

I am particularly mindful of the fact that the continued closure of the Theological School of Halki stands in clear violation of Turkey's obligations under the 1989 OSCE Vienna Concluding Document, which affirmed the right of religious communities to provide "training of religious personnel in appropriate institutions."

At a time when Turkey is seeking to chart a new course, the resolution of this longstanding issue would not only be a demonstration of Ankara's good will, but, as President Obama mentioned in his address to the Turkish Grand National Assembly in April, will send such an important signal inside Turkey and beyond. I remain hopeful and encourage Prime Minister Erdoğan to act decisively and without condition on this matter before his upcoming visit to Washington in early December.

To underscore the importance attached to the reopening of the Theological School of Halki and our solidarity with the Ecumenical Patriarch, I am pleased to introduce a resolution on this issue together with Mr. BROWNBACK, Mr. REID, \* \* \*

**SENATE RESOLUTION 357—URGING THE PEOPLE OF THE UNITED STATES TO OBSERVE GLOBAL FAMILY DAY AND ONE DAY OF PEACE AND SHARING**

Mr. INOUE (for himself and Mr. REID) submitted the following resolution; which was referred to the Committee on the Judiciary:

S. RES. 357

Whereas in 2009, the people of the world suffered many calamitous events, including devastation from tsunamis, terror attacks, wars, famines, genocides, hurricanes, earthquakes, political and religious conflicts, diseases, poverty, and rioting, all necessitating global cooperation, compassion, and unity previously unprecedented among diverse cultures, faiths, and economic classes;

Whereas grave global challenges in 2010 may require cooperation and innovative problem-solving among citizens and nations on an even greater scale;

Whereas on December 15, 2000, Congress adopted Senate Concurrent Resolution 138, expressing the sense of Congress that the President of the United States should issue a proclamation each year calling upon the people of the United States and interested organizations to observe an international day of peace and sharing at the beginning of each year;

Whereas in 2001, the United Nations General Assembly adopted Resolution 56/2, which invited "Member States, intergovernmental and non-governmental organizations and all the peoples of the world to celebrate One Day in Peace, 1 January 2002, and every year thereafter";

Whereas many foreign heads of State have recognized the importance of establishing Global Family Day, a special day of international unity, peace, and sharing, on the first day of each year; and

Whereas family is the basic structure of humanity, thus, we must all look to the stability and love within our individual families to create stability in the global community: Now, therefore, be it

*Resolved*, That the Senate urgently requests—

(1) the people of the United States to observe Global Family Day and One Day of Peace and Sharing with appropriate activities stressing the need—

(A) to eradicate violence, hunger, poverty, and suffering; and

(B) to establish greater trust and fellowship among peace-loving countries and families everywhere; and

(2) American businesses, labor organizations, and faith and civic leaders to join in promoting appropriate activities for Americans and in extending appropriate greetings from the families of the United States to families in the rest of the world.

Mr. INOUE. Mr. President, today, I am submitting a Senate resolution to observe Global Family Day, One Day of Peace and Sharing, and am pleased to be joined in this endeavor by Senator REID.

We are a global society, interconnected by highly efficient modes of communication and transportation. With continued advancements in technology, nations will become even more interdependent upon each other. For this reason, I will continue to support and advocate for world peace. This is not a lofty pursuit. I have great confidence that if nations use everything at their disposal, they can promote peaceful, diplomatic options instead of war.

(B) provides health insurance coverage—

(i) in which the issuer's share of the total allowed costs of benefits provided under such coverage is not less than 65 percent of such costs; and

(ii) that has an out of pocket limit not greater than the applicable amount described in section 223(c)(2) of the Internal Revenue Code of 1986 for the year involved, except that the Secretary may modify such limit if necessary to ensure the pool meets the actuarial value limit under clause (i);

(C) ensures that with respect to the premium rate charged for health insurance coverage offered to eligible individuals through the high risk pool, such rate shall—

(i) except as provided in clause (ii), vary only as provided for under section 2701 of the Public Health Service Act (as amended by this Act and notwithstanding the date on which such amendments take effect);

(ii) vary on the basis of age by a factor of not greater than 4 to 1; and

(3) has a pre-existing condition, as determined in a manner consistent with guidance issued by the Secretary.

(e) PROTECTION AGAINST DUMPING RISK BY INSURERS.—

(1) IN GENERAL.—The Secretary shall establish criteria for determining whether health insurance issuers and employment-based health plans have discouraged an individual from remaining enrolled in prior coverage based on that individual's health status.

(2) SANCTIONS.—An issuer or employment-based health plan shall be responsible for reimbursing the program under this section for the medical expenses incurred by the program for an individual who, based on criteria established by the Secretary, the Secretary finds was encouraged by the issuer to disenroll from health benefits coverage prior to enrolling in coverage through the program. The criteria shall include at least the following circumstances:

(A) In the case of prior coverage obtained through an employer, the provision by the employer, group health plan, or the issuer of money or other financial consideration for disenrolling from the coverage.

(i) the provision by the issuer or plan of money or other financial consideration for disenrolling from the coverage; or

(II) the prior coverage is a policy for which duration of coverage form issue or health status are factors that can be considered in determining premiums at renewal.

(3) CONSTRUCTION.—Nothing in this subsection shall be construed as constituting exclusive remedies for violations of criteria established under paragraph (1) or as preventing States from applying or enforcing such paragraph or other provisions under law with respect to health insurance issuers.

(f) OVERSIGHT.—The Secretary shall establish—

(1) an appeals process to enable individuals to appeal a determination under this section; and

(2) procedures to protect against waste, fraud, and abuse.

Such funds shall be available without fiscal year limitation.

(2) INSUFFICIENT FUNDS.—If the Secretary estimates for any fiscal year that the aggregate amounts available for the payment of the expenses of the high risk pool will be less than the actual amount of such expenses, the Secretary shall make such adjustments as are necessary to eliminate such deficit.

(3) TERMINATION OF AUTHORITY.—

(A) IN GENERAL.—Except as provided in subparagraph (B), coverage of eligible individuals under a high risk pool in a State shall terminate on January 1, 2014.

(B) TRANSITION TO EXCHANGE.—The Secretary shall develop procedures to provide for the transition of eligible individuals enrolled in health insurance coverage offered through a high risk pool established under this section into qualified health plans offered through an Exchange. Such procedures shall ensure that there is no lapse in coverage with respect to the individual and may extend coverage after the termination of the risk pool involved, if the Secretary determines necessary to avoid such a lapse.

(4) LIMITATIONS.—The Secretary has the authority to stop taking applications for participation in the program under this section to comply with the funding limitation provided for in paragraph (1).

(5) RELATION TO STATE LAWS.—The standards established under this section shall supersede any State law or regulation (other than State licensing laws or State laws relating to plan solvency) with respect to qualified high risk pools which are established in accordance with this section.

(2) REFERENCE.—In this section:

(A) HEALTH BENEFITS.—The term “health benefits” means medical, surgical, hospital, prescription drug, and such other benefits as shall be determined by the Secretary, whether self-funded, or delivered through the purchase of insurance or otherwise.

(B) EMPLOYMENT-BASED PLAN.—The term “employment-based plan” means a group health benefits plan that—

(b) PARTICIPATION.—

(1) EMPLOYMENT-BASED PLAN ELIGIBILITY.—A participating employment-based plan is an employment-based plan that—

(c) PAYMENTS.—

(1) SUBMISSION OF CLAIMS.—

(A) IN GENERAL.—A participating employment-based plan shall submit claims for reimbursement to the Secretary which shall contain documentation of the actual costs of the items and services for which each claim is being submitted.

(B) BASIS FOR CLAIMS.—Claims submitted under subparagraph (A) shall be based on the actual amount expended by the participating employment-based plan involved within the plan year for the health benefits provided to an early retiree or the spouse, surviving spouse, or dependent of such retiree. In determining the amount of a claim for purposes of this subsection, the participating employment-based plan shall take into account any negotiated price concessions (such as discounts, direct or indirect subsidies, rebates, and direct or indirect remunerations) obtained by such plan with respect to such health benefit. For purposes of determining the amount of any such claim, the costs paid by the early retiree or the retiree’s spouse, surviving spouse, or dependent in the form of deductibles, co-payments, or co-insurance shall be included in the amounts paid by the participating employment-based plan.

(2) PROGRAM PAYMENTS.—If the Secretary determines that a participating employment-based plan has submitted a valid claim under paragraph (1), the Secretary shall reimburse such plan for 80 percent of that portion of the costs attributable to such claim that exceed \$15,000, subject to the limits contained in paragraph (3).

(3) LIMIT.—To be eligible for reimbursement under the program, a claim submitted by a participating employment-based plan shall not be less than \$15,000 nor greater than \$90,000. Such amounts shall be adjusted each fiscal year based on the percentage increase in the Medical Care Component of the Consumer Price Index for all urban consumers (rounded to the nearest multiple of \$1,000) for the year involved.

(4) USE OF PAYMENTS.—Amounts paid to a participating employment-based plan under this subsection shall be used to lower costs for the plan. Such payments may be used to reduce premium costs for an entity described in subsection (a)(2)(B)(i) or to reduce premium contributions, co-payments, deductibles, co-insurance, or other out-of-pocket costs for plan participants. Such payments shall not be used as general revenues for an entity described in subsection (a)(2)(B)(i). The Secretary shall develop a mechanism to monitor the appropriate use of such payments by such entities.

(5) PAYMENTS NOT TREATED AS INCOME.—Payments received under this subsection shall not be included in determining the gross income of an entity described in subsection (a)(2)(B)(i) that is maintaining or currently contributing to a participating employment-based plan.

participating employment-based plans under this section to ensure that such plans are in compliance with the requirements of this section.

(III) by striking “2721(a)” and inserting “2735(a)”; and

(B) by transferring such section (as amended by subparagraph (A)) to appear after section 2705(a) as added by paragraph (4); and

(4) by inserting after the subpart heading (as added by paragraph (1)) the following:

**“SEC. 2701. FAIR HEALTH INSURANCE PREMIUMS.  
RATES.—**

“(1) IN GENERAL.—With respect to the premium rate charged by a health insurance issuer for health insurance coverage offered in the individual or small group market—

“(A) such rate shall vary with respect to the particular plan or coverage involved only by—

“(i) whether such plan or coverage covers an individual or family;

“(ii) rating area, as established in accordance with paragraph (2);

“(iii) age, except that such rate shall not vary by more than 3 to 1 for adults (consistent with section 2707(c)); and

“(iv) tobacco use, except that such rate shall not vary by more than 1.5 to 1; and

“(B) such rate shall not vary with respect to the particular plan or coverage involved by any other factor not described in subparagraph (A).

“(2) RATING AREA.—

“(A) IN GENERAL.—Each State shall establish 1 or more rating areas within that State for purposes of applying the requirements of this title.

“(B) SECRETARIAL REVIEW.—The Secretary shall review the rating areas established by

each State under subparagraph (A) to ensure the adequacy of such areas for purposes of carrying out the requirements of this title. If the Secretary determines a State’s rating areas are not adequate, or that a State does not establish such areas, the Secretary may establish rating areas for that State.

“(3) PERMISSIBLE AGE BANDS.—The Secretary, in consultation with the National Association of Insurance Commissioners, shall define the permissible age bands for rating purposes under paragraph (1)(A)(iii).

“(4) APPLICATION OF VARIATIONS BASED ON AGE OR TOBACCO USE.—With respect to family coverage under a group health plan or health insurance coverage, the rating variations permitted under clauses (iii) and (iv) of paragraph (1)(A) shall be applied based on the portion of the premium that is attributable to each family member covered under the plan or coverage.

“(5) SPECIAL RULE FOR LARGE GROUP MARKET.—If a State permits health insurance issuers that offer coverage in the large group market in the State to offer such coverage through the State Exchange (as provided for under section 1312(f)(2)(B) of the Patient Protection and Affordable Care Act), the provisions of this subsection shall apply to all coverage offered in such market in the State.

**“SEC. 2702. GUARANTEED AVAILABILITY OF COV-  
ERAGE.**

“(a) GUARANTEED ISSUANCE OF COVERAGE IN THE INDIVIDUAL AND GROUP MARKET.—Subject to subsections (b) through (e), each health insurance issuer that offers health insurance coverage in the individual or group market in a State must accept every employer and individual in the State that applies for such coverage.

“(b) ENROLLMENT.—

“(1) RESTRICTION.—A health insurance issuer described in subsection (a) may restrict enrollment in coverage described in such subsection to open or special enrollment periods.

“(2) ESTABLISHMENT.—A health insurance issuer described in subsection (a) shall, in accordance with the regulations promulgated under paragraph (3), establish special enrollment periods for qualifying events (under section 603 of the Employee Retirement Income Security Act of 1974).

“(3) REGULATIONS.—The Secretary shall promulgate regulations with respect to enrollment periods under paragraphs (1) and (2).

**“SEC. 2703. GUARANTEED RENEWABILITY OF  
COVERAGE.**

“(a) IN GENERAL.—Except as provided in this section, if a health insurance issuer offers health insurance coverage in the individual or group market, the issuer must renew or continue in force such coverage at the option of the plan sponsor or the individual, as applicable.

**“SEC. 2705. PROHIBITING DISCRIMINATION  
AGAINST INDIVIDUAL PARTICI-  
PANTS AND BENEFICIARIES BASED  
ON HEALTH STATUS.**

“(a) IN GENERAL.—A group health plan and a health insurance issuer offering group or individual health insurance coverage may not establish rules for eligibility (including continued eligibility) of any individual to enroll under the terms of the plan or coverage based on any of the following health status-related factors in relation to the individual or a dependent of the individual:

“(1) Health status.

“(2) Medical condition (including both physical and mental illnesses).

“(3) Claims experience.

“(4) Receipt of health care.

“(5) Medical history.

“(6) Genetic information.

“(7) Evidence of insurability (including conditions arising out of acts of domestic violence).

“(8) Disability.

“(9) Any other health status-related factor determined appropriate by the Secretary.

“(j) PROGRAMS OF HEALTH PROMOTION OR DISEASE PREVENTION.—

“(1) GENERAL PROVISIONS.—

“(A) GENERAL RULE.—For purposes of subsection (b)(2)(B), a program of health promotion or disease prevention (referred to in this subsection as a ‘wellness program’) shall be a program offered by an employer that is designed to promote health or prevent disease that meets the applicable requirements of this subsection.

“(B) NO CONDITIONS BASED ON HEALTH STATUS FACTOR.—If none of the conditions for obtaining a premium discount or rebate or other reward for participation in a wellness program is based on an individual satisfying a standard that is related to a health status factor, such wellness program shall not violate this section if participation in the program is made available to all similarly situated individuals and the requirements of paragraph (2) are complied with.

“(C) CONDITIONS BASED ON HEALTH STATUS FACTOR.—If any of the conditions for obtaining a premium discount or rebate or other reward for participation in a wellness program is based on an individual satisfying a standard that is related to a health status factor, such wellness program shall not violate this section if the requirements of paragraph (3) are complied with.

“(2) WELLNESS PROGRAMS NOT SUBJECT TO REQUIREMENTS.—If none of the conditions for obtaining a premium discount or rebate or other reward under a wellness program as described in paragraph (1)(B) are based on an individual satisfying a standard that is related to a health status factor (or if such a wellness program does not provide such a reward), the wellness program shall not violate this section if participation in the program is made available to all similarly situated individuals. The following programs shall not have to comply with the requirements of paragraph (3) if participation in the program is made available to all similarly situated individuals:

“(A) A program that reimburses all or part of the cost for memberships in a fitness center.

“(B) A diagnostic testing program that provides a reward for participation and does not base any part of the reward on outcomes.

“(C) A program that encourages preventive care related to a health condition through the waiver of the copayment or deductible requirement under group health plan for the costs of certain items or services related to a health condition (such as prenatal care or well-baby visits).

“(D) A program that reimburses individuals for the costs of smoking cessation programs without regard to whether the individual quits smoking.

“(E) A program that provides a reward to individuals for attending a periodic health education seminar.

“(3) WELLNESS PROGRAMS SUBJECT TO REQUIREMENTS.—If any of the conditions for obtaining a premium discount, rebate, or reward under a wellness program as described in paragraph (1)(C) is based on an individual satisfying a standard that is related to a health status factor, the wellness program shall not violate this section if the following requirements are complied with:

“(A) The reward for the wellness program, together with the reward for other wellness programs with respect to the plan that requires satisfaction of a standard related to a health status factor, shall not exceed 30 percent of the cost of employee-only coverage under the plan. If, in addition to employees or individuals, any class of dependents (such

as spouses or spouses and dependent children) may participate fully in the wellness program, such reward shall not exceed 30 percent of the cost of the coverage in which an employee or individual and any dependents are enrolled. For purposes of this paragraph, the cost of coverage shall be determined based on the total amount of employer and employee contributions for the benefit package under which the employee is (or the employee and any dependents are) receiving coverage. A reward may be in the form of a discount or rebate of a premium or contribution, a waiver of all or part of a cost-sharing mechanism (such as deductibles, copayments, or coinsurance), the absence of a surcharge, or the value of a benefit that would otherwise not be provided under the plan. The Secretaries of Labor, Health and Human Services, and the Treasury may increase the reward available under this subparagraph to up to 50 percent of the cost of coverage if the Secretaries determine that such an increase is appropriate.

“(B) The wellness program shall be reasonably designed to promote health or prevent disease. A program complies with the preceding sentence if the program has a reasonable chance of improving the health of, or preventing disease in, participating individuals and it is not overly burdensome, is not a subterfuge for discriminating based on a health status factor, and is not highly suspect in the method chosen to promote health or prevent disease.

“(C) The plan shall give individuals eligible for the program the opportunity to qualify for the reward under the program at least once each year.

“(D) The full reward under the wellness program shall be made available to all similarly situated individuals. For such purpose, among other things:

“(i) The reward is not available to all similarly situated individuals for a period unless the wellness program allows—

“(I) for a reasonable alternative standard (or waiver of the otherwise applicable standard) for obtaining the reward for any individual for whom, for that period, it is unreasonably difficult due to a medical condition to satisfy the otherwise applicable standard; and

“(II) for a reasonable alternative standard (or waiver of the otherwise applicable standard) for obtaining the reward for any individual for whom, for that period, it is medically inadvisable to attempt to satisfy the otherwise applicable standard.

“(ii) If reasonable under the circumstances, the plan or issuer may seek verification, such as a statement from an individual’s physician, that a health status factor makes it unreasonably difficult or medically inadvisable for the individual to satisfy or attempt to satisfy the otherwise applicable standard.

“(E) The plan or issuer involved shall disclose in all plan materials describing the terms of the wellness program the availability of a reasonable alternative standard (or the possibility of waiver of the otherwise applicable standard) required under subparagraph (D). If plan materials disclose that such a program is available, without describing its terms, the disclosure under this subparagraph shall not be required.

“(K) EXISTING PROGRAMS.—Nothing in this section shall prohibit a program of health promotion or disease prevention that was established prior to the date of enactment of this section and applied with all applicable regulations, and that is operating on such date, from continuing to be carried out for as long as such regulations remain in effect.

“(L) WELLNESS PROGRAM DEMONSTRATION PROJECT.—

“(1) IN GENERAL.—Not later than July 1, 2014, the Secretary, in consultation with the Secretary of the Treasury and the Secretary of Labor, shall establish a 10-State demonstration project under which participating States shall apply the provisions of subsection (j) to programs of health promotion offered by a health insurance issuer that offers health insurance coverage in the individual market in such State.

“(2) EXPANSION OF DEMONSTRATION PROJECT.—If the Secretary, in consultation with the Secretary of the Treasury and the Secretary of Labor, determines that the demonstration project described in paragraph (1) is effective, such Secretaries may, beginning on July 1, 2017 expand such demonstration project to include additional participating States.

“(3) REQUIREMENTS.—

“(A) MAINTENANCE OF COVERAGE.—The Secretary, in consultation with the Secretary of the Treasury and the Secretary of Labor, shall not approve the participation of a State in the demonstration project under this section unless the Secretaries determine that the State’s project is designed in a manner that—

“(i) will not result in any decrease in coverage; and

“(ii) will not increase the cost to the Federal Government in providing credits under section 36B of the Internal Revenue Code of 1986 or cost-sharing assistance under section 1402 of the Patient Protection and Affordable Care Act.

“(B) OTHER REQUIREMENTS.—States that participate in the demonstration project under this subsection—

“(i) may permit premium discounts or rebates or the modification of otherwise applicable copayments or deductibles for adherence to, or participation in, a reasonably designed program of health promotion and disease prevention;

“(ii) shall ensure that requirements of consumer protection are met in programs of health promotion in the individual market;

“(iii) shall require verification from health insurance issuers that offer health insurance coverage in the individual market of such State that premium discounts—

“(I) do not create undue burdens for individuals insured in the individual market;

“(II) do not lead to cost shifting; and

“(III) are not a subterfuge for discrimination;

“(iv) shall ensure that consumer data is protected in accordance with the requirements of section 264(c) of the Health Insurance Portability and Accountability Act of 1996 (42 U.S.C. 1320d-2 note); and

“(v) shall ensure and demonstrate to the satisfaction of the Secretary that the discounts or other rewards provided under the project reflect the expected level of participation in the wellness program involved and the anticipated effect the program will have on utilization or medical claim costs.

“(M) REPORT.—

“(1) IN GENERAL.—Not later than 3 years after the date of enactment of the Patient Protection and Affordable Care Act, the Secretary, in consultation with the Secretary of the Treasury and the Secretary of Labor, shall submit a report to the appropriate committees of Congress concerning—

“(A) the effectiveness of wellness programs (as defined in subsection (j)) in promoting health and preventing disease;

“(B) the impact of such wellness programs on the access to care and affordability of coverage for participants and non-participants of such programs;

“(C) the impact of premium-based and cost-sharing incentives on participant behavior and the role of such programs in changing behavior; and

“(D) the effectiveness of different types of rewards.

“(2) DATA COLLECTION.—In preparing the report described in paragraph (1), the Secretaries shall gather relevant information from employers who provide employees with access to wellness programs, including State and Federal agencies.

“(N) REGULATIONS.—Nothing in this section shall be construed as prohibiting the Secretaries of Labor, Health and Human Services, or the Treasury from promulgating regulations in connection with this section.

**“SEC. 2706. NON-DISCRIMINATION IN HEALTH CARE.**

“(a) PROVIDERS.—A group health plan and a health insurance issuer offering group or individual health insurance coverage shall not discriminate with respect to participation under the plan or coverage against any health care provider who is acting within the scope of that provider’s license or certification under applicable State law. This section shall not require that a group health plan or health insurance issuer contract with any health care provider willing to abide by the terms and conditions for participation established by the plan or issuer. Nothing in this section shall be construed as preventing a group health plan, a health insurance issuer, or the Secretary from establishing varying reimbursement rates based on quality or performance measures.

“(b) INDIVIDUALS.—The provisions of section 1558 of the Patient Protection and Affordable Care Act (relating to non-discrimination) shall apply with respect to a group health plan or health insurance issuer offering group or individual health insurance coverage.

**“SEC. 2707. COMPREHENSIVE HEALTH INSURANCE COVERAGE.**

“(a) COVERAGE FOR ESSENTIAL HEALTH BENEFITS PACKAGE.—A health insurance issuer that offers health insurance coverage in the individual or small group market shall ensure that such coverage includes the essential health benefits package required under section 1302(a) of the Patient Protection and Affordable Care Act.

“(b) COST-SHARING UNDER GROUP HEALTH PLANS.—A group health plan shall ensure that any annual cost-sharing imposed under the plan does not exceed the limitations provided for under paragraphs (1) and (2) of section 1302(c).

“(c) CHILD-ONLY PLANS.—If a health insurance issuer offers health insurance coverage in any level of coverage specified under section 1302(d) of the Patient Protection and Affordable Care Act, the issuer shall also offer such coverage in that level as a plan in which the only enrollees are individuals who, as of the beginning of a plan year, have not attained the age of 21.

“(d) DENTAL ONLY.—This section shall not apply to a plan described in section 1302(d)(2)(B)(i)(I).

**“SEC. 2708. PROHIBITION ON EXCESSIVE WAITING PERIODS.**

“A group health plan and a health insurance issuer offering group or individual health insurance coverage shall not apply any waiting period (as defined in section 2704(b)(4)) that exceeds 90 days.”.

**PART II—OTHER PROVISIONS**

**SEC. 1251. PRESERVATION OF RIGHT TO MAINTAIN EXISTING COVERAGE.**

(a) NO CHANGES TO EXISTING COVERAGE.—

(1) IN GENERAL.—Nothing in this Act (or an amendment made by this Act) shall be construed to require that an individual terminate coverage under a group health plan or health insurance coverage in which such individual was enrolled on the date of enactment of this Act.

(2) CONTINUATION OF COVERAGE.—With respect to a group health plan or health insurance coverage in which an individual was enrolled on the date of enactment of this Act, this subtitle and subtitle A (and the amendments made by such subtitles) shall not apply to such plan or coverage, regardless of whether the individual renews such coverage after such date of enactment.

(b) ALLOWANCE FOR FAMILY MEMBERS TO JOIN CURRENT COVERAGE.—With respect to a group health plan or health insurance coverage in which an individual was enrolled on the date of enactment of this Act and which is renewed after such date, family members of such individual shall be permitted to enroll in such plan or coverage if such enrollment is permitted under the terms of the plan in effect as of such date of enactment.

(c) ALLOWANCE FOR NEW EMPLOYEES TO JOIN CURRENT PLAN.—A group health plan that provides coverage on the date of enactment of this Act may provide for the enrolling of new employees (and their families) in such plan, and this subtitle and subtitle A (and the amendments made by such subtitles) shall not apply with respect to such plan and such new employees (and their families).

(d) EFFECT ON COLLECTIVE BARGAINING AGREEMENTS.—In the case of health insurance coverage maintained pursuant to one or more collective bargaining agreements between employee representatives and one or more employers that was ratified before the date of enactment of this Act, the provisions of this subtitle and subtitle A (and the amendments made by such subtitles) shall not apply until the date on which the last of the collective bargaining agreements relating to the coverage terminates. Any coverage amendment made pursuant to a collective bargaining agreement relating to the coverage which amends the coverage solely to conform to any requirement added by this subtitle or subtitle A (or amendments) shall not be treated as a termination of such collective bargaining agreement.

(e) DEFINITION.—In this title, the term “grandfathered health plan” means any group health plan or health insurance coverage to which this section applies.

**SEC. 1252. RATING REFORMS MUST APPLY UNIFORMLY TO ALL HEALTH INSURANCE ISSUERS AND GROUP HEALTH PLANS.**

Any standard or requirement adopted by a State pursuant to this title, or any amendment made by this title, shall be applied uniformly to all health plans in each insurance market to which the standard and requirements apply. The preceding sentence shall also apply to a State standard or requirement relating to the standard or requirement required by this title (or any such amendment) that is not the same as the standard or requirement but that is not preempted under section 1321(d).

**SEC. 1253. EFFECTIVE DATES.**

This subtitle (and the amendments made by this subtitle) shall become effective for plan years beginning on or after January 1, 2014.

**Subtitle D—Available Coverage Choices for All Americans**

**PART I—ESTABLISHMENT OF QUALIFIED HEALTH PLANS**

**SEC. 1301. QUALIFIED HEALTH PLAN DEFINED.**

(a) QUALIFIED HEALTH PLAN.—In this title: (1) IN GENERAL.—The term “qualified health plan” means a health plan that—

(A) has in effect a certification (which may include a seal or other indication of approval) that such plan meets the criteria for certification described in section 1311(c) issued or recognized by each Exchange through which such plan is offered;

(B) provides the essential health benefits package described in section 1302(a); and

(C) is offered by a health insurance issuer that—

(i) is licensed and in good standing to offer health insurance coverage in each State in which such issuer offers health insurance coverage under this title;

(ii) agrees to offer at least one qualified health plan in the silver level and at least one plan in the gold level in each such Exchange;

(iii) agrees to charge the same premium rate for each qualified health plan of the issuer without regard to whether the plan is offered through an Exchange or whether the plan is offered directly from the issuer or through an agent; and

(iv) complies with the regulations developed by the Secretary under section 1311(d) and such other requirements as an applicable Exchange may establish.

(2) INCLUSION OF CO-OP PLANS AND COMMUNITY HEALTH INSURANCE OPTION.—Any reference in this title to a qualified health plan shall be deemed to include a qualified health plan offered through the CO-OP program under section 1322 or a community health insurance option under section 1323, unless specifically provided for otherwise.

(b) TERMS RELATING TO HEALTH PLANS.—In this title:

(1) HEALTH PLAN.—

(A) IN GENERAL.—The term “health plan” means health insurance coverage and a group health plan.

(B) EXCEPTION FOR SELF-INSURED PLANS AND MEWAS.—Except to the extent specifically provided by this title, the term “health plan” shall not include a group health plan or multiple employer welfare arrangement to the extent the plan or arrangement is not subject to State insurance regulation under section 514 of the Employee Retirement Income Security Act of 1974.

(2) HEALTH INSURANCE COVERAGE AND ISSUER.—The terms “health insurance coverage” and “health insurance issuer” have the meanings given such terms by section 2791(b) of the Public Health Service Act.

(3) GROUP HEALTH PLAN.—The term “group health plan” has the meaning given such term by section 2791(a) of the Public Health Service Act.

**SEC. 1302. ESSENTIAL HEALTH BENEFITS REQUIREMENTS.**

(a) ESSENTIAL HEALTH BENEFITS PACKAGE.—In this title, the term “essential health benefits package” means, with respect to any health plan, coverage that—

(1) provides for the essential health benefits defined by the Secretary under subsection (b);

(2) limits cost-sharing for such coverage in accordance with subsection (c); and

(3) subject to subsection (e), provides either the bronze, silver, gold, or platinum level of coverage described in subsection (d).

(b) ESSENTIAL HEALTH BENEFITS.—

(1) IN GENERAL.—Subject to paragraph (2), the Secretary shall define the essential health benefits, except that such benefits shall include at least the following general categories and the items and services covered within the categories:

(A) Ambulatory patient services.

(B) Emergency services.

(C) Hospitalization.

(D) Maternity and newborn care.

(E) Mental health and substance use disorder services, including behavioral health treatment.

(F) Prescription drugs.

(G) Rehabilitative and habilitative services and devices.

(H) Laboratory services.

(I) Preventive and wellness services and chronic disease management.

(J) Pediatric services, including oral and vision care.

(2) LIMITATION.—

(A) IN GENERAL.—The Secretary shall ensure that the scope of the essential health benefits under paragraph (1) is equal to the scope of benefits provided under a typical employer plan, as determined by the Secretary. To inform this determination, the Secretary of Labor shall conduct a survey of employer-sponsored coverage to determine the benefits typically covered by employers, including multiemployer plans, and provide a report on such survey to the Secretary.

(B) CERTIFICATION.—In defining the essential health benefits described in paragraph (1), and in revising the benefits under paragraph (4)(H), the Secretary shall submit a report to the appropriate committees of Congress containing a certification from the Chief Actuary of the Centers for Medicare & Medicaid Services that such essential health benefits meet the limitation described in paragraph (2).

(3) NOTICE AND HEARING.—In defining the essential health benefits described in paragraph (1), and in revising the benefits under paragraph (4)(H), the Secretary shall provide notice and an opportunity for public comment.

(4) REQUIRED ELEMENTS FOR CONSIDERATION.—In defining the essential health benefits under paragraph (1), the Secretary shall—

(A) ensure that such essential health benefits reflect an appropriate balance among the categories described in such subsection, so that benefits are not unduly weighted toward any category;

(B) not make coverage decisions, determine reimbursement rates, establish incentive programs, or design benefits in ways that discriminate against individuals because of their age, disability, or expected length of life;

(C) take into account the health care needs of diverse segments of the population, including women, children, persons with disabilities, and other groups;

(D) ensure that health benefits established as essential not be subject to denial to individuals against their wishes on the basis of the individuals' age or expected length of life or of the individuals' present or predicted disability, degree of medical dependency, or quality of life;

(E) provide that a qualified health plan shall not be treated as providing coverage for the essential health benefits described in paragraph (1) unless the plan provides that—

(i) coverage for emergency department services will be provided without imposing any requirement under the plan for prior authorization of services or any limitation on coverage where the provider of services does not have a contractual relationship with the plan for the providing of services that is more restrictive than the requirements or limitations that apply to emergency department services received from providers who do have such a contractual relationship with the plan; and

(ii) if such services are provided out-of-network, the cost-sharing requirement (expressed as a copayment amount or coinsurance rate) is the same requirement that would apply if such services were provided in-network;

(F) provide that if a plan described in section 1311(b)(2)(B)(ii) (relating to stand-alone dental benefits plans) is offered through an Exchange, another health plan offered through such Exchange shall not fail to be treated as a qualified health plan solely because the plan does not offer coverage of benefits offered through the stand-alone plan that are otherwise required under paragraph (1)(J); and

(G) periodically review the essential health benefits under paragraph (1), and provide a report to Congress and the public that contains—

(i) an assessment of whether enrollees are facing any difficulty accessing needed services for reasons of coverage or cost;

(ii) an assessment of whether the essential health benefits needs to be modified or updated to account for changes in medical evidence or scientific advancement;

(iii) information on how the essential health benefits will be modified to address any such gaps in access or changes in the evidence base;

(iv) an assessment of the potential of additional or expanded benefits to increase costs and the interactions between the addition or expansion of benefits and reductions in existing benefits to meet actuarial limitations described in paragraph (2); and

(H) periodically update the essential health benefits under paragraph (1) to address any gaps in access to coverage or changes in the evidence base the Secretary identifies in the review conducted under subparagraph (G).

(5) **RULE OF CONSTRUCTION.**—Nothing in this title shall be construed to prohibit a health plan from providing benefits in excess of the essential health benefits described in this subsection.

(C) **REQUIREMENTS RELATING TO COST-SHARING.**—

(1) **ANNUAL LIMITATION ON COST-SHARING.**—

(A) 2014.—The cost-sharing incurred under a health plan with respect to self-only coverage or coverage other than self-only coverage for a plan year beginning in 2014 shall not exceed the dollar amounts in effect under section 223(c)(2)(A)(ii) of the Internal Revenue Code of 1986 for self-only and family coverage, respectively, for taxable years beginning in 2014.

(B) 2015 AND LATER.—In the case of any plan year beginning in a calendar year after 2014, the limitation under this paragraph shall—

(i) in the case of self-only coverage, be equal to the dollar amount under subparagraph (A) for self-only coverage for plan years beginning in 2014, increased by an amount equal to the product of that amount and the premium adjustment percentage under paragraph (4) for the calendar year; and

(ii) in the case of other coverage, twice the amount in effect under clause (i).

If the amount of any increase under clause (i) is not a multiple of \$50, such increase shall be rounded to the next lowest multiple of \$50.

(2) **ANNUAL LIMITATION ON DEDUCTIBLES FOR EMPLOYER-SPONSORED PLANS.**—

(A) **IN GENERAL.**—In the case of a health plan offered in the small group market, the deductible under the plan shall not exceed—

(i) \$2,000 in the case of a plan covering a single individual; and

(ii) \$4,000 in the case of any other plan.

The amounts under clauses (i) and (ii) may be increased by the maximum amount of reimbursement which is reasonably available to a participant under a flexible spending arrangement described in section 106(c)(2) of the Internal Revenue Code of 1986 (determined without regard to any salary reduction arrangement).

(B) **INDEXING OF LIMITS.**—In the case of any plan year beginning in a calendar year after 2014—

(i) the dollar amount under subparagraph (A)(i) shall be increased by an amount equal to the product of that amount and the premium adjustment percentage under paragraph (4) for the calendar year; and

(ii) the dollar amount under subparagraph (A)(ii) shall be increased to an amount equal to twice the amount in effect under subparagraph (A)(i) for plan years beginning in the calendar year, determined after application of clause (i).

If the amount of any increase under clause (i) is not a multiple of \$50, such increase shall be rounded to the next lowest multiple of \$50.

(C) **ACTUARIAL VALUE.**—The limitation under this paragraph shall be applied in such a manner so as to not affect the actuarial value of any health plan, including a plan in the bronze level.

(D) **COORDINATION WITH PREVENTIVE LIMITS.**—Nothing in this paragraph shall be construed to allow a plan to have a deductible under the plan apply to benefits described in section 2713 of the Public Health Service Act.

(3) **COST-SHARING.**—In this title—

(A) **IN GENERAL.**—The term “cost-sharing” includes—

(i) deductibles, coinsurance, copayments, or similar charges; and

(ii) any other expenditure required of an insured individual which is a qualified medical expense (within the meaning of section 223(d)(2) of the Internal Revenue Code of 1986) with respect to essential health benefits covered under the plan.

(B) **EXCEPTIONS.**—Such term does not include premiums, balance billing amounts for non-network providers, or spending for non-covered services.

(4) **PREMIUM ADJUSTMENT PERCENTAGE.**—For purposes of paragraphs (1)(B)(i) and (2)(B)(i), the premium adjustment percentage for any calendar year is the percentage (if any) by which the average per capita premium for health insurance coverage in the United States for the preceding calendar year (as estimated by the Secretary no later than October 1 of such preceding calendar year) exceeds such average per capita premium for 2013 (as determined by the Secretary).

(d) **LEVELS OF COVERAGE.**—

(1) **LEVELS OF COVERAGE DEFINED.**—The levels of coverage described in this subsection are as follows:

(A) **BRONZE LEVEL.**—A plan in the bronze level shall provide a level of coverage that is designed to provide benefits that are actuarially equivalent to 60 percent of the full actuarial value of the benefits provided under the plan.

(B) **SILVER LEVEL.**—A plan in the silver level shall provide a level of coverage that is designed to provide benefits that are actuarially equivalent to 70 percent of the full actuarial value of the benefits provided under the plan.

(C) **GOLD LEVEL.**—A plan in the gold level shall provide a level of coverage that is designed to provide benefits that are actuarially equivalent to 80 percent of the full actuarial value of the benefits provided under the plan.

(D) **PLATINUM LEVEL.**—A plan in the platinum level shall provide a level of coverage that is designed to provide benefits that are actuarially equivalent to 90 percent of the full actuarial value of the benefits provided under the plan.

(2) **ACTUARIAL VALUE.**—

(A) **IN GENERAL.**—Under regulations issued by the Secretary, the level of coverage of a plan shall be determined on the basis that the essential health benefits described in subsection (b) shall be provided to a standard population (and without regard to the population the plan may actually provide benefits to).

(B) **EMPLOYER CONTRIBUTIONS.**—The Secretary may issue regulations under which employer contributions to a health savings

account (within the meaning of section 223 of the Internal Revenue Code of 1986) may be taken into account in determining the level of coverage for a plan of the employer.

(C) **APPLICATION.**—In determining under this title, the Public Health Service Act, or the Internal Revenue Code of 1986 the percentage of the total allowed costs of benefits provided under a group health plan or health insurance coverage that are provided by such plan or coverage, the rules contained in the regulations under this paragraph shall apply.

(3) **ALLOWABLE VARIANCE.**—The Secretary shall develop guidelines to provide for a de minimis variation in the actuarial valuations used in determining the level of coverage of a plan to account for differences in actuarial estimates.

(4) **PLAN REFERENCE.**—In this title, any reference to a bronze, silver, gold, or platinum plan shall be treated as a reference to a qualified health plan providing a bronze, silver, gold, or platinum level of coverage, as the case may be.

(e) **CATASTROPHIC PLAN.**—

(1) **IN GENERAL.**—A health plan not providing a bronze, silver, gold, or platinum level of coverage shall be treated as meeting the requirements of subsection (d) with respect to any plan year if—

(A) the only individuals who are eligible to enroll in the plan are individuals described in paragraph (2); and

(B) the plan provides—

(i) except as provided in clause (ii), the essential health benefits determined under subsection (b), except that the plan provides no benefits for any plan year until the individual has incurred cost-sharing expenses in an amount equal to the annual limitation in effect under subsection (c)(1) for the plan year (except as provided for in section 2713); and

(ii) coverage for at least three primary care visits.

(2) **INDIVIDUALS ELIGIBLE FOR ENROLLMENT.**—An individual is described in this paragraph for any plan year if the individual—

(A) has not attained the age of 30 before the beginning of the plan year; or

(B) has a certification in effect for any plan year under this title that the individual is exempt from the requirement under section 5000A of the Internal Revenue Code of 1986 by reason of—

(a) ESTABLISHMENT OF PROGRAM.—

(1) IN GENERAL.—The Secretary shall establish a basic health program meeting the requirements of this section under which a State may enter into contracts to offer 1 or more standard health plans providing at least the essential health benefits described in section 1302(b) to eligible individuals in lieu of offering such individuals coverage through an Exchange.

(2) CERTIFICATIONS AS TO BENEFIT COVERAGE AND COSTS.—Such program shall provide that a State may not establish a basic health program under this section unless the State establishes to the satisfaction of the Secretary, and the Secretary certifies, that—

(A) in the case of an eligible individual enrolled in a standard health plan offered through the program, the State provides—

(i) that the amount of the monthly premium an eligible individual is required to pay for coverage under the standard health plan for the individual and the individual's dependents does not exceed the amount of the monthly premium that the eligible indi-

vidual would have been required to pay (in the rating area in which the individual resides) if the individual had enrolled in the applicable second lowest cost silver plan (as defined in section 36B(b)(3)(B) of the Internal Revenue Code of 1986) offered to the individual through an Exchange; and

(ii) that the cost-sharing an eligible individual is required to pay under the standard health plan does not exceed—

(I) the cost-sharing required under a platinum plan in the case of an eligible individual with household income not in excess of 150 percent of the poverty line for the size of the family involved; and

(II) the cost-sharing required under a gold plan in the case of an eligible individual not described in subclause (I); and

(B) the benefits provided under the standard health plans offered through the program cover at least the essential health benefits described in section 1302(b).

For purposes of subparagraph (A)(i), the amount of the monthly premium an individual is required to pay under either the standard health plan or the applicable second lowest cost silver plan shall be determined after reduction for any premium tax credits and cost-sharing reductions allowable with respect to either plan.

(b) STANDARD HEALTH PLAN.—In this section, the term “standard health plan” means a health benefits plan that the State contracts with under this section—

(1) under which the only individuals eligible to enroll are eligible individuals;

(2) that provides at least the essential health benefits described in section 1302(b); and

(3) in the case of a plan that provides health insurance coverage offered by a health insurance issuer, that has a medical loss ratio of at least 85 percent.

(c) CONTRACTING PROCESS.—

(1) IN GENERAL.—A State basic health program shall establish a competitive process for entering into contracts with standard health plans under subsection (a), including negotiation of premiums and cost-sharing and negotiation of benefits in addition to the essential health benefits described in section 1302(b).

(2) SPECIFIC ITEMS TO BE CONSIDERED.—A State shall, as part of its competitive process under paragraph (1), include at least the following:

(A) INNOVATION.—Negotiation with offerors of a standard health plan for the inclusion of innovative features in the plan, including—

(i) care coordination and care management for enrollees, especially for those with chronic health conditions;

(ii) incentives for use of preventive services; and

(iii) the establishment of relationships between providers and patients that maximize patient involvement in health care decision-making, including providing incentives for appropriate utilization under the plan.

(B) HEALTH AND RESOURCE DIFFERENCES.—Consideration of, and the making of suitable allowances for, differences in health care needs of enrollees and differences in local availability of, and access to, health care providers. Nothing in this subparagraph shall be construed as allowing discrimination on the basis of pre-existing conditions or other health status-related factors.

(C) MANAGED CARE.—Contracting with managed care systems, or with systems that offer as many of the attributes of managed care as are feasible in the local health care market.

(D) PERFORMANCE MEASURES.—Establishing specific performance measures and standards for issuers of standard health plans that focus on quality of care and improved health

outcomes, requiring such plans to report to the State with respect to the measures and standards, and making the performance and quality information available to enrollees in a useful form.

(3) ENHANCED AVAILABILITY.—

(A) MULTIPLE PLANS.—A State shall, to the maximum extent feasible, seek to make multiple standard health plans available to eligible individuals within a State to ensure individuals have a choice of such plans.

(B) REGIONAL COMPACTS.—A State may negotiate a regional compact with other States to include coverage of eligible individuals in all such States in agreements with issuers of standard health plans.

(4) COORDINATION WITH OTHER STATE PROGRAMS.—A State shall seek to coordinate the administration of, and provision of benefits under, its program under this section with the State medicare program under title XIX of the Social Security Act, the State child health plan under title XXI of such Act, and other State-administered health programs to maximize the efficiency of such programs and to improve the continuity of care.

(d) TRANSFER OF FUNDS TO STATES.—

(1) IN GENERAL.—If the Secretary determines that a State electing the application of this section meets the requirements of the program established under subsection (a), the Secretary shall transfer to the State for each fiscal year for which 1 or more standard health plans are operating within the State the amount determined under paragraph (3).

(2) USE OF FUNDS.—A State shall establish a trust for the deposit of the amounts received under paragraph (1) and amounts in the trust fund shall only be used to reduce the premiums and cost-sharing of, or to provide additional benefits for, eligible individuals enrolled in standard health plans within the State. (ii) SPECIFIC REQUIREMENTS.—The Secretary shall make the determination under clause (i) on a per enrollee basis and shall take into account all relevant factors necessary to determine the value of the premium tax credits and cost-sharing reductions that would have been provided to eligible individuals described in clause (i), including the age and income of the enrollee, whether the enrollment is for self-only or family coverage, geographic differences in average spending for health care across rating areas, the health status of the enrollee for purposes of determining risk adjustment payments and reinsurance payments that would have been made if the enrollee had enrolled in a qualified health plan through an Exchange, and whether any reconciliation of the credit or cost-sharing reductions would have occurred if the enrollee had been so enrolled. This determination shall take into consideration the experience of other States with respect to participation in an Exchange and such credits and reductions provided to residents of the other States, with a special

focus on enrollees with income below 200 percent of poverty.

(iii) **CERTIFICATION.**—The Chief Actuary of the Centers for Medicare & Medicaid Services, in consultation with the Office of Tax Analysis of the Department of the Treasury, shall certify whether the methodology used to make determinations under this subparagraph, and such determinations, meet the requirements of clause (ii). Such certifications shall be based on sufficient data from the State and from comparable States about their experience with programs created by this Act.

(B) **CORRECTIONS.**—The Secretary shall adjust the payment for any fiscal year to reflect any error in the determinations under subparagraph (A) for any preceding fiscal year.

(4) **APPLICATION OF SPECIAL RULES.**—The provisions of section 1303 shall apply to a State basic health program, and to standard health plans offered through such program, in the same manner as such rules apply to qualified health plans.

(e) **ELIGIBLE INDIVIDUAL.**—

(1) **IN GENERAL.**—In this section, the term “eligible individual” means, with respect to any State, an individual—

(A) who is a resident of the State who is not eligible to enroll in the State’s medicaid program under title XIX of the Social Security Act for benefits that at a minimum consist of the essential health benefits described in section 1302(b);

(3) the quality and performance standards under this section.

(g) **STANDARD HEALTH PLAN OFFERORS.**—A State may provide that persons eligible to offer standard health plans under a basic health program established under this section may include a licensed health maintenance organization, a licensed health insurance insurer, or a network of health care providers established to offer services under the program.

(h) **DEFINITIONS.**—Any term used in this section which is also used in section 36B of the Internal Revenue Code of 1986 shall have the meaning given such term by such section.

(b) **MODEL REGULATION.**—

(1) **IN GENERAL.**—In establishing the Federal standards under section 1321(a), the Secretary, in consultation with the National Association of Insurance Commissioners (the “NAIC”), shall include provisions that enable States to establish and maintain a program under which—

(A) health insurance issuers, and third party administrators on behalf of group health plans, are required to make payments to an applicable reinsurance entity for any plan year beginning in the 3-year period beginning January 1, 2014 (as specified in paragraph (3)); and

(B) the applicable reinsurance entity collects payments under subparagraph (A) and uses amounts so collected to make reinsurance payments to health insurance issuers described in subparagraph (A) that cover high risk individuals in the individual market (excluding grandfathered health plans) for any plan year beginning in such 3-year period.

(2) **HIGH-RISK INDIVIDUAL; PAYMENT AMOUNTS.**—The Secretary shall include the following in the provisions under paragraph (1):

(A) **DETERMINATION OF HIGH-RISK INDIVIDUALS.**—The method by which individuals will be identified as high risk individuals for purposes of the reinsurance program established under this section. Such method shall provide for identification of individuals as high-risk individuals on the basis of—

(i) a list of at least 50 but not more than 100 medical conditions that are identified as high-risk conditions and that may be based on the identification of diagnostic and procedure codes that are indicative of individuals with pre-existing, high-risk conditions; or

(ii) any other comparable objective method of identification recommended by the American Academy of Actuaries.

(B) **PAYMENT AMOUNT.**—The formula for determining the amount of payments that will be paid to health insurance issuers described in paragraph (1)(A) that insure high-risk individuals. Such formula shall provide for the equitable allocation of available funds through reconciliation and may be designed—

(i) to provide a schedule of payments that specifies the amount that will be paid for each of the conditions identified under subparagraph (A); or

(ii) to use any other comparable method for determining payment amounts that is recommended by the American Academy of Actuaries and that encourages the use of care coordination and care management programs for high risk conditions.

(3) DETERMINATION OF REQUIRED CONTRIBUTIONS.—

(A) IN GENERAL.—The Secretary shall include in the provisions under paragraph (1) the method for determining the amount each health insurance issuer and group health plan described in paragraph (1)(A) contributing to the reinsurance program under this section is required to contribute under such paragraph for each plan year beginning in the 36-month period beginning January 1, 2014. The contribution amount for any plan year may be based on the percentage of revenue of each issuer and the total costs of providing benefits to enrollees in self-insured plans or on a specified amount per enrollee and may be required to be paid in advance or periodically throughout the plan year.

(B) SPECIFIC REQUIREMENTS.—The method under this paragraph shall be designed so that—

(i) the contribution amount for each issuer proportionally reflects each issuer's fully insured commercial book of business for all major medical products and the total value of all fees charged by the issuer and the costs of coverage administered by the issuer as a third party administrator;

(ii) the contribution amount can include an additional amount to fund the administrative expenses of the applicable reinsurance entity;

(iii) the aggregate contribution amounts for all States shall, based on the best estimates of the NAIC and without regard to amounts described in clause (ii), equal \$10,000,000,000 for plan years beginning in 2014, \$6,000,000,000 for plan years beginning 2015, and \$4,000,000,000 for plan years beginning in 2016; and

(iv) in addition to the aggregate contribution amounts under clause (iii), each issuer's contribution amount for any calendar year under clause (iii) reflects its proportionate share of an additional \$2,000,000,000 for 2014, an additional \$2,000,000,000 for 2015, and an additional \$1,000,000,000 for 2016.

Nothing in this subparagraph shall be construed to preclude a State from collecting additional amounts from issuers on a voluntary basis.

(4) EXPENDITURE OF FUNDS.—The provisions under paragraph (1) shall provide that—

(A) the contribution amounts collected for any calendar year may be allocated and used in any of the three calendar years for which amounts are collected based on the reinsurance needs of a particular period or to reflect experience in a prior period; and

(B) amounts remaining unexpended as of December, 2016, may be used to make payments under any reinsurance program of a State in the individual market in effect in the 2-year period beginning on January 1, 2017.

Notwithstanding the preceding sentence, any contribution amounts described in paragraph (3)(B)(iv) shall be deposited into the general fund of the Treasury of the United States and may not be used for the program established under this section.

(C) APPLICABLE REINSURANCE ENTITY.—For purposes of this section—

(1) IN GENERAL.—The term “applicable reinsurance entity” means a not-for-profit organization—

(A) the purpose of which is to help stabilize premiums for coverage in the individual and

small group markets in a State during the first 3 years of operation of an Exchange for such markets within the State when the risk of adverse selection related to new rating rules and market changes is greatest; and

(B) the duties of which shall be to carry out the reinsurance program under this section by coordinating the funding and operation of the risk-spreading mechanisms designed to implement the reinsurance program.

(2) STATE DISCRETION.—A State may have more than 1 applicable reinsurance entity to carry out the reinsurance program under this section within the State and 2 or more States may enter into agreements to provide for an applicable reinsurance entity to carry out such program in all such States.

(3) ENTITIES ARE TAX-EXEMPT.—An applicable reinsurance entity established under this section shall be exempt from taxation under chapter 1 of the Internal Revenue Code of 1986. The preceding sentence shall not apply to the tax imposed by section 511 such Code (relating to tax on unrelated business taxable income of an exempt organization).

(d) COORDINATION WITH STATE HIGH-RISK POOLS.—The State shall eliminate or modify any State high-risk pool to the extent necessary to carry out the reinsurance program established under this section. The State may coordinate the State high-risk pool with such program to the extent not inconsistent with the provisions of this section.

**SEC. 1342. ESTABLISHMENT OF RISK CORRIDORS FOR PLANS IN INDIVIDUAL AND SMALL GROUP MARKETS.**

(a) IN GENERAL.—The Secretary shall establish and administer a program of risk corridors for calendar years 2014, 2015, and 2016 under which a qualified health plan offered in the individual or small group market shall participate in a payment adjustment system based on the ratio of the allowable costs of the plan to the plan's aggregate premiums. Such program shall be based on the program for regional participating provider organizations under part D of title XVIII of the Social Security Act.

(b) PAYMENT METHODOLOGY.—

(1) PAYMENTS OUT.—The Secretary shall provide under the program established under subsection (a) that if—

(A) a participating plan's allowable costs for any plan year are more than 103 percent but not more than 108 percent of the target amount, the Secretary shall pay to the plan an amount equal to 50 percent of the target amount in excess of 103 percent of the target amount; and

(B) a participating plan's allowable costs for any plan year are more than 108 percent of the target amount, the Secretary shall pay to the plan an amount equal to the sum of 2.5 percent of the target amount plus 80 percent of allowable costs in excess of 108 percent of the target amount.

(2) PAYMENTS IN.—The Secretary shall provide under the program established under subsection (a) that if—

(A) a participating plan's allowable costs for any plan year are less than 97 percent but not less than 92 percent of the target amount, the plan shall pay to the Secretary an amount equal to 50 percent of the excess of 97 percent of the target amount over the allowable costs; and

(B) a participating plan's allowable costs for any plan year are less than 92 percent of the target amount, the plan shall pay to the Secretary an amount equal to the sum of 2.5 percent of the target amount plus 80 percent of the excess of 92 percent of the target amount over the allowable costs.

(c) DEFINITIONS.—In this section:

(2) TARGET AMOUNT.—The target amount of a plan for any year is an amount equal to the total premiums (including any premium subsidies under any governmental program), reduced by the administrative costs of the plan.

**SEC. 1343. RISK ADJUSTMENT.**

(a) IN GENERAL.—

(1) LOW ACTUARIAL RISK PLANS.—Using the criteria and methods developed under subsection (b), each State shall assess a charge on health plans and health insurance issuers (with respect to health insurance coverage) described in subsection (c) if the actuarial risk of the enrollees of such plans or coverage for a year is less than the average actuarial risk of all enrollees in all plans or coverage in such State for such year that are not self-insured group health plans (which are subject to the provisions of the Employee Retirement Income Security Act of 1974).

(2) HIGH ACTUARIAL RISK PLANS.—Using the criteria and methods developed under subsection (b), each State shall provide a payment to health plans and health insurance issuers (with respect to health insurance coverage) described in subsection (c) if the actuarial risk of the enrollees of such plans or coverage for a year is greater than the average actuarial risk of all enrollees in all plans and coverage in such State for such year that are not self-insured group health plans (which are subject to the provisions of the Employee Retirement Income Security Act of 1974).

(b) CRITERIA AND METHODS.—The Secretary, in consultation with States, shall establish criteria and methods to be used in carrying out the risk adjustment activities under this section. The Secretary may utilize criteria and methods similar to the criteria and methods utilized under part C or D of title XVIII of the Social Security Act. Such criteria and methods shall be included in the standards and requirements the Secretary prescribes under section 1321.

(c) SCOPE.—A health plan or a health insurance issuer is described in this subsection if such health plan or health insurance issuer provides coverage in the individual or small group market within the State. **“SEC. 36B. REFUNDABLE CREDIT FOR COVERAGE UNDER A QUALIFIED HEALTH PLAN.**

“(a) IN GENERAL.—In the case of an applicable taxpayer, there shall be allowed as a credit against the tax imposed by this subtitle for any taxable year an amount equal to the premium assistance credit amount of the taxpayer for the taxable year.

“(b) PREMIUM ASSISTANCE CREDIT AMOUNT.—For purposes of this section—

“(1) IN GENERAL.—The term ‘premium assistance credit amount’ means, with respect to any taxable year, the sum of the premium assistance amounts determined under paragraph (2) with respect to all coverage months of the taxpayer occurring during the taxable year.

“(2) PREMIUM ASSISTANCE AMOUNT.—The premium assistance amount determined under this subsection with respect to any coverage month is the amount equal to the lesser of—

“(A) the monthly premiums for such month for 1 or more qualified health plans offered in the individual market within a State which cover the taxpayer, the taxpayer’s spouse, or any dependent (as defined in section 152) of the taxpayer and which were enrolled in through an Exchange established by the State under 1311 of the Patient Protection and Affordable Care Act, or

“(B) the excess (if any) of—

“(i) the adjusted monthly premium for such month for the applicable second lowest cost silver plan with respect to the taxpayer, over

“(ii) an amount equal to 1/12 of the product of the applicable percentage and the taxpayer’s household income for the taxable year.

“(3) OTHER TERMS AND RULES RELATING TO PREMIUM ASSISTANCE AMOUNTS.—For purposes of paragraph (2)—

“(A) APPLICABLE PERCENTAGE.—

“(i) IN GENERAL.—Except as provided in clause (ii), the applicable percentage with respect to any taxpayer for any taxable year is equal to 2.8 percent, increased by the number of percentage points (not greater than 7) which bears the same ratio to 7 percentage points as—

“(I) the taxpayer’s household income for the taxable year in excess of 100 percent of the poverty line for a family of the size involved, bears to

“(II) an amount equal to 200 percent of the poverty line for a family of the size involved.

“(B) APPLICABLE SECOND LOWEST COST SILVER PLAN.—The applicable second lowest cost silver plan with respect to any applicable taxpayer is the second lowest cost silver plan of the individual market in the rating area in which the taxpayer resides which—

“(bb) who is not described in item (aa) but who purchases only self-only coverage, and

“(II) family coverage in the case of any other applicable taxpayer.

If a taxpayer files a joint return and no credit is allowed under this section with respect

“(C) ADJUSTED MONTHLY PREMIUM.—The adjusted monthly premium for an applicable second lowest cost silver plan is the monthly premium which would have been charged (for the rating area with respect to which the premiums under paragraph (2)(A) were determined) for the plan if each individual covered under a qualified health plan taken into account under paragraph (2)(A) were covered by such silver plan and the premium was adjusted only for the age of each such individual in the manner allowed under section 2701 of the Public Health Service Act. In the case of a State participating in the wellness discount demonstration project under section 2705(d) of the Public Health Service Act, the adjusted monthly premium shall be determined without regard to any premium discount or rebate under such project.

(c) DETERMINATION OF REDUCTION IN COST-SHARING.—

(1) REDUCTION IN OUT-OF-POCKET LIMIT.—

(I) 90 percent in the case of an eligible insured described in paragraph (2)(A);

(II) 80 percent in the case of an eligible insured described in paragraph (2)(B); and

(III) 70 percent in the case of an eligible insured described in clause (ii) or (iii) of subparagraph (A).

**Subtitle F—Shared Responsibility for Health Care**

**PART I—INDIVIDUAL RESPONSIBILITY**

**SEC. 1501. REQUIREMENT TO MAINTAIN MINIMUM ESSENTIAL COVERAGE.**

(a) FINDINGS.—Congress makes the following findings:

(1) IN GENERAL.—The individual responsibility requirement provided for in this section (in this subsection referred to as the “requirement”) is commercial and economic in nature, and substantially affects interstate commerce, as a result of the effects described in paragraph (2).

(2) EFFECTS ON THE NATIONAL ECONOMY AND INTERSTATE COMMERCE.—The effects described in this paragraph are the following:

(A) The requirement regulates activity that is commercial and economic in nature: economic and financial decisions about how and when health care is paid for, and when health insurance is purchased.

(B) Health insurance and health care services are a significant part of the national economy. National health spending is projected to increase from \$2,500,000,000,000, or 17.6 percent of the economy, in 2009 to \$4,700,000,000,000 in 2019. Private health insurance spending is projected to be \$854,000,000,000 in 2009, and pays for medical supplies, drugs, and equipment that are shipped in interstate commerce. Since most health insurance is sold by national or regional health insurance companies, health insurance is sold in interstate commerce and claims payments flow through interstate commerce.

(C) The requirement, together with the other provisions of this Act, will add millions of new consumers to the health insurance market, increasing the supply of, and demand for, health care services. According to the Congressional Budget Office, the requirement will increase the number and share of Americans who are insured.

(D) The requirement achieves near-universal coverage by building upon and strengthening the private employer-based health insurance system, which covers 176,000,000 Americans nationwide. In Massachusetts, a similar requirement has strengthened private employer-based coverage: despite the economic downturn, the number of workers offered employer-based coverage has actually increased.

(E) Half of all personal bankruptcies are caused in part by medical expenses. By significantly increasing health insurance coverage, the requirement, together with the other provisions of this Act, will improve financial security for families.

(F) Under the Employee Retirement Income Security Act of 1974 (29 U.S.C. 1001 et seq.), the Public Health Service Act (42 U.S.C. 201 et seq.), and this Act, the Federal Government has a significant role in regulating health insurance which is in interstate commerce.

(G) Under sections 2704 and 2705 of the Public Health Service Act (as added by section 1201 of this Act), if there were no requirement, many individuals would wait to purchase health insurance until they needed care. By significantly increasing health insurance coverage, the requirement, together with the other provisions of this Act, will minimize this adverse selection and broaden the health insurance risk pool to include healthy individuals, which will lower health insurance premiums. The requirement is essential to creating effective health insurance markets in which improved health insurance products that are guaranteed issue and do not exclude coverage of pre-existing conditions can be sold.

(H) Administrative costs for private health insurance, which were \$90,000,000,000 in 2006,

are 26 to 30 percent of premiums in the current individual and small group markets. By significantly increasing health insurance coverage and the size of purchasing pools, which will increase economies of scale, the requirement, together with the other provisions of this Act, will significantly reduce administrative costs and lower health insurance premiums. The requirement is essential to creating effective health insurance markets that do not require underwriting and eliminate its associated administrative costs.

(3) SUPREME COURT RULING.—In *United States v. South-Eastern Underwriters Association* (322 U.S. 533 (1944)), the Supreme Court of the United States ruled that insurance is interstate commerce subject to Federal regulation.

(b) IN GENERAL.—Subtitle D of the Internal Revenue Code of 1986 is amended by adding at the end the following new chapter:

“(E) TRANSITION PLANNING AND OVERSIGHT.—Each State shall submit to the Secretary for the Secretary's approval the income eligibility thresholds proposed to be established using modified gross income and household income, the methodologies and procedures to be used to determine income eligibility using modified gross income and household income and, if applicable, a State plan amendment establishing an optional eligibility category under subsection (a)(10)(A)(ii)(XX). **SEC. 2406. SENSE OF THE SENATE REGARDING LONG-TERM CARE.**

(a) FINDINGS.—The Senate makes the following findings:

(1) Nearly 2 decades have passed since Congress seriously considered long-term care reform. The United States Bipartisan Commission on Comprehensive Health Care, also known as the “Pepper Commission”, released its “Call for Action” blueprint for health reform in September 1990. In the 20 years since those recommendations were made, Congress has never acted on the report.

(2) In 1999, under the United States Supreme Court’s decision in *Olmstead v. L.C.*, 527 U.S. 581 (1999), individuals with disabilities have the right to choose to receive their long-term services and supports in the community, rather than in an institutional setting.

(3) Despite the Pepper Commission and *Olmstead* decision, the long-term care provided to our Nation’s elderly and disabled has not improved. In fact, for many, it has gotten far worse.

(4) In 2007, 69 percent of Medicaid long-term care spending for elderly individuals and adults with physical disabilities paid for institutional services. Only 6 states spent 50 percent or more of their Medicaid long-term care dollars on home and community-based services for elderly individuals and adults with physical disabilities while ½ of the States spent less than 25 percent. This disparity continues even though, on average, it is estimated that Medicaid dollars can support nearly 3 elderly individuals and adults with physical disabilities in home and community-based services for every individual in a nursing home. Although every State has chosen to provide certain services under home and community-based waivers, these services are unevenly available within and across States, and reach a small percentage of eligible individuals.

(b) SENSE OF THE SENATE.—It is the sense of the Senate that—

(1) during the 111th session of Congress, Congress should address long-term services and supports in a comprehensive way that guarantees elderly and disabled individuals the care they need; and

(2) long term services and supports should be made available in the community in addition to in institutions.

A State selected to participate in the demonstration project may target the demonstration project to particular categories of beneficiaries, beneficiaries with particular diagnoses, or particular geographic regions of the State, but the Secretary shall insure that, as a whole, the demonstration project is, to the greatest extent possible, representative of the demographic and geographic composition of Medicaid beneficiaries nationally.

(6) The Secretary and each State selected to participate in the demonstration project shall ensure that the demonstration project does not result in the Medicaid beneficiaries whose care is subject to payment under the demonstration project being provided with less items and services for which medical assistance is provided under the State Medicaid program than the items and services for which medical assistance would have been provided to such beneficiaries under the State Medicaid program in the absence of the demonstration project.

**“CENTER FOR MEDICARE AND MEDICAID INNOVATION**

**“SEC. 1115A. (a) CENTER FOR MEDICARE AND MEDICAID INNOVATION ESTABLISHED.—**

“(1) IN GENERAL.—There is created within the Centers for Medicare & Medicaid Services a Center for Medicare and Medicaid Innovation (in this section referred to as the ‘CMI’) to carry out the duties described in this section. The purpose of the CMI is to test innovative payment and service delivery models to reduce program expenditures under the applicable titles while preserving or enhancing the quality of care furnished to individuals under such titles. “(2) SELECTION OF MODELS TO BE TESTED.—

“(A) IN GENERAL.—The Secretary shall select models to be tested from models where the Secretary determines that there is evidence that the model addresses a defined population for which there are deficits in care leading to poor clinical outcomes or potentially avoidable expenditures. The models selected under the preceding sentence may include the models described in subparagraph (B).

“(B) OPPORTUNITIES.—The models described in this subparagraph are the following models:

“(i) Promoting broad payment and practice reform in primary care, including patient-centered medical home models for high-need applicable individuals, medical homes that address women’s unique health care needs, and models that transition primary care practices away from fee-for-service based reimbursement and toward comprehensive payment or salary-based payment.

“(ii) Contracting directly with groups of providers of services and suppliers to promote innovative care delivery models, such as through risk-based comprehensive payment or salary-based payment.

“(iii) Utilizing geriatric assessments and comprehensive care plans to coordinate the care (including through interdisciplinary teams) of applicable individuals with multiple chronic conditions and at least one of the following:

“(I) An inability to perform 2 or more activities of daily living.

“(II) Cognitive impairment, including dementia.

“(iv) Promote care coordination between providers of services and suppliers that transition health care providers away from fee-for-service based reimbursement and toward salary-based payment.

“(v) Supporting care coordination for chronically-ill applicable individuals at high risk of hospitalization through a health information technology-enabled provider network that includes care coordinators, a chronic disease registry, and home telehealth technology.

“(vi) Varying payment to physicians who order advanced diagnostic imaging services (as defined in section 1834(e)(1)(B)) according to the physician’s adherence to appropriateness criteria for the ordering of such services, as determined in consultation with physician specialty groups and other relevant stakeholders.

“(viii) Establishing community-based health teams to support small-practice medical homes by assisting the primary care practitioner in chronic care management, including patient self-management, activities.

“(ix) Assisting applicable individuals in making informed health care choices by paying providers of services and suppliers for using patient decision-support tools, including tools that meet the standards developed and identified under section 936(c)(2)(A) of the Public Health Service Act, that improve

applicable individual and caregiver understanding of medical treatment options.

“(x) Allowing States to test and evaluate fully integrating care for dual eligible individuals in the State, including the management and oversight of all funds under the applicable titles with respect to such individuals.

“(xi) Allowing States to test and evaluate systems of all-payer payment reform for the medical care of residents of the State, including dual eligible individuals.

“(xvii) Promoting greater efficiencies and timely access to outpatient services (such as outpatient physical therapy services) through models that do not require a physician or other health professional to refer the service or be involved in establishing the plan of care for the service, when such service is furnished by a health professional who has the authority to furnish the service under existing State law.

“(xviii) Establishing comprehensive payments to Healthcare Innovation Zones, consisting of groups of providers that include a teaching hospital, physicians, and other clinical entities, that, through their structure, operations, and joint-activity deliver a full spectrum of integrated and comprehensive health care services to applicable individuals while also incorporating innovative methods for the clinical training of future health care professionals.

“(C) ADDITIONAL FACTORS FOR CONSIDERATION.—In selecting models for testing under subparagraph (A), the CMI may consider the following additional factors:

“(i) Whether the model includes a regular process for monitoring and updating patient care plans in a manner that is consistent with the needs and preferences of applicable individuals.

“(ii) Whether the model places the applicable individual, including family members and other informal caregivers of the applicable individual, at the center of the care team of the applicable individual.

“(vi) Whether the model relies on a team-based approach to interventions, such as comprehensive care assessments, care planning, and self-management coaching.

“(vii) Whether, under the model, providers of services and suppliers are able to share information with patients, caregivers, and other providers of services and suppliers on a real time basis.

“(3) BUDGET NEUTRALITY.—

“(A) INITIAL PERIOD.—The Secretary shall not require, as a condition for testing a model under paragraph (1), that the design of such model ensure that such model is budget neutral initially with respect to expenditures under the applicable title.

“(B) TERMINATION OR MODIFICATION.—The Secretary shall terminate or modify the design and implementation of a model unless the Secretary determines (and the Chief Actuary of the Centers for Medicare & Medicaid Services, with respect to program spending under the applicable title, certifies), after testing has begun, that the model is expected to—

“(i) improve the quality of care (as determined by the Administrator of the Centers for Medicare & Medicaid Services) without increasing spending under the applicable title;

“(ii) reduce spending under the applicable title without reducing the quality of care; or

“(iii) improve the quality of care and reduce spending.

Such termination may occur at any time after such testing has begun and before completion of the testing.

“(4) EVALUATION.—

“(A) IN GENERAL.—The Secretary shall conduct an evaluation of each model tested under this subsection. Such evaluation shall include an analysis of—

“(ii) the changes in spending under the applicable titles by reason of the model.

“(B) INFORMATION.—The Secretary shall make the results of each evaluation under this paragraph available to the public in a timely fashion and may establish requirements for States and other entities participating in the testing of models under this section to collect and report information that the Secretary determines is necessary to monitor and evaluate such models.

“(c) EXPANSION OF MODELS (PHASE II).—Taking into account the evaluation under subsection (b)(4), the Secretary may, through rulemaking, expand (including implementation on a nationwide basis) the duration and the scope of a model that is being tested under subsection (b) or a demonstration project under section 1866C, to the extent determined appropriate by the Secretary, if—

“(1) the Secretary determines that such expansion is expected to—

“(A) reduce spending under applicable title without reducing the quality of care; or

“(B) improve the quality of care and reduce spending; and

“(2) the Chief Actuary of the Centers for Medicare & Medicaid Services certifies that such expansion would reduce program spending under applicable titles.

“SHARED SAVINGS PROGRAM

“SEC. 1899. (a) ESTABLISHMENT.—

“(1) IN GENERAL.—Not later than January 1, 2012, the Secretary shall establish a shared savings program (in this section referred to as the ‘program’) that promotes accountability for a patient population and coordinates items and services under parts A and B, and encourages investment in infrastructure and redesigned care processes for high quality and efficient service delivery. Under such program—

“(A) groups of providers of services and suppliers meeting criteria specified by the Secretary may work together to manage and coordinate care for Medicare fee-for-service beneficiaries through an accountable care organization (referred to in this section as an ‘ACO’); and

“(B) ACOs that meet quality performance standards established by the Secretary are eligible to receive payments for shared savings under subsection (d)(2).

“(b) ELIGIBLE ACOS.—

“(1) IN GENERAL.—Subject to the succeeding provisions of this subsection, as determined appropriate by the Secretary, the following groups of providers of services and suppliers which have established a mechanism for shared governance are eligible to participate as ACOs under the program under this section:

“(A) ACO professionals in group practice arrangements.

“(B) Networks of individual practices of ACO professionals.

“(C) Partnerships or joint venture arrangements between hospitals and ACO professionals.

“(D) Hospitals employing ACO professionals.

“(E) Such other groups of providers of services and suppliers as the Secretary determines appropriate.

“(B) The ACO shall enter into an agreement with the Secretary to participate in the program for not less than a 3-year period (referred to in this section as the ‘agreement period’).

“(C) The ACO shall have a formal legal structure that would allow the organization to receive and distribute payments for shared savings under subsection (d)(2) to participating providers of services and suppliers.

“(D) The ACO shall include primary care ACO professionals that are sufficient for the number of Medicare fee-for-service beneficiaries assigned to the ACO under subsection (c). At a minimum, the ACO shall have at least 5,000 such beneficiaries assigned to it under subsection (c) in order to be eligible to participate in the ACO program.

“(E) The ACO shall provide the Secretary with such information regarding ACO professionals participating in the ACO as the Secretary determines necessary to support the assignment of Medicare fee-for-service beneficiaries to an ACO, the implementation of quality and other reporting requirements under paragraph (3), and the determination of payments for shared savings under subsection (d)(2).

“(F) The ACO shall have in place a leadership and management structure that includes clinical and administrative systems.

“(G) The ACO shall define processes to promote evidence-based medicine and patient engagement, report on quality and cost measures, and coordinate care, such as through the use of telehealth, remote patient monitoring, and other such enabling technologies.

“(H) The ACO shall demonstrate to the Secretary that it meets patient-centeredness criteria specified by the Secretary, such as the use of patient and caregiver assessments or the use of individualized care plans.

“(3) QUALITY AND OTHER REPORTING REQUIREMENTS.—

“(A) IN GENERAL.—The Secretary shall determine appropriate measures to assess the quality of care furnished by the ACO, such as measures of—

“(i) clinical processes and outcomes;

“(ii) patient and, where practicable, caregiver experience of care; and

“(iii) utilization (such as rates of hospital admissions for ambulatory care sensitive conditions).

“(B) REPORTING REQUIREMENTS.—An ACO shall submit data in a form and manner specified by the Secretary on measures the Secretary determines necessary for the ACO to report in order to evaluate the quality of care furnished by the ACO. Such data may include care transitions across health care settings, including hospital discharge planning and post-hospital discharge follow-up by ACO professionals, as the Secretary determines appropriate.

“(C) QUALITY PERFORMANCE STANDARDS.—The Secretary shall establish quality performance standards to assess the quality of care furnished by ACOs. The Secretary shall seek to improve the quality of care furnished by ACOs over time by specifying higher standards, new measures, or both for purposes of assessing such quality of care.

“(D) OTHER REPORTING REQUIREMENTS.—The Secretary may, as the Secretary determines appropriate, incorporate reporting requirements and incentive payments related to the physician quality reporting initiative (PQRI) under section 1848, including such requirements and such payments related to electronic prescribing, electronic health records, and other similar initiatives under section 1848, and may use alternative criteria than would otherwise apply under such section for determining whether to make such payments. The incentive payments described in the preceding sentence shall not be taken into consideration when calculating any payments otherwise made under subsection (d).

“(4) NO DUPLICATION IN PARTICIPATION IN SHARED SAVINGS PROGRAMS.—A provider of services or supplier that participates in any of the following shall not be eligible to participate in an ACO under this section:

“(A) A model tested or expanded under section 1115A that involves shared savings

under this title, or any other program or demonstration project that involves such shared savings.

“(ii) the ACO meets the requirement under subparagraph (B)(1).

“(B) SAVINGS REQUIREMENT AND BENCHMARK.—

“(i) DETERMINING SAVINGS.—In each year of the agreement period, an ACO shall be eligible to receive payment for shared savings under paragraph (2) only if the estimated average per capita Medicare expenditures under the ACO for Medicare fee-for-service beneficiaries for parts A and B services, adjusted for beneficiary characteristics, is at least the percent specified by the Secretary below the applicable benchmark under clause (ii). The Secretary shall determine the appropriate percent described in the preceding sentence to account for normal variation in expenditures under this title, based upon the number of Medicare fee-for-service beneficiaries assigned to an ACO.

“(ii) ESTABLISH AND UPDATE BENCHMARK.—The Secretary shall estimate a benchmark for each agreement period for each ACO using the most recent available 3 years of per-beneficiary expenditures for parts A and B services for Medicare fee-for-service beneficiaries assigned to the ACO. Such benchmark shall be adjusted for beneficiary characteristics and such other factors as the Secretary determines appropriate and updated by the projected absolute amount of growth in national per capita expenditures for parts A and B services under the original Medicare fee-for-service program, as estimated by the Secretary. Such benchmark shall be reset at the start of each agreement period.

“(2) PAYMENTS FOR SHARED SAVINGS.—Subject to performance with respect to the quality performance standards established by the Secretary under subsection (b)(3), if an ACO meets the requirements under paragraph (1), a percent (as determined appropriate by the Secretary) of the difference between such estimated average per capita Medicare expenditures in a year, adjusted for beneficiary characteristics, under the ACO and such benchmark for the ACO may be paid to the ACO as shared savings and the remainder of such difference shall be retained by the program under this title. The Secretary shall establish limits on the total amount of shared savings that may be paid to an ACO under this paragraph.

“(3) MONITORING AVOIDANCE OF AT-RISK PATIENTS.—If the Secretary determines that an ACO has taken steps to avoid patients at risk in order to reduce the likelihood of increasing costs to the ACO the Secretary may

impose an appropriate sanction on the ACO, including termination from the program.

“(4) TERMINATION.—The Secretary may terminate an agreement with an ACO if it does not meet the quality performance standards established by the Secretary under subsection (b)(3).

“(e) ADMINISTRATION.—Chapter 35 of title 44, United States Code, shall not apply to the program.

“(f) WAIVER AUTHORITY.—The Secretary may waive such requirements of sections 1128A and 1128B and title XVIII of this Act as may be necessary to carry out the provisions of this section.

“(g) LIMITATIONS ON REVIEW.—There shall be no administrative or judicial review under section 1869, section 1878, or otherwise of—

“(1) the specification of criteria under subsection (a)(1)(B);

“(2) the assessment of the quality of care furnished by an ACO and the establishment of performance standards under subsection (b)(3);

“(3) the assignment of Medicare fee-for-service beneficiaries to an ACO under subsection (c);

“(4) the determination of whether an ACO is eligible for shared savings under subsection (d)(2) and the amount of such shared savings, including the determination of the estimated average per capita Medicare expenditures under the ACO for Medicare fee-for-service beneficiaries assigned to the ACO and the average benchmark for the ACO under subsection (d)(1)(B);

“(5) the percent of shared savings specified by the Secretary under subsection (d)(2) and any limit on the total amount of shared savings established by the Secretary under such subsection; and

“(6) the termination of an ACO under subsection (d)(4).

“(1) IN GENERAL.—The Secretary shall conduct a demonstration program (in this section referred to as the ‘demonstration program’) to test a payment incentive and service delivery model that utilizes physician and nurse practitioner directed home-based primary care teams designed to reduce expenditures and improve health outcomes in the provision of items and services under this title to applicable beneficiaries (as defined in subsection (d)).

“(2) REQUIREMENT.—The demonstration program shall test whether a model described in paragraph (1), which is accountable for providing comprehensive, coordinated, continuous, and accessible care to high-need populations at home and coordinating health care across all treatment settings, results in—

“(A) reducing preventable hospitalizations;

“(B) preventing hospital readmissions;

“(C) reducing emergency room visits;

“(D) improving health outcomes commensurate with the beneficiaries’ stage of chronic illness;

“(E) improving the efficiency of care, such as by reducing duplicative diagnostic and laboratory tests;

“(A) all the requirements of this section are met;

“(B) the nurse practitioner or physician assistant, as the case may be, is acting consistent with State law; and

“(4) QUALITY AND PERFORMANCE STANDARDS.—The Secretary shall develop quality performance standards for independence at home medical practices participating in the demonstration program.

“(c) PAYMENT METHODOLOGY.—

“(1) ESTABLISHMENT OF TARGET SPENDING LEVEL.—The Secretary shall establish an estimated annual spending target, for the amount the Secretary estimates would have been spent in the absence of the demonstration, for items and services covered under parts A and B furnished to applicable beneficiaries for each qualifying independence at home medical practice under this section. Such spending targets shall be determined on a per capita basis. Such spending targets

shall include a risk corridor that takes into account normal variation in expenditures for items and services covered under parts A and B furnished to such beneficiaries with the size of the corridor being related to the number of applicable beneficiaries furnished services by each independence at home medical practice. The spending targets may also be adjusted for other factors as the Secretary determines appropriate.

“(2) INCENTIVE PAYMENTS.—Subject to performance on quality measures, a qualifying independence at home medical practice is eligible to receive an incentive payment under this section if actual expenditures for a year for the applicable beneficiaries it enrolls are less than the estimated spending target established under paragraph (1) for such year. An incentive payment for such year shall be equal to a portion (as determined by the Secretary) of the amount by which actual expenditures (including incentive payments under this paragraph) for applicable beneficiaries under parts A and B for such year are estimated to be less than 5 percent less than the estimated spending target for such year, as determined under paragraph (1).

“(d) APPLICABLE BENEFICIARIES.—

“(1) DEFINITION.—In this section, the term ‘applicable beneficiary’ means, with respect to a qualifying independence at home medical practice, an individual who the practice has determined—

“(3) BENEFICIARY ACCESS TO SERVICES.—Nothing in this section shall be construed as encouraging physicians or nurse practitioners to limit applicable beneficiary access to services covered under this title and applicable beneficiaries shall not be required to relinquish access to any benefit under this title as a condition of receiving services from an independence at home medical practice.

“(e) IMPLEMENTATION.—

“(1) STARTING DATE.—The demonstration program shall begin no later than January 1, 2012. An agreement with an independence at home medical practice under the demonstration program may cover not more than a 3-year period.

“(2) MONITORING APPLICABLE BENEFICIARIES.—The Secretary may monitor data on expenditures and quality of services under this title after an applicable beneficiary discontinues receiving services under this title through a qualifying independence at home medical practice.

“(g) REPORTS TO CONGRESS.—The Secretary shall conduct an independent evaluation of the demonstration program and submit to Congress a final report, including best practices under the demonstration program. Such report shall include an analysis of the demonstration program on coordination of care, expenditures under this title, applicable beneficiary access to services, and the quality of health care services provided to applicable beneficiaries.

“(h) FUNDING.—For purposes of administering and carrying out the demonstration program, other than for payments for items and services furnished under this title and incentive payments under subsection (c), in addition to funds otherwise appropriated, there shall be transferred to the Secretary for the Center for Medicare & Medicaid Services Program Management Account from the Federal Hospital Insurance Trust Fund under section 1817 and the Federal Supplementary Medical Insurance Trust Fund under section 1841 (in proportions determined appropriate by the Secretary) \$5,000,000 for each of fiscal years 2010 through 2015. “(B) EXPANSION OF APPLICABLE CONDITIONS.—Beginning with fiscal year 2015, the Secretary shall, to the extent practicable, expand the applicable conditions beyond the

3 conditions for which measures have been endorsed as described in subparagraph (A)(ii)(I) as of the date of the enactment of this subsection to the additional 4 conditions that have been identified by the Medicare Payment Advisory Commission in its report to Congress in June 2007 and to other conditions and procedures as determined appropriate by the Secretary. In expanding such applicable conditions, the Secretary shall seek the endorsement described in subparagraph (A)(ii)(I) but may apply such measures without such an endorsement in the case of a specified area or medical topic determined appropriate by the Secretary for which a feasible and practical measure has not been endorsed by the entity with a contract under section 1890(a) as long as due consideration is given to measures that have been endorsed or adopted by a consensus organization identified by the Secretary.

“(2) ELIGIBLE HOSPITAL DEFINED.—In this subsection, the term ‘eligible hospital’ means a hospital that the Secretary determines has a high rate of risk adjusted readmissions for the conditions described in section 1886(q)(8)(A) of the Social Security Act and has not taken appropriate steps to reduce such readmissions and improve patient safety as evidenced through historically high rates of readmissions, as determined by the Secretary.

“(3) RISK ADJUSTMENT.—The Secretary shall utilize appropriate risk adjustment measures to determine eligible hospitals.

“(b) REPORT TO THE SECRETARY.—As determined appropriate by the Secretary, eligible hospitals and patient safety organizations working with those hospitals shall report to the Secretary on the processes employed by the hospital to improve readmission rates and the impact of such processes on readmission rates.”

“(I) who are uninsured in 2012, the last year before coverage expansion under the Patient Protection and Affordable Care Act (as calculated by the Secretary based on the most recent estimates available from the Director of the Congressional Budget Office before a vote in either House on such Act that, if determined in the affirmative, would clear such Act for enrollment); and

“(II) who are uninsured in the most recent period for which data is available (as so calculated).

“(ii) 2018 AND SUBSEQUENT YEARS.—For fiscal year 2018 and each subsequent fiscal year, a factor equal to 1 minus the percent change (divided by 100) in the percent of individuals who are uninsured, as determined by comparing the percent of individuals—

“(I) who are uninsured in 2012 (as estimated by the Secretary, based on data from the Census Bureau or other sources the Secretary determines appropriate, and certified by the Chief Actuary of the Centers for Medicare & Medicaid Services); and

“(II) who are uninsured in the most recent period for which data is available (as so estimated and certified).

“(C) FACTOR THREE.—A factor equal to the percent, for each subsection (d) hospital, that represents the quotient of—

“(i) the amount of uncompensated care for such hospital for a period selected by the Secretary (as estimated by the Secretary, based on appropriate data (including, in the case where the Secretary determines that alternative data is available which is a better proxy for the costs of subsection (d) hospitals for treating the uninsured, the use of such alternative data)); and

“(ii) the aggregate amount of uncompensated care for all subsection (d) hospitals that receive a payment under this subsection for such period (as so estimated, based on such data).

“(3) LIMITATIONS ON REVIEW.—There shall be no administrative or judicial review under section 1869, section 1878, or otherwise of the following:

“INDEPENDENT MEDICARE ADVISORY BOARD

“SEC. 1899A. (a) ESTABLISHMENT.—There is established an independent board to be known as the ‘Independent Medicare Advisory Board’.

“(b) PURPOSE.—It is the purpose of this section to, in accordance with the following provisions of this section, reduce the per capita rate of growth in Medicare spending—

“(1) by requiring the Chief Actuary of the Centers for Medicare & Medicaid Services to determine in each year to which this section applies (in this section referred to as ‘a determination year’) the projected per capita growth rate under Medicare for the second year following the determination year (in

this section referred to as ‘an implementation year’);

“(2) if the projection for the implementation year exceeds the target growth rate for that year, by requiring the Board to develop and submit during the first year following the determination year (in this section referred to as ‘a proposal year’) a proposal containing recommendations to reduce the Medicare per capita growth rate to the extent required by this section; and

“(3) by requiring the Secretary to implement such proposals unless Congress enacts legislation pursuant to this section.

“(c) BOARD PROPOSALS.—

“(1) DEVELOPMENT.—

“(A) IN GENERAL.—The Board shall develop detailed and specific proposals related to the Medicare program in accordance with the succeeding provisions of this section.

“(B) ADVISORY REPORTS.—Beginning January 15, 2014, the Board may develop and submit to Congress advisory reports on matters related to the Medicare program, regardless of whether or not the Board submitted a proposal for such year. Such a report may, for years prior to 2020, include recommendations regarding improvements to payment systems for providers of services and suppliers who are not otherwise subject to the scope of the Board’s recommendations in a proposal under this section. Any advisory report submitted under this subparagraph shall not be subject to the rules for congressional consideration under subsection (d).

“(2) PROPOSALS.—

“(A) REQUIREMENTS.—Each proposal submitted under this section in a proposal year shall meet each of the following requirements:

“(i) If the Chief Actuary of the Centers for Medicare & Medicaid Services has made a determination under paragraph (7)(A) in the determination year, the proposal shall include recommendations so that the proposal as a whole (after taking into account recommendations under clause (v)) will result in a net reduction in total Medicare program spending in the implementation year that is at least equal to the applicable savings target established under paragraph (7)(B) for such implementation year. In determining whether a proposal meets the requirement of the preceding sentence, reductions in Medicare program spending during the 3-month period immediately preceding the implementation year shall be counted to the extent that such reductions are a result of the implementation of recommendations contained in the proposal for a change in the payment rate for an item or service that was effective during such period pursuant to subsection (e)(2)(A).

“(ii) The proposal shall not include any recommendation to ration health care, raise revenues or Medicare beneficiary premiums under section 1818, 1818A, or 1839, increase Medicare beneficiary cost-sharing (including deductibles, coinsurance, and copayments), or otherwise restrict benefits or modify eligibility criteria.

“(iii) In the case of proposals submitted prior to December 31, 2018, the proposal shall not include any recommendation that would reduce payment rates for items and services furnished, prior to December 31, 2019, by providers of services (as defined in section 1861(u)) and suppliers (as defined in section 1861(d)) scheduled, pursuant to the amendments made by section 3401 of the Patient Protection and Affordable Care Act, to receive a reduction to the inflationary payment updates of such providers of services and suppliers in excess of a reduction due to productivity in a year in which such recommendations would take effect.

“(iv) As appropriate, the proposal shall include recommendations to reduce Medicare

payments under parts C and D, such as reductions in direct subsidy payments to Medicare Advantage and prescription drug plans specified under paragraph (1) and (2) of section 1860D-15(a) that are related to administrative expenses (including profits) for basic coverage, denying high bids or removing high bids for prescription drug coverage from the calculation of the national average monthly bid amount under section 1860D-13(a)(4), and reductions in payments to Medicare Advantage plans under clauses (i) and (ii) of section 1853(a)(1)(B) that are related to administrative expenses (including profits) and performance bonuses for Medicare Advantage plans under section 1853(n). Any such recommendation shall not affect the base beneficiary premium percentage specified under 1860D-13(a).

“(v) The proposal shall include recommendations with respect to administrative funding for the Secretary to carry out the recommendations contained in the proposal.

“(vi) The proposal shall only include recommendations related to the Medicare program.

“(B) ADDITIONAL CONSIDERATIONS.—In developing and submitting each proposal under this section in a proposal year, the Board shall, to the extent feasible—

“(iv) consider the effects on Medicare beneficiaries of changes in payments to providers of services (as defined in section 1861(u)) and suppliers (as defined in section 1861(d));

“(v) consider the effects of the recommendations on providers of services and suppliers with actual or projected negative cost margins or payment updates; and

“(vi) consider the unique needs of Medicare beneficiaries who are dually eligible for Medicare and the Medicaid program under title XIX.

“(C) NO INCREASE IN TOTAL MEDICARE PROGRAM SPENDING.—Each proposal submitted under this section shall be designed in such a manner that implementation of the recommendations contained in the proposal would not be expected to result, over the 10-year period starting with the implementation year, in any increase in the total amount of net Medicare program spending relative to the total amount of net Medicare program spending that would have occurred absent such implementation.

“(D) CONSULTATION WITH MEDPAC.—The Board shall submit a draft copy of each proposal to be submitted under this section to the Medicare Payment Advisory Commission established under section 1805 for its review. The Board shall submit such draft copy by not later than September 1 of the determination year.

“(E) REVIEW AND COMMENT BY THE SECRETARY.—The Board shall submit a draft copy of each proposal to be submitted to Congress under this section to the Secretary for the Secretary’s review and comment. “(II) a year in which the Chief Actuary of the Centers for Medicare & Medicaid Services makes a determination in the determination year that the projected percentage increase (if any) for the medical care expenditure category of the Consumer Price Index for All Urban Consumers (United States city average) for the implementation year is less than the projected percentage increase (if any) in the Consumer Price Index for All Urban Consumers (all items; United States city average) for such implementation year; or

“(III) for proposal year 2019 and subsequent proposal years, a year in which the Chief Actuary of the Centers for Medicare & Medicaid Services makes a determination in the determination year that the growth rate described in paragraph (8) exceeds the growth rate described in paragraph (6)(A)(i).

“(iii) START-UP PERIOD.—The Board may not submit a proposal under clause (i) prior to January 15, 2014.

“(B) REQUIRED INFORMATION.—Each proposal submitted by the Board under subparagraph (A)(i) shall include—

“(ii) REQUIREMENT.—The projection under clause (i) shall—

“(I) to the extent that there is projected to be a negative update to the single conversion factor applicable to payments for physicians’ services under section 1848(d) furnished in the proposal year or the implementation year, assume that such update for such services is 0 percent rather than the negative percent that would otherwise apply; and

“(C) MEDICARE PER CAPITA TARGET GROWTH RATE.—For purposes of this section, the Medicare per capita target growth rate for an implementation year shall be calculated as the projected 5-year average (ending with such year) percentage increase in—

“(2) Paragraph (1) shall not be construed as preventing the Secretary from using evidence or findings from such comparative clinical effectiveness research in determining coverage, reimbursement, or incentive programs under title XVIII based upon a comparison of the difference in the effectiveness of alternative treatments in extending an individual's life due to the individual's age, disability, or terminal illness.

“(d)(1) The Secretary shall not use evidence or findings from comparative clinical effectiveness research conducted under section 1181 in determining coverage, reimbursement, or incentive programs under title XVIII in a manner that precludes, or with the intent to discourage, an individual from choosing a health care treatment based on how the individual values the tradeoff between extending the length of their life and the risk of disability.

“(e) The Patient-Centered Outcomes Research Institute established under section 1181(b)(1) shall not develop or employ a dollars-per-quality adjusted life year (or similar measure that discounts the value of a life because of an individual's disability) as a threshold to establish what type of health care is cost effective or recommended. The Secretary shall not utilize such an adjusted life year (or such a similar measure) as a threshold to determine coverage, reimbursement, or incentive programs under title XVIII.”

“(2) CONTENT.—

“(A) IN GENERAL.—

“(i) REQUIRED INFORMATION.—An application submitted under this subsection shall include information demonstrating that—

“(bb) animal studies (including the assessment of toxicity); and

“(cc) a clinical study or studies (including the assessment of immunogenicity and pharmacokinetics or pharmacodynamics) that

are sufficient to demonstrate safety, purity, and potency in 1 or more appropriate conditions of use for which the reference product is licensed and intended to be used and for which licensure is sought for the biological product;

“(II) the biological product and reference product utilize the same mechanism or mechanisms of action for the condition or conditions of use prescribed, recommended, or suggested in the proposed labeling, but only to the extent the mechanism or mechanisms of action are known for the reference product;

“(III) the condition or conditions of use prescribed, recommended, or suggested in the labeling proposed for the biological product have been previously approved for the reference product;

“(IV) the route of administration, the dosage form, and the strength of the biological product are the same as those of the reference product; and

“(V) the facility in which the biological product is manufactured, processed, packed, or held meets standards designed to assure that the biological product continues to be safe, pure, and potent.

“(ii) meets the standards described in paragraph (4), and therefore is interchangeable with the reference product; and

“(B) the applicant (or other appropriate person) consents to the inspection of the facility that is the subject of the application, in accordance with subsection (c).

“(4) SAFETY STANDARDS FOR DETERMINING INTERCHANGEABILITY.—Upon review of an application submitted under this subsection or any supplement to such application, the Secretary shall determine the biological product to be interchangeable with the reference product if the Secretary determines that the information submitted in the application (or a supplement to such application) is sufficient to show that—

“(i) is biosimilar to the reference product; and

“(ii) can be expected to produce the same clinical result as the reference product in any given patient; and

“(B) for a biological product that is administered more than once to an individual, the risk in terms of safety or diminished efficacy of alternating or switching between use of

the biological product and the reference product is not greater than the risk of using the reference product without such alteration or switch.

“(A) 1 year after the first commercial marketing of the first interchangeable biosimilar biological product to be approved as interchangeable for that reference product;

“(B) 18 months after—

“(i) a final court decision on all patents in suit in an action instituted under subsection (1)(6) against the applicant that submitted the application for the first approved interchangeable biosimilar biological product; or

“(ii) the dismissal with or without prejudice of an action instituted under subsection (1)(6) against the applicant that submitted the application for the first approved interchangeable biosimilar biological product; or

“(II) a modification to the structure of the biological product that does not result in a change in safety, purity, or potency.

“(8) GUIDANCE DOCUMENTS.—

“(A) IN GENERAL.—The Secretary may, after opportunity for public comment, issue guidance in accordance, except as provided in subparagraph (B)(i), with section 701(h) of the Federal Food, Drug, and Cosmetic Act with respect to the licensure of a biological product under this subsection. “(ii) The establishment of procedures for manufacturers to issue refunds to covered entities in the event that there is an overcharge by the manufacturers, including the following:

“(I) Providing the Secretary with an explanation of why and how the overcharge occurred, how the refunds will be calculated, and to whom the refunds will be issued.

“(II) Oversight by the Secretary to ensure that the refunds are issued accurately and within a reasonable period of time, both in routine instances of retroactive adjustment to relevant pricing data and exceptional circumstances such as erroneous or intentional overcharging for covered drugs.

“(iii) The provision of access through the Internet website of the Department of Health and Human Services to the applicable ceiling prices for covered drugs as calculated and verified by the Secretary in accordance with this section, in a manner (such as through the use of password protection) that limits such access to covered entities and adequately assures security and protection of privileged pricing data from unauthorized re-disclosure.

“(iv) The development of a mechanism by which—

“(I) rebates and other discounts provided by manufacturers to other purchasers subsequent to the sale of covered drugs to covered entities are reported to the Secretary; and

“(II) appropriate credits and refunds are issued to covered entities if such discounts or rebates have the effect of lowering the applicable ceiling price for the relevant quarter for the drugs involved.

“(v) Selective auditing of manufacturers and wholesalers to ensure the integrity of the drug discount program under this section.

“(vi) The imposition of sanctions in the form of civil monetary penalties, which—

“(I) shall be assessed according to standards established in regulations to be promulgated by the Secretary not later than 180 days after the date of enactment of the Patient Protection and Affordable Care Act;

“(iv) The establishment of a single, universal, and standardized identification system by which each covered entity site can be identified by manufacturers, distributors, covered entities, and the Secretary for purposes of facilitating the ordering, purchasing, and delivery of covered drugs under this section, including the processing of chargebacks for such drugs.

“(v) The imposition of sanctions, in appropriate cases as determined by the Secretary, additional to those to which covered entities are subject under subsection (a)(5)(E), through one or more of the following actions:

“(I) Where a covered entity knowingly and intentionally violates subsection (a)(5)(B), the covered entity shall be required to pay a monetary penalty to a manufacturer or manufacturers in the form of interest on sums for which the covered entity is found liable under subsection (a)(5)(E), such interest to be compounded monthly and equal to the current short term interest rate as determined by the Federal Reserve for the time period for which the covered entity is liable.

“(II) Where the Secretary determines a violation of subsection (a)(5)(B) was systematic and egregious as well as knowing and intentional, removing the covered entity from the drug discount program under this section and disqualifying the entity from re-entry into such program for a reasonable period of time to be determined by the Secretary.

“(III) Referring matters to appropriate Federal authorities within the Food and Drug Administration, the Office of Inspector General of Department of Health and Human Services, or other Federal agencies for consideration of appropriate action under other Federal statutes, such as the Prescription Drug Marketing Act (21 U.S.C. 353).

the poverty line or who are full-time students actively employed).

“(i) an amount that the Secretary determines is actuarially sound for each month that occurs during the period that begins with the first month for which the individual failed to pay the monthly premium required to maintain the individual’s enrollment in the CLASS program and ends with the month preceding the month in which the reenrollment is effective; or

“(ii) 1 percent of the applicable age-adjusted premium for each such month occurring in such period.

“(2) verify, using procedures similar to the procedures used by the Commissioner of Social Security under section 1631(e)(1)(B)(ii) of the Social Security Act and consistent with the requirements applicable to the conveyance of data and information under section 1942 of such Act, the validity of such self-attestation; and
