STATEMENTS ON INTRODUCED BILLS AND JOINT RESOLUTIONS

By Mr. BINGAMAN (for himself, Mr. BENNETT, Mr. UDALL of New Mexico, Mr. KYL, and Mr. HATCH):

S. 759. A bill to amend the Transportation Equity Act for the 21st Century to reauthorize a provision relating to additional contract authority for

States with Indian reservations; to the Committee on Environment and Public Works.

Mr. BINGAMAN. Mr. President, I rise today with my distinguished colleagues Senators BENNETT, UDALL, KYL, and HATCH to introduce the Indian School Bus Route Safety Reauthorization Act of 2009. This bill continues an important Federal program begun in 1998 that addresses a unique problem with the roads in and around the nation's single largest Indian reservation and the neighboring counties. Through this program, Navajo children who had been prevented from getting to school by roads that were often impassable are now traveling safely to and from their schools. Because of the unusual nature of this situation, I believe it must continue to be addressed at the Federal level.

I would like to begin with some statistics on this unique problem and why I believe a Federal solution continues to be necessary. The Navajo Nation is by far the Nation's largest Indian Reservation, covering 25,000 square miles. Portions of the Navajo Nation are in three states: Arizona, New Mexico, and Utah. No other reservation comes anywhere close to the size of Navajo. To give you an idea of its size, the State of West Virginia is about 24,000 square miles. In fact, 10 States are smaller in size than the Navajo reservation.

According to the Bureau of Indian Affairs, about 9,700 miles of public roads serve the Navajo nation. Only about one-third of these roads are paved. The remaining 6,500 miles, 67 percent, are dirt roads. Every day school buses use nearly all of these roads to transport Navajo children to and from school.

About 6,200 miles of the roads on the Navajo reservation are BIA roads, and about 3,300 miles are State and county roads. All public roads within, adjacent to, or leading to the reservation, including BIA, State, and county roads are considered part of the Federal Indian Reservation Road System. However, only BIA and tribal roads are eligible for Federal maintenance funding from BIA. Moreover, construction funding and improvement funding from the Federal Lands Highways Program in SAFETEA is generally applied only to BIA or tribal roads. Thus, the States and counties are responsible for maintenance and improvement of their 2,500 miles of roads that serve the reservation.

The counties in the 3 States that include the Navajo reservation are simply not in a position to maintain all of the roads on the reservation that carry children to and from school. Nearly all of the land area in these counties is under Federal or tribal jurisdiction.

For example, in my State of New Mexico, $\frac{3}{4}$ of McKinley County is either tribal or Federal land, including BLM, Forest Service, and military land. The Indian land area alone comprises 61 percent of McKinley County. Consequently, the county can draw
