## A BILL

To authorize the award of a congressional gold medal on behalf of the Native Americans who served as Code Talkers during foreign conflicts in which the United States was involved during the 20th Century in recognition of their heroic and dramatic contributions to the Nation, and for other purposes.

1       *Be it enacted by the Senate and House of Representa-*  
2       *tives of the United States of America in Congress assembled,*

3       **SECTION 1. SHORT TITLE.**

4       This Act may be cited as the “Code Talkers Recogni-  
5       tion Act”.

1 **SEC. 2. EXPRESSION OF RECOGNITION.**

2       The purposes of the medals authorized by this Act  
3 are to express recognition by the United States and the  
4 Congress and to honor the Native American Code Talkers  
5 who distinguished themselves in performing highly suc-  
6 cessful communications operations of a unique type that  
7 greatly assisted in saving countless lives and in hastening  
8 the end of World War I and World War II.

9 **SEC. 3. FINDINGS.**

10       The Congress finds as follows:

11           (1) When the United States entered World War  
12 I, Indian people of the United States were not ac-  
13 corded the status of citizens of the United States.

14           (2) Without regard to this lack of citizenship,  
15 members of Indian Tribes and nations enlisted in  
16 the Armed Forces to fight on behalf of their native  
17 land.

18           (3) The first reported use of American Indian  
19 Code Talkers was on October 17, 1918.

20           (4) The Choctaw Code Talkers in World War I  
21 were the first Code Talkers that played a role in  
22 American military operations and transmitted vital  
23 communications that helped defeat German forces in  
24 Europe in World War I.

25           (5) Because the language used by the Choctaw  
26 soldiers in the transmission of information was not

1       based on a European language or on a mathematical  
2       progression, the Germans were unable to understand  
3       any of the transmissions.

4           (6) This was the first time in modern warfare  
5       that such transmission of messages in a native lan-  
6       guage was used for the purpose of confusing the  
7       enemy.

8           (7) On December 7, 1941, the Japanese Em-  
9       pire attacked Pearl Harbor, Hawaii and Congress  
10      declared war the following day.

11          (8) The United States Government called upon  
12      the Comanche Nation to support the military effort  
13      during World War II by recruiting and enlisting Co-  
14      manche men to serve in the United States Army to  
15      develop a secret code based on the Comanche lan-  
16      guage.

17          (9) During World War II, the United States  
18      employed Native American Code Talkers who devel-  
19      oped secret means of communication based on Na-  
20      tive languages and who were critical to winning the  
21      war.

22          (10) The Army recruited about 50 Native  
23      Americans for such special communication assign-  
24      ments and the Marines recruited several hundred  
25      Navajos for duty in the Pacific.

1           (11) In 2001, Congress and President Bush  
2 honored the Navajo Code Talkers with congressional  
3 gold medals for their contributions to the United  
4 States Armed Forces as radio operators during  
5 World War II.

6           (12) It is time for Congress to give all Native  
7 American Code Talkers the recognition they deserve  
8 for their contributions to United States victories in  
9 World War I and World War II.

10          (13) Soldiers from the Assiniboine, Cherokee,  
11 Cheyenne, Chippewa/Oneida, Choctaw, Comanche,  
12 Cree, Crow, Hopi, Kiowa, Menominee, Meskwaki,  
13 Mississauga, Muscogee, Osage, Pawnee, Sac and  
14 Fox, Seminole, and Sioux (Lakota and Dakota) In-  
15 dian Tribes and nations served as Code Talkers dur-  
16 ing World War II.

17          (14) To the enemy's frustration, the code devel-  
18 oped by these Native American Indians proved to be  
19 unbreakable and was used extensively throughout  
20 the European theater.

21          (15) The heroic and dramatic contributions of  
22 the Native American Code Talkers was instrumental  
23 in driving back Axis forces across the Pacific during  
24 World War II.
