

Address of Requesting Entity: 319 East State Street, Trenton, NJ 08608

Description of Request: Funding will be used to help fortify the City's water filtration plant from ongoing flooding and contamination risk. The plant is responsible for providing safe drinking water to 225,000 people in Trenton, Hamilton and surrounding Mercer County areas.

Work supported with the \$300,000 in federal funds—which the city of Trenton will match with \$100,000—will protect the drinking water supply by eliminating vulnerabilities to contamination resulting from future flood events. The city will use it to waterproof open areas, relocate vulnerable controls and electronics, and make improvements to the sump pump system and the Chlorination storage facility.

IN THE HOUSE OF REPRESENTATIVES

Wednesday, June 24, 2009

Mr. WALDEN. Madam Speaker, consistent with the House Republican Leadership's policy on earmarks, to the best of my knowledge the request I have detailed below is (1) not directed to an entity or program that will be named after a sitting Member of Congress; and (2) not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark. As required by earmark standards adopted by the House Republican Conference, I submit the following information on a project I requested and was included in H.R. 2996—the Interior, Environment, and Related Agencies Appropriations Act, 2010.

Account: National Park Service—Construction

Description of Project: H.R. 2996 appropriates \$350,000 for the Crater Lake Visitor Education Center project. According to the requesting entity, this funding will be used by Crater Lake National Park for construction and renovation of the Crater Lake Visitor Education Center. Crater Lake National Park was created by President Theodore Roosevelt and is the sixth oldest National Park in America. Furthermore, Crater Lake is the deepest lake in America and holds the purest water in the world. This is a beneficial use of taxpayer funding because the Crater Lake Visitor Center will provide valuable educational opportunities for over 2,000 grade school students and around 500,000 other visitors who visit Crater Lake from throughout the United States and the World each year.

Wednesday, June 24, 2009

Mr. WAMP. Madam Speaker, as a leader on earmark reform, I am committed to protecting taxpayers' money and providing greater transparency and a fully accountable process. H.R. 2647, The National Defense Authorization Act of Fiscal Year 2010 contains the following funding that I requested:
