5 ENERGY

6 SEC. 301. CONTRACT COMPETITION. (a)(1) None of
7 the funds in this or any other appropriations Act for fiscal
8 year 2008 or any previous fiscal year may be used to make
9 payments for a noncompetitive management and operating
10 contract unless the Secretary of Energy has published in
11 the Federal Register and submitted to the Committees on
12 Appropriations of the House of Representatives and the
13 Senate a written notification, with respect to each such
14 contract, of the Secretary's decision to use competitive
15 procedures for the award of the contract, or to not renew
16 the contract, when the term of the contract expires.

17 (2) Paragraph (1) does not apply to an extension for
18 up to 2 years of a noncompetitive management and oper-
19 ating contract, if the extension is for purposes of allowing
20 time to award competitively a new contract, to provide
21 continuity of service between contracts, or to complete a
22 contract that will not be renewed.

23 (b) In this section:

24 (1) The term “noncompetitive management and
25 operating contract” means a contract that was

1 awarded more than 50 years ago without competi-
2 tion for the management and operation of Ames
3 Laboratory, Argonne National Laboratory, Lawrence
4 Berkeley National Laboratory, Lawrence Livermore
5 National Laboratory, and Los Alamos National Lab-
6 oratory.

7 (2) The term “competitive procedures” has the
8 meaning provided in section 4 of the Office of Fed-
9 eral Procurement Policy Act (41 U.S.C. 403) and
10 includes procedures described in section 303 of the
11 Federal Property and Administrative Services Act of
12 1949 (41 U.S.C. 253) other than a procedure that
13 solicits a proposal from only one source.

14 (c) For all management and operating contracts
15 other than those listed in subsection (b)(1), none of the
16 funds appropriated by this Act may be used to award a
17 management and operating contract, or award a signifi-
18 cant extension or expansion to an existing management
19 and operating contract, unless such contract is awarded
20 using competitive procedures or the Secretary of Energy
21 grants, on a case-by-case basis, a waiver to allow for such
22 a deviation. The Secretary may not delegate the authority
23 to grant such a waiver. At least 60 days before a contract
24 award for which the Secretary intends to grant such a
25 waiver, the Secretary shall submit to the Committees on

1 Appropriations of the House of Representatives and the
2 Senate a report notifying the Committees of the waiver
3 and setting forth, in specificity, the substantive reasons
4 why the Secretary believes the requirement for competition
5 should be waived for this particular award.

6 SEC. 302. WORKFORCE RESTRUCTURING. None of
7 the funds appropriated by this Act may be used to—

8 (1) develop or implement a workforce restruc-

12 other benefits for employees of the Department of
13 Energy, under section 3161 of the National Defense

21 Authorization Act for Fiscal Year 1993 (Public Law 102–

4 cility, the Department shall ensure broad public notice of
5 such availability or such need for input to universities and
6 other potential users. When the Department of Energy
7 considers the participation of a university or other poten-
8 tial user as a formal partner in the establishment or oper-
9 ation of a user facility, the Department shall employ full
10 and open competition in selecting such a partner. For pur-
11 poses of this section, the term “user facility” includes, but
12 is not limited to: (1) a user facility as described in section

11 funds, to be used by the plant manager of a covered nu-
12 clear weapons production plant or the manager of the Ne-
13 vada Site Office for plant or site-directed research and de-
14 velopment: *Provided further*, That notwithstanding De-
15 partment of Energy order 413.2A, dated January 8, 2001,
16 beginning in fiscal year 2006 and thereafter, all DOE lab-
