A BILL

To exclude from consumer credit reports medical debt that has been in collection and has been fully paid or settled, and for other purposes.

- 1 Be it enacted by the Senate and House of Representa-
- 2 tives of the United States of America in Congress assembled,
- 3 SECTION 1. SHORT TITLE.
- 4 This Act may be cited as the "Medical Debt Relief
- 5 Act of 2009".
- 6 SEC. 2. FINDINGS AND PURPOSE.
- 7 (a) FINDINGS.—The Congress finds the following:

- 1 (1) Medical debt is unique because, unlike con-2 sumer debt, Americans don't get to choose when ac-3 cidents happen or when their genetic traits will catch 4 up to their health profile.
 - (2) Medical debt collection issues affect both insured and uninsured consumers.
 - (3) According to credit evaluators, medical debt collections are more likely to be in dispute, inconsistently reported, and of questionable value in predicting future payment performance because it is atypical and nonpredictive.
 - (4) Nevertheless, medical debt that has been completely paid off or settled can significantly damage a consumer's credit score for years.
 - (5) As a result, consumers can be denied credit or pay higher interest rates when buying a home or obtaining a credit card.
 - (6) Healthcare providers are increasingly turning to outside collection agencies to help secure payment from patients and this comes at the expense of the consumer because medical debts are not typically reported unless they become assigned to collections.
 - (7) In fact, medical bills account for more than half of all non-credit related collection actions reported to consumer credit reporting agencies.

- 1 (8) The issue of medical debt affects millions. 2 (9) According to the Commonwealth Fund, 3 medical bill problems or accrued medical debt affects roughly 72,000,000 working-age adults in American. (10) For 2007, 28,000,000 working-age Amer-6 ican adults were contacted by a collection agency for 7 unpaid medical bills. 8 (b) Purpose.—It is the purpose of this Act to exclude from consumer credit reports medical debt that had 10 been characterized as debt in collection for credit reporting purposes and has been fully paid or settled. SEC. 3. AMENDMENTS TO FAIR CREDIT REPORTING ACT. 13 (a) Medical Debt Defined.—Section 603 of the Fair Credit Reporting Act (15 U.S.C. 1681a) is amended 14 15 by adding at the end the following new paragraph: "(y) Medical Debt.—The term 'medical debt' 16 means a debt described in section 604(g)(1)(C)." 18 (b) Exclusion for Paid or Settled Medical Debt.—Section 605(a) of the Fair Credit Reporting Act 19 20 (15 U.S.C. 1681c(a)) is amended by adding at the end
- 22 "(7) Any information related to a fully paid or 23 settled medical debt that had been characterized as 24 debt in collection for credit reporting purposes,

the following new paragraph:

21

- 1 which, from the date of payment or settlement, ante-
- 2 dates the report by more than 30 calendar days.".
