3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Ice Age Floods Na-

6 **SEC. 2. FINDINGS AND PURPOSE.**

7 (a) FINDINGS.—Congress finds that—

8 (1) at the end of the last Ice Age, some 12,000
9 to 17,000 years ago, a series of cataclysmic floods

1 occurred in what is now the northwest region of the
2 United States, leaving a lasting mark of dramatic
3 and distinguishing features on the landscape of
4 parts of the States of Montana, Idaho, Washington
5 and Oregon;

6 (2) geological features that have exceptional
7 value and quality to illustrate and interpret this ex-
8 traordinary natural phenomenon are present on Fed-
9 eral, State, tribal, county, municipal, and private
10 land in the region; and

11 (3) in 2001, a joint study team headed by the
12 National Park Service that included about 70 mem-
13 bers from public and private entities completed a
14 study endorsing the establishment of an Ice Age
15 Floods National Geologic Trail—

16 (A) to recognize the national significance
17 of this phenomenon; and

18 (B) to coordinate public and private sector
19 entities in the presentation of the story of the
20 Ice Age floods.

21 (b) PURPOSE.—The purpose of this Act is to des-
22 ignate the Ice Age Floods National Geologic Trail in the
23 States of Montana, Idaho, Washington, and Oregon, ena-
