By Mr. LEAHY (for himself, Mrs. CLINTON, Mr. SHELBY, Ms. MILKULSKI, and Ms. LANDRIEU):

S. 2511. A bill to amend the grant program for law enforcement armor vests to provide for a waiver of or reduction in the matching funds requirements in the case of fiscal hardship; to the Committee on the Judiciary.

Mr. LEAHY. Mr. President, I am pleased to introduce a bill that will help will build upon our efforts to improve the Bulletproof Vest Partnership Grant Act, which has had so much success in protecting the lives of law enforcement officers across the country. The bill introduced today provides a need-based waiver of matching requirements that will aid State and local law enforcement agencies in financial hardship purchase body armor for their officers. I thank Senators CLINTON, MILKULSKI, SHELBY, and LANDRIEU for joining me to introduce this bill to give our law enforcement officers the protection they need.

I was proud to work with Senator Ben Nighthorse Campbell to author the Bulletproof Vest Partnership Grant Act of 1998, which responded to the tragic Carl Drega shootout in 1997 on the Vermont-New Hampshire border when two state troopers who did not have bulletproof vests were killed. The Federal officers who responded to the scenes of the shooting spree were equipped with life-saving body armor, but the State and local law enforcement officers lacked protective vests because of the cost. Since its inception in 1999, I have worked to reauthorize this program three times, most recently in the 2005 Violence Against Women and Department of Justice Reauthorization bill.

Since 1999, the BVP program has provided \$173 million to purchase an estimated 500,000 vests in more than 11,500 jurisdictions nationwide. Vermont has received more than \$600,000 in bulletproof vest funding under this program, which has been used to purchase 2700 vests statewide.

I want to thank Senators MIKULSKI and SHELBY for continuing to recognize this program as a priority. As Chair and Ranking Member of the Appropriations Subcommittee that finalizes Jus-

tice Department spending priorities, they saw fit to include more than \$25 million for the Bulletproof Vest Program in the fiscal year 2008 Consolidated Omnibus Appropriations bill.

Bulletproof vests remain one of the foremost defenses for our uniformed officers, but law enforcement agencies nationwide are struggling over how to find the funds necessary to replace either aged vests, which have a life expectancy of roughly 5 years, or purchase new vests for newly hired officers. We want to ensure that our law enforcement officers are outfitted with vests that will actually stop bullets and save lives. Vests cost between \$500 and \$1,000 each, depending on the style. Officers are being forced to dip into their own pockets to pay for new vests due to local and State agency budget shortfalls, and will continue to do so unless the Federal Government offers more help.

The bill we introduce today will give discretion to the Director of the Bureau of Justice Assistance within the Justice Department to grant waivers or reductions in the match requirements for bulletproof vests awards to State and local law enforcement agencies that can demonstrate fiscal hardship. Our local law enforcement agencies are constantly responding to new challenges, from fighting a recent rise in violent crime to responding to threats of terrorism, and many localities lack the resources to effectively combat these challenges. Waiving the match requirement for life-saving body armor should be available for police agencies like those in New Orleans, on the Gulf Coast, or in other areas that experience disasters or other circumstances that create fiscal hardships.

A tragic event in Tennessee in 2005 highlights the need for this legislation. Wayne “Cotton” Morgan, a Tennessee correctional officer was gunned down on August 9, 2005, outside the Kingston Court House by the wife of an inmate being escorted by Officer Morgan. He was killed, and the prisoner and his wife escaped. Officer Morgan was not wearing a bulletproof vest, although he repeatedly requested one from the warden at Brushy Mountain Prison. The Tennessee Department of Corrections Administrative Policies and Procedures memorandum required that fitted vests be provided to individuals assigned to transportation duties. Despite this requirement and Officer Morgan’s repeated requests, he was not issued a vest due to lack of funding. This legislation will help ensure that no officer is left without a bulletproof vest for lack of resources in his or her department.

Our law enforcement officers deserve the fundamental protection that bulletproof vests can provide. Few things mean more to me than when I meet Vermont police officers and they tell me that the protective vests they wear were made possible because of the Bulletproof Vests Partnership Program.

This is the least we should do for the officers on the front lines who put themselves in danger for us every day. I want to make sure that every police officer who needs a bulletproof vest gets one.

I look forward to working with the Senate to pass this bipartisan bill to better to protect our law enforcement officers.

There being no objection, the text of the bill was ordered to be printed in the RECORD, as follows:

S. 2511

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. MATCHING GRANT PROGRAM FOR LAW ENFORCEMENT ARMOR VESTS.

Section 2501(f) of part Y of title I of the Omnibus Crime Control and Safe Streets Act of 1968 (42 U.S.C. 379611(f)) is amended by inserting at the end the following:

“(3) WAIVER.—The Director may waive, in whole or in part, the requirement of paragraph (1) in the case of fiscal hardship, as determined by the Director.”.
