1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. FINDINGS.**

4 The Congress finds that—

5 (1) Dr. Muhammad Yunus is recognized in the
6 United States and throughout the world as a leading
7 figure in the fight against poverty and the effort to
8 promote economic and social change;

1 (2) Muhammad Yunus is the recognized devel-
2 oper of the concept of microcredit, and Grameen
3 Bank, which he founded, has created a model of
4 lending that has been emulated across the globe;

5 (3) Muhammad Yunus launched this global
6 movement to create economic and social development
7 from below, beginning in 1976, with a loan of \$27
8 from his own pocket to 42 crafts persons in a small
9 village in Bangladesh;

10 (4) Muhammad Yunus has demonstrated the
11 life-changing potential of extending very small loans
12 (at competitive interest rates) to the very poor and
13 the economic feasibility of microcredit and other
14 microfinance and microenterprise practices and serv-
15 ices;

16 (5) Dr. Yunus's work has had a particularly
17 strong impact on improving the economic prospects
18 of women, and on their families, as over 95 percent
19 of microcredit borrowers are women;

20 (6) Dr. Yunus has pioneered a movement with
21 the potential to assist a significant number of the
22 more than 1,400,000,000 people, mostly women and
23 children, who live on less than \$1.25 a day, and the
24 2,600,000,000 people who live on less than \$2 a

1 day, and which has already reached 155,000,000, by
2 one estimate;

3 (7) there are now an estimated 24,000,000
4 microenterprises in the United States accounting for
5 approximately 18 percent of private (nonfarm) em-
6 ployment and 87 percent of all business in the
7 United States, and the Small Business Administra-
8 tion has made over \$318,000,000 in microloans to
9 entrepreneurs since 1992;

10 (8) Dr. Yunus, along with the Grameen Bank,
11 was awarded the Nobel Peace Prize in 2006 for his
12 efforts to promote economic and social opportunity
13 and out of recognition that lasting peace cannot be
14 achieved unless large population groups find the
15 means, such as microcredit, to break out of poverty;
16 and

17 (9) the microcredit ideas developed and put into
18 practice by Muhammad Yunus, along with other
19 bold initiatives, can make a historical breakthrough
20 in the fight against poverty.
