

111TH CONGRESS
1ST SESSION

H. R. 1485

To amend title 46, United States Code, to establish requirements to ensure the security and safety of passengers and crew on cruise vessels, and for other purposes.

IN THE HOUSE OF REPRESENTATIVES

MARCH 12, 2009

Ms. MATSUI (for herself, Mr. LEWIS of Georgia, Mrs. MALONEY, Mr. POE of Texas, and Mr. DOGGETT) introduced the following bill; which was referred to the Committee on Transportation and Infrastructure

A BILL

To amend title 46, United States Code, to establish requirements to ensure the security and safety of passengers and crew on cruise vessels, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE; TABLE OF CONTENTS.**

4 (a) **SHORT TITLE.**—This Act may be cited as the
5 “Cruise Vessel Security and Safety Act of 2009”.

6 (b) **TABLE OF CONTENTS.**—The table of contents for
7 this Act is as follows:

Sec. 1. Short title; table of contents.

Sec. 2. Findings.

Sec. 3. Cruise vessel security and safety requirements.

Sec. 4. Detailing Coast Guard personnel to enforce cruise ship requirements.

Sec. 5. Study and report on the security needs of passenger vessels.

Sec. 6. Amendment of the Death on the High Seas Act.

1 **SEC. 2. FINDINGS.**

2 The Congress makes the following findings:

3 (1) There are approximately 200 overnight
4 ocean-going cruise vessels worldwide. The average
5 ocean-going cruise vessel carries 2,000 passengers
6 with a crew of 950 people.

7 (2) In 2007 alone, approximately 12,000,000
8 passengers were projected to take a cruise world-
9 wide.

10 (3) Even with these high passenger numbers,
11 few vacationing passengers on cruise vessels fully ap-
12 preciate their potential vulnerability to crime while
13 on an ocean voyage, and those who are victimized
14 often do not know their legal rights or whom to con-
15 tact for help in the immediate aftermath of the
16 crime.

17 (4) On numerous occasions, sexual violence, the
18 disappearance of passengers from vessels on the
19 high seas, and other serious crimes have occurred
20 during luxury cruises.

21 (5) Over the last five years, sexual assault and
22 physical assaults on cruise vessels were the leading
23 crimes reported to and investigated by the Federal

1 Bureau of Investigation with regard to cruise vessel
2 incidents.

3 (6) These crimes at sea can involve attacks
4 both by passengers and crewmembers on other pas-
5 sengers and crewmembers.

6 (7) There are no Federal statutes or regula-
7 tions that explicitly require cruise lines to report al-
8 leged crimes to United States Government officials,
9 unless such crimes occur within the territorial wa-
10 ters of the United States.

11 (8) It is not known precisely how often crimes
12 occur on cruise vessels or exactly how many people
13 have disappeared during ocean voyages because
14 cruise line companies do not make comprehensive,
15 crime-related data readily available to the public.

16 (9) Obtaining reliable crime-related cruise data
17 from governmental sources can be difficult, because
18 multiple countries may be involved when a crime oc-
19 curs on the high seas, including the flag country for
20 the vessel, the country of citizenship of particular
21 passengers, and any countries having special or mar-
22 itime jurisdiction.

23 (10) Due to the absence of law enforcement of-
24 ficials on ocean voyages, it can be difficult or impos-
25 sible for professional criminal investigators to imme-

1 diately secure an alleged crime scene on a cruise ves-
2 sel, recover evidence of an onboard offense, and
3 identify or interview potential witnesses to the al-
4 leged crime.

5 (11) Most cruise vessels that operate into and
6 out of United States ports are registered under the
7 laws of another country, and investigations and
8 prosecutions of crimes against passengers and crew-
9 members may involve the laws and authorities of
10 multiple nations.

11 (12) The Department of Homeland Security
12 has found it necessary to establish 500-yard security
13 zones around vessels to limit the risk of terrorist at-
14 tack, but no viable means of communicating and en-
15 forcing the security zones has been established. Re-
16 cently piracy has dramatically increased throughout
17 the world and vessels have limited if any means of
18 protection against piracy and terrorism while on the
19 high seas.

20 (13) To enhance safety of cruise passengers,
21 the owner of these cruise vessels could upgrade,
22 modernize, and retrofit the safety and security infra-
23 structure on such vessels by installing peep holes in
24 passenger room doors, installing security video cam-
25 eras in targeted areas, limiting access to passenger

1 rooms to select staff during specific times, installing
2 acoustic hailing and warning devices capable of com-
3 municating and enforcing the 500-yard security
4 zone.

5 **SEC. 3. CRUISE VESSEL SECURITY AND SAFETY REQUIRE-**
6 **MENTS.**

7 (a) IN GENERAL.—Chapter 35 of title 46, United
8 States Code, is amended by adding at the end the fol-
9 lowing:
