

110TH CONGRESS  
1ST SESSION

# H. R. 2677

To establish grants to provide health services for improved nutrition, increased physical activity, obesity and eating disorder prevention, and for other purposes.

---

## IN THE HOUSE OF REPRESENTATIVES

JUNE 12, 2007

Mrs. BONO (for herself, Mrs. LOWEY, Ms. GRANGER, and Mr. RAMSTAD) introduced the following bill; which was referred to the Committee on Energy and Commerce

---

## A BILL

To establish grants to provide health services for improved nutrition, increased physical activity, obesity and eating disorder prevention, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*  
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Improved Nutrition  
5 and Physical Activity Act” or the “IMPACT Act”.

6 **SEC. 2. FINDINGS.**

7 Congress makes the following findings:

8 (1) In July 2004, the Secretary of Health and  
9 Human Service recognized “obesity is a critical pub-

1       lic health problem in our country” and under the  
2       medicare program language was removed from the  
3       coverage manual stating that obesity is not an ill-  
4       ness.

5               (2) The National Health and Nutrition Exam-  
6       ination Survey for 2002 found that an estimated 65  
7       percent of adults are overweight and 31 percent of  
8       adults are obese and 16 percent of children and ado-  
9       lescents in the United States are overweight or  
10      obese.

11              (3) The Institute of Medicine reported in “Pre-  
12      venting Childhood Obesity” (2004) that approxi-  
13      mately 60 percent of obese children between 5 and  
14      10 years of age have at least one cardiovascular dis-  
15      ease risk factor and 25 percent have two or more  
16      such risk factors.

17              (4) The Institute of Medicine reports that the  
18      prevalence of overweight and obesity is increasing  
19      among all age groups. There is twice the number of  
20      overweight children between 2 and 5 years of age  
21      and adolescents between 12 and 19 years of age,  
22      and 3 times the number of children between 6 and  
23      11 years of age as there were 30 years ago.

24              (5) According to the 2004 Institute of Medicine  
25      report, obesity-associated annual hospital costs for

1 children and youth more than tripled over 2 decades,  
2 rising from \$35,000,000 in the period 1979 through  
3 1981 to \$127,000,000 in the period 1997 through  
4 1999.

5 (6) The Centers for Disease Control and Pre-  
6 vention reports have estimated that as many as  
7 365,000 deaths a year are associated with being  
8 overweight or obese. Overweight and obesity are as-  
9 sociated with an increased risk for heart disease (the  
10 leading cause of death), cancer (the second leading  
11 cause of death), diabetes (the 6th leading cause of  
12 death), and musculoskeletal disorders.

13 (7) According to the National Institute of Dia-  
14 betes and Digestive and Kidney Diseases, individuals  
15 who are obese have a 50 to 100 percent increased  
16 risk of premature death.

17 (8) The Healthy People 2010 goals identify  
18 overweight and obesity as one of the Nation's lead-  
19 ing health problems and include objectives for in-  
20 creasing the proportion of adults who are at a  
21 healthy weight, reducing the proportion of adults  
22 who are obese, and reducing the proportion of chil-  
23 dren and adolescents who are overweight or obese.

24 (9) Another goal of Healthy People 2010 is to  
25 eliminate health disparities among different seg-

1       ments of the population. Obesity is a health problem  
2       that disproportionately impacts medically underserved  
3       populations.

4               (10) The 2005 Surgeon General’s report “The  
5       Year of the Healthy Child” lists the treatment and  
6       prevention of obesity as a national priority.

7               (11) The Institute of Medicine report “Pre-  
8       venting Childhood Obesity” (2004) finds that “child-  
9       hood obesity is a serious nationwide health problem  
10       requiring urgent attention and a population-based  
11       prevention approach ...”.

12              (12) The Centers for Disease Control and Pre-  
13       vention estimates the annual expenditures related to  
14       overweight and obesity in adults in the United  
15       States to be \$264,000,000,000 (exceeding the cost  
16       of tobacco-related illnesses) and appears to be rising  
17       dramatically. This cost can potentially escalate  
18       markedly as obesity rates continue to rise and the  
19       medical complications of obesity are emerging at  
20       even younger ages. Therefore, the total disease bur-  
21       den will most likely increase, as well as the attend-  
22       ant health-related costs.

23              (13) Weight control programs should promote a  
24       healthy lifestyle including regular physical activity  
25       and healthy eating, as consistently discussed and

1 identified in a variety of public and private con-  
2 sensus documents, including the 2001 U.S. Surgeon  
3 General’s report “A Call To Action” and other docu-  
4 ments prepared by the Department of Health and  
5 Human Services and other agencies.

6 (14) The Institute of Medicine reports that  
7 poor eating habits are a risk factor for the develop-  
8 ment of eating disorders and obesity. In 2002, more  
9 than 35,000,000 Americans experienced limited ac-  
10 cess to nutritious food on a regular basis. The avail-  
11 ability of high-calorie, low nutrient foods have in-  
12 creased in low-income neighborhoods due to many  
13 factors.

14 (15) Effective interventions for promoting  
15 healthy eating behaviors should promote healthy life-  
16 style and not inadvertently promote unhealthy  
17 weight management techniques.

18 (16) The National Institutes of Health reports  
19 that eating disorders are commonly associated with  
20 substantial psychological problems, including depres-  
21 sion, substance abuse, and suicide.

22 (17) The National Association of Anorexia  
23 Nervosa and Associated Disorders estimates there  
24 are 8,000,000 Americans experience eating dis-

1 orders. Eating disorders of all types are more com-  
2 mon in women than men.

3 (18) The health risks of Binge Eating Disorder  
4 are those associated with obesity and include heart  
5 disease, gall bladder disease, and diabetes.

6 (19) According to the National Institute of  
7 Mental Health, Binge Eating Disorder is character-  
8 ized by frequent episodes of uncontrolled overeating,  
9 with an estimated 2 to 5 percent of Americans expe-  
10 riencing this disorder in a 6-month period.

11 (20) Additionally, the National Institute of  
12 Mental Health reports that Anorexia Nervosa, an  
13 eating disorder from which 0.5 to 3.7 percent of  
14 American women will suffer in their lifetime, is asso-  
15 ciated with serious health consequences including  
16 heart failure, kidney failure, osteoporosis, and death.  
17 According to the National Institute of Mental  
18 Health, Anorexia Nervosa has one of the highest  
19 mortality rates of all psychiatric disorders, placing a  
20 young woman with Anorexia Nervosa at 12 times  
21 the risk of death of other women her age.

22 (21) In 2001, the National Institute of Mental  
23 Health reported that 1.1 to 4.2 percent of American  
24 women will suffer from Bulimia Nervosa in their  
25 lifetime. Bulimia Nervosa is an eating disorder that

1 is associated with cardiac, gastrointestinal, and den-  
2 tal problems, including irregular heartbeats, gastric  
3 ruptures, peptic ulcers, and tooth decay.

4 (22) On the 2003 Youth Risk Behavior Survey,  
5 6 percent of high school students reported recent use  
6 of laxatives or vomiting to control their weight.

7 (23) The Girl Scout Research Institute found  
8 that most girls have a holistic view of health and be-  
9 lieve physical and emotional health are of equal im-  
10 portance. This connection is reflected in their behav-  
11 ior and attitudes toward diet and exercise. (“The  
12 New Normal?: What Girls Say about Healthy Liv-  
13 ing” 2006.)

14 (24) According to the American Academy of  
15 Pediatrics, the current epidemic of inactivity and the  
16 associated epidemic of obesity are being driven by  
17 multiple factors (societal, technologic, industrial,  
18 commercial, financial) and must be addressed like-  
19 wise on several fronts. Success is more likely to be  
20 achieved by the implementation of sustainable, eco-  
21 nomically viable, culturally acceptable active-living  
22 policies that can be integrated into multiple sectors  
23 of society. (“Pediatrics” Vol. 117 No. 5 May 2006,  
24 pp. 1834–1842 (doi:10.1542/peds.2006–0472) (“Ac-

1 tive Healthy Living: Prevention of Childhood Obesity  
2 Through Increased Physical Activity’’).

3 (25) The Institute of Medicine reports that tak-  
4 ing action against childhood obesity must address  
5 the factors that influence both eating and physical  
6 activity. According to the Institute of Medicine,  
7 “[a]lthough a number of organizations, industries,  
8 institutions, and agencies must be involved in de-  
9 signing and implementing changes, efforts cannot  
10 succeed unless they also engage the families, schools,  
11 and communities that create the environments in  
12 which children live and their behaviors are formed’’.

## 13 **TITLE I—TRAINING GRANTS**

### 14 **SEC. 101. GRANTS TO PROVIDE TRAINING FOR HEALTH** 15 **PROFESSION STUDENTS.**

16 Section 747(c)(3) of the Public Health Service Act  
17 (42 U.S.C. 293k(c)(3)) is amended by striking “and vic-  
18 tims of domestic violence” and inserting “victims of do-  
19 mestic violence, individuals (including children) who are  
20 overweight or obese (as such terms are defined in section  
21 399W(j)) and at-risk for related serious and chronic med-  
22 ical conditions, and individuals who suffer from eating dis-  
23 orders’’.

1 **SEC. 102. GRANTS TO PROVIDE TRAINING FOR HEALTH**  
2 **PROFESSIONALS.**

3 Section 399Z of the Public Health Service Act (42  
4 U.S.C. 280h-3) is amended—

5 (1) in subsection (b), by striking “2005” and  
6 inserting “2008”;

7 (2) by redesignating subsection (b) as sub-  
8 section (c);

9 (3) by inserting after subsection (a) the fol-  
10 lowing:

11 “(b) GRANTS.—

12 “(1) IN GENERAL.—The Secretary may award  
13 grants to eligible entities to train primary care phy-  
14 sicians and other licensed or certified health profes-  
15 sionals on how to identify, treat, and prevent obesity  
16 or eating disorders and aid individuals who are over-  
17 weight, obese, or who suffer from eating disorders.

18 “(2) APPLICATION.—An entity that desires a  
19 grant under this subsection shall submit an applica-  
20 tion at such time, in such manner, and containing  
21 such information as the Secretary may require, in-  
22 cluding a plan for the use of funds that may be  
23 awarded and an evaluation of the training that will  
24 be provided.

1           “(3) USE OF FUNDS.—An entity that receives  
2 a grant under this subsection shall use the funds  
3 made available through such grant to—

4           “(A) use evidence-based findings or rec-  
5 ommendations that pertain to the prevention  
6 and treatment of obesity, being overweight, and  
7 eating disorders to conduct educational con-  
8 ferences, including Internet-based courses and  
9 teleconferences, on—

10           “(i) how to treat or prevent obesity,  
11 being overweight, and eating disorders;

12           “(ii) the link between obesity, being  
13 overweight, eating disorders and related se-  
14 rious and chronic medical conditions;

15           “(iii) how to discuss varied strategies  
16 with patients from at-risk and diverse pop-  
17 ulations to promote positive behavior  
18 change and healthy lifestyles to avoid obe-  
19 sity, being overweight, and eating dis-  
20 orders;

21           “(iv) how to identify overweight,  
22 obese, individuals with eating disorders,  
23 and those who are at risk for obesity and  
24 being overweight or suffer from eating dis-

1 orders and, therefore, at risk for related  
2 serious and chronic medical conditions; and

3 “(v) how to conduct a comprehensive  
4 assessment of individual and familial  
5 health risk factors; and

6 “(B) evaluate the effectiveness of the  
7 training provided by such entity in increasing  
8 knowledge and changing attitudes and behav-  
9 iors of trainees.”; and

10 (4) in subsection (c) (as so redesignated)—

11 (A) by striking “There are authorized to  
12 be appropriated to carry out this section” and  
13 all that follows and inserting the following:

14 “There are authorized to be appropriated—

15 “(1) to carry out subsection (a),”; and

16 (B) by adding at the end the following:

17 “(2) to carry out subsection (b), \$10,000,000  
18 for fiscal year 2008, and such sums as may be nec-  
19 essary for each of fiscal years 2009 through 2012.”.

1 **TITLE II—COMMUNITY-BASED**  
2 **SOLUTIONS TO INCREASE**  
3 **PHYSICAL ACTIVITY, IM-**  
4 **PROVE NUTRITION, AND PRO-**  
5 **MOTE HEALTHY EATING BE-**  
6 **HAVIORS**

7 **SEC. 201. GRANTS TO INCREASE PHYSICAL ACTIVITY, IM-**  
8 **PROVE NUTRITION, AND PROMOTE HEALTHY**  
9 **EATING BEHAVIORS.**

10 Part Q of title III of the Public Health Service Act  
11 (42 U.S.C. 280h et seq.) is amended by striking section  
12 399W and inserting the following:

13 **“SEC. 399W. GRANTS TO INCREASE PHYSICAL ACTIVITY, IM-**  
14 **PROVE NUTRITION, AND PROMOTE HEALTHY**  
15 **EATING BEHAVIORS.**

16 “(a) ESTABLISHMENT.—

17 “(1) IN GENERAL.—The Secretary, acting  
18 through the Director of the Centers for Disease  
19 Control and Prevention and in coordination with the  
20 Administrator of the Health Resources and Services  
21 Administration, the Director of the Indian Health  
22 Service, the Secretary of Education, the Secretary of  
23 Agriculture, the Secretary of the Interior, the Direc-  
24 tor of the National Institutes of Health, the Director  
25 of the Office of Women’s Health, and the heads of

1 other appropriate agencies, shall award competitive  
2 grants to eligible entities to plan and implement pro-  
3 grams that promote healthy eating behaviors and  
4 physical activity to prevent eating disorders, obesity,  
5 being overweight, and related serious and chronic  
6 medical conditions. Such grants may be awarded to  
7 target at-risk populations including youth, adoles-  
8 cent girls, health disparity populations (as defined in  
9 section 485E(d)), and the underserved.

10 “(2) TERM.—The Secretary shall award grants  
11 under this subsection for a period not to exceed 4  
12 years.

13 “(b) AWARD OF GRANTS.—An eligible entity desiring  
14 a grant under this section shall submit an application to  
15 the Secretary at such time, in such manner, and con-  
16 taining such information as the Secretary may require, in-  
17 cluding—

18 “(1) a plan describing a comprehensive pro-  
19 gram of approaches to encourage healthy eating be-  
20 haviors and healthy levels of physical activity;

21 “(2) the manner in which the eligible entity will  
22 coordinate with appropriate State and local authori-  
23 ties and community-based organizations, including—

24 “(A) State and local educational agencies;

25 “(B) departments of health;

1           “(C) chronic disease directors;

2           “(D) State directors of programs under  
3 section 17 of the Child Nutrition Act of 1966  
4 (42 U.S.C. 1786);

5           “(E) governors’ councils for physical activ-  
6 ity and good nutrition;

7           “(F) State and local parks and recreation  
8 departments; and

9           “(G) State and local departments of trans-  
10 portation and city planning; and

11           “(H) community-based organizations serv-  
12 ing youth; and

13           “(3) the manner in which the applicant will  
14 evaluate the effectiveness of the program carried out  
15 under this section.

16           “(c) COORDINATION.—In awarding grants under this  
17 section, the Secretary shall ensure that the proposed pro-  
18 grams are coordinated in substance and format with pro-  
19 grams currently funded through other Federal agencies  
20 and operating within the community including the Phys-  
21 ical Education Program (PEP) of the Department of Edu-  
22 cation.

23           “(d) ELIGIBLE ENTITY.—In this section, the term  
24 ‘eligible entity’ means—

25           “(1) a city, county, tribe, territory, or State;

1           “(2) a State educational agency;

2           “(3) a tribal educational agency;

3           “(4) a local educational agency;

4           “(5) a federally qualified health center (as de-  
5           fined in section 1861(aa)(4) of the Social Security  
6           Act);

7           “(6) a rural health clinic;

8           “(7) a health department;

9           “(8) an Indian Health Service hospital or clinic;

10          “(9) an Indian tribal health facility;

11          “(10) an urban Indian facility;

12          “(11) any health provider;

13          “(12) an accredited university or college;

14          “(13) a community-based organization;

15          “(14) a local city planning agency;

16          “(15) a State or local parks and recreation de-  
17          partment; or

18          “(16) any other entity determined appropriate  
19          by the Secretary.

20          “(e) USE OF FUNDS.—An eligible entity that receives  
21 a grant under this section shall use the funds made avail-  
22 able through the grant to—

23                 “(1) carry out community-based activities in-  
24                 cluding—

1           “(A) city planning, transportation initia-  
2 tives, and environmental changes that help pro-  
3 mote physical activity, such as increasing the  
4 use of walking or bicycling as a mode of trans-  
5 portation;

6           “(B) forming partnerships and activities  
7 with businesses, community-based organiza-  
8 tions, and other entities to increase physical ac-  
9 tivity levels and promote healthy eating behav-  
10 iors in schools and while traveling to and from  
11 schools;

12           “(C) forming partnerships with entities, in-  
13 cluding schools, faith-based entities, commu-  
14 nity-based organizations, and other organiza-  
15 tions providing recreational services, to estab-  
16 lish programs that use their facilities or other  
17 resources for after-school, weekend, and sum-  
18 mer community activities, especially those that  
19 promote or involve physical activity;

20           “(D) establishing incentives for retail food  
21 stores, farmer’s markets, food co-ops, grocery  
22 stores, and other retail food outlets that offer  
23 fresh fruits and vegetables and other nutritious  
24 foods to encourage such stores and outlets to  
25 locate in economically depressed areas;

1           “(E) forming partnerships with senior cen-  
2           ters, nursing facilities, retirement communities,  
3           and assisted living facilities to establish pro-  
4           grams for older people to foster physical activ-  
5           ity and healthy eating behaviors;

6           “(F) forming partnerships with daycare  
7           and after-school entities to establish programs  
8           that promote healthy eating behaviors and  
9           physical activity;

10           “(G) developing and evaluating community  
11           educational activities targeting good nutrition  
12           and promoting healthy eating behaviors; and

13           “(H) providing, directly or in cooperation  
14           with State and local parks and recreation de-  
15           partments, programs and other opportunities  
16           for daily physical activity;

17           “(2) carry out age-appropriate school-based ac-  
18           tivities including—

19           “(A) developing and testing educational  
20           curricula and intervention programs designed to  
21           promote healthy eating behaviors and habits in  
22           youth, which may include—

23           “(i) after hours physical activity pro-  
24           grams;

1           “(ii) increasing opportunities for stu-  
2           dents to make informed choices regarding  
3           healthy eating behaviors; and

4           “(iii) science-based interventions with  
5           multiple components to prevent eating dis-  
6           orders including nutritional content, under-  
7           standing and responding to hunger and sa-  
8           tiation, positive body image development,  
9           positive self-esteem development, and  
10          learning life skills (such as stress manage-  
11          ment, communication skills, problem-solv-  
12          ing and decisionmaking skills), as well as  
13          consideration of cultural and develop-  
14          mental issues, and the role of family,  
15          school, and community;

16          “(B) providing education and training to  
17          educational professionals regarding a healthy  
18          lifestyle and a healthy school environment;

19          “(C) planning and implementing a healthy  
20          lifestyle curriculum or program with an empha-  
21          sis on healthy eating behaviors and physical ac-  
22          tivity; and

23          “(D) planning and implementing healthy  
24          lifestyle classes or programs for parents or

1 guardians, with an emphasis on healthy eating  
2 behaviors and physical activity;

3 “(3) carry out activities through the local  
4 health care delivery systems including—

5 “(A) promoting healthy eating behaviors  
6 and physical activity services to treat or prevent  
7 eating disorders, being overweight, and obesity;

8 “(B) providing patient education and coun-  
9 seling to increase physical activity and promote  
10 healthy eating behaviors; and

11 “(C) providing community education on  
12 good nutrition and physical activity to develop  
13 a better understanding of the relationship be-  
14 tween diet, physical activity, and eating dis-  
15 orders, obesity, or being overweight; or

16 “(4) other activities determined appropriate by  
17 the Secretary (including evaluation or identification  
18 and dissemination of outcomes and best practices).

19 “(f) MATCHING FUNDS.—In awarding grants under  
20 subsection (a), the Secretary may give priority to eligible  
21 entities who provide matching contributions. Such non-  
22 Federal contributions may be cash or in kind, fairly evalu-  
23 ated, including plant, equipment, or services.

24 “(g) TECHNICAL ASSISTANCE.—The Secretary may  
25 set aside an amount not to exceed 10 percent of the total

1 amount appropriated for a fiscal year under subsection (k)  
2 to permit the Director of the Centers for Disease Control  
3 and Prevention to provide grantees with technical support  
4 in the development, implementation, and evaluation of  
5 programs under this section and to disseminate informa-  
6 tion about effective strategies and interventions in pre-  
7 venting and treating obesity and eating disorders through  
8 the promotion of healthy eating behaviors and physical ac-  
9 tivity.

10       “(h) LIMITATION ON ADMINISTRATIVE COSTS.—An  
11 eligible entity awarded a grant under this section may not  
12 use more than 10 percent of funds awarded under such  
13 grant for administrative expenses.

14       “(i) REPORT.—Not later than 6 years after the date  
15 of enactment of the Improved Nutrition and Physical Ac-  
16 tivity Act, the Director of the Centers for Disease Control  
17 and Prevention shall review the results of the grants  
18 awarded under this section and other related research and  
19 identify programs that have demonstrated effectiveness in  
20 promoting healthy eating behaviors and physical activity  
21 in youth. Such review shall include an identification of  
22 model curricula, best practices, and lessons learned, as  
23 well as recommendations for next steps to reduce over-  
24 weight, obesity, and eating disorders. Information derived

1 from such review, including model program curricula, shall  
2 be disseminated to the public.

3 “(j) DEFINITIONS.—In this section:

4 “(1) ANOREXIA NERVOSA.—The term ‘Anorexia  
5 Nervosa’ means an eating disorder characterized by  
6 self-starvation and excessive weight loss.

7 “(2) BINGE EATING DISORDER.—The term  
8 ‘binge eating disorder’ means a disorder character-  
9 ized by frequent episodes of uncontrolled eating.

10 “(3) BULIMIA NERVOSA.—The term ‘Bulimia  
11 Nervosa’ means an eating disorder characterized by  
12 excessive food consumption, followed by inappro-  
13 priate compensatory behaviors, such as self-induced  
14 vomiting, misuse of laxatives, fasting, or excessive  
15 exercise.

16 “(4) EATING DISORDERS.—The term ‘eating  
17 disorders’ means disorders of eating, including Ano-  
18 rexia Nervosa, Bulimia Nervosa, binge eating dis-  
19 order, and eating disorders not otherwise specified.

20 “(5) HEALTHY EATING BEHAVIORS.—The term  
21 ‘healthy eating behaviors’ means—

22 “(A) eating in quantities adequate to meet,  
23 but not in excess of, daily energy needs;

24 “(B) choosing foods to promote health and  
25 prevent disease;

1           “(C) eating comfortably in social environ-  
2           ments that promote healthy relationships with  
3           family, peers, and community; and

4           “(D) eating in a manner to acknowledge  
5           internal signals of hunger and satiety.

6           “(6) OBESE.—The term ‘obese’ means an adult  
7           with a Body Mass Index (BMI) of 30 kg/m<sup>2</sup> or  
8           greater.

9           “(7) OVERWEIGHT.—The term ‘overweight’  
10          means an adult with a Body Mass Index (BMI) of  
11          25 to 29.9 kg/m<sup>2</sup> and a child or adolescent with a  
12          BMI at or above the 95th percentile on the revised  
13          Centers for Disease Control and Prevention growth  
14          charts or another appropriate childhood definition,  
15          as defined by the Secretary.

16          “(8) YOUTH.—The term ‘youth’ means individ-  
17          uals not more than 18 years old.

18          “(k) AUTHORIZATION OF APPROPRIATIONS.—There  
19          are authorized to be appropriated to carry out this section,  
20          \$60,000,000 for fiscal year 2008, and such sums as may  
21          be necessary for each of fiscal years 2009 through 2012.  
22          Of the funds appropriated pursuant to this subsection, the  
23          following amounts shall be set aside for activities related  
24          to eating disorders:

25                 “(1) \$5,000,000 for fiscal year 2008.

1 “(2) \$5,500,000 for fiscal year 2009.

2 “(3) \$6,000,000 for fiscal year 2010.

3 “(4) \$6,500,000 for fiscal year 2011.

4 “(5) \$1,000,000 for fiscal year 2012.”.

5 **SEC. 202. NATIONAL CENTER FOR HEALTH STATISTICS.**

6 Section 306 of the Public Health Service Act (42  
7 U.S.C. 242k) is amended—

8 (1) in subsection (m)(4)(B), by striking “sub-  
9 section (n)” each place it appears and inserting  
10 “subsection (o)”;

11 (2) by redesignating subsection (n) as sub-  
12 section (o); and

13 (3) by inserting after subsection (m) the fol-  
14 lowing:

15 “(n)(1) The Secretary, acting through the Center,  
16 may provide for the—

17 “(A) collection of data for determining the fit-  
18 ness levels and energy expenditure of children and  
19 youth; and

20 “(B) analysis of data collected as part of the  
21 National Health and Nutrition Examination Survey  
22 and other data sources.

23 “(2) In carrying out paragraph (1), the Secretary,  
24 acting through the Center, may make grants to States,  
25 public entities, and nonprofit entities.

1       “(3) The Secretary, acting through the Center, may  
2 provide technical assistance, standards, and methodologies  
3 to grantees supported by this subsection in order to maxi-  
4 mize the data quality and comparability with other stud-  
5 ies.”.

6 **SEC. 203. HEALTH DISPARITIES REPORT.**

7       Not later than 18 months after the date of enactment  
8 of this Act, and annually thereafter, the Director of the  
9 Agency for Healthcare Research and Quality shall review  
10 all research that results from the activities carried out  
11 under this Act (and the amendments made by this Act)  
12 and determine if particular information may be important  
13 to the report on health disparities required by section  
14 903(c)(3) of the Public Health Service Act (42 U.S.C.  
15 299a-1(c)(3)).

16 **SEC. 204. PREVENTIVE HEALTH SERVICES BLOCK GRANT.**

17       Section 1904(a)(1) of the Public Health Service Act  
18 (42 U.S.C. 300w-3(a)(1)) is amended by adding at the  
19 end the following:

20               “(H) Activities and community education pro-  
21 grams designed to address and prevent overweight,  
22 obesity, and eating disorders through effective pro-  
23 grams to promote healthy eating, and exercise habits  
24 and behaviors.”.

1 **SEC. 205. REPORT ON OBESITY AND EATING DISORDERS**  
2 **RESEARCH.**

3 (a) IN GENERAL.—Not later than 1 year after the  
4 date of enactment of this Act, the Secretary of Health and  
5 Human Services shall submit to the Committee on Health,  
6 Education, Labor, and Pensions of the Senate and the  
7 Committee on Energy and Commerce of the House of  
8 Representatives a report on research conducted on causes  
9 and health implications (including mental health implica-  
10 tions) of being overweight, obesity, and eating disorders.

11 (b) CONTENT.—The report described in subsection  
12 (a) shall contain—

13 (1) descriptions on the status of relevant, cur-  
14 rent, ongoing research being conducted in the De-  
15 partment of Health and Human Services including  
16 research at the National Institutes of Health, the  
17 Centers for Disease Control and Prevention, the  
18 Agency for Healthcare Research and Quality, the  
19 Health Resources and Services Administration, and  
20 other offices and agencies;

21 (2) information about what these studies have  
22 shown regarding the causes, prevention, and treat-  
23 ment of, being overweight, obesity, and eating dis-  
24 orders; and

25 (3) recommendations on further research that  
26 is needed, including research among diverse popu-

1 lations, the plan of the Department of Health and  
2 Human Services for conducting such research, and  
3 how current knowledge can be disseminated.

4 **SEC. 206. REPORT ON A NATIONAL CAMPAIGN TO CHANGE**  
5 **CHILDREN'S HEALTH BEHAVIORS AND RE-**  
6 **DUCE OBESITY.**

7 Section 399Y of the Public Health Service Act (42  
8 U.S.C. 280h-2) is amended—

9 (1) by redesignating subsection (b) as sub-  
10 section (c); and

11 (2) by inserting after subsection (a) the fol-  
12 lowing:

13 “(b) REPORT.—The Secretary shall evaluate the ef-  
14 fectiveness of the campaign described in subsection (a) in  
15 changing children’s behaviors and reducing obesity and  
16 shall report such results to the Committee on Health,  
17 Education, Labor, and Pensions of the Senate and the  
18 Committee on Energy and Commerce of the House of  
19 Representatives.”.
