110TH CONGRESS 1ST SESSION

H. R. 3601

To restore to taxpayers awareness of the true cost of government by eliminating the withholding of income taxes by employers and requiring individuals to pay income taxes in monthly installments, and for other purposes.

IN THE HOUSE OF REPRESENTATIVES

September 19, 2007

Mr. Paul introduced the following bill; which was referred to the Committee on Ways and Means

A BILL

To restore to taxpayers awareness of the true cost of government by eliminating the withholding of income taxes by employers and requiring individuals to pay income taxes in monthly installments, and for other purposes.

- 1 Be it enacted by the Senate and House of Representa-
- 2 tives of the United States of America in Congress assembled,
- 3 SECTION 1. SHORT TITLE.
- 4 This Act may be cited as the "Cost of Government
- 5 Awareness Act of 2007".
- 6 SEC. 2. FINDINGS AND PURPOSE.
- 7 (a) FINDINGS.—The Congress finds the following:

- 1 (1) Withholding of income taxes originally was
 2 imposed as a means of meeting financial burdens
 3 created by World War II; the Treasury Department
 4 believed taking tax payments directly from workers'
 5 paychecks would make it easier to fund government
 6 without objection from taxpayers.
 - (2) Income tax liabilities have increased exponentially since the imposition of withholding of income taxes. Withholding taxes now represent a very substantial portion of working taxpayers' paychecks.
 - (3) Withholding of income taxes is inherently deceptive, because taxpayers often are not aware of the total amount of Federal taxes they pay or what percentage of their income they pay in Federal taxes. Thus, withholding taxes hide the true cost of government from taxpayers, making tax increases more feasible.
 - (4) Many taxpayers overpay their Federal income taxes every year through withholding taxes. The tax refund they receive is their own money, presumptively taken by the Federal Government. Because taxpayers receive no interest on overpaid withholding taxes, the Federal Government benefits from an interest-free loan of taxpayer funds. Taxpayers

- would be far better served by saving or investingsuch money.
- on American employers, who incur tremendous costs complying with the Federal withholding scheme. Private employers should not have to act as agents of the Federal Government by determining and collecting income tax liabilities of their individual employees.
- 10 (6) Withholding of income taxes effectively cre11 ates an unfair tax on amounts withheld. According
 12 to the Internal Revenue Service, the term "wages"
 13 excludes collected taxes within its definition. Yet the
 14 Service does not follow its own rule when it collects
 15 withholding taxes on a taxpayer's total paycheck.
- 16 (b) Purpose.—The purpose of this Act is to restore 17 to taxpayers an awareness of the cost of government, by 18 abolishing the withholding of income taxes.

19 SEC. 3. REPEAL OF INCOME TAX WITHHOLDING.

- 20 (a) IN GENERAL.—Chapter 24 of the Internal Rev-
- 21 enue Code of 1986 (relating to withholding from wages)
