## A BILL

To establish the Land Between the Rivers National Heritage Area in the State of Illinois, and for other purposes.

1       *Be it enacted by the Senate and House of Representa-*  
2       *tives of the United States of America in Congress assembled,*

### 3   **SECTION 1. SHORT TITLE.**

4       This Act may be cited as the “Land Between the Riv-  
5       ers Southern Illinois National Heritage Area Act of  
6       2007”.

### 7   **SEC. 2. FINDINGS.**

8       Congress finds that—

1           (1) southern Illinois has a cohesive, distinctive,  
2           and important landscape that distinguishes the area  
3           as worthy of designation as a National Heritage  
4           Area;

5           (2) the historic features of southern Illinois re-  
6           flect a period during which the area was the stra-  
7           tegic convergence point during the westward expan-  
8           sion of the United States;

9           (3) the geographic centrality of southern Illinois  
10          ensured that the area played a pivotal military, so-  
11          cial, and political role during the Civil War, which  
12          resulted in the area being known as the “Confluence  
13          of Freedom”;

14          (4) southern Illinois is at the junction of the  
15          ending glaciers and 6 ecological divisions;

16          (5) after the expeditions of Lewis and Clark,  
17          the land between the rivers became known as  
18          “Egypt” because of the rivers in, and the beauty  
19          and agricultural abundance of, the area;

20          (6) Native Americans described the area in  
21          southern Illinois between the Mississippi and Ohio  
22          Rivers as the “Land Between the Rivers”;

23          (7) a feasibility study led by the Office of Eco-  
24          nomic and Regional Development at Southern Illi-  
25          nois University Carbondale that was revised in April

1       2006 documents a sufficient assemblage of nation-  
2       ally distinctive historic resources to demonstrate the  
3       feasibility of, and the need for, establishing the  
4       Land Between the Rivers National Heritage Area;  
5       and

6               (8) stakeholders participating in the feasibility  
7       study process for the Heritage Area have developed  
8       a proposed management entity and financial plan to  
9       preserve the natural, cultural, historic, and scenic  
10      features of the area while furthering recreational  
11      and educational opportunities in the area.

12   **SEC. 3. DEFINITIONS.**

13       In this Act:
