the people of Chautauqua County by Mr. David Wilder. Mr. Wilder served his constituency faithfully and justly during his tenure as a member of the Chautauqua County Legislature, serving district 4.

NATIONAL DAIRY MONTH

SPEECH OF

HON. RON KIND

OF WISCONSIN

IN THE HOUSE OF REPRESENTATIVES

Monday, June 14, 2010

Mr. KIND. Mr. Speaker, I rise today in strong support of this resolution to support the goals of National Dairy Month. For more than 70 years now, we have been celebrating the importance of the dairy industry to our nation's health, economy, and national security.

If you were to come visit my home state of Wisconsin and travel through my congressional district, you would quickly understand why Wisconsin is called "America's Dairyland." Fields of corn, wheat, and straw are spotted with the large red barns, silos, and grazing cattle that have become the iconic images of dairy farming. It's not uncommon to learn that a family has been dairy farming for generations and that they hope their children will be able to carry on this tradition and way of life.

If you stop by one of those farms today, you'll hear firsthand just how difficult times are. Over the past couple of years, milk prices have been too low while the cost of feed and other inputs was too high. Our farmers today are really stretched thin, having drawn down so much equity in recent times that they're not sure that they'll earn enough to pay off their debts.

More families have been forced to close down their operations, rent out their land, and find another line of work. Not only are these people losing a way of life and imperiling our long-term ability to lead the world in agricultural production, we are also seeing local communities struggling to deal with a major shift in their economies.

This dairy crisis has demonstrated that our confusing and outdated subsidies and price supports simply don't provide the level of risk management that our farmers need. Major stakeholders in the dairy industry have united to put forward serious, creative proposals to reform our subsidy programs. We have an opportunity here to not only provide a strong

safety net for our dairy farmers, but also to lead the way in reforming our commodity support programs.

While National Dairy Month is a great opportunity for families all across our country to remember the nutritious value of dairy products as a major source of vitamins and minerals, we cannot forget how difficult times are for our dairy farmers. Over the months and years to come, I look forward to working with my colleagues on a bipartisan basis to provide a workable safety net to our farmers, while supporting local foods and sustainable agricultural practices.
