H. R. 2838

To authorize the Secretary of the Interior to enter into a long-term ground lease for the operation and maintenance of Rock Creek, Langston, and East Potomac as golf courses, and for other purposes.

IN THE HOUSE OF REPRESENTATIVES

JUNE 11, 2009

Ms. NORTON (for herself and Mr. CLAY) introduced the following bill; which was referred to the Committee on Natural Resources

A BILL

To authorize the Secretary of the Interior to enter into a long-term ground lease for the operation and maintenance of Rock Creek, Langston, and East Potomac as golf courses, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. GOLF COURSE PRESERVATION AND MOD-**
4 **ERNIZATION.**

5 (a) FINDINGS.—Congress finds the following:

6 (1) Langston Golf Course, Rock Creek Golf
7 Course, and East Potomac Golf Course are owned
8 by the United States and are under the administra-

1 tive jurisdiction of the National Park Service, and
2 each golf course has a long history of service to the
3 general public as an integral part of the Nation's
4 capital, including services to local and regional resi-
5 dents, visitors, and tourists.

6 (2) Golf courses differ considerably from other
7 lands administered by the National Park Service be-
8 cause they require a significant and continuing in-
9 vestment that cannot be required of a conces-
10 sionaire.

11 (3) East Potomac Golf Course opened in 1920
12 with three courses to accommodate all levels of play,
13 including an 18-hole tournament-level course and
14 two 9-hole practice courses, and was initially seg-
15 regated, with African-Americans allowed to play on
16 Mondays.

17 (4) Rock Creek Golf Course opened in 1923 as
18 a 9-hole course, and in 1925 the course was com-
19 pleted as an 18-hole tournament-level course. This
20 course was located in Rock Creek Park, a major
21 recreation and picnic facility for residents.

22 (5) Langston Golf Course opened in 1939 as a
23 golf facility for African-Americans and has been the
24 home course of both the Royal Golf Club and the
25 Wake Robin Golf Club, the Nation's first golf clubs

1 for African-American men and women, respectively.
2 The golf course was named for John Mercer
3 Langston, the first African-American Congressman
4 from Virginia, elected in 1888.

5 (6) Each of the three courses contains valuable
6 historic components that must be maintained.

7 (7) Langston Golf Course is listed on the Na-
8 tional Register of Historic Places.

9 (8) Langston Golf Course is believed to be the
10 first regulation course built in the United States al-
11 most entirely on a refuse landfill.

12 (9) The first American-born golf professional of
13 African-American ancestry was John Shippen, who
14 was born in 1879 in the Anacostia area of Wash-
15 ington, DC, placed fifth in the second United States
16 Open golf tournament in 1896 at 16 years of age,
17 and helped found the Capitol City Golf Club in
18 1925.

19 (10) The Capitol City Open golf tournament
20 has made Langston Golf Course its home for the
21 past 40 years.

22 (11) The Capitol City Golf Club, renamed the
23 Royal Golf Club and Wake Robin Women's Club,
24 has historically promoted a safe golf facility for Afri-
25 can-Americans in Washington, DC, during an era of

1 few available facilities, and these two clubs remain
2 the oldest African-American golf clubs in the United
3 States.

4 (12) The Langston facility provides important
5 recreational outlets, instructional forums, and a
6 “safe haven center” for the enhancement of the lives
7 of inner city youth and other residents in Wash-
8 ington, DC.

9 (13) The Langston, Rock Creek, and East Po-
10 tomac golf courses provide a home for the Nation’s
11 important minority youth “First Tee” golf instruc-
12 tion and recreational program in Washington, DC.

13 (14) The Langston, Rock Creek, and East Po-
14 tomac golf courses have traditionally provided addi-
15 tional quality of life value to Washington, DC, and
16 regional residents and visitors and the golf courses
17 will reach their considerable potential once upgraded
18 to meet their athletic and historical promise.
