13 system in whole or in part beyond the local  
14 service area of the primary transmitter of  
15 such programming; and

16 “(ii) is computed by assigning a value  
17 of one to each primary stream and to each  
18 multicast stream (other than a simulcast)  
19 that is an independent station, and by as-  
20 signing a value of one-quarter to each pri-  
21 mary stream and to each multicast stream  
22 (other than a simulcast) that is a network  
23 station or a noncommercial educational  
24 station.

18                  carry additional programs not transmitted  
19                  by primary transmitters within whose local  
20                  service area the cable system is located, no  
21                  value shall be assigned for the substituted  
22                  or additional program.

2 channel capacity to retransmit on a full-  
3 time basis all signals that it is authorized  
4 to carry, the values for independent, net-  
5 work, and noncommercial educational sta-  
6 tions set forth in subparagraph (A), as the  
7 case may be, shall be multiplied by a frac-  
8 tion that is equal to the ratio of the broad-

3 Section 119 is amended by adding at the end the fol-  
4 lowing new subsection:

5 “(g) CERTAIN WAIVERS GRANTED TO PROVIDERS OF  
6 LOCAL-INTO-LOCAL SERVICE TO ALL DMAS.—

7 “(1) INJUNCTION WAIVER.—A court that issued  
8 an injunction pursuant to subsection (a)(7)(B) be-  
9 fore the date of the enactment of this subsection  
10 shall waive such injunction if the court recognizes  
11 the entity against which the injunction was issued as  
12 a qualified carrier.

13 “(2) LIMITED TEMPORARY WAIVER.—

14 “(A) IN GENERAL.—Upon a request made  
15 by a satellite carrier, a court that issued an in-  
16 junction against such carrier under subsection  
17 (a)(7)(B) before the date of the enactment of  
18 this subsection shall waive such injunction with  
19 respect to the statutory license provided under  
20 subsection (a)(2) to the extent necessary to  
21 allow such carrier to make secondary trans-  
22 missions of primary transmissions made by a  
23 network station to unserved households located  
24 in short markets in which such carrier was not  
25 providing local service pursuant to the license  
26 under section 122 as of December 31, 2009.

1           “(B) EXPIRATION OF TEMPORARY WAIV-  
2 ER.—A temporary waiver of an injunction  
3 under subparagraph (A) shall expire after the

7 temporary waiver.

8           “(C) FAILURE TO PROVIDE LOCAL-INTO-  
9 LOCAL SERVICE TO ALL DMAS.—

10           “(i) FAILURE TO ACT REASONABLY  
11 AND IN GOOD FAITH.—If the court issuing  
12 a temporary waiver under subparagraph  
13 (A) determines that the satellite carrier  
14 that made the request for such waiver has  
15 failed to act reasonably or has failed to  
16 make a good faith effort to provide local-  
17 into-local service to all DMAs, such fail-  
18 ure—

19           “(I) is actionable as an act of in-  
20 fringement under section 501 and the  
21 court may in its discretion impose the  
22 remedies provided for in sections 502  
23 through 506 and subsection (a)(6)(B)  
24 of this section; and

1                   “(II) shall result in the termi-  
2                   nation of the waiver issued under sub-  
3                   paragraph (A).

4                   “(ii) FAILURE TO PROVIDE LOCAL-  
5                   INTO-LOCAL SERVICE.—If the court issuing  
6                   a temporary waiver under subparagraph  
7                   (A) determines that the satellite carrier  
8                   that made the request for such waiver has  
9                   failed to provide local-into-local service to  
10                  all DMAs, but determines that the carrier  
11                  acted reasonably and in good faith, the  
12                  court may in its discretion impose financial  
13                  penalties that reflect—

14                   “(I) the degree of control the  
15                   carrier had over the circumstances  
16                   that resulted in the failure;

17                   “(II) the quality of the carrier’s  
18                   efforts to remedy the failure; and

23                   porary waiver under this paragraph.

24                   “(E) SHORT MARKET DEFINED.—For pur-  
25                   poses of this paragraph, the term ‘short mar-

1           ket’ means a local market in which program-  
2           ming of one or more of the four most widely  
3           viewed television networks nationwide as meas-  
4           ured on the date of the enactment of this sub-

8           “(3) ESTABLISHMENT OF QUALIFIED CARRIER  
9           RECOGNITION.—

13           ment of eligibility with the court that imposed  
14           the injunction. A statement of eligibility must  
15           include—

16                   “(i) an affidavit that the entity is pro-  
17                   viding local-into-local service to all DMAs;

18                   “(ii) a motion for a waiver of the in-

2                   section 342(a) of Communications Act of  
3                   1934.

4                   “(B) GRANT OF RECOGNITION AS A QUALI-  
5                   FIED CARRIER.—Upon receipt of a statement of  
6                   eligibility, the court shall recognize the entity as  
7                   a qualified carrier and issue the waiver under  
8                   paragraph (1). Upon motion pursuant to sub-  
9                   paragraph (A)(iii), the court shall appoint a  
10                  special master to conduct the examination and  
11                  provide a report to the court as provided in  
12                  paragraph (4)(B).

13                  “(C) VOLUNTARY TERMINATION.—At any  
14                  time, an entity recognized as a qualified carrier  
15                  may file a statement of voluntary termination  
16                  with the court certifying that it no longer wish-  
17                  es to be recognized as a qualified carrier. Upon  
18                  receipt of such statement, the court shall rein-  
19                  state the injunction waived under paragraph  
20                  (1).

21                  “(D) LOSS OF RECOGNITION PREVENTS  
22                  FUTURE RECOGNITION.—No entity may be rec-  
23                  ognized as a qualified carrier if such entity had  
24                  previously been recognized as a qualified carrier  
25                  and subsequently lost such recognition or volun-

1           tarily terminated such recognition under sub-  
2           paragraph (C).

3           “(4) QUALIFIED CARRIER OBLIGATIONS AND  
4           COMPLIANCE.—

5                   “(A) CONTINUING OBLIGATIONS.—

6                           “(i) IN GENERAL.—An entity recog-

14                           by the court under paragraph (3)(B) in an  
15                           examination set forth in subparagraph (B).

16                   “(B) QUALIFIED CARRIER COMPLIANCE  
17           EXAMINATION.—

18                           “(i) EXAMINATION AND REPORT.—A  
19                           special master appointed by the court  
20                           under paragraph (3)(B) shall conduct an  
21                           examination of, and file a report on, the  
22                           qualified carrier’s compliance with the roy-  
23                           alty payment and household eligibility re-  
24                           quirements of the license under this sec-  
25                           tion. The report shall address the qualified

1 carrier's conduct during the period begin-  
2 ning on the date on which the qualified  
3 carrier is recognized as such under para-  
4 graph (3)(B) and ending on April 30,  
5 2012.

6 “(ii) RECORDS OF QUALIFIED CAR-  
7 RIER.—Beginning on the date that is one  
8 year after the date on which the qualified  
9 carrier is recognized as such under para-  
10 graph (3)(B), but not later than December  
11 1, 2011, the qualified carrier shall provide  
12 the special master with all records that the  
13 special master considers to be directly per-  
14 tinent to the following requirements under  
15 this section:

16 “(I) Proper calculation and pay-  
17 ment of royalties under the statutory  
18 license under this section.

23 special master shall file the report required  
24 by clause (i) not later than July 24, 2012,  
25 with the court referred to in paragraph (1)

1 that issued the injunction, and the court

7 on Commerce, Science, and Transportation  
8 of the Senate.

9 “(iv) EVIDENCE OF INFRINGEMENT.—  
10 The special master shall include in the re-  
11 port a statement of whether the examina-  
12 tion by the special master indicated that  
13 there is substantial evidence that a copy-  
14 right holder could bring a successful action  
15 under this section against the qualified  
16 carrier for infringement.

17 “(v) SUBSEQUENT EXAMINATION.—If  
18 the special master’s report includes a  
19 statement that its examination indicated  
20 the existence of substantial evidence that a  
21 copyright holder could bring a successful  
22 action under this section against the quali-  
23 fied carrier for infringement, the special  
24 master shall, not later than 6 months after  
25 the report under clause (i) is filed, initiate

1 another examination of the qualified car-  
2 rier's compliance with the royalty payment  
3 and household eligibility requirements of  
4 the license under this section since the last  
5 report was filed under clause (iii). The spe-

8 clause with the court referred to in para-  
9 graph (1) that issued the injunction, and  
10 the court shall transmit a copy to the Reg-

16 Senate. The report shall include a state-  
17 ment described in clause (iv).

18 “(vi) COMPLIANCE.—Upon motion  
19 filed by an aggrieved copyright owner, the  
20 court recognizing an entity as a qualified  
21 carrier shall terminate such designation  
22 upon finding that the entity has failed to  
23 cooperate with the examinations required  
24 by this subparagraph.

1           “(vii) OVERSIGHT.—During the pe-  
2           riod of time that the special master is con-  
3           ducting an examination under this sub-  
4           paragraph, the Comptroller General shall  
5           monitor the degree to which the entity  
6           seeking to be recognized or recognized as  
7           a qualified carrier under paragraph (3) is  
8           complying with the special master’s exam-  
9           ination. The qualified carrier shall make  
10          available to the Comptroller General all  
11          records and individuals that the Comp-  
12          troller General considers necessary to meet  
13          the Comptroller General’s obligations  
14          under this clause. The Comptroller General  
15          shall report the results of the monitoring  
16          required by this clause to the Committees

18          merce of the House of Representatives and  
19          the Committees on the Judiciary and on  
20          Commerce, Science, and Transportation of  
21          the Senate at intervals of not less than six  
22          months during such period.

23          “(C) AFFIRMATION.—A qualified carrier  
24          shall file an affidavit with the district court and  
25          the Register of Copyrights 30 months after

1 such status was granted stating that, to the  
2 best of the affiant's knowledge, it is in compli-  
3 ance with the requirements for a qualified car-  
4 rier. The qualified carrier shall attach to its af-  
5 fidavit copies of all reports or orders issued by  
6 the court, the special master, and the Comp-  
7 troller General.

8 “(D) COMPLIANCE DETERMINATION.—  
9 Upon the motion of an aggrieved television  
10 broadcast station, the court recognizing an enti-  
11 ty as a qualified carrier may make a determina-  
12 tion of whether the entity is providing local-  
13 into-local service to all DMAs.

14 “(E) PLEADING REQUIREMENT.—In any  
15 motion brought under subparagraph (D), the  
16 party making such motion shall specify one or  
17 more designated market areas (as such term is

20 for each such designated market area, shall  
21 plead with particularity the circumstances of  
22 the alleged failure.

23 “(F) BURDEN OF PROOF.—In any pro-  
24 ceeding to make a determination under sub-  
25 paragraph (D), and with respect to a des-

1           ignated market area for which failure to provide  
2           service is alleged, the entity recognized as a  
3           qualified carrier shall have the burden of prov-  
4           ing that the entity provided local-into-local serv-  
5           ice with a good quality satellite signal to at  
6           least 90 percent of the households in such des-  
7           ignated market area (based on the most recent  
8           census data released by the United States Cen-  
9           sus Bureau) at the time and place alleged.

10          “(5) FAILURE TO PROVIDE SERVICE.—

11                 “(A) PENALTIES.—If the court recognizing  
12           an entity as a qualified carrier finds that such  
13           entity has willfully failed to provide local-into-  
14           local service to all DMAs, such finding shall re-  
15           sult in the loss of recognition of the entity as  
16           a qualified carrier and the termination of the  
17           waiver provided under paragraph (1), and the  
18           court may, in its discretion—

19                         “(i) treat such failure as an act of in-  
20           fringement under section 501, and subject  
21           such infringement to the remedies provided  
22           for in sections 502 through 506 and sub-  
23           section (a)(6)(B) of this section; and

25           \$250,000 and not more than \$5,000,000.

1           “(B) EXCEPTION FOR NONWILLFUL VIOLA-  
2           TION.—If the court determines that the failure  
3           to provide local-into-local service to all DMAs is  
4           nonwillful, the court may in its discretion im-  
5           pose financial penalties for noncompliance that  
6           reflect—

7                   “(i) the degree of control the entity  
8                   had over the circumstances that resulted in  
9                   the failure;

10                   “(ii) the quality of the entity’s efforts  
11                   to remedy the failure and restore service;  
12                   and

13                   “(iii) the severity and duration of any  
14                   service interruption.

15           “(6) PENALTIES FOR VIOLATIONS OF LI-  
16           CENSE.—A court that finds, under subsection  
17           (a)(6)(A), that an entity recognized as a qualified  
18           carrier has willfully made a secondary transmission  
19           of a primary transmission made by a network sta-  
20           tion and embodying a performance or display of a  
21           work to a subscriber who is not eligible to receive  
22           the transmission under this section shall reinstate  
23           the injunction waived under paragraph (1), and the  
24           court may order statutory damages of not more than  
25           \$2,500,000.

1           “(7) LOCAL-INTO-LOCAL SERVICE TO ALL DMAS  
2     DEFINED.—For purposes of this subsection:

7     122(j)(2)(C)) pursuant to the license under sec-

9           “(B) HOUSEHOLD COVERAGE.—For pur-

11    makes available local-into-local service with a  
12    good quality satellite signal to at least 90 per-  
13    cent of the households in a designated market  
14    area based on the most recent census data re-  
15    leased by the United States Census Bureau  
16    shall be considered to be providing local service

14 subscriber, on January 1, 2005, the  
15 signal of a local network station affili-  
16 ated with the same television network  
17 pursuant to section 338, the carrier  
18 may only provide the secondary trans-  
19 missions of the distant signal of a sta-  
20 tion affiliated with the same network  
21 to that subscriber if the subscriber’s  
22 satellite carrier, not later than March

2           ellite carrier does not make available  
3           to that subscriber, on January 1,  
4           2005, the signal of a local network  
5           station pursuant to section 338, the

13                   carrier commences to carry pur-  
14                   suant to section 338 the signals  
15                   of stations from the local market  
16                   of such local network station; and

20                   work the list and statement re-  
21                   quired by subparagraph (F)(ii).

22           “(ii) SPECIAL CIRCUMSTANCES.—A  
23           subscriber of a satellite carrier who was  
24           lawfully receiving the distant signal of a  
25           network station on the day before the date

1 of enactment of the Satellite Television Ex-  
2 tension and Localism Act of 2010 may re-  
3 ceive both such distant signal and the local  
4 signal of a network station affiliated with  
5 the same network until such subscriber  
6 chooses to no longer receive such distant  
7 signal from such carrier, whether or not

18 person seeks to subscribe to receive such  
19 secondary transmission, resides in a local  
20 market where the satellite carrier makes  
21 available to that person the signal of a  
22 local network station affiliated with the  
23 same television network pursuant to sec-

9 subsequent to such subscription, the sat-  
10 ellite carrier makes available to that sub-  
11 scriber the signal of a local network station  
12 affiliated with the same network as the dis-  
13 tant signal (and the retransmission of such  
14 signal by such carrier can reach such sub-  
15 scriber), unless such person subscribes to

12 QUIRED.—

13 “(A) PREDICTIVE MODEL.—Within 270  
14 days after the date of the enactment of the Sat-  
15 ellite Television Extension and Localism Act of  
16 2010, the Commission shall develop and pre-  
17 scribe by rule a point-to-point predictive model  
18 for reliably and presumptively determining the  
19 ability of individual locations, through the use  
20 of an antenna, to receive signals in accordance  
21 with the signal intensity standard in section  
22 73.622(e)(1) of title 47, Code of Federal Regu-  
23 lations, or a successor regulation, including to  
24 account for the continuing operation of trans-  
25 lator stations and low power television stations.

1 In prescribing such model, the Commission  
2 shall rely on the Individual Location Longley-  
3 Rice model set forth by the Commission in CS  
4 Docket No. 98–201, as previously revised with  
5 respect to analog signals, and as recommended  
6 by the Commission with respect to digital sig-  
7 nals in its Report to Congress in ET Docket  
8 No. 05–182, FCC 05–199 (released December  
9 9, 2005). The Commission shall establish proce-  
10 dures for the continued refinement in the appli-  
11 cation of the model by the use of additional  
12 data as it becomes available.

13 “(B) ON-LOCATION TESTING.—The Com-  
14 mission shall issue an order completing its rule-  
15 making proceeding in ET Docket No. 06–94  
16 within 270 days after the date of enactment of  
17 the Satellite Television Extension and Localism  
18 Act of 2010. In conducting such rulemaking,  
19 the Commission shall seek ways to minimize  
20 consumer burdens associated with on-location  
21 testing.”;

22 (B) by amending paragraph (4)(A) to read  
23 as follows:

24 “(A) IN GENERAL.—If a subscriber’s re-  
25 quest for a waiver under paragraph (2) is re-

1           jected and the subscriber submits to the sub-  
2           scriber’s satellite carrier a request for a test  
3           verifying the subscriber’s inability to receive a  
4           signal of the signal intensity referenced in  
5           clause (i) of subsection (a)(2)(D), the satellite  
6           carrier and the network station or stations as-  
7           serting that the retransmission is prohibited  
8           with respect to that subscriber shall select a  
9           qualified and independent person to conduct the  
10          test referenced in such clause. Such test shall  
11          be conducted within 30 days after the date the  
12          subscriber submits a request for the test. If the  
13          written findings and conclusions of a test con-  
14          ducted in accordance with such clause dem-  
15          onstrate that the subscriber does not receive a  
16          signal that meets or exceeds the requisite signal  
17          intensity standard in such clause, the subscriber  
18          shall not be denied the retransmission of a sig-  
19          nal of a network station under section  
20          119(d)(10)(A) of title 17, United States  
21          Code.”;

22                 (C) in paragraph (4)(B), by striking “the  
23                 signal intensity” and all that follows through  
24                 “United States Code” and inserting “such req-  
25                 uisite signal intensity standard”; and

1                   (D) in paragraph (4)(E), by striking  
2                   “Grade B intensity”.

6 **RULEMAKINGS.**

7           (a) IN GENERAL.—During the period beginning on  
8 the date of the enactment of this Act and ending on the  
9 date on which the Federal Communications Commission  
10 adopts rules pursuant to the amendments to the Commu-  
11 nications Act of 1934 made by section 203 and section  
12 204 of this title, the Federal Communications Commission  
13 shall follow its rules and regulations promulgated pursu-  
14 ant to sections 338, 339, and 340 of the Communications  
15 Act of 1934 as in effect on the day before the date of  
16 the enactment of this Act.

17           (b) TRANSLATOR STATIONS AND LOW POWER TELE-  
18 VISION STATIONS.—Notwithstanding subsection (a), for  
19 purposes of determining whether a subscriber within the  
20 local market served by a translator station or a low power  
21 television station affiliated with a television network is eli-  
22 gible to receive distant signals under section 339 of the  
23 Communications Act of 1934, the rules and regulations  
24 of the Federal Communications Commission for deter-  
25 mining such subscriber’s eligibility as in effect on the day

1 before the date of the enactment of this Act shall apply  
2 until the date on which the translator station or low power  
3 television station is licensed to broadcast a digital signal.

4 (c) DEFINITIONS.—As used in this subtitle:

5 (1) LOCAL MARKET; LOW POWER TELEVISION  
6 STATION; SATELLITE CARRIER; SUBSCRIBER; TELE-  
7 VISION BROADCAST STATION.—The terms “local  
8 market”, “low power television station”, “satellite  
9 carrier”, “subscriber”, and “television broadcast sta-  
10 tion” have the meanings given such terms in section  
11 338(k) of the Communications Act of 1934.

14 vision network” have the meanings given such terms  
15 in section 339(d) of such Act.

16 **SEC. 206. PROCESS FOR ISSUING QUALIFIED CARRIER CER-**  
17 **TIFICATION.**

18 Part I of title III is amended by adding at the end  
19 the following new section:

20 **“SEC. 342. PROCESS FOR ISSUING QUALIFIED CARRIER**  
21 **CERTIFICATION.**

22 “(a) CERTIFICATION.—The Commission shall issue a  
23 certification for the purposes of section 119(g)(3)(A)(iii)  
24 of title 17, United States Code, if the Commission deter-  
25 mines that—

1           “(1) a satellite carrier is providing local service  
2 pursuant to the statutory license under section 122  
3 of such title in each designated market area; and

4           “(2) with respect to each designated market  
5 area in which such satellite carrier was not providing  
6 such local service as of the date of enactment of the  
7 Satellite Television Extension and Localism Act of  
8 2010—

9           “(A) the satellite carrier’s satellite beams  
10 are designed, and predicted by the satellite  
11 manufacturer’s pre-launch test data, to provide  
12 a good quality satellite signal to at least 90 per-  
13 cent of the households in each such designated  
14 market area based on the most recent census  
15 data released by the United States Census Bu-  
16 reau; and

17           “(B) there is no material evidence that  
18 there has been a satellite or sub-system failure  
19 subsequent to the satellite’s launch that pre-  
20 cludes the ability of the satellite carrier to sat-  
21 isfy the requirements of subparagraph (A).

22           “(b) INFORMATION REQUIRED.—Any entity seeking  
23 the certification provided for in subsection (a) shall submit  
24 to the Commission the following information:

1           “(1) An affidavit stating that, to the best of the  
2           affiant’s knowledge, the satellite carrier provides  
3           local service in all designated market areas pursuant  
4           to the statutory license provided for in section 122  
5           of title 17, United States Code, and listing those  
6           designated market areas in which local service was  
7           provided as of the date of enactment of the Satellite  
8           Television Extension and Localism Act of 2010.

9           “(2) For each designated market area not listed  
10          in paragraph (1):

11                 “(A) Identification of each such designated  
12                 market area and the location of its local receive  
13                 facility.

14                 “(B) Data showing the number of house-  
15                 holds, and maps showing the geographic dis-  
16                 tribution thereof, in each such designated mar-  
17                 ket area based on the most recent census data  
18                 released by the United States Census Bureau.

19                 “(C) Maps, with superimposed effective  
20                 isotropically radiated power predictions ob-  
21                 tained in the satellite manufacturer’s pre-  
22                 launch tests, showing that the contours of the  
23                 carrier’s satellite beams as designed and the ge-  
24                 ographic area that the carrier’s satellite beams  
25                 are designed to cover are predicted to provide

1 a good quality satellite signal to at least 90 per-  
2 cent of the households in such designated mar-  
3 ket area based on the most recent census data  
4 released by the United States Census Bureau.

5 “(D) For any satellite relied upon for cer-  
6 tification under this section, an affidavit stating  
7 that, to the best of the affiant’s knowledge,  
8 there have been no satellite or sub-system fail-  
9 ures subsequent to the satellite’s launch that  
10 would degrade the design performance to such  
11 a degree that a satellite transponder used to  
12 provide local service to any such designated  
13 market area is precluded from delivering a good  
14 quality satellite signal to at least 90 percent of  
15 the households in such designated market area  
16 based on the most recent census data released  
17 by the United States Census Bureau.

18 “(E) Any additional engineering, des-  
19 igned market area, or other information the  
20 Commission considers necessary to determine  
21 whether the Commission shall grant a certifi-  
22 cation under this section.

23 “(c) CERTIFICATION ISSUANCE.—

1           “(1) PUBLIC COMMENT.—The Commission shall  
2 provide 30 days for public comment on a request for  
3 certification under this section.

4           “(2) DEADLINE FOR DECISION.—The Commis-  
5 sion shall grant or deny a request for certification  
6 within 90 days after the date on which such request  
7 is filed.

8           “(d) SUBSEQUENT AFFIRMATION.—An entity grant-  
9 ed qualified carrier status pursuant to section 119(g) of  
10 title 17, United States Code, shall file an affidavit with  
11 the Commission 30 months after such status was granted  
12 stating that, to the best of the affiant’s knowledge, it is  
13 in compliance with the requirements for a qualified car-  
14 rier.

15           “(e) DEFINITIONS.—For the purposes of this section:

16           “(1) DESIGNATED MARKET AREA.—The term  
17 ‘designated market area’ has the meaning given such  
18 term in section 122(j)(2)(C) of title 17, United  
19 States Code.

20           “(2) GOOD QUALITY SATELLITE SIGNAL.—

21           “(A) IN GENERAL.—The term “good qual-  
22 ity satellite signal” means—

23           “(i) a satellite signal whose power  
24 level as designed shall achieve reception  
25 and demodulation of the signal at an avail-

1 ability level of at least 99.7 percent  
2 using—

3 “(I) models of satellite antennas  
4 normally used by the satellite carrier’s  
5 subscribers; and

6 “(II) the same calculation meth-  
7 odology used by the satellite carrier to  
8 determine predicted signal availability  
9 in the top 100 designated market  
10 areas; and

11 “(ii) taking into account whether a  
12 signal is in standard definition format or  
13 high definition format, compression meth-  
14 odology, modulation, error correction,  
15 power level, and utilization of advances in  
16 technology that do not circumvent the in-  
17 tent of this section to provide for non-dis-  
18 criminatory treatment with respect to any  
19 comparable television broadcast station sig-  
20 nal, a video signal transmitted by a sat-  
21 ellite carrier such that—

22 “(I) the satellite carrier treats all  
23 television broadcast stations’ signals  
24 the same with respect to statistical  
25 multiplexer prioritization; and

1                   “(II) the number of video signals  
2                   in the relevant satellite transponder is  
3                   not more than the then current great-  
4                   est number of video signals carried on  
5                   any equivalent transponder serving  
6                   the top 100 designated market areas.

7                   “(B) DETERMINATION.—For the purposes  
8                   of subparagraph (A), the top 100 designated  
9                   market areas shall be as determined by Nielsen  
10                  Media Research and published in the Nielsen  
11                  Station Index Directory and Nielsen Station  
12                  Index United States Television Household Esti-  
13                  mates or any successor publication as of the  
14                  date of a satellite carrier’s application for cer-  
15                  tification under this section.”.

20 adding at the end the following new paragraph:

21                   “(5) NONDISCRIMINATION IN CARRIAGE OF  
22                   HIGH DEFINITION SIGNALS OF NONCOMMERCIAL  
23                   EDUCATIONAL TELEVISION STATIONS.—

24                   “(A) EXISTING CARRIAGE OF HIGH DEF-  
25                   NITION SIGNALS.—If, before the date of enact-

1           ment of the Satellite Television Extension and  
2           Localism Act of 2010, an eligible satellite car-  
3           rier is providing, under section 122 of title 17,  
4           United States Code, any secondary trans-  
5           missions in high definition format to sub-  
6           scribers located within the local market of a tel-  
7           evision broadcast station of a primary trans-  
8           mission made by that station, then such sat-  
9           ellite carrier shall carry the signals in high-defi-
