

City of Fairfax and the entire region. One highlight of this new partnership is a joint revenue-sharing program with the Fairfax Volunteer Fire Department to provide a sustained revenue source for fire truck and equipment replacement.

Chief Owens has served as a member of the policy steering committee for the Northern Virginia Emergency Response System, which guides the all-hazards emergency planning for the region. He also served as Chairman of the Northern Virginia Fire Chiefs Committee for six years, and he coordinated the city task forces that provided support services in the Gulf Coast region after Hurricane Katrina.

Madam Speaker, I ask my colleagues to join me in thanking Chief Owens for his years of dedication to public safety and his community and for his unwavering support of emergency responders under his command. We wish him the very best as he begins yet another chapter of his life as the Director of the Division of Fire Rescue Services for Frederick County, Md.

EARMARK DECLARATION

HON. JOHN ABNEY CULBERSON

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, February 2, 2010

Mr. CULBERSON. Madam Speaker, pursuant to the Republican leadership standards on earmarks, I am submitting the following information regarding earmarks I received as part of H.R. 3326, the FY2010 Department of Defense Appropriations Act:

Requesting Member: Congressman JOHN CULBERSON

Bill Number: H.R. 3326

Account: Department of Defense, Air Force Research and Development, Test and Evaluation account.

Legal Name and Address of Requesting Entity: Rice University; 6100 Main Street, MS 603; Houston, TX 77005

Description of Request: Provide an earmark of \$3,200,000 to the Consortium for Nanomaterials for Aerospace Commerce and Technology, CONTACT, project to support nanotechnology research focused on four areas critical to the next generation of military power systems—Adaptive and Responsive Materials, Nano Energetics, Sensors, and Power Generation and Storage.

IN HONOR OF THE TOLLAND HIGH SCHOOL BOYS SOCCER AND BOYS CROSS COUNTRY STATE CHAMPIONSHIP SEASONS

HON. JOE COURTNEY

OF CONNECTICUT

IN THE HOUSE OF REPRESENTATIVES

Tuesday, February 2, 2010

Mr. COURTNEY. Madam Speaker, I rise to congratulate the Tolland High School boys soccer team and the boys cross country team for winning the Connecticut Class M Championships, respectively. Their success is a fitting capstone to the determination of a group of young adults who started the season with the shared goal of a state championship.

Winning a championship was significant for the Tolland Soccer team on its own, but even

more so after spending the entire season targeted by all opponents as a top ranked team. Playing in the competitive CCC East Conference while matching up against primarily class L and LL schools, Tolland posted a record 13 shutouts. And when it mattered most on November 21st, the team defeated Granby Memorial High School 2-1 to complete the only undefeated season of a Connecticut high school boys soccer team in 2009.

Tolland soccer was not alone in helping the town mark a noteworthy year. For a program boasting numerous historical achievements, the Tolland cross country team have solidified their mark in school history. Led by captains Kyle Sprague, Marcos Rodriguez, and Bryan Fowler the team won their second consecutive Class-M state championship on October 31, 2001. The team finished with an undefeated record of 17 wins and zero losses, with six runners earning all-conference status.

These back to back championship wins are a testament to the teamwork, dedication, and skill of these scholar athletes. I would like to congratulate their coaches, Jim Leahy and Brandon Elliot along with the entire Town of Tolland, the Recreation Department, and the Board of Education for fostering a healthy program of youth and scholastic athletics. To the parents, who for the past ten years have driven to hundreds of games and held pasta parties for young and hungry athletes, their role was also critical to this team's success.

This group of young adults have set the bar high for future Tolland teams, and met their goals through grit and determination. I wish all the players good luck with their future endeavors, and may they always appreciate the lesson that true rewards are achieved through surmounting significant challenges.

PERSONAL EXPLANATION

HON. SANFORD D. BISHOP, JR.

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, February 2, 2010

Mr. BISHOP of Georgia. Madam Speaker, I regret that I was unavoidably absent Tuesday, January 26, and Wednesday, January 27, due to a death in my family. Had I been present for the nine votes which occurred, I would have voted "aye" on H. Res. 990, rollcall vote No. 17; I would have voted "aye" on H. Res. 1011, rollcall vote No. 18; I would have voted "aye" on H. Res. 1003, rollcall vote No. 19; I would have voted "aye" on H. Res. 1038, rollcall vote No. 20; I would have voted "aye" on H. Res. 1024, rollcall vote No. 21; I would have voted "aye" on H.R. 4474, rollcall vote No. 22; I would have voted "aye" on H.R. 3726, rollcall vote No. 23; I would have voted "aye" on H.R. 4508, rollcall vote No. 24; and I would have voted "aye" on H. Res. 1020, rollcall vote No. 25.

IN RECOGNITION OF DAKOTA MISSILDINE BEING CROWNED THE 45TH MISS RODEO

HON. MIKE ROGERS

OF ALABAMA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, February 2, 2010

Mr. ROGERS of Alabama. Madam Speaker, I would like to request the House's attention today to pay recognition to Miss Dakota Missildine who became the 45th Miss Rodeo on January 17, 2010.

Dakota is the 22-year-old daughter of Pam and Todd Missildine and has two younger brothers, Dallas and Austin. Dakota was raised on a horse farm in Grady, Alabama, and is no newcomer to the western way of life. She started competing at a young age and over the years moved up through the ranks, all while specializing in her favorite event, breakaway roping.

Dakota's platform is the Golden Heart, encouraging all to open their hearts and live by the Golden Rule. Dakota is accepting of everyone, and is looking forward to spreading that message to everyone while also creating more support for the rodeo.

On January 17th in Oklahoma City Dakota said, "I am honored to have this opportunity to represent cowboys and cowgirls across the United States and Canada and be their voice to the public."

All of us across Talladega County and East Alabama are deeply proud of Dakota Missildine and her outstanding accomplishments at such a young age. We are looking forward to see what good things will come from Miss Rodeo in 2010.

INDIAN ARTS AND CRAFTS AMENDMENTS ACT OF 2010, H.R. 725

HON. BETTY MCCOLLUM

OF MINNESOTA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, February 2, 2010

Ms. MCCOLLUM. Madam Speaker, I rise today in support of H.R. 725, the Indian Arts and Crafts Amendments Act of 2010.

Our history has been richly shaped by native cultures, and it is only appropriate we protect these important contributions of Native Americans and other indigenous people. American Indian and Alaska Native arts and crafts are devalued when unscrupulous merchants promote and market products as "Indian made" when they are not. To address this problem, Congress passed the Indian Arts and Crafts Act of 1990 (PL 101-644), which is a truth-in-advertising law that makes it illegal to sell or produce any imitation Indian art or craft.

Despite these efforts, the sale of counterfeit Indian arts and crafts continues all too often and very few cases are investigated. Those who produce imitation Indian products should be investigated and punished, and the punishment needs to be sufficient to deter this fraudulent practice. These amendments strengthen penalties and allow Federal, State, and local law enforcement to investigate and enforce cases of imitation Indian goods.

As a member of the House Arts Caucus and of the Congressional Native American Caucus,

I value the importance of Indian arts and crafts to the preservation and strength of Native American culture and tradition. For these reasons, I urge my colleagues to support H.R. 725.

TRIBUTE TO LT. JOSEPH M.
McCAFFERTY

HON. STEVE AUSTRIA

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Tuesday, February 2, 2010

Mr. AUSTRIA. Madam Speaker, I rise today to honor and remember Lt. Joseph M. McCafferty, for his outstanding service to the community of Lancaster and the state of Ohio. A 37-year veteran of the Lancaster Fire Department, he spent his life serving and ensuring the safety of others.

Joseph graduated from Lancaster City Schools and then joined the Lancaster Fire Department on June 1, 1973. During his career, he worked not only as a firefighter, but also as a paramedic and an engineer. He was promoted to the position of lieutenant on November 7, 1983.

An outstanding firefighter and 37-year veteran, Joseph was always willing to help and pass along his knowledge to new recruits. He also actively served the community, participating in "Fill the Boot" and the department's "Toys for Kids" program. He served as a Union officer and was a devoted family man who loved spending time with his grandchildren.

For his many years of exemplary service to the community and dedication to the Lancaster Fire Department, I join the people of Ohio's Seventh Congressional District in extending our deepest regrets to his wife; Vicki, children; Amy, Farah and Aaron and the many friends of Joseph M. McCafferty.

EARMARK DECLARATION

HON. ROBERT B. ADERHOLT

OF ALABAMA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, February 2, 2010

Mr. ADERHOLT. Madam Speaker, pursuant to the Republican Leadership standards on earmarks, I am submitting the following information regarding earmarks I received as part of H.R. 3326—the Department of Defense Appropriations Act, 2010.

Request as named in the report: Electrically Charged Mesh Defense Net Troop Protection System

Requesting Member: ADERHOLT

Bill Number: H.R. 3326—the Department of Defense Appropriations Act, 2010

Account or Provision: RDT&E—Army

Legal Name of Requesting Entity: Victory Solutions, Inc.

Address of Requesting Entity: 4900 Corporate Drive, Suite A, Huntsville, AL 35805.

Description of Request: \$7,500,000. The funding would be used for "D-NET" a Defense Net Troop Protection System designed to intercept and negate the serious insurgent and terrorist threat tactics employing Rocket Propelled Grenades (RPG), mortars, and small rocket munitions encountered by U.S. Combat

Forces. This product could help save warfighters' lives in hostile territories such as Afghanistan and Iraq through an innovative and low-cost system of defending vehicles against enemy attacks by further testing and prototype development of a system which has passed all tests so far and gotten favorable government program manager review, and which was developed with input from troops in the field. The spending plan for this Phase II of the program, to total \$7,500,000, is: Prototype Production and Field Test & Evaluation Program for integration and operational development. Further develop the D-Net technology based on Phase I R&D Tests to a Technology Readiness Level (TRL) worthy of deploying a limited quantity of "Field Prototypes" to Theater for field and operations test and evaluation.

FY2010 Task A: D-Net "Field Prototypes" (\$3.5M). Deliver to Army Logistics: 100 "Field Prototypes" of the D-Net Static Troop Protection System for Theater Deployment on military asset vehicle for field testing (Procurement of Prototypes delivered to Military. Develop, Build, Assemble, Kit Packaging within military requirements like HAZMAT etc, Deliver and Ship to War Zone to fill purchase for Field Test Program) (\$3.5M, or \$35K/unit).

Task B: Field Test Program, data collection and refinement (\$1.075M). Send science and engineering teams to Theater for collection of field data from Field Prototypes deployed (Data collection material \$125K, OCONUS Labor \$425K), interact with operating community for feedback, return to lab and refine the technology for better performance and utility (Re-engineer labor \$225K). Requires OCONUS travel (\$300K).

Task C: Threat Characterization (\$350K). Analyze and Perform trade Studies on Threat variants commonly engaged in Theatre scenarios. Engineering and analysis labor (\$350K).

Task D: Net Optimization & Continued R&D (\$1.3M); Range Test Net Materials (\$250K); Government Provided Range Test Facilities & Government Provided Threats for Tests (\$500K); Parametric Studies/Validation Labor/Salaries Engineering (\$250K) and Manufacturing labor (\$250K), Travel (\$50K).

Task E: Continue Launcher Development (\$870K). Ground and Aerial Launcher Design and Development R&D and Fabrication Material (\$320K); Testing (\$150K); Labor for Engineering, Integration and Manufacturing for Platform Depot Requirements (\$400K).

Task F: Integration to Systems & Platforms (\$405K). Design and Integration Trade Studies, COTS Sensor Integration Analysis and Labor (\$250K); Material (\$75K), Travel to Platform Project Offices (\$80K).

Request as named in the report: Marine Corps MK 1077 Flatracks

Requesting Member: ADERHOLT

Bill Number: H.R. 3326—the Department of Defense Appropriations Act, 2010

Account or Provision: RDT&E—Army

Legal Name of Requesting Entity: SUMMA Technology, Inc.

Address of Requesting Entity: Headquartered at 140 Sparkman Drive, Huntsville, AL 35805. The manufacturing facility is in Cullman, Alabama.

Description of Request: \$3,000,000. The funding would be used for the MK1077 Flatrack. This is a revolutionary material handling system that provides the Marines with expe-

ditioned logistical support while achieving significant manpower and equipment reductions. These racks and the containers they work with can be used to transport ammunition or other supplies in and out of areas quickly, thus greatly reducing the warfighter's exposure to danger. This is a continuation of a multi-year procurement program, and the recipient company has a proven record of meeting the strict, structural requirements for this item. The USMC has a requirement for 3,500 MK1077 Flatrack units of which 1,000 units have been acquired to date. \$3,000,000 will provide approximately 347 additional units, bringing the inventory up to 1,347.

Request as named in the report: Waterside Wide Area Tactical Coverage and Homing

Requesting Member: ADERHOLT

Bill Number: H.R. 3326—the Department of Defense Appropriations Act, 2010

Account or Provision: RDT&E—Army

Legal Name of Requesting Entity: Miltec Corporation

Address of Requesting Entity: Miltec Corporation, located at 21232 Hwy 431, Guntersville, AL 35976

Description of Request: \$4,000,000. The funding would be used for development and integration of systems for the final test and demonstration of the WaterWATCH affordable underwater monitoring capability. Most waterfront facilities are unprotected due to cost considerations. Finalization of this product would make available a security system which installations at military bases and other critical infrastructure locations (such as nuclear power plants near waterways) could afford. WaterWATCH integrates many currently available components through the development of new software and the testing of these systems. Approximately \$60,000 would be needed for travel, approximately \$150,000 for hardware, and the rest for labor (software development and testing).

Request as named in the report: Protective Self-Decontaminating Surfaces

Requesting Member: ADERHOLT

Bill Number: H.R. 3326—the Department of Defense Appropriations Act, 2010

Account or Provision: RDT&E—Defense-Wide

Legal Name of Requesting Entity: Ventana Research Corp. (VRC) & Kappler, Inc., and Kappler, Inc.

Address of Requesting Entity: VRC at 2702 South 4th Avenue, South Tucson, AZ 85713-4816; and Kappler at 115 Grimes Drive, Guntersville, AL 35976-9364

Description of Request: \$2,000,000. The funding would be used for Prototype field validation tests of VRC-Kappler Chemical Biohazard Protective systems, lab tests of bacterial infections, diseases and contaminated human remains pouches (CHRP); to field and live test nerve gas and radiological agents (in order to design the suit to withstand such an attack by a hostile nation). Present decontamination processes are labor intensive and require lengthy downtimes. Field-tested prototypes of this fabric demonstrate cost-effective Chemical Biohazard protection for military personnel and civilian populations. Applications could be military, for homeland security, or for dangerous medical and rescue operations. The spending plan is Personnel: \$ 620,000; Materials: \$80,000; Equipment: \$120,000; travel: \$25,000; Govt Agency partnerships: Oversight and testing work: DTRA/CBT:
