

American people; yet we have allowed this act to expire. A bipartisan bill has passed in the Senate; yet we in the House are denied democracy and the opportunity to have the people vote for this important legislation that will protect Americans.

I applied for FISA warrants in the Justice Department. This statute was never intended to apply to foreign terrorists in foreign countries. In fact, what we are doing is extending constitutional protections to foreign terrorists like Osama bin Laden. This turns the statute on its head; yet we have a majority leader who says there's no urgency. The chairman of Intelligence says we'll be just fine. It reminds me of an FBI agent who warned before 9/11, frustrated about the intelligence gap, "Someday someone will die. The public will not understand why we were not more effective at throwing every resource we had at certain problems, especially since the biggest threat to us now is Osama bin Laden and he is getting the most protection."

I urge this Congress, this House, and the Democratic leadership to pass the Senate bipartisan bill and make the Protect America Act permanent.

FISA

(Mr. GOHMERT asked and was given permission to address the House for 1 minute.)

Mr. GOHMERT. Mr. Speaker, FISA is a major issue. Great nations in history have failed and been defeated by becoming soft from within. I see dangers of doing that here.

I know that my colleagues across the aisle, the 170 or so who did not support FISA being passed into law last August, are very compassionate people. I've seen the hurt in your eyes. I've seen how it troubles your soul when you see people hurting and killed and maimed. What we're asking here is to do the intelligence and allow the intelligence community to protect us so we don't have to experience the horror of seeing Americans killed and maimed.

We're losing valuable intelligence every day that we do not pass this important, valuable bill. The proposal was made, let's just keep extending it a week at a time. You cannot do extensive intelligence on a week-to-week basis. We cannot put our country at risk. This House has other things planned today other than this critical issue that could be a nation-saving measure.

MOTION TO ADJOURN

Mr. GOHMERT. Mr. Speaker, I move that the House do now adjourn.

The SPEAKER pro tempore (Mr. CAPUANO). The question is on the motion to adjourn.

The question was taken; and the Speaker pro tempore announced that the noes appeared to have it.

Mr. GOHMERT. Mr. Speaker, I object to the vote on the ground that a

quorum is not present and make the point of order that a quorum is not present.

The SPEAKER pro tempore. Evidently a quorum is not present.

The Sergeant at Arms will notify absent Members.

The vote was taken by electronic device, and there were—yeas 20, nays 364, not voting 44, as follows:
