## RESOLUTION

Expressing the sense of the House of Representatives that youth who age out of foster care should be given special care and attention.

Whereas 12,000,000 Americans spend time in foster care;

Whereas every year, more than 24,000 youth turn age 18 while in foster care;

Whereas the safekeeping of most youth who age out of foster care is the responsibility of the State governments, which receive Federal funding to assist them in doing so;

Whereas family reunification, kinship care, and adoption are the preferred solutions for children who are placed in foster care; and

Whereas Congress created a new Independent Living initiative in 1986, and expanded the program by passing the

Chaffee Foster Care Independence Act in 1999 to assist youth who are emancipated while in foster care: Now, therefore, be it

1       *Resolved*, That the House of Representatives—

2               (1) supports former foster care youth as they  
3       overcome many emotional, physical, and social obsta-  
4       cles in the pursuit of healthy, independent, and ful-  
5       filling lives;

6               (2) recognizes former foster care youth organi-  
7       zations for their dedication to reforming and improv-  
8       ing the foster care system;

9               (3) appreciates individuals, mentors, and social  
10      workers who provide assistance to former foster care  
11      youth beyond resources available through Federal,  
12      State, and local services; and

13              (4) encourages reviews of Federal and State  
14      programs conducted under title IV of the Social Se-  
15      curity Act that would improve services to help  
16      former foster care youth succeed in their transition  
17      to adulthood and independence.
