#### STATEMENTS ON INTRODUCED BILLS AND JOINT RESOLUTIONS

By Mr. KERRY:

S. 1669. A bill to provide all Medicare beneficiaries with the right to guaranteed issue of a Medicare supplemental policy; to the Committee on Finance.

Mr. KERRY. Mr. President, a key component of the health reform debate is ensuring that all people—regardless of their health status—have access to comprehensive and affordable coverage options. Unfortunately, under current law Medicare beneficiaries are subject to discriminatory medical practices that deny coverage options based on their age, condition, or disability.

Medigap plans provide vital assistance to Medicare beneficiaries in paying Medicare cost-sharing. Without supplemental coverage, the absence of an out-of-pocket limit in Medicare leaves beneficiaries vulnerable to catastrophic medical expenses.

Unfortunately, Medicare beneficiaries with disabilities or who have end-stage renal disease, ESRD, do not have the same guaranteed issue rights as Medicare beneficiaries age 65 and older. In the absence of equal opportunity and access to Medigap policies

at the Federal level, 29 States have chosen to grant the same rights to disabled and ESRD beneficiaries that seniors currently enjoy.

ESRD beneficiaries are also the only group of Medicare beneficiaries currently denied the same Medicare choices as other Medicare beneficiaries. They are statutorily prohibited from enrolling in Medicare Advantage plans.

Today I am introducing the Equal Access to Medicare Options Act, a bill that improves coverage options to Medicare beneficiaries. First, the legislation would extend guaranteed issue of Medigap policies to all Medicare beneficiaries rather than limiting guaranteed issue to those beneficiaries who are over 65 years of age. This change will significantly improve coverage options and affordability for beneficiaries with disabilities or end-stage renal disease.

Second, the legislation recognizes that Medicare beneficiaries need flexibility to adjust their coverage as changes to their plans are made. More specifically, the legislation would give guaranteed issue rights to Medicare Advantage enrollees if they decide to switch to traditional Medicare during an enrollment period. Today, if a Medicare Advantage enrollee learns of premium increases or benefit reduction in their plan, they have the option of returning to traditional Medicare but they have no assurance they can buy Medigap coverage if they do so.

Third, the legislation would provide guaranteed issue to dual eligibles who lose their Medicaid coverage and find themselves in traditional Medicare without the cost protections of Medicaid and without supplemental coverage options.

Finally, this legislation would for the first time give beneficiaries with end-stage renal disease the option of enrolling in Medicare Advantage plans.

I would like to thank a number of organizations who have been integral to the development of the Equal Access to Medicare Options Act and who have endorsed it today, including the AARP, California Health Advocates, Center for Medicare Advocacy, Consortium for Citizens with Disabilities, Consumers Union, Dialysis Patient Citizens, Fresenius Medical Care, Medicare Rights Center, and the National Kidney Foundation.

These reforms would ensure that all Medicare beneficiaries regardless of their disability or age have equal opportunity and access to affordable Medicare options to reduce out-of-pocket costs. I look forward to working with my colleagues in the Senate to achieve these goals in the context of health care reform.

S. 1670. A bill to reform and modernize the limitations on exclusive rights relating to secondary transmissions of certain signals; to the Committee on the Judiciary.
