8       months after the date of the enactment of this Act, the

1 Secretary of Transportation (referred to in this section as

3 motor vehicles, requiring power windows and panels to  
4 automatically reverse direction when they detect an ob-  
5 struction to prevent children from being trapped, injured,  
6 or killed.

7 (b) REARWARD VISIBILITY.—Not later than 24  
8 months after the date of the enactment of this Act, the  
9 Secretary shall issue regulations, applicable to light motor  
10 vehicles, requiring a rearward visibility performance  
11 standard that provides drivers with a means for detecting  
12 the presence of a person or object behind the vehicle to  
13 prevent death and injury resulting from backing incidents,  
14 particularly incidents involving small children and disabled  
15 persons.

16 (c) PHASE-IN PERIOD.—

17 (1) IN GENERAL.—The regulations issued pur-

23 system that requires the service brake to be de-  
24 pressed before the transmission can be shifted out of  
25 “park”. This system shall function in any starting

1 system key position in which the transmission can be  
2 shifted out of “park”.
