

Chairman GORDON, I believe that we have the opportunity now to save jobs and to promote science and technology and to provide for the creation of the heavy lift launch vehicle and stop the termination of the workforce, technical workforce and contractor jobs that are all across America from Mississippi to Houston, Texas.

In addition, this funding will support the development of commercial crew services. Although I am concerned about the heavy emphasis on commercialization to the exclusion, sometimes, of human space exploration, I want to see jobs being created and jobs being saved.

And so I will rise to the floor today thanking the House Science Committee and saying that NASA needs to be reauthorized and jobs need to be saved.

YOU CAN'T HAVE IT BOTH WAYS

(Mr. COHEN asked and was given permission to address the House for 1 minute.)

Mr. COHEN. Mr. Speaker, I have been home for a while during the break and during these 3 weeks listening to constituents; and I understand there are a lot of constituents that are upset because the economy hasn't come back completely. But the economy is getting better, and a great indicator of that is the Dow Jones average which has gone up in the 10,800 range now. It has gone up tremendously this month.

The American Recovery and Reinvestment Act, called the stimulus bill, has been maligned. But it has been responsible for at least 3 million jobs: firemen, policemen and teachers being kept on public payrolls and keeping taxes down and public employees hired.

The middle class has been threatened and threatened greatly. And as I sit in committee meetings and think about the future and what would happen if this House turned over to the other side, I realize the middle class would be greatly hurt. It is the middle class that is hurting. It is the middle that is concerned.

The middle class is most of the tea party, but the tea party is being led by some of the richest people in the country who are more concerned about the estate tax and getting 100 percent of their money sent to the next generation tax free, contributing greatly to the deficit, and to seeing that the upper 2 percent get their tax cuts given during the Bush years, which means a \$700 billion addition to the deficit.

They talk deficit, and they also talk about taxes and spending. Well, you can't have it both ways. The bottom line is the richest people of the country are pushing the middle class in a direction that will run them off a cliff. And their home is with the Democratic Party that is helping small business and providing jobs.

Mr. Speaker, House Resolution 1674 provides for the consideration of three bills in one rule:

H.R. 847, the James Zadroga 9/11 Health and Compensation Act of 2010. The rule provides 1 hour of general debate, with 30 minutes controlled by the Committee on Energy and Commerce, 20 minutes controlled by the Committee on the Judiciary, and 10 minutes controlled by the Committee on Ways and Means. The rule considers as adopted the substitute amendment printed in the report of the Committee on Rules. Finally, the rule provides one motion to recommit H.R. 847, with or without instructions;

H.R. 2378, the Currency Reform for Fair Trade Act. The rule provides 1 hour for general debate controlled by the Committee on Ways and Means. The rule makes in order the substitute that was adopted by voice vote in the Ways and Means Committee last week. And, finally, the rule provides one motion to recommit, with or without instructions; and, three.

The Senate amendment to H.R. 2701, the Intelligence Authorization Act of 2010. The rule makes in order a motion offered by the chair of the Permanent Select Committee on Intelligence that the House concur in the Senate amendment. The motion is debatable for 1 hour, controlled by the Permanent Select Committee on Intelligence.

Mr. Speaker, all three bills that this rule provides for consideration of are important and very pressing matters. I
