SEC. 2. FINDINGS AND PURPOSE.

(a) FINDINGS.—The Congress finds as follows:

(1) The social insurance strategies of the past century, which sprang from the New Deal, expanded in the Great Society, and continue to dominate the terms of public debate, are headed toward collapse.

(2) Although Americans remain committed to the missions of these initiatives, the goals can no longer be met on models created nearly 80 years ago—with large, centralized institutions, especially government, serving as sole providers for an increasingly dependent population.

(3) The failure of this approach will not occur immediately, it will unfold over the next several decades, becoming more intractable with each succeeding year; but it is inevitable, and policies in place right now, today, are leading inexorably toward it.

(4) Among the inescapable signs are the following: an unsustainable path of Government spending; levels of projected debt that threaten to bankrupt the country; trillions of dollars of unfunded liabilities in the Government’s major benefit pro-
grams; and the erosion of Americans' security and confidence in health care and retirement.

(5) These conditions pose significant potential burdens not only for the Government, but for the United States economy as well, threatening its ability to continue raising standards of living, and its leadership in an increasingly international marketplace.

(6) A comprehensive plan is needed, and this legislation aims to energize the productive capacities of Americans to generate sustained economic growth.

(b) PURPOSE.—The purpose of this Act is as follows:

(1) HEALTH CARE REFORM.—To provide access to health care coverage to 47 million uninsured Americans by establishing a new tax credit; to reform health insurance markets, high-risk pools, and electronic health records; and to create a new agency to promote the dissemination of industry-defined health care price and quality data.

(2) MEDICAID AND SCHIP REFORM.—To improve health care coverage for those who need it most by establishing a new option for States’ Medicaid and SCHIP programs.
(3) **MEDICARE REFORM.**—To ensure the Medicare benefit continues to provide health care coverage for seniors by establishing a new methodology to make the program solvent and fiscally sustainable.

(4) **SOCIAL SECURITY REFORM.**—To reform social security to ensure retirement security for future generations and to make it solvent for the foreseeable future; to address inequities in the system and provide millions of Americans with the opportunity to build a retirement nest egg that they can pass on to their heirs.

(5) **INDIVIDUAL INCOME TAX REFORM.**—To offer taxpayers a choice in paying their Federal income taxes; to allow individuals to choose between the current tax code or a highly simplified tax system with virtually no deductions or credits (apart from an individual health care credit), two low tax rates and a generous standard deduction and personal exemption; to fully repeal the alternative minimum tax (AMT), eliminate the tax on interest, capital gains and dividends in order to promote saving; and to repeal the estate tax.

(6) **BUSINESS TAX REFORM.**—To eliminate the United States. corporate income tax and establishes
a border-adjustable business consumption tax in its place; to provide a new method of business taxation that will level the playing field for United States businesses to compete with foreign businesses and will promote sustained economic growth, investment and job creation in America.

(7) BUDGET PROCESS.—To keep total spending of the Government under control, a limit on total outlays as a percentage of the gross domestic produce is established; and enforced by automatic spending controls if it is exceeded.

“(iv) a reserve sufficient for a margin of error and other fluctuations, taking into account the specific circumstances of the plan; and

“(B) establishes and maintains aggregate and specific excess/stop loss insurance and solvency indemnification, with respect to such additional benefit options for which risk of loss has not yet been transferred, as follows:

“(i) The plan shall secure aggregate excess/stop loss insurance for the plan with an attachment point which is not greater than 125 percent of expected gross annual claims. The applicable authority may by regulation provide for upward adjustments
in the amount of such percentage in specified circumstances in which the plan specifically provides for and maintains reserves in excess of the amounts required under subparagraph (A).

“(ii) The plan shall secure specific excess/stop loss insurance for the plan with an attachment point which is at least equal to an amount recommended by the plan’s qualified actuary. The applicable authority may by regulation provide for adjustments in the amount of such insurance in specified circumstances in which the plan specifically provides for and maintains reserves in excess of the amounts required under subparagraph (A).

“(iii) The plan shall secure indemnification insurance for any claims which the plan is unable to satisfy by reason of a plan termination.

Any person issuing to a plan insurance described in clause (i), (ii), or (iii) of subparagraph (B) shall notify the Secretary of any failure of premium payment meriting cancellation of the policy prior to undertaking such a cancellation. Any regulations prescribed by the applicable author-

“(b) Minimum Surplus in Addition to Claims Reserves.—In the case of any association health plan described in subsection (a)(2), the requirements of this subsection are met if the plan establishes and maintains surplus in an amount at least equal to—

“(1) $500,000, or

“(2) such greater amount (but not greater than $2,000,000) as may be set forth in regulations prescribed by the applicable authority, considering the level of aggregate and specific excess/stop loss insurance provided with respect to such plan and other factors related to solvency risk, such as the plan’s projected levels of participation or claims, the nature of the plan’s liabilities, and the types of assets available to assure that such liabilities are met.

“(c) Additional Requirements.—In the case of any association health plan described in subsection (a)(2), the applicable authority may provide such additional requirements relating to reserves, excess/stop loss insurance, and indemnification insurance as the applicable authority

The applicable authority may take into account, for purposes of this subsection, evidence provided by the plan or sponsor which demonstrates an assumption of liability with respect to the plan. Such evidence may be in the form of a contract of indemnification, lien, bonding, insurance, letter of credit, recourse under
applicable terms of the plan in the form of assessments
of participating employers, security, or other financial ar-

“(1) Payments by certain plans to asso-

consist of annual payments in the amount of
$5,000, and, in addition to such annual pay-

Secretary) to maintain in force excess/stop loss insurance coverage or indemnification insurance coverage for such plan, if the Secretary determines that there is a reasonable expectation that, without such payments, claims would not be satisfied by reason of termination of such coverage. The Secretary shall, to the extent provided in advance in appropriation Acts, pay such amounts so determined to the insurer designated by the Secretary.

“(3) ASSOCIATION HEALTH PLAN FUND.—

“(A) IN GENERAL.—There is established on the books of the Treasury a fund to be known as the ‘Association Health Plan Fund’. The Fund shall be available for making payments pursuant to paragraph (2). The process to determine eligibility of an individual under this subsection shall allow for the establishment by such individual of an electronic health record as expeditiously as possible if such individual is determined so eligible.
(2) NO LIMITATION ON MEMBERSHIP.—Nothing in this subsection shall be construed to permit an IHRT to restrict membership, including on the basis of health condition.

SEC. 165. DUTIES OF IHRT TO IHRT PARTICIPANTS.

(a) FIDUCIARY DUTY OF IHRT; PENALTIES FOR VIOLATIONS OF FIDUCIARY DUTY.—

(1) FIDUCIARY DUTY.—With respect to the electronic health record of an IHRT participant maintained by an IHRT, the IHRT shall have a fiduciary duty to act for the benefit and in the interests of such participant and of the IHRT as a whole. Such duty shall include obtaining the affirmative consent of such participant prior to the release of information in such participant’s electronic health record in accordance with the requirements of this part.

(2) PENALTIES.—If the IHRT knowingly or recklessly breaches the fiduciary duty described in paragraph (1), the IHRT shall be subject to the following penalties:

(B) Primary uses.—For purposes of subparagraph (A) and with respect to an electronic health record of an individual, a primary use is
a use for purposes of the individual’s self-care
or care by health care professionals.

(C) SECONDARY USES.—For purposes of
subsection (B) and with respect to an elec-
tronic health record of an individual, a sec-
ondary use is any use not described in subpara-
graph (B) and includes a use for purposes of
public health research or other related activi-
ties. Additional authorization is required for a
secondary use extending beyond the original
purpose of the secondary use authorized by the
IHRT participant involved. Nothing in this
paragraph shall be construed as requiring au-
thorization for every secondary use that is with-
in the authorized original purpose.

(2) RULES FOR PRIMARY USE OF RECORDS FOR
HEALTH CARE PURPOSES.—With respect to the elec-
tronic health record of an IHRT participant (or
specified parts of such electronic health record)
maintained by an IHRT standards for access to
such record shall provide for the following:

(A) ACCESS BY IHRT PARTICIPANTS TO
THEIR ELECTRONIC HEALTH RECORDS.—

(i) OWNERSHIP.—The participant
maintains ownership over the entire elec-
tronic health record (and all portions of such record) and shall have the right to electronically access and review the contents of the entire record (and any portion of such record) at any time, in accordance with this subparagraph.

(ii) ADDITION OF PERSONAL INFORMATION.—The participant may add personal health information to the health record of that participant, except that such participant shall not alter information that is entered into the electronic health record by any authorized EHR data user. Such participant shall have the right to propose an amendment to information that is entered by an authorized EHR data user pursuant to standards prescribed by the Federal Trade Commission for purposes of amending such information.

(iii) IDENTIFICATION OF INFORMATION ENTERED BY PARTICIPANT.—Any additions or amendments made by the participant to the health record shall be identified and disclosed within such record as being made by such participant.
(B) Access by entities other than IHRT participant.—

(i) Authorized access only.—Except as provided under subparagraph (C) and paragraph (4), access to the electronic health record (or any portion of the record)—

(I) may be made only by authorized EHR data users and only to such portions of the record as specified by the participant; and

(II) may be limited by the participant for purposes of entering information into such record, retrieving information from such record, or both.

(ii) Identification of entity that enters information.—Any information that is added by an authorized EHR data user to the health record shall be identified and disclosed within such record as being made by such user.

(iii) Satisfaction of HIPAA privacy regulations.—In the case of a record of a covered entity (as defined for purposes of HIPAA privacy regulations), with respect
to an individual, if such individual is an IHRT participant with an independent health record trust and such covered entity is an authorized EHR data user, the requirement under the HIPAA privacy regulations for such entity to provide the record to the participant shall be deemed met if such entity, without charge to the IHRT or the participant—

(I) forwards to the trust an appropriately formatted electronic copy of the record (and updates to such records) for inclusion in the electronic health record of the participant maintained by the trust;

(II) enters such record into the electronic health record of the participant so maintained; or

(III) otherwise makes such record available for electronic access by the IHRT or the individual in a manner that permits such record to be included in the account of the individual contained in the IHRT.
(iv) Notification of Sensitive Information.—Any information, with respect to the participant, that is sensitive information, as specified by the Federal Trade Commission, shall not be forwarded or entered by an authorized EHR data user into the electronic health record of the participant maintained by the trust unless the user certifies that the participant has been notified of such information.

(C) Deemed Authorization for Access for Emergency Health Care.—

(i) Findings.—Congress finds that—

(I) given the size and nature of visits to emergency departments in the United States, readily available health information could make the difference between life and death; and

(II) because of the case mix and volume of patients treated, emergency departments are well positioned to provide information for public health surveillance, community risk assessment, research, education, training, quality improvement, and other uses.
(ii) Use of information.—With respect to the electronic health record of an IHRT participant (or specified parts of such electronic health record) maintained by an IHRT, the participant shall be deemed as providing authorization (in the form of affirmative consent) for health care providers to access, in connection with providing emergency care services to the participant, a limited, authenticated information set concerning the participant for emergency response purposes, unless the participant specifies that such information set (or any portion of such information set) may not be so accessed. Such limited information set may include information—

(I) patient identification data, as determined appropriate by the participant;

(II) provider identification that includes the use of unique provider identifiers;

(III) payment information;

(i) the transfer is authorized by the participant pursuant to an agreement between the participant and the IHRT and is in accordance with the privacy protection agreement described in subsection (b)(1) entered into between such participant and such IHRT;
(ii) such agreement includes parameters with respect to the disclosure of information involved and a process for the authorization of the further disclosure of information in such record;

(iii) the information involved is to be used for research or other activities only as provided for in the agreement;

(iv) the recipient of the information provides assurances that the information will not be further transferred or reused in violation of such agreement; and

(v) the transfer otherwise meets the requirements and standards prescribed by the Federal Trade Commission.

(B) TREATMENT OF PUBLIC HEALTH REPORTING.—Nothing in this paragraph shall be construed as prohibiting or limiting the use of health care information of an individual, including an individual who is an IHRT participant, for public health reporting (or other research) purposes prior to the inclusion of such information in an electronic health record maintained by an IHRT.
(4) Law Enforcement Clarification.—Nothing in this part shall prevent an IHRT from disclosing information contained in an electronic health record maintained by the IHRT when required for purposes of a lawful investigation or official proceeding inquiring into a violation of, or failure to comply with, any criminal or civil statute or any regulation, rule, or order issued pursuant to such a statute.

(5) Rule of Construction.—Nothing in this section shall be construed to require a health care provider that does not utilize electronic methods or appropriate levels of health information technology on the date of the enactment of this Act to adopt such electronic methods or technology as a requirement for participation or compliance under this part.

(b) Privacy Protection Agreement; Treatment of State Privacy and Security Laws.—

(1) Privacy Protection Agreement.—A privacy protection agreement described in this subsection is an agreement, with respect to an electronic health record of an IHRT participant to be maintained by an independent health record trust, between the participant and the trust—
(A) that is consistent with the standards described in subsection (a)(2);

(B) under which the participant specifies the portions of the record that may be accessed, under what circumstances such portions may be accessed, any authorizations for indicated authorized EHR data users to access information contained in the record, and the purposes for which the information (or portions of the information) in the record may be used;

(C) which provides a process for the authorization of the transfer of information contained in the record to a third party, including for the sale of such information for purposes of research, by an authorized EHR data user and reuse of such information by such third party, including a provision requiring that such transfer and reuse is not in violation of any privacy or transfer restrictions placed by the participant on the independent health record of such participant; and

(D) under which the trust provides assurances that the trust will not transfer, disclose, or provide access to the record (or any portion of the record) in violation of the parameters es-
tablished in the agreement or to any person or
entity who has not agreed to use and transfer
such record (or portion of such record) in ac-
cordance with such agreement.

(2) TREATMENT OF STATE LAWS.—

(A) IN GENERAL.—Except as provided
under subparagraph (B), the provisions of a
privacy protection agreement entered into be-
 tween an IHRT and an IHRT participant shall
preempt any provision of State law (or any
State regulation) relating to the privacy and
confidentiality of individually identifiable health
information or to the security of such health in-
formation.

(B) EXCEPTION FOR PRIVILEGED INFOR-
MATION.—The provisions of a privacy protec-
tion agreement shall not preempt any provision
of State law (or any State regulation) that rec-
ognizes privileged communications between phy-
sicians, health care practitioners, and patients
of such physicians or health care practitioners,
respectively.

(C) STATE DEFINED.—For purposes of
this section, the term “State” has the meaning

(b) Enforcement.—The penalties provided for in subsection (a) of section 1177 of the Social Security Act (42 U.S.C. 1320d–6) shall apply to a violation of subsection (a) in the same manner as such penalties apply to a person in violation of subsection (a) of such section.

(b) Prohibition Against Access Fees for Health Care Providers.—For purposes of providing incentives to health care providers to access information maintained in an IHRT, as authorized by the IHRT participants involved, the IHRT may not charge a fee for services specified by the IHRT. Such services shall include the transmittal of information from a health care provider to be included in an independent electronic health record maintained by the IHRT (or permitting such provider to input such information into the record), including the transmission of or access to information described in section 166(a)(2)(C)(ii) by appropriate emergency responders.

“SEC. 1616. LOSS CARRYOVER DEDUCTION.

“(a) Deduction.—The ‘loss carryover deduction’ for a taxable period is the lesser of—
“(1) the business entity’s gross profits for the taxable period (determined without the loss carryover deduction), or

“(2) the amount of the loss carryover to the taxable period.

“(b) LOSS CARRYOVER.—

“(1) GENERAL RULE.—A loss for any taxable period shall be a loss carryover to the succeeding taxable period.

“(2) LOSS CARRYOVERS TO A TAXABLE PERIOD.—The loss carryover to a taxable period is the sum of the loss carryovers from all prior taxable periods beginning on or after January 1 of the year following the year in which this chapter is enacted.

In the case of a deconsolidation, the loss carryovers from the consolidated group shall be allocated in accordance with rules to be prescribed by the Secretary.

“(2) Loss Carryovers of Acquired Business Entity.—Any loss arising in the case of the acquisition of a business entity shall be allowed as prescribed by the Secretary.

“(e) Interest.—Interest shall be allowed on each loss carried forward under this section at a rate determined by the Secretary of the Treasury.

“Subchapter C—Capital Contributions, Mergers, Acquisitions, and Distributions
“SEC. 1621. CONTRIBUTIONS TO A BUSINESS ENTITY.

“(a) BY BUSINESS ENTITY.—

“(1) CASH.—If a business entity contributes cash to a business entity of which it is or becomes a partial or full owner, the amount contributed is not a deductible amount to the contributor or a taxable receipt to the recipient.

“(2) PROPERTY OR SERVICES.—If a business entity contributes property or services to a business entity of which it is or becomes a partial or full owner, the transaction will not result in taxable receipts to the contributor or a deduction for a business purchase for the recipient and will not constitute a sale resulting in taxable receipts to the contributor.

“(b) BY INDIVIDUAL.—

“(1) CASH.—If an individual contributes cash to a business entity, the cash received is not a taxable receipt.

“(2) NEW PROPERTY.—If an individual contributes property to a business entity property that the individual purchased for the business entity but which was not used by any person after its purchase, the property shall be considered purchased by such business entity from the person from which the individual purchased the property.
“(3) Personal use property.—

“(A) In general.—If an individual contributes personal use property to a business entity in which the individual has an ownership interest or for which the individual receives an ownership interest, the business entity shall not be permitted to deduct the value of the property received as a business expense. The business entity will have a tax basis in the contributed property equal to the contributor’s basis.

“(B) Personal use property.—‘Personal use property’ means any property used by an individual at any time other than in a business activity.

“(4) Services.—If an individual contributes services to a business entity in which the individual has an ownership interest or receives an ownership interest, the business entity shall not be permitted to deduct the value of the services received (or the value of the equity interest provided to the services provider).

“SEC. 1622. DISTRIBUTIONS OF PROPERTY.

“(a) Distributions Other Than to Controlling Business.—If a business entity distributes all or a portion of its assets to its owners (other than a controlling
business entity), the business entity will be treated as if
it sold the assets to its owners at fair market value. The
fair market value will be determined by the distributing
corporation and those determinations, unless unreason-
able, will be binding on the recipients.

“(b) Distributions to a Controlling Business.—If a business entity distributes all or a portion of
its assets to a controlling business, the controlling busi-
ness will assume the distributing entity’s tax attributes
with respect to the assets and neither entity will have tax-
able receipts or a deduction as a result of the transaction.

“(c) Distribution of Personal Use Property.—If personal use property is distributed to the indi-
vidual who contributed the personal use property to a busi-
ness entity, the fair market value of the property for pur-
poses of paragraph (a) shall equal the basis of the prop-
erty plus any enhancement in value of the property attrib-
utable to business purchases with respect to the property.

“(d) Controlling Business Entity.—A business
entity is a ‘controlling business entity’ with respect to an-
er other business entity if it owns directly or indirectly more
than 50 percent of the profits or capital interest in the
other business entity.

“(e) Application of This Section.—This section
applies to both liquidating and nonliquidating distribu-
tions. Property shall be treated as distributed if the prop-
erty is used for a nonbusiness purpose for more than an
insubstantial period of time during a taxable period.

“SEC. 1623. ASSET ACQUISITIONS.

“(a) IN GENERAL.—If a business entity transfers
some or all of its assets, the consideration received for
such assets shall be allocated among the assets transferred
in the same manner as was required by section 1060. If
the transferee and transferor agree in writing on the allo-
cation of any consideration, or as to the fair market value
of any of the assets, such agreement shall be binding on
both the transferor and transferee unless the Secretary de-
determines that such allocation (or fair market value) is not
appropriate.

“(b) TAX CONSEQUENCES.—The tax consequences of
an asset acquisition shall be determined in accordance
with the rules of this chapter and shall be dependent upon
allocations made under subsection (a). In general, consid-
eration allocable to savings assets, such as stock in an-
other business entity, would not be included in taxable re-
ceipts of the transferor and would not be a business pur-
chase of the purchaser, but consideration allocable to the
sale of tangible property and intangible property (other
than savings assets) will constitute taxable receipts of the
seller and a business purchase of the purchaser.
“(c) Election To Treat Asset Acquisition as a Stock Acquisition.—In the case of the sale of substantially all of the assets of a business entity or substantially all of the assets of a line of business or a separately standing business of a business entity, the transferee and transferor can jointly elect to treat the acquisition as if it were an acquisition of the stock of a business entity holding the assets so transferred. In such case, the rules of section 1624 shall apply.

“(d) Authority To Require Allocation Agreement and Notice to the Secretary.—If the Secretary determines that certain types of asset acquisitions have significant possibilities of tax avoidance, the Secretary may require—

“(1) parties to such types of acquisitions to enter into agreements allocating consideration,

“(2) parties to acquisitions involving certain kinds of assets to enter into agreements allocating part of the consideration to those assets, or

“(3) parties to certain acquisitions to report information to the Secretary.

“(e) Asset Acquisition Rules Do Not Apply if Consideration Includes Equity in Purchaser.—

“(1) In General.—If a business entity issues its own equity or equity in a subsidiary or other con-

•HR 6110 IH
trolled entity as part of the consideration for the
transfer of assets to it, the transaction shall not be
treated as an asset acquisition and the rules of sec-
tion 1624 shall apply.

“(2) EQUITY.—For purposes of this subsection,
equity means—

“(A) stock, in the case of a corporation,
“(B) partnership or similar interest, in the
case of a partnership or limited liability com-
pany, and
“(C) an ownership interest or interest in
profits in the case of any other business entity.

“SEC. 1624. MERGERS AND STOCK ACQUISITIONS.

“(a) MERGERS.—A merger of one business entity
into another or two businesses entities into a third busi-
ness entity or any other similar transaction shall have no
direct consequences under the business tax. The surviving
entity shall assume the tax attributes of the merged cor-
porations, including any loss carryovers and credit
carryovers.

“(b) STOCK ACQUISITION.—The acquisition of all or
substantially all of the ownership interest in one business
tility of the acquired
entity shall have no direct consequences under the business tax.

"A spin-off, split-off or split-up of a business entity shall have no direct tax consequences under the business tax.

"SEC. 1626. ALLOCATION OF CERTAIN TAX ATTRIBUTES.

"The Secretary shall prescribe rules for allocation of loss carryovers in cases of substantial shifts of assets from one business entity to another business entity. Under such rules, a portion of a business entity’s carryovers may be deemed transferred when assets are transferred.

"Sec. 1636. Transition rules.

"SEC. 1631. GENERAL ACCOUNTING RULES.

"(a) In general.—Except as provided in section 1632, a business entity shall use an accrual method of accounting for purposes of determining the timing of recognition of taxable receipts and deduction of business purchases. All business purchases shall be deducted when incurred (in the case of a business entity using the accrual method of accounting) or when paid (in case of a business entity using the cash method of accounting) without re-
gard to whether the business purchases are for or relate to—

“(1) inventory,

“(2) assets with a useful life of more than one year, or

“(3) property that will be used to produce other property.

“(b) Economic Performance.—For purposes of determining whether an amount has been incurred, the all events test shall not be treated as met any earlier than when economic performance with respect to such item occurs.

This provision shall not apply to changes required by the adoption of the business tax.

“SEC. 1632. USE OF THE CASH METHOD OF ACCOUNTING.

“(a) In General.—A business entity that was permitted to use and used the cash method of accounting under the Internal Revenue Code of 1986 shall be permitted to continue to use the cash method of accounting.

“(b) New Business Entities.—A new business entity shall be permitted to use the cash method of account-
ing if permitted to under regulations prescribed by the Secretary.

“(c) Change or Expansion of Business.—Subsection (a) shall cease to apply to a business entity that changes or expands its business such that under regulations prescribed by the Secretary it is no longer eligible to use the cash method of accounting.

“(d) Regulations.—

“(1) Use of cash method.—The Secretary shall prescribe regulations defining which business entities may use the cash method of accounting. In general, those regulations shall be consistent with the rules under sections 447 and 448, except that all corporations shall be treated as C corporations were treated under those sections. The regulations shall not require a business entity described in subsection (a) to convert to the accrual method prior to January 1, 2008.

“(2) Change in accounting method.—The Secretary shall prescribe regulations to prevent double counting of taxable receipts and deductible expenses in the case of a change in accounting method.

“(1) CONTRACTOR EXPENSES.—The contractor shall be entitled to deduct its business purchases when paid or incurred.

“(2) CONTRACTOR RECEIPTS.—The contractor shall recognize taxable receipts—

“(A) in the case of a project in which the acquirer has no ownership interest in the project until delivery—

“(i) upon delivery of the project, in the case of an accrual basis contractor, or

“(ii) upon the later of delivery of the project or the receipt of payment, in the case of cash-basis contractor.

“(B) in the case of a project in which the acquirer obtains an ownership interest as the project is constructed—

“(i) when the contractor has the right to payments, in the case of an accrual basis contractor, or

“(ii) upon the later of when the contractor receives the cash or has the right to payments, in the case of a cash basis contractor.
“(3) ACQUIRER EXPENSES.—The acquirer that is a business entity shall be entitled to deduct its costs of the business purchase—

“(A) in the case of a cash-basis acquirer, at such time as a cash basis contractor would be required to treat the amounts paid as taxable receipts, or

“(B) in the case of an accrual-basis acquirer, at such time as an accrual basis contractor would be required to treat the amounts paid or due as taxable receipts.

“(b) RIGHT TO PAYMENTS.—

“(1) IN GENERAL.—A contractor shall be treated as having a right to payments with respect to a project at any time to the extent that the contractor would not be required to return payments received (or would be entitled to collect payments not yet received) if the project were terminated at such time by the contractor.

“(2) CONTRACTUAL PROVISIONS.—If a long-term contract includes a procedure for paying the contractor as work is completed (for example, by reason of a draw down from a trust account), the contractual provisions shall generally govern when a contractor has a right to payment.
“(3) Percentage completion method of accounting.—If a long-term contract does not include a mechanism for paying the contractor as work is completed, the percentage-of-completion method of accounting shall be used to determine the timing of taxable receipts of the contractor and business purchases of the acquirer.

“(c) Long-Term Contract.—

“(1) In general.—‘Long-term contract’ means—

“(A) any contract that covers service or production through parts of two different calendar years if the contract includes a formal deposit and draw-down mechanism, and

“(B) any contract for the manufacture, building, installation, or construction of property if such contract is not completed within the taxable period of the contractor in which such contract is entered into.

“(2) Exception.—A contract for the manufacture of property shall not be treated as a long-term contract unless such contract involves the manufacture of—
“(A) any unique item of a type which is not normally included in the finished goods inventory of the taxpayer, or

“(B) any item which normally requires more than 12 calendar months to complete.

“(d) CONSISTENCY.—The Secretary may require business entities to file statements containing such information with respect to long-term contracts as the Secretary may prescribe to ensure consistency in reporting.

“(e) FOREIGN CONTRACTS.—This section shall not be construed to permit a deduction for a business purchase for the cost of property produced outside the United States pursuant to a long-term contract at any time prior to the import of such property into the United States.

“SEC. 1634. POST-SALE PRICE ADJUSTMENTS AND REFUNDS.

“(a) RECEIPT OF PRICE ADJUSTMENT.—In the case of a post-sale price adjustment attributable to a business purchase which was taken into account in computing gross profits for a prior taxable transaction, the amount of such adjustment shall be treated as a reduction or increase, as the case may be, in the cost of business purchases for the taxable period in which the adjustment is made or incurred.
“(b) Issuance of Price Adjustment.—In the case of a post-sale price adjustment attributable to a sale the receipts from which were taken into account in determining taxable receipts for a prior taxable transaction, the amount of such adjustment shall be treated as a reduction or increase, as the case may be, in taxable receipts for the taxable period in which the adjustment is made or incurred.

“(c) Post-Sale Price Adjustment.—‘Post-sale price adjustment’ means a refund, rebate, or other price allowance attributable to a sale of property or services or an upward adjustment in price that was not previously taken into account under the business entity’s method of accounting.

“SEC. 1635. BAD DEBTS.

“(a) Seller.—If an amount owed to an accrual basis business entity for property or services sold—

“(1) was taken into account as a taxable receipt in a prior taxable period, and

“(2) becomes wholly or partially uncollectible during the taxable period, then the seller shall treat the amount as a reduction in taxable receipts for the taxable period in which it becomes wholly or partially uncollectible.
“(b) Notice Requirement.—No reduction shall be allowed under subsection (a) unless the seller notifies the purchaser of the amount which the seller has treated as wholly or partially uncollectible.

“(c) Subsequent Collection.—If an amount which was treated as uncollectible under subsection (a) is subsequently collected, it shall be treated as a taxable receipt when collected.

“(d) Purchaser.—If a purchaser receives notice under subsection (b) from a seller and the purchaser has treated the amount labeled uncollectible as a business purchase in a prior taxable period, then the purchaser shall treat such amount as a reduction in the cost of business purchases in the taxable period to which the notice relates. If the purchaser subsequently repays such amount, the repayment shall constitute the cost of a business purchase.

“SEC. 1636. Transition Rules.

“(a) No Double Deductions.—A business entity shall not be entitled to treat as a ‘cost of business purchase’ any amount that the business entity deducted in computing taxable income under the income tax in effect prior the effective date of the business tax.

“(b) No Double Inclusion.—A business entity shall not be required to include in taxable receipts any receipt that the business entity took into account in com-
puting taxable income under the income tax in effect prior to the effect date of the business tax.

“(c) NO LOSS OF DEDUCTION.—An expense which—

“(1) a business entity would have been able to deduct as a cost of a business purchase in an accounting period before the effective date of the business tax if the business tax had been in effect in such period, and

“(2) the business entity would have been able to deduct as an expense in computing taxable income in a period after the business tax is effective if the income tax had continued in effect, shall be treated as a cost of a business purchase incurred or paid at the time that it would have been paid or incurred under the income tax if the income tax had continued in effect. This subsection shall not apply to any amount which is to be taken into account under subchapter N (relating to amortization of transition basis, inventory costs, and safe harbor leases), any amounts which would have been deducted under the income tax through loss carryover deductions, or any deductions deferred by the uniform capitalization rules under section 263A.

“(d) ALL TAXABLE RECEIPTS TAXED.—A receipt which—
“(1) a business entity would have been required to treat as a taxable receipt in an accounting period before the effective date of the business tax if the business tax had been in effect in such period, and

“(2) the business entity would have been required to include in gross income in a period after the business tax is effective if the income tax had continued in effect

from—

(A) the annualized amount otherwise avail-

sequent part-year appropriation; and

(B) when a full-year appropriation for that
account is enacted, from the amount otherwise
provided by the full-year appropriation.

(b) **ELIMINATING A DIRECT SPENDING EXCESS.**—
OMB shall include in its final order a requirement that
each direct spending account shall be reduced by an
amount of budget authority calculated by multiplying the
baseline level of budgetary resources in that account at
that time by the uniform percentage necessary to reduce
outlays sufficient to eliminate an excess spending amount.
(c) Uniform Percentage.—The percentage required to produce a spending reduction, as ordered by a final order, shall be calculated by OMB by adding all budgetary resources of the Government, and reducing that amount by an amount sufficient to reduce the total amount of outlays of the Government to equal, or lower, a level of outlays than the amount set forth in the guideline period.

(2) it would require an amount that exceeds such amount as the Trustees determine are required to achieve solvency in that period, as determined by the Social Security Trustees; and
(3) it would require a spending reduction of an amount greater than 1 percent of budgetary resources in any fiscal year within the guideline period.

(b) Net Interest.—A spending reduction shall not cause any effect on payments for net interest (as set forth in function 900).

c) Obligated Balances.—Obligated balances of budget authority carried over from prior fiscal years shall be exempt from a spending reduction under any order issued under this title.

e) Limitation on Spending Reductions.—No program shall be subject to a spending reduction of more than 1 percent of its budgetary resources.

of reduction in any such item exceeding the rate specified
in the order.

shall be effective as follows:

spending reduction shall be made within 120 days of

IN THE HOUSE OF REPRESENTATIVES.

(a) INTRODUCTION OF JOINT RESOLUTION.—At any
time after the Director of OMB issues a final order for
a fiscal year, but before the end of the session of Congress
in session on the date of the issuance of such order, the
majority leader of the House of Representatives may in-

ing the President to modify the most recent final order
issued pursuant to this title, or provide an alternative to
eliminate the spending excess for such fiscal year or years.
After the introduction of the first such joint resolution in
either House of Congress in any calendar year, then no
other joint resolution introduced pursuant to this section shall be subject to the procedures set forth in this section.

(b) Procedures for Consideration of Joint Resolutions.—

(1) Any committee of the House of Representatives to which an alternative spending compliance measure is referred shall report it to the House without amendment not later than the seventh legislative day after the date of its introduction. If a committee fails to report the bill within that period or the House has adopted a concurrent resolution providing for adjournment sine die at the end of a Congress, it shall be in order to move that the House discharge the committee from further consideration of the bill. Such a motion shall be in order only at a time designated by the Speaker in the legislative schedule within two legislative days after the day on which the proponent announces his intention to offer the motion. Such a motion shall not be in order after a committee has reported a spending compliance measure with respect to that special message or after the House has disposed of a motion to discharge with respect to that special message. The previous question shall be considered as ordered on the motion to its adoption without intervening mo-

and controlled by the proponent and an opponent. If
such a motion is adopted, the House shall proceed
immediately to consider the spending compliance
measure bill in accordance with paragraph (3). A
motion to reconsider the vote by which the motion
is disposed of shall not be in order.

(2) After a spending compliance measure is re-

move to proceed to consider the spending compliance
measure in the House. Such a motion shall be in
order only at a time designated by the Speaker in
the legislative schedule within two legislative days
after the day on which the proponent announces his
intention to offer the motion. Such a motion shall
not be in order after the House has disposed of a
motion to proceed with respect to that special mes-

ordered on the motion to its adoption without inter-
vening motion. A motion to reconsider the vote by
which the motion is disposed of shall not be in order.
(3) The spending compliance measure shall be considered as read. All points of order against an approval bill and against its consideration are waived. The previous question shall be considered as ordered on an approval bill to its passage without intervening motion except five hours of debate equally divided and controlled by the proponent and an opponent and one motion to limit debate on the bill. A motion to reconsider the vote on passage of the bill shall not be in order.

(4) A spending compliance measure received from the Senate shall not be referred to committee.

(e) VOTING.—The vote on final passage of a joint resolution or conference report thereon referred to in paragraph (1) shall require approval of not less than three-fifths of the Members of the House of Representatives.

after the third calendar day (excluding Saturdays,
Sundays, and legal holidays) beginning after a joint
resolution is introduced under subsection (a), not-
withstanding any rule or precedent of the Senate, in-
cluding rule XXII of the Standing Rules of the Sen-
ate, it is in order (even though a previous motion to
the same effect has been disagreed to) for any Mem-
er of the Senate to move to proceed to the consider-
ation of the joint resolution. The motion is not in
order after the eighth calendar day (excluding Sat-
urdays, Sundays, and legal holidays) beginning after a joint resolution (to which the motion applies) is introduced. The joint resolution is privileged in the Senate. A motion to reconsider the vote by which the motion is agreed to or disagreed to shall not be in order. If a motion to proceed to the consideration of the joint resolution is agreed to, the Senate shall immediately proceed to consideration of the joint resolution without intervening motion, order, or other business, and the joint resolution shall remain the unfinished business of the Senate until disposed of.

the majority leader (or their designees), except
that in the event that the majority leader favors
the amendment, motion, or appeal, the minority
leader (or the minority leader’s designee) shall
control the time in opposition to the amend-
ment, motion, or appeal.

(ii) In the Senate, an amendment that is
otherwise in order shall be in order notwith-
standing the fact that it amends the joint reso-

amendment thereto unless the figures then con-
tained in such joint resolution or amendment
are mathematically consistent.

(4) Vote on final passage.—Immediately
following the conclusion of the debate on a joint res-
olution introduced under subsection (a), a single quorum call at the conclusion of the debate if requested in accordance with the rules of the Senate, and the disposition of any pending amendments under paragraph (3), the vote on final passage of the joint resolution shall occur.

(5) Appeals.—Appeals from the decisions of the Chair shall be decided without debate.

(6) Conference Reports.—In the Senate, points of order under titles III and IV of the Congressional Budget Act of 1974 are applicable to a conference report on the joint resolution or any amendments in disagreement thereto.

(B) With respect to a joint resolution introduced under subsection (a) in the Senate—

(ii)(I) the vote on final passage shall be on the joint resolution of the House if it is identical to the joint resolution then pending for passage in the Senate; or

(II) if the joint resolution from the House is not identical to the joint resolution then pending for passage in the Senate and the Senate then passes the Senate joint resolution, the Senate shall be considered to have passed the House joint resolution as amended by the text of the Senate joint resolution.

(C) Upon disposition of the joint resolution received from the House, it shall no longer be in order to consider the resolution originated in the Senate.

(8) Senate action on house resolution.— If the Senate receives from the House of Represent-
regard to the disposition of the Senate originated joint resolution shall be deemed to be the action of the Senate with regard to the House originated joint resolution. If it is not identical to the House passed joint resolution, then the Senate shall be considered to have passed the joint resolution of the House as amended by the text of the Senate joint resolution.

(9) The vote on final passage of a joint resolution or conference report thereon referred to in paragraph (1) shall require approval of not less than three-fifths of the Members of the Senate.
