

you. Good for you. You know what is important, and you have steered America toward a better future.

I thank my colleagues.
(Applause, Senators rising.)

Mr. DURBIN. I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The legislative clerk proceeded to call the roll.

Mr. CONRAD. I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. CONRAD. Mr. President, we have just heard from Senator DORGAN, an extraordinary Senator and even more extraordinary as a friend. He has served in the Congress for 30 years. He has served in public office in my State for more than 40 years. It has been my privilege to call him my best friend for 42 years. We just heard the remarkable ability he has, a gift, to paint word pictures that communicate with people, that help us understand the consequences of the actions we take here.

In recent weeks, I have become very interested in the universe and the vastness of what surrounds us. One of the things I have found most striking is that 1 light-year takes light 1 year, it goes 5.8 trillion miles and the universe is 12 to 15 billion light-years across. This is a vastness that is hard for us to calculate. Scientists tell us it all started with a big bang almost 14 billion years ago. Now scientists are saying it may not just be one big bang but there is a cycle that takes place over 1 trillion years that leads to repeated big bangs. BYRON DORGAN has been a big bang in the Senate. He has made a difference here. He has made an enormous difference in our home State of North Dakota. He helped build a foundation that has made North Dakota, today, the most successful State in the country—the lowest unemployment, the best financial situation, the fastest economic growth. BYRON DORGAN helped build a foundation that has transformed our State. We are forever in his debt.

As his friend and colleague, we are forever grateful to the contributions he has made to North Dakota and to the Nation.

I thank the Chair and yield the floor.

The PRESIDING OFFICER. The Senator from Virginia.

Mr. WARNER. Mr. President, I associate myself with the remarks of the Senator from North Dakota and add my voice as well to celebrate Senator DORGAN's tenure in the Senate. I wish he was going to stay. He has been someone about getting things done. As somebody who has sat in the presiding chair a number of times, I have heard Senator DORGAN. Even when I don't fully agree with him, no one is more persuasive in arguing his case.

I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The legislative clerk proceeded to call the roll.

Mr. REID. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

TRIBUTES TO RETIRING SENATORS

ROBERT BENNETT

Mr. REID. Mr. President, I am sorry I was tied up in other matters today and not able to hear speeches of some of our Senators who are departing. I will have more to say at a later time. I did want to say on two of the Senators, I watched some of their remarks.

Senator BENNETT from Utah is a very dear friend of mine. We have traveled around as Members of the Senate, visiting places all over the world. His wife Joyce is an accomplished artist. She is a flutist. She is well known here and in Utah. Senator BENNETT is a very courageous man. What a disappointment he was not reelected. I am not usually giving speeches for my Republican colleagues, but it is a real loss to the country that Senator BENNETT will not return to the Senate. He is a very courageous man. He represents the ideals of the State of Utah. He is a very devout member of his church. He is a person who calls his political issues the way he sees them. His having been criticized for supporting his President, a Republican President, on the Toxic Asset Relief Program is unfair. This was one of the most important issues we faced in ages in this country, and I think the proof is in the pudding. Of the hundreds of billions of dollars—almost \$1 trillion—that were put out for that fund, all but \$25 billion is paid back and most of the economists say we will get more than that back from some of the things that were invested in.

I admire the public service of Senator BENNETT. It has been outstanding. It meets the accomplishments of his father who also served very well in the U.S. Senate. I am going to miss him a great deal. What a wonderful human being. He is an author. He has in the past been a very successful businessman, and I think one of the most accomplished legislators I have had the pleasure to deal with.

BYRON DORGAN

BYRON DORGAN from North Dakota is such a fine person. He for many years has had the same job I had under Senator Daschle, the head of the Democratic Policy Committee, and he rendered valuable service to the caucus, to the Senate, and the whole country in his capacity there. We served together in the House of Representatives. We have traveled together. His wife Kim is such a fine human being. I am going to miss BYRON. He is and has been one of my close advisers, close friends. I hope I am not being boastful here, but I don't think Tom Daschle had two bet-

ter friends in the Senate than DORGAN and REID. We were very close to him. We admired our friend Tom Daschle and did everything we could to make his life here as pleasant as possible.

As far as being a good speaker, he is very good. He has a unique way of communicating that very few people I have known have had. He is someone who, as far as the finances of this country and the world, is without peer as a legislator. He knows it all, and he has a way of articulating his views that is unique and I think very powerful. So I am going to miss BYRON DORGAN very much. He is a wonderful human being. I care a great deal about him. I have watched his son and daughter grow up. They are in college now. I remember them when they were little kids. In fact, my son Key, who was a fine athlete at the University of Virginia, when he was playing on those national champion soccer teams at the University of Virginia, gave BYRON's son Brendon a few soccer lessons. So I am grateful for the friendship of Senator BENNETT and Senator DORGAN.

JIM BUNNING

Senator BUNNING, I of course admire because of his great athletic skills. He is a member of the Baseball Hall of Fame. To think I have had the opportunity to serve in the Senate with one of the great pitchers of all time. I love talking to JIM BUNNING about his baseball days. Some of the stories he has told I have repeated many times and I will never forget them. One of the things he said that I have repeated on a number of occasions—JIM BUNNING was a great pitcher, an All-Star with no-hitters in both leagues. But he has some humility, because he said there was Sandy Koufax and there was the rest of us. He and I don't vote often the same way, but he is a man who has a strong opinion, and I am going to miss JIM BUNNING and the ability for me to talk to him about his athletic feats. I certainly wish him well in whatever his endeavors may be in the future.

NATIONAL DEFENSE AUTHORIZATION ACT FOR FISCAL YEAR 2011—MOTION TO PROCEED—Resumed

Mr. REID. Mr. President, discrimination has never served America very well. When it applies to those who serve America in the Armed Forces, it is both disgraceful and counter-productive.

The theory behind don't ask, don't tell is a thing that happened way in the past. The theory behind this should be a thing of the past, and we should put the policy behind us. It is obsolete, it is embarrassing, and it weakens our military and offends the very values we ask our troops to defend. We need to match our policy with our principle and finally say that in the United States, everyone who steps up to serve our country should be welcomed. That is the only argument that is right and it should be enough.
