LETTER OF TRANSMITTAL

THE WHITE HOUSE, *November 20, 2008.*

To the Senate of the United States:

I transmit herewith, with a view to receiving the advice and consent of the Senate to ratification, the Treaty between the Government of the United States of America and the Government of the Republic of Rwanda Concerning the Encouragement and Reciprocal Protection of Investment, signed at Kigali on February 19, 2008. I transmit also, for the information of the Senate, the report prepared by the Department of State with respect to the Treaty.

This is the first bilateral investment treaty (BIT) concluded between the United States and a sub-Saharan African country since 1998. The Treaty will help to promote cross-border investment by providing legal protections for investors of each country for their investments in the other country. The Treaty underscores the shared commitment of both countries to open investment and trade policies.

Rwanda has opened its economy, improved its business climate, and embraced trade and investment as a means to boost economic development and help alleviate poverty. The U.S.-Rwanda BIT will reinforce these efforts.

The Treaty is fully consistent with U.S. policy to secure protections for U.S. investment abroad and to welcome foreign investment in the United States. Under this Treaty, the Parties agree to accord national treatment and most-favored-nation treatment to investments. They also agree to customary international law standards for expropriation and for the minimum standard of treatment. The Treaty includes detailed provisions regarding the payment of prompt, adequate, and effective compensation in the event of expropriation; free transfer of funds related to investment; freedom of investment from specified performance requirements; prohibitions on nationality based restrictions for the hiring of senior managers; and the opportunity for investors to resolve disputes with a host government through international arbitration. The Treaty also includes extensive transparency obligations with respect to national laws and regulations and commitments to transparency in dispute settlement. The Parties also recognize that it is inappropriate to encourage investment by weakening or reducing the protections afforded in domestic environmental and labor laws.

I recommend that the Senate give early and favorable consideration to the Treaty and give its advice and consent to ratification.

GEORGE W. BUSH.

LETTER OF SUBMITTAL

DEPARTMENT OF STATE,
Washington, October 31, 2008.

THE PRESIDENT,
The White House.

THE PRESIDENT: I have the honor to submit to you the Treaty between the Government of the United States of America and the Government of the Republic of Rwanda Concerning the Encouragement and Reciprocal Protection of Investment, signed at Kigali on February 19, 2008. I recommend that this Treaty, with Annexes, be transmitted to the Senate for its advice and consent to ratification.

This is the first bilateral investment treaty (BIT) concluded between the United States and a sub-Saharan African country since 1998 (when a BIT was signed with Mozambique). The Treaty will provide legal protections for investors that underscore the shared commitment of both countries to open investment and trade policies.

Rwanda has opened its economy, improved its business climate, and embraced trade and investment as a means to boost economic development and help alleviate poverty. The U.S.-Rwanda BIT will reinforce these efforts.

The protections afforded by the Treaty include nondiscriminatory treatment; the free transfer of investment-related funds; prompt, adequate, and effective compensation in the event of an expropriation; a minimum standard of treatment grounded in customary international law; freedom of investment from specified performance requirements; prohibitions on nationality-based restrictions for the hiring of senior managers; and transparency in governance. The BIT also provides investors the opportunity to resolve investment disputes with a host government through international arbitration. Although there are 40 BITs in force to which the United States is a party, this Treaty with Rwanda is only the second concluded on the basis of the 2004 U.S. model BIT.

An overview of key provisions of the U.S.-Rwanda BIT is enclosed.

The Department of State and the Office of the U.S. Trade Representative jointly led the negotiation of this BIT, with the participation of the Departments of Commerce and the Treasury. These agencies join me in recommending that it be transmitted to the Senate at an early date.

Respectfully submitted.

CONDOLEEZZA RICE.

Enclosure: As stated.

OVERVIEW OF THE UNITED STATES-RWANDA TREATY

The Bilateral Investment Treaty (BIT) with Rwanda was signed by the United States and Rwanda on February 19, 2008. The following overview summarizes key provisions of the Treaty, and identifies provisions that vary materially from the 2004 U.S. Model BIT (Model).

SECTION A—GENERAL PROVISIONS

Definitions, Scope and Coverage (Articles 1, 2)

The Treaty defines an “investment” in broad terms as an asset that is directly or indirectly controlled by an investor and has characteristics such as the expectation of profit, the assumption of risk by the investor, or the commitment of capital. The definition of investment provides an illustrative list of different types of investments. In addition, in a footnote to the definition of “investment” not present in the Model, the United States and Rwanda agreed to clarify that, where an enterprise does not have the characteristics of an investment, that enterprise is not an investment regardless of the form it may take. The Treaty applies generally to measures of either the United States or Rwanda, hereinafter referred to as the “Parties” or, individually, as a “Party,” relating to investors of one Party and to their investments in the territory of the other Party (defined as “covered investments”). A “covered investment” includes investments that exist on the date the Treaty enters into force and those that are established, acquired, or expanded thereafter.

National and Most-Favored-Nation Treatment (Articles 3, 4)

The Treaty protects investors of a Party and their covered investments from discriminatory measures by the other Party during the full life-cycle of an investment, including the establishment phase, when investors are attempting to make an investment. Each Party commits to provide to investors of the other Party and to their covered investments treatment no less favorable than that which it provides, in like circumstances, to its own investors or to investors from any third country and their investments.

Minimum Standard of Treatment (Article 5, Annex A)

Article 5 of the Treaty establishes a minimum standard of treatment that each Party owes to covered investments. The minimum standard of treatment is defined as “treatment in accordance with customary international law, including fair and equitable treatment and full protection and security.” “Fair and equitable treatment” includes the obligation not to deny justice in criminal, civil, or administrative adjudicatory proceedings in accordance with the principle of due process embodied in the principal legal systems of the world. The obligation to provide “full protection and security” requires a host country to provide the level of police protection required under customary international law. Article 5 also states that a determination that there has been a breach of another provision of the Treaty or of a separate international agreement does not establish that there has been a breach of the Treaty’s minimum standard of treatment obligation. The Article further requires that

each Party must accord to covered investments and to investors of the other Party non-discriminatory treatment with respect to measures adopted in relation to losses suffered by investments due to armed conflict or civil strife. Finally, in the event that an investor suffers losses as a result of a Party's requisition or unnecessary destruction of its covered investment, restitution and/or compensation must be paid. Annex A sets forth the shared understanding of the Parties regarding the meaning of "customary international law" in Article 5 (and in Annex B on Expropriation) and clarifies that the customary international law minimum standard of treatment of aliens owed under Article 5 refers to all customary international law principles that protect the economic rights and interests of aliens.

Expropriation and Compensation (Article 6, Annexes A and B)

Article 6 incorporates into the Treaty the customary international law standard for lawful expropriation, providing that neither Party may expropriate property unless it does so for a public purpose, in a non-discriminatory manner, in accordance with due process of law, and accompanied by prompt, adequate, and effective compensation. Article 6 addresses both direct expropriation, when a government actually transfers title or seizes an investment, and indirect expropriation, when a governmental action or series of actions has an effect equivalent to direct expropriation.

Annex B clarifies the shared understanding of the Parties with respect to Article 6 as to how to determine whether an expropriation has occurred. The Annex states that a Party's actions can only be considered an expropriation if they interfere with a tangible or intangible property interest or right in an investment. With respect to indirect expropriation, the Annex endorses a case-by-case, fact-based approach, and lists three factors, among others, that tribunals must consider in determining whether an indirect expropriation has occurred: (1) the adverse economic impact of the government action, (2) the extent of government interference with reasonable investment-backed expectations, and (3) the character of the government action. The analytical approach adopted in Annex B is adapted from the seminal U.S. Supreme Court case relating to regulatory taking, *Penn Central Transportation Co. v. New York City*, 438 U.S. 104 (1978), and is consistent with customary international law. Finally, Annex B observes that, except in rare circumstances, non-discriminatory regulatory actions designed and applied to protect legitimate public welfare objectives do not constitute indirect expropriations.

Transfers (Article 7)

The Treaty's free transfers obligation requires that a Party permit capital and other transfers related to a covered investment to be made freely and without delay both into and out of its territory. Additionally, a Party must permit transfers to be made in a "freely usable currency," as designated by the International Monetary Fund, at the market rate prevailing at the time of the transfer. Parties may prevent transfers through the equitable and non-discriminatory application of certain laws, including those relating to criminal offenses, the regulation of financial markets, and compli-

ance with orders or judgments in judicial or administrative proceedings.

Performance Requirements (Article 8)

Article 8 prohibits the imposition by Parties of several requirements relating to the performance of investments, including a requirement to achieve a given level of exports or domestic content or a requirement linking the value of imports or domestic sales by an investment to the level of its export or foreign exchange earnings. The Article also prohibits Parties from offering advantages, such as a tax holiday, in exchange for a more limited set of performance requirements. In addition, so as not to place U.S. and Rwandan investors at a competitive disadvantage, the disciplines that Article 8 imposes upon performance requirements also apply to all investments in the territory of a Party, including those owned or controlled by host-country investors or by investors of a non-Party. The Article also clarifies that the prohibitions in paragraphs 1 and 2 only apply to the requirements specifically enumerated in those paragraphs.

In addition, the Parties agreed to two footnotes not present in the Model. First, the Parties agreed to clarify that the enforcement of a commitment or undertaking to use a particular technology, a production process, or other proprietary knowledge is not, by itself, inconsistent with the performance requirement relating to transfers of technology, a production process, or other proprietary knowledge. Second, the Parties agreed to clarify that nothing in the paragraph disciplining performance requirements shall be construed to prevent a Party from imposing or enforcing a requirement or enforcing a commitment or undertaking to train workers in its territory, provided that such training does not require the transfer of a particular technology, a production process, or other proprietary knowledge to a person in its territory.

Senior Management and Boards of Directors (Article 9)

The Treaty prohibits measures requiring that persons of any particular nationality be appointed to senior management positions in a covered investment. A country may require that a majority of the board of directors of a covered investment be of a particular nationality, however, or that a director be a resident of the host country, so long as such requirements do not materially impair an investor's control over its investment.

Publication of Laws and Decisions Respecting Investment (Article 10)

Article 10 seeks to promote transparency in the legal framework governing investment. It requires the Parties to ensure that laws, regulations, procedures, administrative rulings of general application, and adjudicatory decisions that relate to any matter covered by the Treaty are promptly published or otherwise made publicly available.

Transparency in Lawmaking and Administrative Proceedings (Article 11)

Under Article 11, each Party is obligated, to the extent possible, to publish in advance any laws, regulations, procedures, or administrative rulings of general application with respect to matters covered by the Treaty that the Party proposes to adopt, and to provide interested persons and the other Party a reasonable opportunity to comment on the proposed measures. Article 11 includes detailed provisions concerning the notification of information about government actions and the character of administrative proceedings, including review and appeal processes.

Environment and Labor (Articles 12, 13)

In Articles 12 and 13, the Parties acknowledge that it would be inappropriate to encourage investment by weakening or reducing the protections afforded in domestic environmental and labor laws, respectively. Both Articles also provide that a Party may request consultations with the other Party if it considers that the other Party has offered such an encouragement. Article 12 provides that nothing in the Treaty shall be construed to prevent a Party from adopting, maintaining, or enforcing any measure otherwise consistent with the Treaty that it considers appropriate to ensure that investment activity in its territory is conducted in a manner sensitive to environmental concerns.

Non-Conforming Measures (Article 14, Annexes I, II and III)

Article 14 establishes the framework for the Treaty's Annexes of non-conforming measures (NCMs). In these Annexes, each Party lists existing measures to which any or all of four key obligations of the Treaty do not apply, and sectors or activities in which each Party reserves the right to adopt future measures to which any or all of those obligations will not apply. The Article specifies that a Party may list measures that do not conform to the following four obligations: National Treatment (Article 3), Most-Favored-Nation Treatment (Article 4), Performance Requirements (Article 8), and Senior Management and Boards of Directors (Article 9). The Parties list existing NCMs maintained at either the central or regional level of government in Annexes I and III. Annex III is reserved for existing financial services NCMs. The Parties list the sectors or activities in which they reserve the right to adopt future NCMs in Annex II. The Parties negotiated the content of the Annexes in conjunction with the negotiation of the Treaty text, and the Annexes are an integral part of the Treaty.

Article 14 includes several other provisions. It makes clear that the four obligations noted above do not apply to existing NCMs maintained at local levels of government. The Article also prohibits a Party from adopting, in a sector or activity covered by Annex II, any future measure that requires an investor of the other Party, by reason of its nationality, to sell or otherwise dispose of an investment. It exempts application of the national treatment and most-favored nation treatment obligations to measures covered by an exception to, or derogation from, the obligations of the World Trade Organization Agreement on Trade-Related Aspects of Intellectual Property Rights. It also specifies that Articles 3 (National

Treatment), 4 (Most-Favored-Nation Treatment), and 9 (Senior Management and Boards of Directors) do not apply to government procurement or to grants or subsidies provided by a Party.

Because the Parties' NCMs are set out in detail in Annexes I, II and III, the following list merely identifies the sectors, subsectors or activities listed in each Party's Annex entries. The Annexes should be consulted for a complete description of each NCM.

Annex I

Rwanda: Differential minimum capital requirements for investment registration; and registration requirements for non-profit enterprises.

United States: Atomic Energy; Mining; Air Transportation; Customs Brokers; Radiocommunications Licenses; and restrictions on securities registration and OPIC insurance eligibility.

Annex II

Rwanda: Preferences for socially or economically disadvantaged communities and differential treatment pursuant to existing international treaties.

United States: Radio/Satellite Communications, Cable Television, Social Services, Minority Affairs, measures relating to U.S.-flagged maritime vessels, and differential treatment pursuant to existing international treaties.

Annex III

Rwanda: Insurance.

United States: Financial Services/Banking, Insurance, and general Financial Services.

Special Formalities and Information Requirements (Article 15)

Article 15 allows a Party to adopt or maintain measures that prescribe special formalities in connection with covered investments, such as investor residency or incorporation requirements, so long as such formalities do not materially impair the Treaty's protections. The Article also provides that, notwithstanding the Treaty's non-discrimination obligations (Articles 3 and 4), a Party may require an investor of the other Party, or its covered investment, to provide information relating to the investment solely for informational or statistical purposes, so long as the Party imposing the requirement protects confidential business information from disclosure.

Non-Derogation (Article 16)

Article 16 stipulates that the Treaty does not derogate from other obligations or laws of a Party that entitle an investor to more favorable treatment than that accorded by the Treaty.

Denial of Benefits (Article 17)

Article 17 establishes that a Party may deny the benefits of the Treaty to an investor of the other Party that is an enterprise of the other Party, and to its investments, if persons of a third country own or control the enterprise and the denying Party either (1) has no diplomatic relations with the third country; or (2) adopts or

maintains measures, such as foreign policy sanctions, with respect to the third country or to a person of the third country that prohibit transactions with the enterprise or that would be violated or circumvented if the benefits of the Treaty were accorded to the enterprise or to its investments. Article 17 also establishes that a Party may deny the benefits of the Treaty to an investor of the other Party that is an enterprise of the other Party, and to its investments, if the enterprise has no substantial business activities in the territory of the other Party and persons of a third country, or of the denying Party, own or control the enterprise.

Essential Security (Article 18)

Article 18 states that nothing in the Treaty may be construed to preclude a Party from applying measures that it considers necessary either to protect its own essential security interests or to fulfill its obligations with respect to the maintenance or restoration of international peace and security. The Treaty makes explicit the implicit understanding that measures to protect a Party's essential security interests are self-judging in nature, although each Party would expect the provisions to be applied by the other in good faith. Article 18 also states that the Treaty does not require a Party to provide access to information if it determines that such disclosure would be contrary to its essential security interests.

Disclosure of Information (Article 19)

Article 19 establishes that nothing in the Treaty may be construed to require a Party to provide access to confidential information, the disclosure of which would impede law enforcement, would otherwise be contrary to the public interest, or would prejudice the legitimate commercial interests of particular enterprises.

Financial Services (Article 20)

Article 20 includes two provisions that relate to the regulation of financial markets. Paragraph 1, the prudential exception, specifies that the Treaty does not prohibit a Party from adopting or maintaining measures relating to financial services for prudential reasons, including for the protection of depositors, investors, policy holders, or persons to whom a fiduciary duty is owed by a financial services supplier, or to ensure the integrity and stability of the financial system. Paragraph 2, the monetary and exchange rate policy exception, establishes that no provision of the Treaty applies to non-discriminatory measures of general application that may be taken by a Party's central bank or monetary authority pursuant to monetary and related credit policies or exchange rate policies.

Article 20 modifies the standard investor-State dispute-settlement provisions of the Treaty for disputes in which a Party invokes one of the exceptions in paragraphs 1 or 2 as a defense against an investor claim. In the event that a Party invokes one of the exceptions, it must within 120 days of the date the investor's claim is submitted to arbitration submit to the competent financial authorities of both Parties a written request for a joint determination on the issue of whether and to what extent one of the exceptions is a valid defense to the investor's claim. If the competent financial authorities agree that the defense is valid, the investor's claim will

be barred from arbitration. If the competent financial authorities fail to reach a determination by the end of the 120-day period, the tribunal will decide the issue. Article 20 also includes special procedures for the selection of arbitrators with expertise on financial matters. The Article also provides that the Party that is not a party to the dispute may make oral or written submissions to the tribunal regarding the issue of whether and to what extent paragraph 1 or 2 is a valid defense to the claim. If it fails to make such a submission, the non-disputing Party shall be presumed, for purposes of the arbitration, to take a position not inconsistent with that of the respondent.

Paragraph 4 of Article 20 modifies the State-State dispute-settlement provisions of Section C of the Treaty for disputes in which the competent financial authorities of one Party provide written notice to their counterparts in the other Party that the dispute involves financial services. In the event that such notice is provided, the competent financial authorities of both Parties must conduct consultations regarding the dispute, and report the result of their consultations to the Parties, which either Party may transmit to the tribunal.

Article 20 also contains changes that reflect an evolution in U.S. practice regarding the Financial Services Article since the U.S. model was last updated in 2004. In paragraph 3, provisions on the financial services expertise of arbitrators have been modified to clarify that they refer to the particular sector of financial services in which the dispute arises. New subparagraph 3(c)(iii) clarifies that the tribunal shall draw no inference regarding the application of paragraph 1 or 2 from the fact that the competent financial authorities have not made a determination as described in subparagraph (a). New subparagraph 3(e) enables the respondent, within a specified period of time, to request that the tribunal “address and decide the issue or issues left unresolved by the competent financial authorities as referred to in subparagraph (c) prior to deciding the merits of the claim for which paragraph 1 or 2 has been invoked by the respondent as a defense.” Further, it provides that failure to make such a request “is without prejudice to the right of the respondent to invoke paragraph 1 or 2 as a defense at any appropriate phase of the arbitration.” New paragraph 8 clarifies that the Treaty does not prevent a Party from taking measures relating to financial institutions that are necessary to secure compliance with laws or regulations that are not inconsistent with the Treaty, such as measures relating to the prevention of deceptive and fraudulent practices.

The Rwanda BIT provides significant added protection to the financial services industry when compared to the U.S.-Uruguay BIT by ensuring that financial services firms, like all other firms, can bring discrimination-based claims in investor-state arbitration.

Taxation (Article 21)

Article 21 provides that nothing in the Treaty, other than what is provided in the Article, applies to taxation measures. In a departure from the Model, the Parties agreed that Articles 3 (National Treatment) and 4 (Most-Favored-Nation Treatment) shall apply to all taxation measures, other than those relating to direct taxes

(such as taxes on income, capital gains, and inheritances). This provision, which employs language used in U.S. Free Trade Agreements and the U.S.-Uruguay BIT, further restricts the coverage of Articles 3 and 4 with respect to several other taxation-related measures, including any non-conforming aspects of existing taxation measures.

Article 21 also provides that a claimant that asserts that a tax matter involves expropriation may submit that claim to arbitration under Section B only if (1) the claimant has first referred to the competent tax authorities of both Parties the issue of whether the tax matter involves an expropriation, and (2) the tax authorities have not both determined, within 180 days from the time of referral, that the matter does not involve an expropriation. Furthermore, Article 21 specifies that the obligation in Article 8, not to condition the receipt of an advantage on certain performance requirements, will apply to the use of a taxation measure as an advantage. Finally, Article 21 establishes that nothing in the Treaty will affect the rights and obligations of either Party under a tax convention, and that in the event of any inconsistency between the Treaty and a tax convention, the convention shall prevail to the extent of the inconsistency.

Entry into Force, Duration, and Termination (Article 22)

Article 22 specifies that the Treaty will remain in force for ten years after its entry into force and will continue in force unless terminated by a Party. A Party can terminate the Treaty anytime after ten years, so long as it provides one year's advance notice to the other Party. If the Treaty is terminated, all obligations will continue to apply for a period of ten years to covered investments established or acquired prior to the date of termination.

Paragraph 4, a departure from the Model, provides that, on the request of either Party, the Parties shall consult promptly to discuss any matters relating to the interpretation or application of this Treaty or to the realization of the objectives of this Treaty. Paragraph 4 further clarifies that the Parties may agree, in writing, to amend this Treaty, and that any such amendment shall enter into force 30 days after the date the Parties exchange instruments of ratification, and shall remain in force so long as this Treaty remains in force.

SECTION B—INVESTOR-STATE DISPUTE SETTLEMENT

Submitting Investor Claims to Arbitration (Articles 23–27)

Article 24 provides a mechanism for investors to submit to arbitration a claim that a Party has breached an obligation under Articles 3 through 10 of the Treaty, an investment agreement, or an investment authorization. An “investment agreement” is defined in the Treaty as a written agreement between a national authority of a Party and a covered investment or an investor of the other Party, on which the investment or the investor relies in establishing or acquiring a covered investment other than the written agreement itself that grants rights to the investment or the investor with respect to natural resources, the supply of public services, or infrastructure projects. The Treaty defines an “investment authoriza-

tion” as an authorization that the foreign investment authority of a Party grants to a covered investment or to an investor of the other Party.

Article 24 specifies that an investor of a Party may submit two types of claims: a claim on behalf of itself and a claim on behalf of an enterprise of the other Party that the investor owns or controls directly or indirectly. In both cases, the claimant must prove a breach of an obligation under Articles 3 through 10 of Section A, of an investment agreement, or of an investment authorization and that the claimant or the enterprise, as the case may be, has incurred loss or damage as a result of the breach.

Under paragraph 3 of Article 24, an investor may seek arbitration of a claim under several potential mechanisms, including the Convention on the Settlement of Investment Disputes Between States and Nationals of Other States (known as the “ICSID Convention,” after the International Centre for Settlement of Investment Disputes), the Additional Facility of ICSID, the arbitration rules of the United Nations Commission on International Trade Law (UNCITRAL), or any other mutually agreed arbitral institution or rules. The rules of the chosen arbitral mechanism will govern the arbitration except to the extent modified by the Treaty. Article 24 also establishes that a claim may not be submitted to arbitration until six months have elapsed since the events giving rise to the claim. In addition, a claimant must deliver to the respondent Party a written notice of its intent to submit the claim at least 90 days before submitting a claim to arbitration. The notice of intent must identify the provision or provisions of the Treaty or investment agreement or investment authorization alleged to have been breached and the approximate amount of damages claimed.

To ensure that a Party cannot block arbitration by withholding its consent, Article 25 expressly states that the Parties consent to the submission of a claim to arbitration and that this consent will satisfy the consent requirements of the principal conventions relating to the arbitration of investment disputes.

Article 26 establishes a statute of limitations on arbitral claims by requiring that they be submitted no more than three years after the date that a claimant first acquired, or should have acquired, knowledge of an alleged breach and knowledge that the claimant has incurred loss or damage. Article 26 also specifies that no claim may be submitted to arbitration under Section B unless the claimant or, in the event a claimant makes a claim on behalf of an enterprise that it owns or controls, the enterprise waives in writing the right to initiate or continue any proceedings relating to the disputed measure in a court or administrative tribunal of either Party or in other dispute-settlement mechanisms. This Article thus generally permits investors to pursue other legal remedies during the three-year limitations period. After arbitration is initiated under Section B of the Treaty, however, all other legal action must be discontinued (except for actions for interim injunctive relief that do not involve monetary damages and that are brought for the sole purpose of preserving a claimant’s rights during arbitration).

Article 27 provides for the establishment of three-member arbitral tribunals, with one member appointed by each disputing party and a presiding arbitrator appointed by agreement between them.

If, within 75 days of the submission of a claim to arbitration, one of the disputing parties has failed to appoint an arbitrator, or the two disputing parties have failed to agree on a presiding arbitrator, arbitrators may be named by the ICSID Secretary-General.

Conduct of Investor-State Arbitration (Articles 28–33)

Article 28 includes a number of important provisions relating to the conduct of arbitral proceedings. To ensure the enforceability of arbitral awards, Article 28 provides that, unless otherwise agreed, arbitrations must take place in a country that is a party to the United Nations Convention on the Recognition and Enforcement of Foreign Arbitral Awards, known as the “New York Convention.” The Article authorizes a Party that is not involved in a dispute to make oral or written submissions to the tribunal on questions of interpretation of the Treaty, and authorizes tribunals to accept *amicus curiae* submissions from persons or entities that are not involved in the dispute. Article 28 also includes provisions that permit a tribunal to decide as a preliminary question whether an investor has made a claim that, as a matter of law, falls within the scope of the Treaty and whether the tribunal has jurisdiction. Upon written request of the respondent Party, the Tribunal shall answer these questions on an expedited basis within 150 days or, if a hearing is requested, within 180 days of receipt of the request. Tribunals are also authorized to award costs and attorneys’ fees in connection with the submission of a frivolous claim or objection.

In addition, Article 28 authorizes tribunals to order interim measures of protection to preserve the rights of a disputing party or to ensure that the tribunal’s jurisdiction is made fully effective. Such measures may include an order to preserve evidence in the control of a disputing party. A tribunal cannot, however, order attachment of assets or enjoin a Party from applying any measure that is the subject of a dispute.

Finally, Article 28 requires a tribunal, at the request of a disputing party, to issue an interim decision or award to the disputing parties and to the non-disputing Party, after which the disputing parties will have 60 days within which they may submit to the tribunal written comments on the interim decision or award. The tribunal must issue a final decision or award no later than 45 days after the expiration of the 60-day comment period. The Parties also agreed in Article 28 that, if a separate multilateral agreement enters into force between the Parties that establishes an appellate body for purposes of reviewing awards by investor-State arbitral tribunals, the Parties will seek to reach an agreement under which that appellate body would review awards rendered under Section B of the Treaty. In Annex D, the Parties have agreed to consider within three years after the Treaty’s entry into force the possibility of establishing a bilateral appellate body or similar mechanism to review arbitral awards rendered under the Treaty.

Article 29 specifies that all substantive documents submitted to or issued by a tribunal, with the exception of certain proprietary or other confidential information, shall be made available to the public. This Article also requires that arbitral proceedings be open to the public, subject to logistical arrangements agreed to by a tribunal in consultation with the disputing parties, and sets out de-

tailed procedures for the protection from disclosure of any protected information that is submitted to a tribunal. Article 29 also provides that nothing in Section B of the Treaty requires a respondent Party to withhold from the public information required to be disclosed by its laws.

Article 30 provides that, in the case of a claim of a breach of an obligation of Section A of the Treaty, an arbitral tribunal must decide the dispute in accordance with the Treaty and applicable rules of international law. In the case of an alleged breach of an investment agreement or investment authorization, the tribunal must apply the rules of law specified in the agreement or authorization or other rules to which the disputing parties have otherwise agreed. If no rules of law have been specified or agreed to in the investment agreement or investment authorization, the tribunal is instructed to apply the domestic law of the respondent Party and applicable rules of international law. Article 30 further provides that a joint declaration by the Parties concerning the interpretation of a provision of the Treaty will be binding on a tribunal, and any decision or award issued by a tribunal must be consistent with the joint declaration. Under Article 31, a respondent Party's defense that an alleged breach falls within the scope of a reservation set forth in one of its Annexes of non-conforming measures must, at the Party's request, be referred to the Parties for their consideration. Any decision the Parties make on the issue will be binding on a tribunal. If the Parties fail to issue such a decision within 60 days, the question is referred back to the tribunal.

Article 32 permits tribunals, on their own initiative or at the request of a disputing party, to seek advice from experts on environmental, health, safety, or other scientific matters at issue in a dispute. Article 33 sets out detailed procedures for the consolidation of investor claims that have a question of law or fact in common and arise out of the same events or circumstances. The Article provides for the establishment of a special three-member tribunal to consider whether it may assume jurisdiction over, or refer to a previously constituted tribunal, all or part of one or more such claims.

Awards (Article 34)

Article 34 authorizes a tribunal, when it makes a final award against a respondent Party, to award money damages, restitution of property, or a combination of the two. Awards of restitution must offer a respondent the alternative of paying damages. No punitive damages may be awarded. In the event of an award in response to a claim submitted by an investor on behalf of an enterprise that it owns or controls, restitution of property or monetary damages must be provided to the enterprise and the award must specify that it is made without prejudice to any right that a person may have in the award under applicable domestic law. Article 34 also stipulates that a tribunal award will have no binding force except between the disputing parties and in respect of the particular case.

Article 34 also addresses the enforcement of arbitral awards. It requires disputing parties to comply with awards without delay. Enforcement proceedings may be delayed in the event that a disputing party initiates revision or annulment proceedings under the

ICSID Convention or revision, set aside, or annulment proceedings under ICSID Additional Facility Rules or UNCITRAL Arbitration Rules. If a respondent fails to comply with a final award, the non-disputing Party may ask a State-State arbitral panel to determine whether the respondent's failure to comply with the award is inconsistent with the Treaty and to recommend that the respondent comply. Such a State-State proceeding would be without prejudice to other available remedies.

SECTION C—STATE-STATE DISPUTE SETTLEMENT

Article 37 provides that any dispute between the Parties concerning the interpretation or application of the Treaty not resolved through consultations or other diplomatic channels shall be submitted on the request of either Party to binding arbitration. 1. This Treaty applies to measures adopted or maintained by a Party relating to:

- (a) investors of the other Party;
- (b) covered investments; and
- (c) with respect to Articles 8, 12, and 13, all investments in the territory of the Party.

2. A Party's obligations under Section A shall apply:

- (a) to a state enterprise or other person when it exercises any regulatory, administrative, or other governmental authority delegated to it by that Party; and
- (b) to the political subdivisions of that Party.

3. For greater certainty, this Treaty does not bind either Party in relation to any act or fact that took place or any situation that ceased to exist before the date of entry into force of this Treaty.

Article 3: National Treatment

1. Each Party shall accord to investors of the other Party treatment no less favorable than that it accords, in like circumstances, to its own investors with respect to the establishment, acquisition, expansion, management, conduct, operation, and sale or other disposition of investments in its territory.

⁸ For greater certainty, "TRIPS Agreement" includes any waiver in force between the Parties of any provision of the TRIPS Agreement granted by WTO Members in accordance with the WTO Agreement.

2. Each Party shall accord to covered investments treatment no less favorable than that it accords, in like circumstances, to investments in its territory of its own investors with respect to the establishment, acquisition, expansion, management, conduct, operation, and sale or other disposition of investments.

3. The treatment to be accorded by a Party under paragraphs 1 and 2 means, with respect to a regional level of government, treatment no less favorable than the treatment accorded, in like circumstances, by that regional level of government to natural persons resident in and enterprises constituted under the laws of other regional levels of government of the Party of which it forms a part, and to their respective investments.

Article 4: Most-Favored-Nation Treatment

1. Each Party shall accord to covered investments treatment no less favorable than that it accords, in like circumstances, to investments in its territory of investors of any non-Party with respect to the establishment, acquisition, expansion, management, conduct, operation, and sale or other disposition of investments.

Article 5: Minimum Standard of Treatment⁹

1. Each Party shall accord to covered investments treatment in accordance with customary international law, including fair and equitable treatment and full protection and security.

2. For greater certainty, paragraph 1 prescribes the customary international law minimum standard of treatment of aliens as the minimum standard of treatment to be afforded to covered investments. The concepts of "fair and equitable treatment" and "full protection and security" do not require treatment in addition to or beyond that which is required by that standard, and do not create additional substantive rights. The obligation in paragraph 1 to provide:

- (a) "fair and equitable treatment" includes the obligation not to deny justice in criminal, civil, or administrative adjudicatory proceedings in accordance with the principle of due process embodied in the principal legal systems of the world; and
- (b) "full protection and security" requires each Party to provide the level of police protection required under customary international law.

⁹ Article 5 shall be interpreted in accordance with Annex A.

3. A determination that there has been a breach of another provision of this Treaty, or of a separate international agreement, does not establish that there has been a breach of this Article.

4. Notwithstanding Article 14(5)(b), each Party shall accord to investors of the other Party, and to covered investments, non-discriminatory treatment with respect to measures it adopts or maintains relating to losses suffered by investments in its territory owing to armed conflict or civil strife.

5. Notwithstanding paragraph 4, if an investor of a Party, in the situations referred to in paragraph 4, suffers a loss in the territory of the other Party resulting from:

- (a) requisitioning of its covered investment or part thereof by the latter's forces or authorities; or
- (b) destruction of its covered investment or part thereof by the latter's forces or authorities, which was not required by the necessity of the situation,

the latter Party shall provide the investor restitution, compensation, or both, as appropriate, for such loss. Any compensation shall be prompt, adequate, and effective in accordance with Article 6(2) through (4), *mutatis mutandis*.

6. Paragraph 4 does not apply to existing measures relating to subsidies or grants that would be inconsistent with Article 3 but for Article 14(5)(b).

Article 6: Expropriation and Compensation¹⁰

1. Neither Party may expropriate or nationalize a covered investment either directly or indirectly through measures equivalent to expropriation or nationalization ("expropriation"), except:

- (a) for a public purpose;
- (b) in a non-discriminatory manner;
- (c) on payment of prompt, adequate, and effective compensation; and
- (d) in accordance with due process of law and Article 5(1) through (3).

2. The compensation referred to in paragraph 1(c) shall:

- (a) be paid without delay;
- (b) be equivalent to the fair market value of the expropriated investment immediately before the expropriation took place ("the date of expropriation");

¹⁰ Article 6 shall be interpreted in accordance with Annexes A and B.

- (c) not reflect any change in value occurring because the intended expropriation had become known earlier; and
- (d) be fully realizable and freely transferable.

3. If the fair market value is denominated in a freely usable currency, the compensation referred to in paragraph 1(c) shall be no less than the fair market value on the date of expropriation, plus interest at a commercially reasonable rate for that currency, accrued from the date of expropriation until the date of payment.

4. If the fair market value is denominated in a currency that is not freely usable, the compensation referred to in paragraph 1(c) – converted into the currency of payment at the market rate of exchange prevailing on the date of payment – shall be no less than:

- (a) the fair market value on the date of expropriation, converted into a freely usable currency at the market rate of exchange prevailing on that date, plus
- (b) interest, at a commercially reasonable rate for that freely usable currency, accrued from the date of expropriation until the date of payment.

5. This Article does not apply to the issuance of compulsory licenses granted in relation to intellectual property rights in accordance with the TRIPS Agreement, or to the revocation, limitation, or creation of intellectual property rights, to the extent that such issuance, revocation, limitation, or creation is consistent with the TRIPS Agreement.

Article 7: Transfers

1. Each Party shall permit all transfers relating to a covered investment to be made freely and without delay into and out of its territory. Such transfers include:

- (a) contributions to capital;
- (b) profits, dividends, capital gains, and proceeds from the sale of all or any part of the covered investment or from the partial or complete liquidation of the covered investment;
- (c) interest, royalty payments, management fees, and technical assistance and other fees;
- (d) payments made under a contract, including a loan agreement;
- (e) payments made pursuant to Article 5(4) and (5) and Article 6; and
- (f) payments arising out of a dispute.

2. Each Party shall permit transfers relating to a covered investment to be made in a freely usable currency at the market rate of exchange prevailing at the time of transfer.
3. Each Party shall permit returns in kind relating to a covered investment to be made as authorized or specified in a written agreement between the Party and a covered investment or an investor of the other Party.
4. Notwithstanding paragraphs 1 through 3, a Party may prevent a transfer through the equitable, non-discriminatory, and good faith application of its laws relating to:
 - (a) bankruptcy, insolvency, or the protection of the rights of creditors;
 - (b) issuing, trading, or dealing in securities, futures, options, or derivatives;
 - (c) criminal or penal offenses;
 - (d) financial reporting or record keeping of transfers when necessary to assist law enforcement or financial regulatory authorities; or
 - (e) ensuring compliance with orders or judgments in judicial or administrative proceedings.

Article 8: Performance Requirements

1. Neither Party may, in connection with the establishment, acquisition, expansion, management, conduct, operation, or sale or other disposition of an investment of an investor of a Party or of a non-Party in its territory, impose or enforce any requirement or enforce any commitment or undertaking:¹¹

- (a) to export a given level or percentage of goods or services;
- (b) to achieve a given level or percentage of domestic content;
- (c) to purchase, use, or accord a preference to goods produced in its territory, or to purchase goods from persons in its territory;
- (d) to relate in any way the volume or value of imports to the volume or value of exports or to the amount of foreign exchange inflows associated with such investment;

¹¹ For greater certainty, a condition for the receipt or continued receipt of an advantage referred to in paragraph 2 does not constitute a "commitment or undertaking" for the purposes of paragraph 1.

- (e) to restrict sales of goods or services in its territory that such investment produces or supplies by relating such sales in any way to the volume or value of its exports or foreign exchange earnings;
- (f) to transfer a particular technology, a production process, or other proprietary knowledge to a person in its territory;^{12, 13} or
- (g) to supply exclusively from the territory of the Party the goods that such investment produces or the services that it supplies to a specific regional market or to the world market.

2. Neither Party may condition the receipt or continued receipt of an advantage, in connection with the establishment, acquisition, expansion, management, conduct, operation, or sale or other disposition of an investment in its territory of an investor of a Party or of a non-Party, on compliance with any requirement:

- (a) to achieve a given level or percentage of domestic content;
 - (b) to purchase, use, or accord a preference to goods produced in its territory, or to purchase goods from persons in its territory;
 - (c) to relate in any way the volume or value of imports to the volume or value of exports or to the amount of foreign exchange inflows associated with such investment; or
 - (d) to restrict sales of goods or services in its territory that such investment produces or supplies by relating such sales in any way to the volume or value of its exports or foreign exchange earnings.
3. (a) Nothing in paragraph 2 shall be construed to prevent a Party from conditioning the receipt or continued receipt of an advantage, in connection with an investment in its territory of an investor of a Party or of a non-Party, on compliance with a requirement to locate production, supply a service, train or employ workers, construct or expand particular facilities, or carry out research and development, in its territory.

¹² For greater certainty, the enforcement of a commitment or undertaking to use a particular technology, a production process, or other proprietary knowledge is not, by itself, inconsistent with Article 8(1)(f).

¹³ For greater certainty, nothing in paragraph 1 shall be construed to prevent a Party, in connection with the establishment, acquisition, expansion, management, conduct, operation, or sale or other disposition of an investment of an investor of a Party or of a non-Party in its territory, from imposing or enforcing a requirement or enforcing a commitment or undertaking to train workers in its territory, provided that such training does not require the transfer of a particular technology, a production process, or other proprietary knowledge to a person in its territory.

- (b) Paragraph 1(f) does not apply:
 - (i) when a Party authorizes use of an intellectual property right in accordance with Article 31 of the TRIPS Agreement, or to measures requiring the disclosure of proprietary information that fall within the scope of, and are consistent with, Article 39 of the TRIPS Agreement; or
 - (ii) when the requirement is imposed or the commitment or undertaking is enforced by a court, administrative tribunal, or competition authority to remedy a practice determined after judicial or administrative process to be anticompetitive under the Party's competition laws.¹⁴
- (c) Provided that such measures are not applied in an arbitrary or unjustifiable manner, and provided that such measures do not constitute a disguised restriction on international trade or investment, paragraphs 1(b), (c), and (f), and 2(a) and (b), shall not be construed to prevent a Party from adopting or maintaining measures, including environmental measures:
 - (i) necessary to secure compliance with laws and regulations that are not inconsistent with this Treaty;
 - (ii) necessary to protect human, animal, or plant life or health; or
 - (iii) related to the conservation of living or non-living exhaustible natural resources.
- (d) Paragraphs 1(a), (b), and (c), and 2(a) and (b), do not apply to qualification requirements for goods or services with respect to export promotion and foreign aid programs.
- (e) Paragraphs 1(b), (c), (f), and (g), and 2(a) and (b), do not apply to government procurement.
- (f) Paragraphs 2(a) and (b) do not apply to requirements imposed by an importing Party relating to the content of goods necessary to qualify for preferential tariffs or preferential quotas.

4. For greater certainty, paragraphs 1 and 2 do not apply to any commitment, undertaking, or requirement other than those set out in those paragraphs.

5. This Article does not preclude enforcement of any commitment, undertaking, or requirement between private parties, where a Party did not impose or require the commitment, undertaking, or requirement.

¹⁴ The Parties recognize that a patent does not necessarily confer market power.

Article 9: Senior Management and Boards of Directors

1. Neither Party may require that an enterprise of that Party that is a covered investment appoint to senior management positions natural persons of any particular nationality.
2. A Party may require that a majority of the board of directors, or any committee thereof, of an enterprise of that Party that is a covered investment, be of a particular nationality, or resident in the territory of the Party, provided that the requirement does not materially impair the ability of the investor to exercise control over its investment.

Article 10: Publication of Laws and Decisions Respecting Investment

1. Each Party shall ensure that its:

- (a) laws, regulations, procedures, and administrative rulings of general application; and
- (b) adjudicatory decisions

respecting any matter covered by this Treaty are promptly published or otherwise made publicly available.

2. For purposes of this Article, "administrative ruling of general application" means an administrative ruling or interpretation that applies to all persons and fact situations that fall generally within its ambit and that establishes a norm of conduct but does not include:

- (a) a determination or ruling made in an administrative or quasi-judicial proceeding that applies to a particular covered investment or investor of the other Party in a specific case; or
- (b) a ruling that adjudicates with respect to a particular act or practice.

Article 11: Transparency

1. Contact Points

- (a) Each Party shall designate a contact point or points to facilitate communications between the Parties on any matter covered by this Treaty.
- (b) On the request of the other Party, the contact point(s) shall identify the office or official responsible for the matter and assist, as necessary, in facilitating communication with the requesting Party.

- (a) wherever possible, covered investments or investors of the other Party that are directly affected by a proceeding are provided reasonable notice, in accordance with domestic procedures, when a proceeding is initiated, including a description of the nature of the proceeding, a statement of the legal authority under which the proceeding is initiated, and a general description of any issues in controversy;
- (b) such persons are afforded a reasonable opportunity to present facts and arguments in support of their positions prior to any final administrative action, when time, the nature of the proceeding, and the public interest permit; and

- (c) Each Party shall ensure, subject to appeal or further review as provided in its domestic law, that such decisions shall be implemented by, and shall govern the practice of, the offices or authorities with respect to the administrative action at issue.

Article 12: Investment and Environment

1. The Parties recognize that it is inappropriate to encourage investment by weakening or reducing the protections afforded in domestic environmental laws.¹⁵ Accordingly, each Party shall strive to ensure that it does not waive or otherwise derogate from, or offer to waive or otherwise derogate from, such laws in a manner that weakens or reduces the protections afforded in those laws as an encouragement for the establishment, acquisition, expansion, or retention of an investment in its territory. If a Party considers that the other Party has offered such an encouragement, it may request consultations with the other Party and the two Parties shall consult with a view to avoiding any such encouragement.

2. Nothing in this Treaty shall be construed to prevent a Party from adopting, maintaining, or enforcing any measure otherwise consistent with this Treaty that it considers appropriate to ensure that investment activity in its territory is undertaken in a manner sensitive to environmental concerns.

2. Articles 3, 4, 8, and 9 do not apply to any measure that a Party adopts or maintains with respect to sectors, subsectors, or activities, as set out in its Schedule to Annex II.

3. Neither Party may, under any measure adopted after the date of entry into force of this Treaty and covered by its Schedule to Annex II, require an investor of the other Party, by reason of its nationality, to sell or otherwise dispose of an investment existing at the time the measure becomes effective.

4. Articles 3 and 4 do not apply to any measure covered by an exception to, or derogation from, the obligations under Article 3 or 4 of the TRIPS Agreement, as specifically provided in those Articles and in Article 5 of the TRIPS Agreement.

5. Articles 3, 4, and 9 do not apply to:

- (a) government procurement; or
- (b) subsidies or grants provided by a Party, including government-supported loans, guarantees, and insurance.

Article 15: Special Formalities and Information Requirements

1. Nothing in Article 3 shall be construed to prevent a Party from adopting or maintaining a measure that prescribes special formalities in connection with covered investments, such as a requirement that investors be residents of the Party or that covered investments be legally constituted under the laws or regulations of the Party, provided that such formalities do not materially impair the protections afforded by a Party to investors of the other Party and covered investments pursuant to this Treaty.

2. Notwithstanding Articles 3 and 4, a Party may require an investor of the other Party or its covered investment to provide information concerning that investment solely for informational or statistical purposes. The Party shall protect any confidential business information from any disclosure that would prejudice the competitive position of the investor or the covered investment. Nothing in this paragraph shall be construed to prevent a Party from otherwise obtaining or disclosing information in connection with the equitable and good faith application of its law.

Article 16: Non-Derogation

This Treaty shall not derogate from any of the following that entitle an investor of a Party or a covered investment to treatment more favorable than that accorded by this Treaty:

- (b) adopts or maintains measures with respect to the non-Party or a person of the non-Party that prohibit transactions with the enterprise or that would be violated or circumvented if the benefits of this Treaty were accorded to the enterprise or to its investments.

2. A Party may deny the benefits of this Treaty to an investor of the other Party that is an enterprise of such other Party and to investments of that investor if the enterprise has no substantial business activities in the territory of the other Party and persons of a non-Party, or of the denying Party, own or control the enterprise.

Article 18: Essential Security

Nothing in this Treaty shall be construed:

1. to require a Party to furnish or allow access to any information the disclosure of which it determines to be contrary to its essential security interests; or
2. to preclude a Party from applying measures that it considers necessary for the fulfillment of its obligations with respect to the maintenance or restoration of international peace or security, or the protection of its own essential security interests.

Article 19: Disclosure of Information

Nothing in this Treaty shall be construed to require a Party to furnish or allow access to confidential information the disclosure of which would impede law enforcement or otherwise be

contrary to the public interest, or which would prejudice the legitimate commercial interests of particular enterprises, public or private.

Article 20: Financial Services

1. Notwithstanding any other provision of this Treaty, a Party shall not be prevented from adopting or maintaining measures relating to financial services for prudential reasons, including for the protection of investors, depositors, policy holders, or persons to whom a fiduciary duty is owed by a financial services supplier, or to ensure the integrity and stability of the financial system.¹⁷ Where such measures do not conform with the provisions of this Treaty, they shall not be used as a means of avoiding the Party's commitments or obligations under this Treaty.

2. (a) Nothing in this Treaty applies to non-discriminatory measures of general application taken by any public entity in pursuit of monetary and related credit policies or exchange rate policies. This paragraph shall not affect a Party's obligations under Article 7 or 8.¹⁸

(b) For purposes of this paragraph, "public entity" means a central bank or monetary authority of a Party.

3. Where a claimant submits a claim to arbitration under Section B, and the respondent invokes paragraph 1 or 2 as a defense, the following provisions shall apply:

(a) The respondent shall, within 120 days of the date the claim is submitted to arbitration under Section B, submit in writing to the competent financial authorities¹⁹ of both Parties a request for a joint determination on the issue of whether and to what extent paragraph 1 or 2 is a valid defense to the claim. The respondent shall promptly provide the tribunal, if constituted, a copy of such request. The arbitration may proceed with respect to the claim only as provided in subparagraph (d).

¹⁷ It is understood that the term "prudential reasons" includes the maintenance of the safety, soundness, integrity, or financial responsibility of individual financial institutions, as well as the maintenance of the safety and financial and operational integrity of payment and clearing systems.

¹⁸ For greater certainty, measures of general application taken in pursuit of monetary and related credit policies or exchange rate policies do not include measures that expressly nullify or amend contractual provisions that specify the currency of denomination or the rate of exchange of currencies.

¹⁹ For purposes of this Article, "competent financial authorities" means, for the United States, the Department of the Treasury for banking and other financial services, and the Office of the United States Trade Representative, in coordination with the Department of Commerce and other agencies, for insurance; and for Rwanda, the National Bank of Rwanda for banking and other financial services, and the National Insurance Commission for insurance.

- (b) The competent financial authorities of both Parties shall make themselves available for consultations with each other and shall attempt in good faith to make a determination as described in subparagraph (a). Any such determination shall be transmitted promptly to the disputing parties and, if constituted, to the tribunal. The determination shall be binding on the tribunal.
- (c) If the competent financial authorities of both Parties, within 120 days of the date by which they have both received the respondent's written request for a joint determination under subparagraph (a), have not made a determination as described in that subparagraph, the tribunal shall decide the issue or issues left unresolved by the competent financial authorities. The provisions of Section B shall apply, except as modified by this subparagraph.
 - (i) In the appointment of all arbitrators not yet appointed to the tribunal, each disputing party shall take appropriate steps to ensure that the tribunal has expertise or experience in financial services law or practice. The expertise of particular candidates with respect to the particular sector of financial services in which the dispute arises shall be taken into account in the appointment of the presiding arbitrator.
 - (ii) If, before the respondent submits the request for a joint determination in conformance with subparagraph (a), the presiding arbitrator has been appointed pursuant to Article 27(3), such arbitrator shall be replaced on the request of either disputing party and the tribunal shall be reconstituted consistent with subparagraph (c)(i). If, within 30 days of the date the arbitration proceedings are resumed under subparagraph (d), the disputing parties have not agreed on the appointment of a new presiding arbitrator, the Secretary-General, on the request of a disputing party, shall appoint the presiding arbitrator consistent with subparagraph (c)(i).
 - (iii) The tribunal shall draw no inference regarding the application of paragraph 1 or 2 from the fact that the competent financial authorities have not made a determination as described in subparagraph (a).
 - (iv) The non-disputing Party may make oral and written submissions to the tribunal regarding the issue of whether and to what extent paragraph 1 or 2 is a valid defense to the claim. Unless it makes such a submission, the non-disputing Party shall be presumed, for purposes of the arbitration, to take a position on paragraph 1 or 2 not inconsistent with that of the respondent.
- (d) The arbitration referred to in subparagraph (a) may proceed with respect to the claim:

- (i) 10 days after the date the competent financial authorities' joint determination has been received by both the disputing parties and, if constituted, the tribunal; or
- (ii) 10 days after the expiration of the 120-day period provided to the competent financial authorities in subparagraph (c).
- (c) On the request of the respondent made within 30 days after the expiration of the 120-day period for a joint determination referred to in subparagraph (c), or, if the tribunal has not been constituted as of the expiration of the 120-day period, within 30 days after the tribunal is constituted, the tribunal shall address and decide the issue or issues left unresolved by the competent financial authorities as referred to in subparagraph (c) prior to deciding the merits of the claim for which paragraph 1 or 2 has been invoked by the respondent as a defense. Failure of the respondent to make such a request is without prejudice to the right of the respondent to invoke paragraph 1 or 2 as a defense at any appropriate phase of the arbitration.

4. Where a dispute arises under Section C and the competent financial authorities of one Party provide written notice to the competent financial authorities of the other Party that the dispute involves financial services, Section C shall apply except as modified by this paragraph and paragraph 5.

- (a) The competent financial authorities of both Parties shall make themselves available for consultations with each other regarding the dispute, and shall have 180 days from the date such notice is received to transmit a report on their consultations to the Parties. A Party may submit the dispute to arbitration under Section C only after the expiration of that 180-day period.
- (b) Either Party may make any such report available to a tribunal constituted under Section C to decide the dispute referred to in this paragraph or a similar dispute, or to a tribunal constituted under Section B to decide a claim arising out of the same events or circumstances that gave rise to the dispute under Section C.

5. Where a Party submits a dispute involving financial services to arbitration under Section C in conformance with paragraph 4, and on the request of either Party within 30 days of the date the dispute is submitted to arbitration, each Party shall, in the appointment of all arbitrators not yet appointed, take appropriate steps to ensure that the tribunal has expertise or experience in financial services law or practice. The expertise of particular candidates with respect to financial services shall be taken into account in the appointment of the presiding arbitrator.

6. Notwithstanding Article 11(2), each Party shall, to the extent practicable,

- (a) publish in advance any regulations of general application relating to financial services that it proposes to adopt;

- (b) provide interested persons and the other Party a reasonable opportunity to comment on such proposed regulations.

7. The terms "financial service" or "financial services" shall have the same meaning as in subparagraph 5(a) of the Annex on Financial Services of the GATS.

8. For greater certainty, nothing in this Treaty shall be construed to prevent the adoption or enforcement by a Party of measures relating to investors of the other Party, or covered investments, in financial institutions that are necessary to secure compliance with laws or regulations that are not inconsistent with this Treaty, including those related to the prevention of deceptive and fraudulent practices or that deal with the effects of a default on financial services contracts, subject to the requirement that such measures are not applied in a manner which would constitute a means of arbitrary or unjustifiable discrimination between countries where like conditions prevail, or a disguised restriction on investment in financial institutions.

Article 21: Taxation

1. Except as provided in this Article, nothing in Section A shall impose obligations with respect to taxation measures.

2. Subject to paragraph 5, Articles 3 and 4 shall apply to all taxation measures, other than those on income, capital gains, or on the taxable capital of corporations, taxes on estates, inheritances, gifts, and generation-skipping transfers, except that nothing in those Articles shall apply:

- (a) any most-favored-nation obligation with respect to an advantage accorded by a Party pursuant to a tax convention;
- (b) to a non-conforming provision of any existing taxation measure;
- (c) to the continuation or prompt renewal of a non-conforming provision of any existing taxation measure;
- (d) to an amendment to a non-conforming provision of any existing taxation measure to the extent that the amendment does not decrease its conformity, at the time of the amendment, with those Articles;
- (e) to the adoption or enforcement of any taxation measure aimed at ensuring the equitable or effective imposition or collection of taxes (as permitted by GATS Article XIV(d)); or
- (f) to a provision that conditions the receipt, or continued receipt, of an advantage relating to the contributions to, or income of, a pension trust, fund, or other arrangement to provide pension or similar benefits, on a requirement that the Party maintain continuous jurisdiction over such trust, fund, or other arrangement.

3. Article 6 shall apply to all taxation measures, except that a claimant that asserts that a taxation measure involves an expropriation may submit a claim to arbitration under Section B only if:

- (a) the claimant has first referred to the competent tax authorities²⁰ of both Parties in writing the issue of whether that taxation measure involves an expropriation; and
- (b) within 180 days after the date of such referral, the competent tax authorities of both Parties fail to agree that the taxation measure is not an expropriation.

4. Subject to paragraph 5, Article 8(2) through (4) shall apply to all taxation measures.

5. Nothing in this Treaty shall affect the rights and obligations of either Party under any tax convention. In the event of any inconsistency between this Treaty and any such convention, that convention shall prevail to the extent of the inconsistency. In the case of a tax convention between the Parties, the competent authorities under that convention shall have sole responsibility for determining whether any inconsistency exists between this Treaty and that convention.

Article 22: Entry into Force, Duration, and Termination

1. This Treaty shall enter into force thirty days after the date the Parties exchange instruments of ratification. It shall remain in force for a period of ten years and shall continue in force thereafter unless terminated in accordance with paragraph 2.

2. A Party may terminate this Treaty at the end of the initial ten-year period or at any time thereafter by giving one year's written notice to the other Party.

3. For ten years from the date of termination, all other Articles shall continue to apply to covered investments established or acquired prior to the date of termination, except insofar as those Articles extend to the establishment or acquisition of covered investments.

4. On the request of either Party, the Parties shall consult promptly to discuss any matters relating to the interpretation or application of this Treaty or to the realization of the objectives of this Treaty. The Parties may agree, in writing, to amend this Treaty. Any such amendment shall enter into force thirty days after the date the Parties exchange instruments of ratification, and shall remain in force so long as this Treaty remains in force.

²⁰ For the purposes of this Article, the "competent tax authorities" means:

- (a) for the United States, the Assistant Secretary of the Treasury (Tax Policy), Department of the Treasury; and
- (b) for Rwanda, the Rwanda Revenue Authority.

SECTION B

Article 23: Consultation and Negotiation

In the event of an investment dispute, the claimant and the respondent should initially seek to resolve the dispute through consultation and negotiation, which may include the use of non-binding, third-party procedures.

Article 24: Submission of a Claim to Arbitration

1. In the event that a disputing party considers that an investment dispute cannot be settled by consultation and negotiation:

- (a) the claimant, on its own behalf, may submit to arbitration under this Section a claim
 - (i) that the respondent has breached
 - (A) an obligation under Articles 3 through 10,
 - (B) an investment authorization, or
 - (C) an investment agreement;
 - and
 - (ii) that the claimant has incurred loss or damage by reason of, or arising out of, that breach; and
- (b) the claimant, on behalf of an enterprise of the respondent that is a juridical person that the claimant owns or controls directly or indirectly, may submit to arbitration under this Section a claim
 - (i) that the respondent has breached
 - (A) an obligation under Articles 3 through 10,
 - (B) an investment authorization, or
 - (C) an investment agreement;
 - and

- (ii) that the enterprise has incurred loss or damage by reason of, or arising out of, that breach,

provided that a claimant may submit pursuant to subparagraph (a)(i)(C) or (b)(i)(C) a claim for breach of an investment agreement only if the subject matter of the claim and the claimed damages directly relate to the covered investment that was established or acquired, or sought to be established or acquired, in reliance on the relevant investment agreement.

2. At least 90 days before submitting any claim to arbitration under this Section, a claimant shall deliver to the respondent a written notice of its intention to submit the claim to arbitration ("notice of intent"). The notice shall specify:

- (a) the name and address of the claimant and, where a claim is submitted on behalf of an enterprise, the name, address, and place of incorporation of the enterprise;
- (b) for each claim, the provision of this Treaty, investment authorization, or investment agreement alleged to have been breached and any other relevant provisions;
- (c) the legal and factual basis for each claim; and
- (d) the relief sought and the approximate amount of damages claimed.

3. Provided that six months have elapsed since the events giving rise to the claim, a claimant may submit a claim referred to in paragraph 1:

- (a) under the ICSID Convention and the ICSID Rules of Procedure for Arbitration Proceedings, provided that both the respondent and the non-disputing Party are parties to the ICSID Convention;
- (b) under the ICSID Additional Facility Rules, provided that either the respondent or the non-disputing Party is a party to the ICSID Convention;
- (c) under the UNCITRAL Arbitration Rules; or
- (d) if the claimant and respondent agree, to any other arbitration institution or under any other arbitration rules.

4. A claim shall be deemed submitted to arbitration under this Section when the claimant's notice of or request for arbitration ("notice of arbitration"):

- (a) referred to in paragraph 1 of Article 36 of the ICSID Convention is received by the Secretary-General;
- (b) referred to in Article 2 of Schedule C of the ICSID Additional Facility Rules is received by the Secretary-General;

- (c) referred to in Article 3 of the UNCITRAL Arbitration Rules, together with the statement of claim referred to in Article 18 of the UNCITRAL Arbitration Rules, are received by the respondent; or
- (d) referred to under any arbitral institution or arbitral rules selected under paragraph 3(d) is received by the respondent.

A claim asserted by the claimant for the first time after such notice of arbitration is submitted shall be deemed submitted to arbitration under this Section on the date of its receipt under the applicable arbitral rules.

5. The arbitration rules applicable under paragraph 3, and in effect on the date the claim or claims were submitted to arbitration under this Section, shall govern the arbitration except to the extent modified by this Treaty.

6. The claimant shall provide with the notice of arbitration:

- (a) the name of the arbitrator that the claimant appoints; or
- (b) the claimant's written consent for the Secretary-General to appoint that arbitrator.

Article 25: Consent of Each Party to Arbitration

1. Each Party consents to the submission of a claim to arbitration under this Section in accordance with this Treaty.

2. The consent under paragraph 1 and the submission of a claim to arbitration under this Section shall satisfy the requirements of:

- (a) Chapter II of the ICSID Convention (Jurisdiction of the Centre) and the ICSID Additional Facility Rules for written consent of the parties to the dispute; and
- (b) Article II of the New York Convention for an "agreement in writing."

Article 26: Conditions and Limitations on Consent of Each Party

1. No claim may be submitted to arbitration under this Section if more than three years have elapsed from the date on which the claimant first acquired, or should have first acquired, knowledge of the breach alleged under Article 24(1) and knowledge that the claimant (for claims brought under Article 24(1)(a)) or the enterprise (for claims brought under Article 24(1)(b)) has incurred loss or damage.

2. No claim may be submitted to arbitration under this Section unless:

- (a) the claimant consents in writing to arbitration in accordance with the procedures set out in this Treaty; and
- (b) the notice of arbitration is accompanied,
 - (i) for claims submitted to arbitration under Article 24(1)(a), by the claimant's written waiver, and
 - (ii) for claims submitted to arbitration under Article 24(1)(b), by the claimant's and the enterprise's written waivers

of any right to initiate or continue before any administrative tribunal or court under the law of either Party, or other dispute settlement procedures, any proceeding with respect to any measure alleged to constitute a breach referred to in Article 24.

3. Notwithstanding paragraph 2(b), the claimant (for claims brought under Article 24(1)(a)) and the claimant or the enterprise (for claims brought under Article 24(1)(b)) may initiate or continue an action that seeks interim injunctive relief and does not involve the payment of monetary damages before a judicial or administrative tribunal of the respondent, provided that the action is brought for the sole purpose of preserving the claimant's or the enterprise's rights and interests during the pendency of the arbitration.

Article 27: Selection of Arbitrators

1. Unless the disputing parties otherwise agree, the tribunal shall comprise three arbitrators, one arbitrator appointed by each of the disputing parties and the third, who shall be the presiding arbitrator, appointed by agreement of the disputing parties.

2. The Secretary-General shall serve as appointing authority for an arbitration under this Section.

3. Subject to Article 20(3), if a tribunal has not been constituted within 75 days from the date that a claim is submitted to arbitration under this Section, the Secretary-General, on the request of a disputing party, shall appoint, in his or her discretion, the arbitrator or arbitrators not yet appointed.

4. For purposes of Article 39 of the ICSID Convention and Article 7 of Schedule C to the ICSID Additional Facility Rules, and without prejudice to an objection to an arbitrator on a ground other than nationality:

- (a) the respondent agrees to the appointment of each individual member of a tribunal established under the ICSID Convention or the ICSID Additional Facility Rules;

- (b) a claimant referred to in Article 24(1)(a) may submit a claim to arbitration under this Section, or continue a claim, under the ICSID Convention or the ICSID Additional Facility Rules, only on condition that the claimant agrees in writing to the appointment of each individual member of the tribunal; and
- (c) a claimant referred to in Article 24(1)(b) may submit a claim to arbitration under this Section, or continue a claim, under the ICSID Convention or the ICSID Additional Facility Rules, only on condition that the claimant and the enterprise agree in writing to the appointment of each individual member of the tribunal.

Article 28: Conduct of the Arbitration

1. The disputing parties may agree on the legal place of any arbitration under the arbitral rules applicable under Article 24(3). If the disputing parties fail to reach agreement, the tribunal shall determine the place in accordance with the applicable arbitral rules, provided that the place shall be in the territory of a State that is a party to the New York Convention.
2. The non-disputing Party may make oral and written submissions to the tribunal regarding the interpretation of this Treaty.
3. The tribunal shall have the authority to accept and consider *amicus curiae* submissions from a person or entity that is not a disputing party.
4. Without prejudice to a tribunal's authority to address other objections as a preliminary question, a tribunal shall address and decide as a preliminary question any objection by the respondent that, as a matter of law, a claim submitted is not a claim for which an award in favor of the claimant may be made under Article 34.
 - (a) Such objection shall be submitted to the tribunal as soon as possible after the tribunal is constituted, and in no event later than the date the tribunal fixes for the respondent to submit its counter-memorial (or, in the case of an amendment to the notice of arbitration, the date the tribunal fixes for the respondent to submit its response to the amendment).
 - (b) On receipt of an objection under this paragraph, the tribunal shall suspend any proceedings on the merits, establish a schedule for considering the objection consistent with any schedule it has established for considering any other preliminary question, and issue a decision or award on the objection, stating the grounds therefor.
 - (c) In deciding an objection under this paragraph, the tribunal shall assume to be true claimant's factual allegations in support of any claim in the notice of arbitration (or any amendment thereof) and, in disputes brought under the UNCITRAL Arbitration Rules, the statement of claim referred to in Article 18 of the

UNCITRAL Arbitration Rules. The tribunal may also consider any relevant facts not in dispute.

- (d) The respondent does not waive any objection as to competence or any argument on the merits merely because the respondent did or did not raise an objection under this paragraph or make use of the expedited procedure set out in paragraph 5.

5. In the event that the respondent so requests within 45 days after the tribunal is constituted, the tribunal shall decide on an expedited basis an objection under paragraph 4 and any objection that the dispute is not within the tribunal's competence. The tribunal shall suspend any proceedings on the merits and issue a decision or award on the objection(s), stating the grounds therefor, no later than 150 days after the date of the request. However, if a disputing party requests a hearing, the tribunal may take an additional 30 days to issue the decision or award. Regardless of whether a hearing is requested, a tribunal may, on a showing of extraordinary cause, delay issuing its decision or award by an additional brief period, which may not exceed 30 days.

6. When it decides a respondent's objection under paragraph 4 or 5, the tribunal may, if warranted, award to the prevailing disputing party reasonable costs and attorney's fees incurred in submitting or opposing the objection. In determining whether such an award is warranted, the tribunal shall consider whether either the claimant's claim or the respondent's objection was frivolous, and shall provide the disputing parties a reasonable opportunity to comment.

7. A respondent may not assert as a defense, counterclaim, right of set-off, or for any other reason that the claimant has received or will receive indemnification or other compensation for all or part of the alleged damages pursuant to an insurance or guarantee contract.

8. A tribunal may order an interim measure of protection to preserve the rights of a disputing party, or to ensure that the tribunal's jurisdiction is made fully effective, including an order to preserve evidence in the possession or control of a disputing party or to protect the tribunal's jurisdiction. A tribunal may not order attachment or enjoin the application of a measure alleged to constitute a breach referred to in Article 24. For purposes of this paragraph, an order includes a recommendation.

- 9. (a) In any arbitration conducted under this Section, at the request of a disputing party, a tribunal shall, before issuing a decision or award on liability, transmit its proposed decision or award to the disputing parties and to the non-disputing Party. Within 60 days after the tribunal transmits its proposed decision or award, the disputing parties may submit written comments to the tribunal concerning any aspect of its proposed decision or award. The tribunal shall consider any such comments and issue its decision or award not later than 45 days after the expiration of the 60-day comment period.
- (b) Subparagraph (a) shall not apply in any arbitration conducted pursuant to this Section for which an appeal has been made available pursuant to paragraph 10 or Annex D.

10. If a separate, multilateral agreement enters into force between the Parties that establishes an appellate body for purposes of reviewing awards rendered by tribunals constituted pursuant to international trade or investment arrangements to hear investment disputes, the Parties shall strive to reach an agreement that would have such appellate body review awards rendered under Article 34 in arbitrations commenced after the multilateral agreement enters into force between the Parties.

Article 29: Transparency of Arbitral Proceedings

1. Subject to paragraphs 2 and 4, the respondent shall, after receiving the following documents, promptly transmit them to the non-disputing Party and make them available to the public:

- (a) the notice of intent;
- (b) the notice of arbitration;
- (c) pleadings, memorials, and briefs submitted to the tribunal by a disputing party and any written submissions submitted pursuant to Article 28(2) and (3) and Article 33;
- (d) minutes or transcripts of hearings of the tribunal, where available; and
- (e) orders, awards, and decisions of the tribunal.

2. The tribunal shall conduct hearings open to the public and shall determine, in consultation with the disputing parties, the appropriate logistical arrangements. However, any disputing party that intends to use information designated as protected information in a hearing shall so advise the tribunal. The tribunal shall make appropriate arrangements to protect the information from disclosure.

3. Nothing in this Section requires a respondent to disclose protected information or to furnish or allow access to information that it may withhold in accordance with Article 18 or Article 19.

4. Any protected information that is submitted to the tribunal shall be protected from disclosure in accordance with the following procedures:

- (a) Subject to subparagraph (d), neither the disputing parties nor the tribunal shall disclose to the non-disputing Party or to the public any protected information where the disputing party that provided the information clearly designates it in accordance with subparagraph (b);
- (b) Any disputing party claiming that certain information constitutes protected information shall clearly designate the information at the time it is submitted to the tribunal;

- (c) A disputing party shall, at the time it submits a document containing information claimed to be protected information, submit a redacted version of the document that does not contain the information. Only the redacted version shall be provided to the non-disputing Party and made public in accordance with paragraph 1; and
- (d) The tribunal shall decide any objection regarding the designation of information claimed to be protected information. If the tribunal determines that such information was not properly designated, the disputing party that submitted the information may (i) withdraw all or part of its submission containing such information, or (ii) agree to resubmit complete and redacted documents with corrected designations in accordance with the tribunal's determination and subparagraph (c). In either case, the other disputing party shall, whenever necessary, resubmit complete and redacted documents which either remove the information withdrawn under (i) by the disputing party that first submitted the information or redesignate the information consistent with the designation under (ii) of the disputing party that first submitted the information.

5. Nothing in this Section requires a respondent to withhold from the public information required to be disclosed by its laws.

Article 30: Governing Law

1. Subject to paragraph 3, when a claim is submitted under Article 24(1)(a)(i)(A) or Article 24(1)(b)(i)(A), the tribunal shall decide the issues in dispute in accordance with this Treaty and applicable rules of international law.

2. Subject to paragraph 3 and the other terms of this Section, when a claim is submitted under Article 24(1)(a)(i)(B) or (C), or Article 24(1)(b)(i)(B) or (C), the tribunal shall apply:

- (a) the rules of law specified in the pertinent investment authorization or investment agreement, or as the disputing parties may otherwise agree; or
- (b) if the rules of law have not been specified or otherwise agreed:
 - (i) the law of the respondent, including its rules on the conflict of laws;²¹ and
 - (ii) such rules of international law as may be applicable.

3. A joint decision of the Parties, each acting through its representative designated for purposes of this Article, declaring their interpretation of a provision of this Treaty shall be binding on a

²¹ The "law of the respondent" means the law that a domestic court or tribunal of proper jurisdiction would apply in the same case.

tribunal, and any decision or award issued by a tribunal must be consistent with that joint decision.

Article 31: Interpretation of Annexes

1. Where a respondent asserts as a defense that the measure alleged to be a breach is within the scope of an entry set out in Annex I, II, or III, the tribunal shall, on request of the respondent, request the interpretation of the Parties on the issue. The Parties shall submit in writing any joint decision declaring their interpretation to the tribunal within 60 days of delivery of the request.
2. A joint decision issued under paragraph 1 by the Parties, each acting through its representative designated for purposes of this Article, shall be binding on the tribunal, and any decision or award issued by the tribunal must be consistent with that joint decision. If the Parties fail to issue such a decision within 60 days, the tribunal shall decide the issue.

Article 32: Expert Reports

Without prejudice to the appointment of other kinds of experts where authorized by the applicable arbitration rules, a tribunal, at the request of a disputing party or, unless the disputing parties disapprove, on its own initiative, may appoint one or more experts to report to it in writing on any factual issue concerning environmental, health, safety, or other scientific matters raised by a disputing party in a proceeding, subject to such terms and conditions as the disputing parties may agree.

Article 33: Consolidation

1. Where two or more claims have been submitted separately to arbitration under Article 24(1) and the claims have a question of law or fact in common and arise out of the same events or circumstances, any disputing party may seek a consolidation order in accordance with the agreement of all the disputing parties sought to be covered by the order or the terms of paragraphs 2 through 10.
2. A disputing party that seeks a consolidation order under this Article shall deliver, in writing, a request to the Secretary-General and to all the disputing parties sought to be covered by the order and shall specify in the request:
 - (a) the names and addresses of all the disputing parties sought to be covered by the order;
 - (b) the nature of the order sought; and
 - (c) the grounds on which the order is sought.

3. Unless the Secretary-General finds within 30 days after receiving a request under paragraph 2 that the request is manifestly unfounded, a tribunal shall be established under this Article.

4. Unless all the disputing parties sought to be covered by the order otherwise agree, a tribunal established under this Article shall comprise three arbitrators:

- (a) one arbitrator appointed by agreement of the claimants;
- (b) one arbitrator appointed by the respondent; and
- (c) the presiding arbitrator appointed by the Secretary-General, provided, however, that the presiding arbitrator shall not be a national of either Party.

5. If, within 60 days after the Secretary-General receives a request made under paragraph 2, the respondent fails or the claimants fail to appoint an arbitrator in accordance with paragraph 4, the Secretary-General, on the request of any disputing party sought to be covered by the order, shall appoint the arbitrator or arbitrators not yet appointed. If the respondent fails to appoint an arbitrator, the Secretary-General shall appoint a national of the disputing Party, and if the claimants fail to appoint an arbitrator, the Secretary-General shall appoint a national of the non-disputing Party.

6. Where a tribunal established under this Article is satisfied that two or more claims that have been submitted to arbitration under Article 24(1) have a question of law or fact in common, and arise out of the same events or circumstances, the tribunal may, in the interest of fair and efficient resolution of the claims, and after hearing the disputing parties, by order:

- (a) assume jurisdiction over, and hear and determine together, all or part of the claims;
- (b) assume jurisdiction over, and hear and determine one or more of the claims, the determination of which it believes would assist in the resolution of the others; or
- (c) instruct a tribunal previously established under Article 27 to assume jurisdiction over, and hear and determine together, all or part of the claims, provided that
 - (i) that tribunal, at the request of any claimant not previously a disputing party before that tribunal, shall be reconstituted with its original members, except that the arbitrator for the claimants shall be appointed pursuant to paragraphs 4(a) and 5; and
 - (ii) that tribunal shall decide whether any prior hearing shall be repeated.

7. Where a tribunal has been established under this Article, a claimant that has submitted a claim to arbitration under Article 24(1) and that has not been named in a request made under paragraph 2 may make a written request to the tribunal that it be included in any order made under paragraph 6, and shall specify in the request:

- (a) the name and address of the claimant;
- (b) the nature of the order sought; and
- (c) the grounds on which the order is sought.

The claimant shall deliver a copy of its request to the Secretary-General.

THE UNITED STATES OF AMERICA:

FOR THE GOVERNMENT OF
THE REPUBLIC OF RWANDA:

Annex A

Customary International Law

The Parties confirm their shared understanding that "customary international law" generally and as specifically referenced in Article 5 and Annex B results from a general and consistent practice of States that they follow from a sense of legal obligation. With regard to Article 5, the customary international law minimum standard of treatment of aliens refers to all customary international law principles that protect the economic rights and interests of aliens.

Annex B

Expropriation

The Parties confirm their shared understanding that:

1. Article 6(1) is intended to reflect customary international law concerning the obligation of States with respect to expropriation.
2. An action or a series of actions by a Party cannot constitute an expropriation unless it interferes with a tangible or intangible property right or property interest in an investment.
3. Article 6(1) addresses two situations. The first is direct expropriation, where an investment is nationalized or otherwise directly expropriated through formal transfer of title or outright seizure.
4. The second situation addressed by Article 6(1) is indirect expropriation, where an action or series of actions by a Party has an effect equivalent to direct expropriation without formal transfer of title or outright seizure.
 - (a) The determination of whether an action or series of actions by a Party, in a specific fact situation, constitutes an indirect expropriation, requires a case-by-case, fact-based inquiry that considers, among other factors:
 - (i) the economic impact of the government action, although the fact that an action or series of actions by a Party has an adverse effect on the economic value of an investment, standing alone, does not establish that an indirect expropriation has occurred;
 - (ii) the extent to which the government action interferes with distinct, reasonable investment-backed expectations; and
 - (iii) the character of the government action.
 - (b) Except in rare circumstances, non-discriminatory regulatory actions by a Party that are designed and applied to protect legitimate public welfare objectives, such as public health, safety, and the environment, do not constitute indirect expropriations.

Annex III
Schedule of the United States

Headnotes

1. Commitments in these subsectors under the Treaty are undertaken subject to the limitations and conditions set forth in these headnotes and in the Schedule below.
2. National treatment commitments in these subsectors are subject to the following limitations:
 - (a) National treatment with respect to banking will be provided based upon the foreign bank's "home state" in the United States, as that term is defined under the *International Banking Act*, where that Act is applicable. A domestic bank subsidiary of a foreign firm will have its own "home state," and national treatment will be provided based upon the subsidiary's home state, as determined under applicable law.¹
 - (b) National treatment with respect to insurance financial institutions will be provided according to a non-U.S. insurance financial institution's state of domicile, where applicable, in the United States. State of domicile is defined by individual states, and is generally the state in which an insurer either is incorporated, is organized, or maintains its principal office in the United States.

¹ Foreign banking organizations are generally subject to geographic and other limitations in the United States on a national treatment basis. Where such limitations do not conform to national treatment, they have been listed as non-conforming measures. For purposes of illustration, under this approach, the following situation does not accord national treatment and would therefore be listed as a non-conforming measure: a foreign bank from a particular home state is accorded less favorable treatment than that accorded to a domestic bank from that state with respect to expansion by branching.
