

Apollo 11 mission, we grant these four brave Americans the recognition that only this Congress can bestow—the Congressional Gold Medal. That is why I am introducing legislation to that effect today. I'm pleased to be joined in this initiative by the Chairman of the House Science and Technology Committee, BART GORDON; the Chairwoman of the Space and Aeronautics Subcommittee, GABRIELLE GIFFORDS; Committee Ranking Member RALPH HALL; Subcommittee Ranking Member PETE OLSON; and Florida Members SUZANNE KOSMAS and BILL POSEY. I believe this recognition is long overdue, and I urge my colleagues to support this legislation so that it can be enacted into law.

IN HONOR AND APPRECIATION OF
MAYOR DOUG STOVER

HON. KENNY MARCHANT

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, May 05, 2009

Mr. MARCHANT. Madam Speaker, I rise today to honor and express my appreciation for the service of an exemplary citizen, Mayor Doug Stover of Coppell, Texas. Doug began his public service as an elected official in May, 1998 as city councilmember of Coppell, followed by six years of service from 2003 to 2009 as the mayor of Coppell. During this time, Doug's passion and leadership guided the community as evidenced by the city's financial strength, economic development, sound infrastructure, strong public safety record and first rate education system.

Mayor Doug Stover is Equity Compensation Manager for Celanese Corporation. He holds a BBA in Finance from Texas Tech University.

In May of 1998, Coppell consisted of 29,850 citizens and has grown to a community of 39,500. The adopted budget for the 1998–1999 fiscal year was \$35,182,905 and grew to \$81,057,966 in the 2008–2009 fiscal years.

Under his leadership, the City of Coppell added many facilities, physical improvements and infrastructure. These projects include a Justice Center housing the Police and Municipal Courts, municipal service center, aquatic & recreation center, animal shelter and adoption center, Town Center Plaza, Old Town development, multiple park facilities, multiple road improvements, with a new senior and community center and municipal cemetery now being constructed, all developed to meet the needs of a growing population.

A major focus on economic development was also led by the mayor. This resulted in many commercial and industrial developments bringing new revenue to the city that has enabled the community to enjoy many quality of life improvements without the need for additional tax rate increases.

Public safety was also a high priority under the mayor's leadership. Red light cameras were installed, 25-mph zones were implemented on residential streets, and a Citizen's Police Academy was established in his push to increase public safety.

Funding for CISD schools was addressed through the 379A Sales Tax which generated sales taxes for the community's education issues. The Infrastructure Maintenance Fund was created by a sales tax election for 1/4-cent being directed for the crime district and 1/4-cent for streets.

Mayor Stover's selfless public service has clearly shaped the city of Coppell and helped make it the thriving community it is today. Doug possesses a genuine passion for Coppell which characterized his many years of service to the community. His first priority was always for the betterment of the citizens of Coppell, which helped make him a popular and well-respected leader. On behalf of the 24th Congressional District of Texas, I congratulate Doug Stover for his remarkable service as mayor and wish him the best of luck in his future endeavors.

IN HONOR OF THE NAVY FEDERAL
CREDIT UNION GRAND OPENING
AND DEDICATION CEREMONY OF
THE BRIAN L. McDONNELL CENTER

HON. JEFF MILLER

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, May 5, 2009

Mr. MILLER of Florida. Madam Speaker, on behalf of the United States Congress, it is an honor for me to rise today in recognition of the grand opening of the Navy Federal Credit Union Brian L. McDonnell Center at the Heritage Oaks campus in Pensacola, Florida.

Navy Federal was organized in 1933 with only seven initial members. Since its founding, it has evolved into the world's largest credit union, employing over 7,000 employees, and consisting of 3.2 million members. Navy Federal serves as a vital resource for our military and is found all over the world, providing excellent financial service for all of our servicemen and women.

In addition to the outstanding financial counseling and assistance Navy Federal provides, it is a leader in developing higher environmental standards. Driven by the objective to create a workplace focused on the employee, Navy Federal pursued Leadership in Energy and Environmental Design (LEED) certification for its first building in Pensacola. This was the first commercial LEED building in Florida to receive the U.S. Green Building Council's GOLD rating. The new Brian L. McDonnell Center was constructed with the same standards of excellence.

As Navy Federal expands numerically and evolves environmentally, it continues to escalate the level of quality it provides. The First District of Florida is very fortunate to house a corporation that values the interest of its clients and their community above all else.

Madam Speaker, on behalf of the United States Congress, I am proud to recognize this grand opening and dedication ceremony and look forward to the progress it will undoubtedly create.
