12 similar level of disability due to cognitive im-  
13 pairment)—

14 (i) bathing;

15 (ii) eating;

16 (iii) dressing;

17 (iv) toileting; and

18 (v) transferring in and out of a bed or  
19 in and out of a chair;

20 (B) due to cognitive or mental impair-

15           65 percent (or such alternative ratio as the Board  
16           establishes under paragraph (2)) of the average of  
17           the amount of payment that would have been made  
18           under the program during the period if all the home-  
19           based long-term care beneficiaries had been resi-

21           the services were provided.

22           (2) ALTERNATIVE RATIO.—The Board may es-  
23           tablish for purposes of paragraph (1) an alternative  
24           ratio (of payments for home and community-based  
25           long term care services to payments for nursing fa-

1 cility services) as the Board determines to be more  
2 consistent with the goal of providing cost-effective  
3 long-term care in the most appropriate and least re-

5 **SEC. 204. EXCLUSIONS AND LIMITATIONS.**

6 (a) IN GENERAL.—Subject to section 201(e), benefits

12 (1) REQUIRING SERVICES TO BE PROVIDED  
13 THROUGH ORGANIZED SYSTEMS OF CARE.—A State  
14 health security program shall ensure that mental  
15 health services and substance abuse treatment serv-

1           cy involved with child welfare, special education,  
2           juvenile justice, or criminal justice.

3           (2) REQUIREMENTS FOR SYSTEM OF CARE.—In  
4           this subsection, an “organized system of care” is a  
5           community-based service delivery network, which  
6           may consist of public and private providers, that  
7           meets the following requirements:

8                   (A) The system has established linkages  
9                   with existing mental health services and sub-  
10                  stance abuse treatment service delivery pro-  
11                  grams in the plan service area (or is in the  
12                  process of developing or operating a system  
13                  with appropriate public agencies in the area to  
14                  coordinate the delivery of such services to indi-  
15                  viduals in the area).

16                  (B) The system provides for the participa-  
17                  tion and coordination of multiple agencies and  
18                  providers that serve the needs of children in the  
19                  area, including agencies and providers involved  
20                  with child welfare, education, juvenile justice,  
21                  criminal justice, health care, mental health, and  
22                  substance abuse prevention and treatment.

23                  (C) The system provides for the involve-

1 services are provided in the planning of treat-  
2 ment and the delivery of services.

3 (D) The system provides for the develop-  
4 ment and implementation of individualized  
5 treatment plans by multidisciplinary and multi-  
6 agency teams, which are recognized and fol-  
7 lowed by the applicable agencies and providers  
8 in the area.

9 (E) The system ensures the delivery and  
10 coordination of the range of mental health serv-  
11 ices and substance abuse treatment services re-  
12 quired by individuals under 22 years of age who  
13 have a serious emotional disturbance or a sub-  
14 stance abuse disorder.

15 (F) The system provides for the manage-  
16 ment of the individualized treatment plans de-  
17 scribed in subparagraph (D) and for a flexible  
18 response to changes in treatment needs over  
19 time.

20 (c) TREATMENT OF EXPERIMENTAL SERVICES.—In  
21 applying subsection (a), the Board shall make national  
22 coverage determinations with respect to those services that  
23 are experimental in nature. Such determinations shall be  
24 made consistent with a process that provides for input

1 from representatives of health care professionals and pa-  
2 tients and public comment.

3 (d) APPLICATION OF PRACTICE GUIDELINES.—In  
4 the case of services for which the American Health Secu-  
5 rity Quality Council (established under section 501) has  
6 recognized a national practice guideline, the services are  
7 considered to meet the standards specified in section  
8 201(a) if they have been provided in accordance with such  
9 guideline or in accordance with such guidelines as are pro-  
10 vided by the State health security program consistent with  
11 title V. For purposes of this subsection, a service shall  
12 be considered to have been provided in accordance with  
13 a practice guideline if the health care provider providing  
14 the service exercised appropriate professional discretion to  
15 deviate from the guideline in a manner authorized or an-  
16 ticipated by the guideline.

17 (e) SPECIFIC LIMITATIONS.—

18 (1) LIMITATIONS ON EYEGLASSES, CONTACT

23 hearing aids, and durable medical equipment to  
24 which individuals enrolled for benefits under this Act

2 priate.

10 ERED SERVICES.—Covered services under this Act  
11 do not include the following:

14 the services are determined to meet the standards speci-  
15 fied in section 201(a) and, with respect to nursing facility  
16 services, to be provided in the least restrictive and most  
17 appropriate setting.

12 and

13 (iv) such other purposes as the Board

21 individual or other provider who or which has  
22 had a participation agreement under this sub-  
23 section terminated for cause.

24 (F) In the case of a provider paid under a

18           tunity to correct deficiencies before the Board  
19           or a State health security program terminates

22 an American Health Security Quality Council (in this title  
23 referred to as the “Council”).

24           (b) DUTIES OF THE COUNCIL.—The Council shall  
25 perform the following duties:

1           (1) PRACTICE GUIDELINES.—The Council shall  
2 review and evaluate each practice guideline devel-  
3 oped under part B of title IX of the Public Health  
4 Service Act. The Council shall determine whether  
5 the guideline should be recognized as a national  
6 practice guideline to be used under section 204(d)  
7 for purposes of determining payments under a State  
8 health security program.

9           (2) STANDARDS OF QUALITY, PERFORMANCE  
10 MEASURES, AND MEDICAL REVIEW CRITERIA.—The  
11 Council shall review and evaluate each standard of  
12 quality, performance measure, and medical review  
13 criterion developed under part B of title IX of the  
14 Public Health Service Act. The Council shall deter-  
15 mine whether the standard, measure, or criterion is  
16 appropriate for use in assessing or reviewing the  
17 quality of services provided by State health security  
18 programs, health care institutions, or health care  
19 professionals.

20           (3) CRITERIA FOR ENTITIES CONDUCTING  
21 QUALITY REVIEWS.—The Council shall develop min-  
22 imum criteria for competence for entities that can  
23 qualify to conduct ongoing and continuous external  
24 quality review for State quality review programs  
25 under section 503. Such criteria shall require such

1 an entity to be administratively independent of the  
2 individual or board that administers the State health  
3 security program and shall ensure that such entities  
4 do not provide financial incentives to reviewers to  
5 favor one pattern of practice over another. The  
6 Council shall ensure coordination and reporting by  
7 such entities to assure national consistency in qual-  
8 ity standards.

9 (4) REPORTING.—The Council shall report to  
10 the Board annually on the conduct of activities  
11 under such title and shall report to the Board annu-  
12 ally specifically on findings from outcomes research  
13 and development of practice guidelines that may af-  
14 fect the Board’s determination of coverage of serv-  
15 ices under section 401(f)(1)(G).

16 (5) OTHER FUNCTIONS.—The Council shall  
17 perform the functions of the Council described in  
18 section 502.

23 timely basis so as to provide for the operation of the  
24 Council by not later than January 1, 2008.

1           (2) SELECTION OF MEMBERS.—Each member  
2 of the Council shall be a member of a health profes-  
3 sion. Five members of the Council shall be physi-  
4 cians. Individuals shall be appointed to the Council  
5 on the basis of national reputations for clinical and  
6 academic excellence. To the greatest extent feasible,  
7 the membership of the Council shall represent the  
8 various geographic regions of the United States and  
9 shall reflect the racial, ethnic, and gender composi-  
10 tion of the population of the United States.

11           (3) TERMS OF MEMBERS.—Individuals ap-  
12 pointed to the Council shall serve for a term of 5  
13 years, except that the terms of 4 of the individuals  
14 initially appointed shall be, as designated by the  
15 President at the time of their appointment, for 1, 2,  
16 3, and 4 years.

17 (d) VACANCIES.—

18           (1) IN GENERAL.—The President shall fill any  
19 vacancy in the membership of the Council in the  
20 same manner as the original appointment. The va-  
21 cancy shall not affect the power of the remaining  
22 members to execute the duties of the Council.

23           (2) VACANCY APPOINTMENTS.—Any member  
24 appointed to fill a vacancy shall serve for the re-

1       mainder of the term for which the predecessor of the  
2       member was appointed.

3           (3) REAPPOINTMENT.—The President may re-  
4       appoint a member of the Council for a second term  
5       in the same manner as the original appointment. A  
6       member who has served for 2 consecutive 5-year  
7       terms shall not be eligible for reappointment until 2  
8       years after the member has ceased to serve.

9           (e) CHAIR.—The President shall designate 1 of the  
10       members of the Council to serve at the will of the Presi-  
11       dent as Chair of the Council.

12          (f) COMPENSATION.—Members of the Council who  
13       are not employees of the Federal Government shall be en-

17       **SEC. 502. DEVELOPMENT OF CERTAIN METHODOLOGIES,**  
18                               **GUIDELINES, AND STANDARDS.**

19          (a) PROFILING OF PATTERNS OF PRACTICE; IDENTI-  
20       FICATION OF OUTLIERS.—The Council shall adopt meth-  
21       odologies for profiling the patterns of practice of health  
22       care professionals and for identifying outliers (as defined  
23       in subsection (e)).

24          (b) CENTERS OF EXCELLENCE.—The Council shall  
25       develop guidelines for certain medical procedures des-

1 igned by the Board to be performed only at tertiary care  
2 centers which can meet standards for frequency of proce-  
3 dure performance and intensity of support mechanisms  
4 that are consistent with the high probability of desired pa-  
5 tient outcome. Reimbursement under this Act for such a  
6 designated procedure may only be provided if the proce-  
7 dure was performed at a center that meets such stand-  
8 ards.

9 (c) REMEDIAL ACTIONS.—The Council shall develop  
10 standards for education and sanctions with respect to  
11 outliers so as to assure the quality of health care services  
12 provided under this Act. The Council shall develop criteria  
13 for referral of providers to the State licensing board if edu-  
14 cation proves ineffective in correcting provider practice be-  
15 havior.

16 (d) DISSEMINATION.—The Council shall disseminate  
17 to the State—

18 (1) the methodologies adopted under subsection

19 (a);

20 (2) the guidelines developed under subsection

21 (b); and

22 (3) the standards developed under subsection

23 (c);

24 for use by the States under section 503.

1 (e) OUTLIER DEFINED.—In this title, the term  
2 “outlier” means a health care provider whose pattern of  
3 practice, relative to applicable practice guidelines, suggests  
4 deficiencies in the quality of health care services being pro-  
5 vided.

6 **SEC. 503. STATE QUALITY REVIEW PROGRAMS.**

7 (a) REQUIREMENT.—In order to meet the require-  
8 ment of section 404(b)(1)(H), each State health security  
9 program shall establish 1 or more qualified entities to con-  
10 duct quality reviews of persons providing covered services  
11 under the program, in accordance with standards estab-  
12 lished under subsection (b)(1) (except as provided in sub-  
13 section (b)(2)) and subsection (d).

14 (b) FEDERAL STANDARDS.—

15 (1) IN GENERAL.—The Council shall establish  
16 standards with respect to—

17 (A) the adoption of practice guidelines  
18 (whether developed by the Federal Government  
19 or other entities);

20 (B) the identification of outliers (con-  
21 sistent with methodologies adopted under sec-  
22 tion 502(a));

23 (C) the development of remedial programs  
24 and monitoring for outliers; and

1 (D) the application of sanctions (consistent  
2 with the standards developed under section  
3 502(c)).

4 (2) STATE DISCRETION.—A State may apply  
5 under subsection (a) standards other than those es-  
6 tablished under paragraph (1) so long as the State  
7 demonstrates to the satisfaction of the Council on an  
8 annual basis that the standards applied have been as  
9 efficacious in promoting and achieving improved  
10 quality of care as the application of the standards  
11 established under paragraph (1). Positive improve-  
12 ments in quality shall be documented by reductions  
13 in the variations of clinical care process and im-  
14 provement in patient outcomes.

15 (c) QUALIFICATIONS.—An entity is not qualified to  
16 conduct quality reviews under subsection (a) unless the  
17 entity satisfies the criteria for competence for such entities  
18 developed by the Council under section 501(b)(3).

19 (d) INTERNAL QUALITY REVIEW.—Nothing in this  
20 section shall preclude an institutional provider from estab-  
21 lishing its own internal quality review and enhancement  
22 programs.

1 **SEC. 504. ELIMINATION OF UTILIZATION REVIEW PRO-**  
2 **GRAMS; TRANSITION.**

3 (a) INTENT.—It is the intention of this title to re-  
4 place by January 1, 2011, random utilization controls with  
5 a systematic review of patterns of practice that com-  
6 promise the quality of care.

7 (b) SUPERSEDING CASE REVIEWS.—

8 (1) IN GENERAL.—Subject to the succeeding  
9 provisions of this subsection, the program of quality  
10 review provided under the previous sections of this  
11 title supersede all existing Federal requirements for  
12 utilization review programs, including requirements  
13 for random case-by-case reviews and programs re-  
14 quiring pre-certification of medical procedures on a  
15 case-by-case basis.

16 (2) TRANSITION.—Before January 1, 2011, the  
17 Board and the States may employ existing utiliza-  
18 tion review standards and mechanisms as may be  
19 necessary to effect the transition to pattern of prac-  
20 tice-based reviews.

21 (3) CONSTRUCTION.—Nothing in this sub-  
22 section shall be construed—

23 (A) as precluding the case-by-case review  
24 of the provision of care—

1 (i) in individual incidents where the  
2 quality of care has significantly deviated  
3 from acceptable standards of practice; and

4 (ii) with respect to a provider who has  
5 been determined to be an outlier; or

6 (B) as precluding the case management of  
7 catastrophic, mental health, or substance abuse  
8 cases or long-term care where such manage-  
9 ment is necessary to achieve appropriate, cost-  
10 effective, and beneficial comprehensive medical  
11 care, as provided for in section 204.

12 **TITLE VI—HEALTH SECURITY**  
13 **BUDGET; PAYMENTS; COST**  
14 **CONTAINMENT MEASURES**  
15 **Subtitle A—Budgeting and**  
16 **Payments to States**

17 **SEC. 601. NATIONAL HEALTH SECURITY BUDGET.**

18 (a) NATIONAL HEALTH SECURITY BUDGET.—

19 (1) IN GENERAL.—By not later than September  
20 1 before the beginning of each year (beginning with  
21 2008), the Board shall establish a national health  
22 security budget, which—

23 (A) specifies the total expenditures (includ-  
24 ing expenditures for administrative costs) to be  
25 made by the Federal Government and the

1 States for covered health care services under  
2 this Act; and

3 (B) allocates those expenditures among the  
4 States consistent with section 604.

5 Pursuant to subsection (b), such budget for a year  
6 shall not exceed the budget for the preceding year  
7 increased by the percentage increase in gross domes-  
8 tic product.

9 (2) DIVISION OF BUDGET INTO COMPONENTS.—

10 The national health security budget shall consist of  
11 at least 4 components:

12 (A) A component for quality assessment  
13 activities (described in title V).

14 (B) A component for health professional  
15 education expenditures.

16 (C) A component for administrative costs.

17 (D) A component (in this title referred to  
18 as the “operating component”) for operating  
19 and other expenditures not described in sub-  
20 paragraphs (A) through (C), consisting of  
21 amounts not included in the other components.  
22 A State may provide for the allocation of this  
23 component between capital expenditures and  
24 other expenditures.

1           (3) ALLOCATION AMONG COMPONENTS.—Tak-  
2           ing into account the State health security budgets  
3           established and submitted under section 603, the  
4           Board shall allocate the national health security  
5           budget among the components in a manner that—

6                   (A) assures a fair allocation for quality as-  
7                   sessment activities (consistent with the national  
8                   health security spending growth limit); and

9                   (B) assures that the health professional  
10                  education expenditure component is sufficient  
11                  to provide for the amount of health professional  
12                  education expenditures sufficient to meet the  
13                  need for covered health care services (consistent  
14                  with the national health security spending  
15                  growth limit under subsection (b)(2)).

16       (b) BASIS FOR TOTAL EXPENDITURES.—

17           (1) IN GENERAL.—The total expenditures speci-  
18           fied in such budget shall be the sum of the capita-  
19           tion amounts computed under section 602(a) and  
20           the amount of Federal administrative expenditures  
21           needed to carry out this Act.

22           (2) NATIONAL HEALTH SECURITY SPENDING  
23           GROWTH LIMIT.—For purposes of this subtitle, the  
24           national health security spending growth limit de-  
25           scribed in this paragraph for a year is (A) zero, or,

1 if greater, (B) the average annual percentage in-  
2 crease in the gross domestic product (in current dol-  
3 lars) during the 3-year period beginning with the  
4 first quarter of the fourth previous year to the first  
5 quarter of the previous year minus the percentage  
6 increase (if any) in the number of eligible individuals  
7 residing in any State the United States from the  
8 first quarter of the second previous year to the first  
9 quarter of the previous year.

10 (c) DEFINITIONS.—In this title:

11 (1) CAPITAL EXPENDITURES.—The term “cap-  
12 ital expenditures” means expenses for the purchase,  
13 lease, construction, or renovation of capital facilities  
14 and for equipment and includes return on equity  
15 capital.

16 (2) HEALTH PROFESSIONAL EDUCATION EX-  
17 PENDITURES.—The term “health professional edu-  
18 cation expenditures” means expenditures in hospitals  
19 and other health care facilities to cover costs associ-  
20 ated with teaching and related research activities.

21 **SEC. 602. COMPUTATION OF INDIVIDUAL AND STATE CAPI-**  
22 **TATION AMOUNTS.**

23 (a) CAPITATION AMOUNTS.—

24 (1) INDIVIDUAL CAPITATION AMOUNTS.—In es-  
25 tablishing the national health security budget under

1 section 601(a) and in computing the national aver-  
2 age per capita cost under subsection (b) for each  
3 year, the Board shall establish a method for com-  
4 puting the capitation amount for each eligible indi-  
5 vidual residing in each State. The capitation amount  
6 for an eligible individual in a State classified within  
7 a risk group (established under subsection (d)(2)) is  
8 the product of—

9 (A) a national average per capita cost for  
10 all covered health care services (computed  
11 under subsection (b));

12 (B) the State adjustment factor (estab-  
13 lished under subsection (c)) for the State; and

14 (C) the risk adjustment factor (established  
15 under subsection (d)) for the risk group.

16 (2) STATE CAPITATION AMOUNT.—

17 (A) IN GENERAL.—For purposes of this  
18 title, the term “State capitation amount”  
19 means, for a State for a year, the sum of the  
20 capitation amounts computed under paragraph  
21 (1) for all the residents of the State in the year,  
22 as estimated by the Board before the beginning  
23 of the year involved.

24 (B) USE OF STATISTICAL MODEL.—The  
25 Board may provide for the computation of

1 State capitation amounts based on statistical  
2 models that fairly reflect the elements that com-  
3 prise the State capitation amount described in  
4 subparagraph (A).

5 (C) POPULATION INFORMATION.—The Bu-  
6 reau of the Census shall assist the Board in de-  
7 termining the number, place of residence, and  
8 risk group classification of eligible individuals.

9 (b) COMPUTATION OF NATIONAL AVERAGE PER CAP-  
10 ITA COST.—

11 (1) FOR 2008.—For 2008, the national average  
12 per capita cost under this paragraph is equal to—

13 (A) the average per capita health care ex-  
14 penditures in the United States in 200 (as esti-  
15 mated by the Board);

16 (B) increased to 2007 by the Board's esti-  
17 mate of the actual amount of such per capita  
18 expenditures during 2007; and

19 (C) updated to 2008 by the national health  
20 security spending growth limit specified in sec-  
21 tion 601(b)(2) for 2008.

22 (2) FOR SUCCEEDING YEARS.—For each suc-  
23 ceeding year, the national average per capita cost  
24 under this subsection is equal to the national aver-  
25 age per capita cost computed under this subsection

1 for the previous year increased by the national  
2 health security spending growth limit (specified in  
3 section 601(b)(2)) for the year involved.

4 (c) STATE ADJUSTMENT FACTORS.—

5 (1) IN GENERAL.—Subject to the succeeding  
6 paragraphs of this subsection, the Board shall de-  
7 velop for each State a factor to adjust the national  
8 average per capita costs to reflect differences be-  
9 tween the State and the United States in—

10 (A) average labor and nonlabor costs that  
11 are necessary to provide covered health services;

12 (B) any social, environmental, or geo-  
13 graphic condition affecting health status or the  
14 need for health care services, to the extent such  
15 a condition is not taken into account in the es-  
16 tablishment of risk groups under subsection (d);

17 (C) the geographic distribution of the  
18 State's population, particularly the proportion  
19 of the population residing in medically under-  
20 served areas, to the extent such a condition is  
21 not taken into account in the establishment of  
22 risk groups under subsection (d); and

23 (D) any other factor relating to operating  
24 costs required to assure equitable distribution  
25 of funds among the States.

1           (2) MODIFICATION OF HEALTH PROFESSIONAL  
2 EDUCATION COMPONENT.—With respect to the por-  
3 tion of the national health security budget allocated  
4 to expenditures for health professional education, the  
5 Board shall modify the State adjustment factors so  
6 as to take into account—

7           (A) differences among States in health  
8 professional education programs in operation as  
9 of the date of the enactment of this Act; and

10           (B) differences among States in their rel-  
11 ative need for expenditures for health profes-  
12 sional education, taking into account the health  
13 professional education expenditures proposed in  
14 State health security budgets under section  
15 603(a).

16           (3) BUDGET NEUTRALITY.—The State adjust-  
17 ment factors, as modified under paragraph (2), shall  
18 be applied under this subsection in a manner that  
19 results in neither an increase nor a decrease in the  
20 total amount of the Federal contributions to all  
21 State health security programs under subsection (b)  
22 as a result of the application of such factors.

23           (4) PHASE-IN.—In applying State adjustment  
24 factors under this subsection during the 5-year pe-  
25 riod beginning with 2008, the Board shall phase-in,

1 over such period, the use of factors described in  
2 paragraph (1) in a manner so that the adjustment  
3 factor for a State is based on a blend of such factors  
4 and a factor that reflects the relative actual average  
5 per capita costs of health services of the different  
6 States as of the time of enactment of this Act.

7 (5) PERIODIC ADJUSTMENT.—In establishing  
8 the national health security budget before the begin-  
9 ning of each year, the Board shall provide for appro-  
10 priate adjustments in the State adjustment factors  
11 under this subsection.

12 (d) ADJUSTMENTS FOR RISK GROUP CLASSIFICA-  
13 TION.—

14 (1) IN GENERAL.—The Board shall develop an  
15 adjustment factor to the national average per capita  
16 costs computed under subsection (b) for individuals  
17 classified in each risk group (as designated under  
18 paragraph (2)) to reflect the difference between the  
19 average national average per capita costs and the  
20 national average per capita cost for individuals clas-  
21 sified in the risk group.

22 (2) RISK GROUPS.—The Board shall designate  
23 a series of risk groups, determined by age, health in-  
24 dicators, and other factors that represent distinct  
25 patterns of health care services utilization and costs.

1           (3) PERIODIC ADJUSTMENT.—In establishing  
2           the national health security budget before the begin-  
3           ning of each year, the Board shall provide for appro-  
4           priate adjustments in the risk adjustment factors  
5           under this subsection.

6 **SEC. 603. STATE HEALTH SECURITY BUDGETS.**

7           (a) ESTABLISHMENT AND SUBMISSION OF BUDG-  
8           ETS.—

9           (1) IN GENERAL.—Each State health security  
10          program shall establish and submit to the Board for  
11          each year a proposed and a final State health secu-  
12          rity budget, which specifies the following:

13                (A) The total expenditures (including ex-  
14                penditures for administrative costs) to be made  
15                under the program in the State for covered  
16                health care services under this Act, consistent  
17                with subsection (b), broken down as follows:

18                       (i) By the 4 components (described in  
19                       section 601(a)(2)), consistent with sub-  
20                       section (b).

21                       (ii) Within the operating component—

22                               (I) expenditures for operating  
23                               costs of hospitals and other facility-  
24                               based services in the State;

1 (II) expenditures for payment to  
2 comprehensive health service organiza-  
3 tions;

4 (III) expenditures for payment of  
5 services provided by health care prac-  
6 titioners; and

7 (IV) expenditures for other cov-  
8 ered items and services.

9 Amounts included in the operating compo-  
10 nent include amounts that may be used by  
11 providers for capital expenditures.

12 (B) The total revenues required to meet  
13 the State health security expenditures.

14 (2) PROPOSED BUDGET DEADLINE.—The pro-  
15 posed budget for a year shall be submitted under  
16 paragraph (1) not later than June 1 before the year.

17 (3) FINAL BUDGET.—The final budget for a  
18 year shall—

19 (A) be established and submitted under  
20 paragraph (1) not later than October 1 before  
21 the year, and

22 (B) take into account the amounts estab-  
23 lished under the national health security budget  
24 under section 601 for the year.

1           (4) ADJUSTMENT IN ALLOCATIONS PER-  
2           MITTED.—

3           (A) IN GENERAL.—Subject to subpara-  
4           graphs (B) and (C), in the case of a final budg-  
5           et, a State may change the allocation of  
6           amounts among components.

7           (B) NOTICE.—No such change may be  
8           made unless the State has provided prior notice  
9           of the change to the Board.

10          (C) DENIAL.—Such a change may not be  
11          made if the Board, within such time period as  
12          the Board specifies, disapproves such change.

13          (b) EXPENDITURE LIMITS.—

14          (1) IN GENERAL.—The total expenditures speci-  
15          fied in each State health security budget under sub-  
16          section (a)(1) shall take into account Federal con-  
17          tributions made under section 604.

18          (2) LIMIT ON CLAIMS PROCESSING AND BILL-  
19          ING EXPENDITURES.—Each State health security  
20          budget shall provide that State administrative ex-  
21          penditures, including expenditures for claims proc-  
22          essing and billing, shall not exceed 3 percent of the  
23          total expenditures under the State health security  
24          program, unless the Board determines, on a case-by-  
25          case basis, that additional administrative expendi-

1       tures would improve health care quality and cost ef-  
2       fectiveness.

3           (3) WORKER ASSISTANCE.—A State health se-  
4       curity program may provide that, for budgets for  
5       years before 2011, up to 1 percent of the budget  
6       may be used for purposes of programs providing as-  
7       sistance to workers who are currently performing  
8       functions in the administration of the health insur-  
9       ance system and who may experience economic dis-  
10      location as a result of the implementation of the pro-  
11      gram.

12       (c) APPROVAL PROCESS FOR CAPITAL EXPENDI-  
13      TURES PERMITTED.—Nothing in this title shall be con-  
14      strued as preventing a State health security program from  
15      providing for a process for the approval of capital expendi-  
16      tures based on information derived from regional planning  
17      agencies.

18      **SEC. 604. FEDERAL PAYMENTS TO STATES.**

19       (a) IN GENERAL.—Each State with an approved  
20      State health security program is entitled to receive, from  
21      amounts in the American Health Security Trust Fund, on  
22      a monthly basis each year, of an amount equal to one-  
23      twelfth of the product of—

1           (1) the State capitation amount (computed  
2           under section 602(a)(2)) for the State for the year;  
3           and

4           (2) the Federal contribution percentage (estab-  
5           lished under subsection (b)).

6           (b) FEDERAL CONTRIBUTION PERCENTAGE.—The  
7           Board shall establish a formula for the establishment of  
8           a Federal contribution percentage for each State. Such  
9           formula shall take into consideration a State’s per capita  
10          income and revenue capacity and such other relevant eco-  
11          nomic indicators as the Board determines to be appro-  
12          priate. In addition, during the 5-year period beginning  
13          with 2008, the Board may provide for a transition adjust-  
14          ment to the formula in order to take into account current  
15          expenditures by the State (and local governments thereof)  
16          for health services covered under the State health security  
17          program. The weighted-average Federal contribution per-  
18          centage for all States shall equal 86 percent and in no  
19          event shall such percentage be less than 81 percent nor  
20          more than 91 percent.

21          (c) USE OF PAYMENTS.—All payments made under  
22          this section may only be used to carry out the State health  
23          security program.

24          (d) EFFECT OF SPENDING EXCESS OR SURPLUS.—

1           (1) SPENDING EXCESS.—If a State exceeds its  
2 budget in a given year, the State shall continue to  
3 fund covered health services from its own revenues.

4           (2) SURPLUS.—If a State provides all covered  
5 health services for less than the budgeted amount  
6 for a year, it may retain its Federal payment for  
7 that year for uses consistent with this Act.

8 **SEC. 605. ACCOUNT FOR HEALTH PROFESSIONAL EDU-**  
9 **CATION EXPENDITURES.**

10          (a) SEPARATE ACCOUNT.—Each State health secu-  
11 rity program shall—

12           (1) include a separate account for health pro-  
13 fessional education expenditures; and

14           (2) specify the general manner, consistent with  
15 subsection (b), in which such expenditures are to be  
16 distributed among different types of institutions and  
17 the different areas of the State.

18          (b) DISTRIBUTION RULES.—The distribution of  
19 funds to hospitals and other health care facilities from the  
20 account must conform to the following principles:

21           (1) The disbursement of funds must be con-  
22 sistent with achievement of the national and pro-  
23 gram goals (specified in section 701(b)) within the  
24 State health security program and the distribution  
25 of funds from the account must be conditioned upon

1 the receipt of such reports as the Board may require  
2 in order to monitor compliance with such goals.

3 (2) The distribution of funds from the account  
4 must take into account the potentially higher costs  
5 of placing health professional students in clinical  
6 education programs in health professional shortage  
7 areas.

## 8 **Subtitle B—Payments by States to** 9 **Providers**

### 10 **SEC. 611. PAYMENTS TO HOSPITALS AND OTHER FACILITY-** 11 **BASED SERVICES FOR OPERATING EXPENSES** 12 **ON THE BASIS OF APPROVED GLOBAL BUDG-** 13 **ETS.**

14 (a) DIRECT PAYMENT UNDER GLOBAL BUDGET.—  
15 Payment for operating expenses for institutional and facil-  
16 ity-based care, including hospital services and nursing fa-  
17 cility services, under State health security programs shall  
18 be made directly to each institution or facility by each  
19 State health security program under an annual prospec-  
20 tive global budget approved under the program. Such a  
21 budget shall include payment for outpatient care and non-  
22 facility-based care that is furnished by or through the fa-  
23 cility. In the case of a hospital that is wholly owned (or  
24 controlled) by a comprehensive health service organization  
25 that is paid under section 614 on the basis of a global

1 budget, the global budget of the organization shall include  
2 the budget for the hospital.

3 (b) Annual Negotiations; Budget Approval—

4 (1) IN GENERAL.—The prospective global budg-  
5 et for an institution or facility shall—

6 (A) be developed through annual negotia-  
7 tions between—

8 (i) a panel of individuals who are ap-  
9 pointed by the Governor of the State and  
10 who represent consumers, labor, business,  
11 and the State government; and

12 (ii) the institution or facility; and

13 (B) be based on a nationally uniform sys-  
14 tem of cost accounting established under stand-  
15 ards of the Board.

16 (2) CONSIDERATIONS.—In developing a budget  
17 through negotiations, there shall be taken into ac-  
18 count at least the following:

19 (A) With respect to inpatient hospital serv-  
20 ices, the number, and classification by diag-  
21 nosis-related group, of discharges.

22 (B) An institution's or facility's past ex-  
23 penditures.

1           (C) The extent to which debt service for  
2 capital expenditures has been included in the  
3 proposed operating budget.

4           (D) The extent to which capital expendi-  
5 tures are financed directly or indirectly through  
6 reductions in direct care to patients, including  
7 (but not limited to) reductions in registered  
8 nursing staffing patterns or changes in emer-  
9 gency room or primary care services or avail-  
10 ability.

11           (E) Change in the consumer price index  
12 and other price indices.

13           (F) The cost of reasonable compensation  
14 to health care practitioners;

15           (G) The compensation level of the institu-  
16 tion's or facility's work force.

17           (H) The extent to which the institution or  
18 facility is providing health care services to meet  
19 the needs of residents in the area served by the  
20 institution or facility, including the institution's  
21 or facility's occupancy level.

22           (I) The institution's or facility's previous  
23 financial and clinical performance, based on uti-  
24 lization and outcomes data provided under this  
25 Act.

1           (J) The type of institution or facility, in-  
2           cluding whether the institution or facility is  
3           part of a clinical education program or serves  
4           a health professional education, research or  
5           other training purpose.

6           (K) Technological advances or changes.

7           (L) Costs of the institution or facility asso-  
8           ciated with meeting Federal and State regula-  
9           tions.

10          (M) The costs associated with necessary  
11          public outreach activities.

12          (N) In the case of a for-profit facility, a  
13          reasonable rate of return on equity capital,  
14          independent of those operating expenses nec-  
15          essary to fulfill the objectives of this Act.

16          (O) Incentives to facilities that maintain  
17          costs below previous reasonable budgeted levels  
18          without reducing the care provided.

19          (P) With respect to facilities that provide  
20          mental health services and substance abuse  
21          treatment services, any additional costs involved  
22          in the treatment of dually diagnosed individ-  
23          uals.

24          The portion of such a budget that relates to expendi-  
25          tures for health professional education shall be con-

1       sistent with the State health security budget for  
2       such expenditures.

3               (3) PROVISION OF REQUIRED INFORMATION; DI-  
4       AGNOSIS-RELATED GROUP.—No budget for an insti-  
5       tution or facility for a year may be approved unless  
6       the institution or facility has submitted on a timely  
7       basis to the State health security program such in-  
8       formation as the program or the Board shall specify,  
9       including in the case of hospitals information on dis-  
10      charges classified by diagnosis-related group.

11      (c) ADJUSTMENTS IN APPROVED BUDGETS.—

12              (1) ADJUSTMENTS TO GLOBAL BUDGETS THAT  
13      CONTRACT WITH COMPREHENSIVE HEALTH SERVICE  
14      ORGANIZATIONS.—Each State health security pro-  
15      gram shall develop an administrative mechanism for  
16      reducing operating funds to institutions or facilities  
17      in proportion to payments made to such institutions  
18      or facilities for services contracted for by a com-  
19      prehensive health service organization.

20              (2) AMENDMENTS.—In accordance with stand-  
21      ards established by the Board, an operating and  
22      capital budget approved under this section for a year  
23      may be amended before, during, or after the year if  
24      there is a substantial change in any of the factors  
25      relevant to budget approval.

1 (d) DONATIONS PERMISSIBLE.—The States health  
 2 security programs may permit institutions and facilities  
 3 to raise funds from private sources to pay for newly con-  
 4 structed facilities, major renovations, and equipment. The  
 5 expenditure of such funds, whether for operating or cap-  
 6 ital expenditures, does not obligate the State health secu-  
 7 rity program to provide for continued support for such ex-  
 8 penditures unless included in an approved global budget.

9 **SEC. 612. PAYMENTS TO HEALTH CARE PRACTITIONERS**

10 **BASED ON PROSPECTIVE FEE SCHEDULE.**

11 (a) FEE FOR SERVICE.—

12 (1) IN GENERAL.—Every independent health  
 13 care practitioner is entitled to be paid, for the provi-  
 14 sion of covered health services under the State  
 15 health security program, a fee for each billable cov-  
 16 ered service.

17 (2) GLOBAL FEE PAYMENT METHODOLOGIES.—

18 The Board shall establish models and encourage  
 19 State health security programs to implement alter-  
 20 native payment methodologies that incorporate glob-  
 21 al fees for related services (such as all outpatient  
 22 procedures for treatment of a condition) or for a  
 23 basic group of services (such as primary care serv-  
 24 ices) furnished to an individual over a period of  
 25 time, in order to encourage continuity and efficiency

1 in the provision of services. Such methodologies shall  
2 be designed to ensure a high quality of care.

3 (3) BILLING DEADLINES; ELECTRONIC BILL-  
4 ING.—A State health security program may deny  
5 payment for any service of an independent health  
6 care practitioner for which it did not receive a bill  
7 and appropriate supporting documentation (which  
8 had been previously specified) within 30 days after  
9 the date the service was provided. Such a program  
10 may require that bills for services for which payment  
11 may be made under this section, or for any class of  
12 such services, be submitted electronically.

13 (b) PAYMENT RATES BASED ON NEGOTIATED PRO-  
14 SPECTIVE FEE SCHEDULES.—With respect to any pay-  
15 ment method for a class of services of practitioners, the  
16 State health security program shall establish, on a pro-  
17 spective basis, a payment schedule. The State health secu-  
18 rity program may establish such a schedule after negotia-  
19 tions with organizations representing the practitioners in-  
20 volved. Such fee schedules shall be designed to provide in-  
21 centives for practitioners to choose primary care medicine,  
22 including general internal medicine and pediatrics, over  
23 medical specialization. Nothing in this section shall be con-  
24 strued as preventing a State from adjusting the payment  
25 schedule amounts on a quarterly or other periodic basis

1 depending on whether expenditures under the schedule will  
2 exceed the budgeted amount with respect to such expendi-  
3 tures.

4 (c) **BILLABLE COVERED SERVICE DEFINED.**—In this  
5 section, the term “billable covered service” means a service  
6 covered under section 201 for which a practitioner is enti-  
7 tled to compensation by payment of a fee determined  
8 under this section.

9 **SEC. 613. PAYMENTS TO COMPREHENSIVE HEALTH SERV-**  
10 **ICE ORGANIZATIONS.**

11 (a) **IN GENERAL.**—Payment under a State health se-  
12 curity program to a comprehensive health service organi-  
13 zation to its enrollees shall be determined by the State—

14 (1) based on a global budget described in sec-  
15 tion 611; or

16 (2) based on the basic capitation amount de-  
17 scribed in subsection (b) for each of its enrollees.

18 (b) **BASIC CAPITATION AMOUNT.**—

19 (1) **IN GENERAL.**—The basic capitation amount  
20 described in this subsection for an enrollee shall be  
21 determined by the State health security program on  
22 the basis of the average amount of expenditures that  
23 is estimated would be made under the State health  
24 security program for covered health care services for

1 an enrollee, based on actuarial characteristics (as de-  
2 fined by the State health security program).

3 (2) ADJUSTMENT FOR SPECIAL HEALTH  
4 NEEDS.—The State health security program shall  
5 adjust such average amounts to take into account  
6 the special health needs, including a disproportionate  
7 number of medically underserved individuals, of pop-  
8 ulations served by the organization.

9 (3) ADJUSTMENT FOR SERVICES NOT PRO-  
10 VIDED.—The State health security program shall ad-  
11 just such average amounts to take into account the  
12 cost of covered health care services that are not pro-  
13 vided by the comprehensive health service organiza-  
14 tion under section 303(a).

15 **SEC. 614. PAYMENTS FOR COMMUNITY-BASED PRIMARY**  
16 **HEALTH SERVICES.**

17 (a) IN GENERAL.—In the case of community-based  
18 primary health services, subject to subsection (b), pay-  
19 ments under a State health security program shall—

20 (1) be based on a global budget described in  
21 section 611;

22 (2) be based on the basic primary care capita-  
23 tion amount described in subsection (c) for each in-  
24 dividual enrolled with the provider of such services;  
25 or

1           (3) be made on a fee-for-service basis under  
2           section 612.

3           (b) PAYMENT ADJUSTMENT.—Payments under sub-  
4           section (a) may include, consistent with the budgets devel-  
5           oped under this title—

6           (1) an additional amount, as set by the State  
7           health security program, to cover the costs incurred  
8           by a provider which serves persons not covered by  
9           this Act whose health care is essential to overall  
10          community health and the control of communicable  
11          disease, and for whom the cost of such care is other-  
12          wise uncompensated;

13          (2) an additional amount, as set by the State  
14          health security program, to cover the reasonable  
15          costs incurred by a provider that furnishes case  
16          management services (as defined in section  
17          1915(g)(2) of the Social Security Act), transpor-  
18          tation services, and translation services; and

19          (3) an additional amount, as set by the State  
20          health security program, to cover the costs incurred  
21          by a provider in conducting health professional edu-  
22          cation programs in connection with the provision of  
23          such services.

24          (c) BASIC PRIMARY CARE CAPITATION AMOUNT.—

1           (1) IN GENERAL.—The basic primary care capi-  
2           tation amount described in this subsection for an en-  
3           rollee with a provider of community-based primary  
4           health services shall be determined by the State  
5           health security program on the basis of the average  
6           amount of expenditures that is estimated would be  
7           made under the State health security program for  
8           such an enrollee, based on actuarial characteristics  
9           (as defined by the State health security program).

10           (2) ADJUSTMENT FOR SPECIAL HEALTH  
11           NEEDS.—The State health security program shall  
12           adjust such average amounts to take into account  
13           the special health needs, including a disproportionate  
14           number of medically underserved individuals, of pop-  
15           ulations served by the provider.

16           (3) ADJUSTMENT FOR SERVICES NOT PRO-  
17           VIDED.—The State health security program shall ad-  
18           just such average amounts to take into account the  
19           cost of community-based primary health services  
20           that are not provided by the provider.

21           (d) COMMUNITY-BASED PRIMARY HEALTH SERVICES  
22           DEFINED.—In this section, the term “community-based  
23           primary health services” has the meaning given such term  
24           in section 202(a).

1 **SEC. 615. PAYMENTS FOR PRESCRIPTION DRUGS.**

2 (a) ESTABLISHMENT OF LIST.—

3 (1) IN GENERAL.—The Board shall establish a  
4 list of approved prescription drugs and biologicals  
5 that the Board determines are necessary for the  
6 maintenance or restoration of health or of employ-  
7 ability or self-management and eligible for coverage  
8 under this Act.

9 (2) EXCLUSIONS.—The Board may exclude re-  
10 imbursement under this Act for ineffective, unsafe,  
11 or over-priced products where better alternatives are  
12 determined to be available.

13 (b) PRICES.—For each such listed prescription drug  
14 or biological covered under this Act, for insulin, and for  
15 medical foods, the Board shall from time to time deter-  
16 mine a product price or prices which shall constitute the  
17 maximum to be recognized under this Act as the cost of  
18 a drug to a provider thereof. The Board may conduct ne-  
19 gotiations, on behalf of State health security programs,  
20 with product manufacturers and distributors in deter-  
21 mining the applicable product price or prices.

22 (c) CHARGES BY INDEPENDENT PHARMACIES.—  
23 Each State health security program shall provide for pay-  
24 ment for a prescription drug or biological or insulin fur-  
25 nished by an independent pharmacy based on the drug's  
26 cost to the pharmacy (not in excess of the applicable prod-

1 uct price established under subsection (b)) plus a dis-  
2 pensing fee. In accordance with standards established by  
3 the Board, each State health security program, after con-  
4 sultation with representatives of the pharmaceutical pro-  
5 fession, shall establish schedules of dispensing fees, de-  
6 signed to afford reasonable compensation to independent  
7 pharmacies after taking into account variations in their  
8 cost of operation resulting from regional differences, dif-
