section 6022) which addresses expenditure of funds made available for assistance under the heading “Child Survival and Health Programs Fund”. The provision makes available for family planning/reproductive health activities not less than $440,000,000 of funds appropriated under title II, rather than $450,000,000 as proposed by the Senate. The House did not address this matter.

The conference agreement also includes language as proposed by the Senate which mandates a Government Accountability Office audit of the 2004 and 2005 “Child Survival and Health Programs Fund”.

Sec. 523. Afghanistan

The conference agreement includes a provision similar to that proposed by both the House and Senate (section 6023) which addresses funds provided for humanitarian, reconstruction, and related assistance for Afghanistan. The conference agreement provides that not less than $3,000,000 should be for reforestation activities, rather than $5,000,000 as proposed by the Senate.

The conference agreement does not include a Senate proposal to provide $3,000,000 for assistance for Afghan families and communities that have suffered losses as a result of the military operations. The House did not address this matter. The conferees support continued funding for this initiative and provide $2,000,000 for this purpose. The conferees intend these funds to be used to support the same types of activities that are being carried out in Iraq through the Marla Ruzicka Iraqi War Victims Fund. The conferees direct that a portion of these funds be used, consistent with the Senate provision, to employ a liaison between Afghan families and communities, the Afghan Independent Human Rights Commission, U.S. Armed Forces and USAID, to facilitate implementation of this initiative.

The conference agreement provides that not less than $2,000,000 should be for Afghan human rights groups, as proposed by the Senate.

The conference agreement does not include language, proposed by the Senate, which recommends funding for a National Emergency Response and Preparedness System. The conferees expect the State Department to consider this project.

The conference agreement does not include a vetting requirement for the Afghan National Army, as proposed by the Senate, which would have been duplicative of vetting requirements included elsewhere in this Act.

The conference agreement contains language, similar to that proposed by the House and Senate, that provides that $50,000,000 should be made available to support programs that directly address the needs of Afghan women and girls, of which not less than
$7,500,000 shall be made available for small grants to improve the capacity of women-led Afghan nongovernmental organizations.

**Sec. 525. HIV/AIDS**

The conference agreement includes a provision, similar to that proposed by the House, which conditions a portion of the United States contribution to the Global Fund to Fight AIDS, TB and Malaria on the progress of reforms to improve monitoring and evaluation of the effectiveness of Global Fund financing. The conference agreement conditions 20 percent, rather than 25 percent as in the House provision, and a clarifying change is made in paragraph (2).

**Sec. 526. Burma**

The conference agreement includes language, similar to that proposed by the Senate (section 6031), regarding assistance for Burma. The conferees endorse language on Burma contained in the Senate report.

The conferees recommend that in addition to assistance for Burmese refugees provided under the heading “Migration and Refugee Assistance”, $3,000,000 be made available for assistance for community-based organizations operating in Thailand to provide food, medical and other humanitarian assistance to internally displaced persons in eastern Burma. The conferees recommend $4,000,000 for the Burma Border Consortium.

The conferees affirm that the responsibility for programs and activities regarding Burmese refugees and internally displaced persons resides with the United States Ambassador to Thailand.

The conference agreement does not include language proposed by the Senate restricting assistance to the central government of any country that is a major provider of weapons or defense-related equipment to the State Peace and Development Council (SPDC). The House did not address this matter.

The conference agreement does not include language proposed by the Senate restricting funding for the United Nations Office on Drugs and Crime (UNODC). The House did not address this matter. The conferees remain concerned by reports that the UNODC in Burma is failing to report to other relevant United Nations organizations incidents of gross human rights violations encountered during the conduct of its programs in Burma.

**Sec. 531. Financial Market Assistance in Transition Countries**

The conference agreement includes a provision as proposed by the House which requires not less than $40,000,000 should be made available for building capital markets and financial systems in countries in transition. The conferees agree that the Secretary of State should direct that at least $30,000,000 for this purpose come from accounts under the State Department’s control.

**Sec. 532. Authorities for the Peace Corps, Inter-American Foundation and African Development Foundation**

The conference agreement includes a provision proposed by the Senate (section 6032), and similar to that proposed by the House (section 532), which states that provisions of this Act or any other Act, shall not be construed to prohibit certain activities of the
Peace Corps Act, the Inter-American Foundation Act or the African Development Foundation Act.

Sec. 534. Special Authorities

The conference agreement includes a provision similar to that proposed by both the House (section 534) and Senate (section 6034) which provides special authorities as follows:

In subsection (a), the conference agreement includes language proposed by the Senate which provides certain authority for assistance for Afghanistan, Pakistan, Montenegro, Lebanon, assistance to victims of war, displaced Burmese, and Iraq. The House did not include Iraq in the list of countries and provided the funds with more limited authorities.

In subsection (b), the conference agreement provides that funds appropriated for tropical forestry and biodiversity conservation activities may be used notwithstanding any other provision of law, the same as current law and as proposed by the Senate. The House provided that these funds may be used notwithstanding any provision of law that restricts assistance to foreign countries.

In subsection (c), the conference agreement provides authority for employment of personal services contractors in the United States by USAID notwithstanding any other provision of law, the same as current law and as proposed by the Senate. The House bill did not provide this authority.

The conference agreement does not include subsection (f) as proposed by both the House and Senate which addressed section 451(a) of the Foreign Assistance Act of 1961. The conferees agree instead to include language proposed by the Senate (section 6114) which extends until 2007 the application of law making certain Vietnamese nationals eligible for resettlement in the United States.

In subsection (h), the conference agreement includes $10,000,000 for a contribution to the World Food Program from funds managed by USAID’s Bureau for Democracy, Conflict and Humanitarian Assistance, as proposed by the Senate. The funds are made available notwithstanding any other provision of law as proposed by the Senate. The House proposed a $6,000,000 contribution.

In subsection (i), the conference agreement includes language similar to that proposed by the Senate that addresses assistance to Pakistan in accordance with requirements contained in Public Law 107–57. The House did not address this issue. The conferees agree to include language that extends the “sunset provision” contained in Public Law 107–57.

In subsection (k), the conference agreement includes language similar to that proposed by the Senate that addresses the estab-
lishment of a Middle East Foundation. The House did not address this issue. The conference agreement establishes the Foundation with a limitation on United States contributions of $35,000,000 and the requirement that United States contributions to the Foundation be matched by grants from other donors.

In subsection (l), the conference agreement includes language proposed by the Senate that amends sections 21(h)(1)(A) and 21(h)(2) of the Arms Export Control Act and section 541 of the Foreign Assistance Act. The House did not address this issue.

In subsection (m), the conference agreement includes language proposed by the Senate which extends authorities for refugee status for certain peoples of the Soviet Union, Vietnam, Laos and Cambodia. The House did not address this issue.

The conference agreement does not include a provision proposed by the Senate that made funds available for administrative expenses of USAID with respect to programs in the West Bank and Gaza. The House did not address this issue. The conferees agree to address this issue in the “Economic Support Funds” appropriation heading in title II of this Act.

Sec. 536. Eligibility for Assistance

The conference agreement includes a provision similar to that proposed by both the House (section 536) and Senate (section 6036) which applies restrictions contained in this or any other Act with respect to assistance for a country.

Sec. 537. Reservation of Funds

The conference agreement includes a provision similar to that proposed by both the House (section 537) and Senate (section 6037) which provides that certain funds may be reprogrammed under certain conditions notwithstanding any other provision of this or any other Act.

Sec. 539. Prohibition on Publicity or Propaganda

The conference agreement includes a provision similar to that proposed by both the House (section 539) and Senate (section 6039) prohibiting the use of funds for publicity or propaganda purposes. The conferees have modified the section to provide that not to exceed $25,000 may be made available to carry out the provisions of section 316 of Public Law 96-533, instead of $750,000 as proposed by the Senate. The conferees agree to reconsider funding for this purpose next year.

Sec. 542. Prohibition on Assistance to Foreign Governments that Export Lethal Military Equipment to Countries Supporting International Terrorism

The conference agreement includes a provision similar to that proposed by both the House (section 542) and Senate (section 6042) which prohibits funds in this Act from being made available to any foreign government that provides lethal military equipment to certain countries.
Sec. 546. Landmines

The conference agreement includes a provision similar to that proposed by both the House (section 546) and Senate (section 6046) which provides the same authority in current law regarding the provision of demining equipment notwithstanding any other provision of law.

Sec. 549. Haiti

The conference agreement includes a provision similar to that proposed by both the House (section 549) and Senate (section 6049), modified to address language proposed by the House in section 583, “Prohibition on Certain International Narcotics Control and Law Enforcement Assistance to the Government of Haiti.”

The conferees agree to include language similar to that proposed by the Senate which establishes a total funding level of $116,215,000 as requested from the following accounts: “Child Survival and Health Programs Fund”, “Development Assistance”, “Economic Support Fund”, “International Narcotics Control and Law Enforcement”, “Foreign Military Financing Program”, and “International Military Education and Training”.

The conferees agree to include language similar to that proposed by the House in section 583, revised to address the specific issues associated with the Haitian National Police (HNP). The conferees are concerned about members of the Haitian National Police or other individuals unlawfully using weapons, ammunition, and other lethal materiel that has been provided or sold by the United States Government and therefore require the certification included in section 549(c). The conferees understand that investigations into extrajudicial killings and other alleged incidents of human rights abuses by the police are currently underway but severely limited by the lack of investigative capacity within the HNP. The conferees request that not later than 60 days after the date of enactment of this Act, the State Department report to the appropriate congressional committees the findings of these investigations, including information on whether any United States-supplied or provided weapon or ammunition was used during those incidents.

The conference agreement does not include a provision proposed by the Senate requiring a report prior to funds being made available to support elections in Haiti. The conferees direct the Secretary of State to submit a report to the Committees on Appropriations within 30 days of enactment of the Act which (1) describes in detail the steps taken by the Haitian Transitional Government and the United Nations Stabilization Mission to provide adequate security to permit free and fair elections with broad based participation by all political parties, and to demobilize, disarm and reintegrate armed groups, and (2) provides an assessment of the effectiveness of such steps.

Sec. 551. Limitation on Assistance to Security Forces

The conference agreement includes a provision similar to that proposed by both the House (section 551) and Senate (section 6051) which prohibits funds in this Act from being provided to any unit of security forces if there is credible evidence of human rights violations.
Sec. 554. Cambodia

The conference agreement includes language similar to that proposed by the House (section 554) and Senate (section 6054) which addresses assistance for Cambodia.

The conference agreement does not include language as proposed by the House regarding international financial institution loans to the central Government of Cambodia.

The conference agreement includes language similar to that proposed by the Senate which prohibits assistance for the central Government of Cambodia with the exception of assistance for certain programs; makes $15,000,000 available for activities to support democracy, rule of law, and human rights, including democratic political parties; and, provides such assistance notwithstanding section 541 of the Foreign Assistance Act.

Sec. 556. Colombia

The conference agreement includes language similar to that proposed by the House (section 556) and Senate (section 6056), and similar to current law which conditions the provision of assistance to the Colombian Armed Forces.

The conference agreement does not include a Senate provision requiring prior consultation with the Office of the United Nations High Commissioner for Human Rights in Colombia and with the appropriate congressional committees. The conferees expect the Secretary of State, prior to making the certifications required by this paragraph, to consider the opinion of the Office of the United Nations High Commissioner for Human Rights in Colombia regarding the conditions in section 556(a)(2) of this Act and to consult with the Committees on Appropriations.

Sec. 559. West Bank and Gaza Program

The conference agreement includes a provision similar to that proposed by both the House (section 559) and Senate (section 6059) which addresses funds available for the West Bank and Gaza Program, including a provision proposed by the House which requires the Comptroller General of the United States to conduct an audit of fiscal year 2006 funds and a provision proposed by the Senate which requires the Secretary of State to submit a report required in section 2106 of chapter 2 of title II of Public Law 109–13.

Sec. 560. Contribution to the United Nations Population Fund

The conference agreement includes a provision similar to that proposed by both the House (section 560) and Senate (section 6060) which addresses limitations on contributions for the UN Population Fund (UNFPA), amended to provide $34,000,000 from the “International Organizations and Programs” (IOP) account and the “Child Survival and Health Programs Fund” account, of which $22,500,000 shall be derived from IOP and shall be made available for the UNFPA.

The agreement does not include language proposed by the Senate which provided for exceptions to the limitations on the use of funds.
Sec. 563. Funding for Serbia

The conference agreement includes a provision proposed by the Senate (section 6063), and similar to that proposed by the House (section 563), which restricts assistance for the central government of Serbia, after May 31, 2006, for certain specified conditions.

Sec. 565. Special Debt Relief for the Poorest

The conference agreement includes a provision proposed by the Senate (section 6065), and similar to that proposed by the House (section 565), which provides the President authority to reduce debt owed to the United States as a result of certain guarantees. The conferees agree to include language proposed by the Senate that extends debt reduction to obligations for purchases of United States agricultural commodities under export credit guarantee programs. The House did not address this issue.

Sec. 566. Authority To Engage in Debt Buybacks or Sales

The conference agreement includes a provision proposed by the Senate (section 6066) and similar to a provision proposed by the House (section 566), which provides the same authority in current law to engage in debt buybacks or sales notwithstanding any other provision of law. The House limited this authority to notwithstanding any provision of law that restricts assistance to foreign countries.

Sec. 567. Basic Education

The conference agreement includes a provision similar to that proposed by the House (section 567), which provides not less than $465,000,000 from title II for basic education, including a total of $365,000,000 from the “Development Assistance” account. The conferees note this is $65,000,000 above the fiscal year 2005 level.

The conferees are aware of the need for programs in the developing world that increase access to quality education, including by removing financial impediments to attending school, training teachers, developing curricula, improving physical plant, and making school supplies more available. The conferees note that a number of developing nations have committed to achieving universal basic education by 2015, and that the World Bank Fast Track Initiative, to which the United States is a party, has identified certain countries for which this goal may be within reach with adequate donor support and technical assistance. The conferees want to ensure that the $65,000,000 increase in funding for fiscal year 2006 is programmed to achieve the maximum and most dramatic results in a select number of countries, and direct USAID to program the increase only after consultation with the Committees on Appropriations.

The conference agreement includes a provision similar to that proposed by the House requiring the Comptroller General of the United States to prepare an analysis of United States-funded international basic education programs within six months of enactment. The conferees provide $250,000 for this purpose. The conferees refer the Comptroller General to the provisions in House section 567 detailing what should be included in the analysis. The conferees also direct the Comptroller General to include an analysis of

To ensure that relatively junior Foreign Service Officers have an early opportunity to gain valuable overseas experience, the conferees provide $10,000,000 to pay for such indirect costs as housing and transportation. These costs are routinely covered for PSCs and paid out of program accounts. In using these authorities, USAID should achieve annualized savings in administrative costs, including an estimated $4,000,000 in fiscal year 2007. The conferees direct USAID to provide baseline data on administrative costs so these annual savings can be verified and tracked.

The conference agreement includes language under this section that allows USAID to use program funds to cover the costs of staff working to mitigate the effects of natural disasters. The conferees expect OMB and the CCSP to develop crosswalk tables to compare new and old report structures, definitions, categories, content, and format to ensure better assessment of changes in spending over time, specifically by agency and category. In addition, the conferees direct OMB in its fiscal year 2007 report to transmit information in the form of budget authority, expenditures, and obligations as has been consistently required by the Congress.
