

Hawaii at Hilo. 17 percent at UH Manoa. 18 percent at UH West Oahu. 22 percent at Chaminade. 13 percent at Hawaii Pacific University.

The underlying bill turns a blind eye to these 19,000 students in Hawaii, and 9 million students nationwide. H.R. 1 would slash Pell grants by more than 15 percent, the largest cut in the program's history.

Investing in education is an investment in our future. Employees with a bachelor's degree earn more than \$20,000 per year more than those without a degree, and in turn contribute more to the economy in taxes and spending. For low-income families struggling to make ends meet, Pell grants are a lifeline to help students pay for college.

Meanwhile, Pell grants have not kept pace with rising tuition costs. In 1979, Pell grants helped low-income students at four-year public colleges pay for 77 percent of their tuition, fees, room, and board. Today, the grant covers less than half that—just 34 percent of college expenses.

In this difficult economy, slashing investments in education like Pell is exactly the wrong move to make. The Chu amendment would restore full funding to the Pell grant program, and I urge my colleagues to adopt it.

FULL-YEAR CONTINUING APPROPRIATIONS ACT, 2011

SPEECH OF

HON. LAURA RICHARDSON

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, February 16, 2011

The House in Committee of the Whole House on the State of the Union had under consideration the bill (H.R. 1) making appropriations for the Department of Defense and the other departments and agencies of the Government for the fiscal year ending September 30, 2011, and for other purposes:

Ms. RICHARDSON. Mr. Chair, I rise in opposition to Section 2226 of the bill, which will cut funding for the Community Development Block Grant (CDBG) program from the current level \$3.948 billion to \$1.5 billion, a 62 percent decrease.

This drastic reduction would have a devastating impact on communities all across America, including my district, and hinder our ability to continue doing our part in aiding the Nation's economic recovery.

CDBG works. In Los Angeles County, for example, CDBG funding has provided a direct benefit to low- and moderate-income residents and their neighborhoods, something that simply would not have been possible without this federal-local partnership.

Over the past five years, Los Angeles County's CDBG program has accomplished the following: 1. created or retained 1,109 jobs; 2. provided loans and technical assistance to over 14,000 businesses; 3. provided assistance to over four million individuals in unincorporated areas and participating cities in Los Angeles County; 4. preserved 6,217 housing units; 5. provided improvements to almost 23,000 facilities; and 6. removed over 28 million square feet of graffiti.

Mr. Chair, reducing CDBG funding would mean curtailing or cancelling the following types of activities in my district and countless

others across the Nation: 1. Housing Rehabilitation Loans and Grants for families the elderly and disabled persons; 2. Commercial Facade Improvements in distressed areas; 3. Youth Programs providing afterschool, child care, gang prevention, and intervention services; 4. Senior Programs that offer meals, housing placement, and recreation; 5. Construction and improvement of critical public facilities and infrastructure; and 6. Business Loan Programs to bring development and jobs into our communities.

Mr. Chair, the federal budget is not merely a ledger documenting receipts and expenditures but a reflection of our national values. And certainly nothing is more central to our national character than its strong, healthy, and vibrant local communities. The CDBG program is indispensable if we are to continue the important community and economic development initiatives needed to revitalize our economy, create jobs, and put people back to work in homes they own and can afford.

FULL-YEAR CONTINUING APPROPRIATIONS ACT, 2011

SPEECH OF

HON. CHRIS VAN HOLLEN

OF MARYLAND

IN THE HOUSE OF REPRESENTATIVES

Tuesday, February 15, 2011

The House in Committee of the Whole House on the State of the Union had under consideration the bill (H.R. 1) making appropriations for the Department of Defense and the other departments and agencies of the Government for the fiscal year ending September 30, 2011, and for other purposes:

Mr. VAN HOLLEN. Mr. Chair, I rise in strong support of this amendment.

The Continuing Resolution on the floor today makes irresponsible and dangerous cuts in transportation and development, doing harm to a construction sector already facing 20 percent unemployment and delaying the investments needed to bring our nation's infrastructure into a state of good repair. These cuts, which are opposed by our business community, come with a price—lost productivity, less safety, and a higher cost for repairs later as our system continues to deteriorate.

Eliminating funding for DC Metro is just one example of the Republicans' penny-wise, pound-foolish approach to deficit reduction. The Federal Government relies on the Metro system to bring thousands of employees to work every day—to the Pentagon, to the Department of Homeland Security, to all the Federal agencies that help provide services to the American people. More than half of Metrorail stations serve Federal facilities. When the Metro does not work, the government cannot work.

This \$150 million investment makes the capital improvements that are necessary to make the system safe and reliable. And every dollar is matched by our local partners in Maryland, DC, and Virginia. These funds are budgeted to make critical safety improvements, replace aging rail cars, and rebuild miles of track. Without them, we will see reduced reliability and degraded customer service.

Mr. Chair, short-sighted cuts to infrastructure eliminate home-grown jobs and delay crit-

ical improvements that would make transportation safer and more efficient. If we do not make these investments now, we will certainly pay more later. I urge my colleagues to support this amendment, and oppose these reckless, job-killing cuts to critical infrastructure programs.

HONORING MARVIN MANNING

HON. THEODORE E. DEUTCH

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Thursday, February 17, 2011

Mr. DEUTCH. Mr. Speaker, I rise today in honor of my friend, Marvin Manning, for his 85th birthday. Born in Ohio, Marvin valiantly served his country during World War II in the United States Navy. Upon returning from his service, Marvin used the G.I. Bill to graduate from The Ohio State University.

In 1987, after serving for years as the Chief Financial Officer for a jewelry company, Marvin retired to South Florida. After the move, Marvin quickly became involved in politics and in the community. Marvin chaired the Dade County Community Coalition, was the Chief Community Advisor for Congressman Bill Lehman, and worked for Senator BILL NELSON's 1990 gubernatorial campaign.

In 1997, Marvin moved from Dade County into Florida's 19th Congressional district. Here, he continued his volunteerism where he has served as President of the Century Village Democratic Club, President of the Century of Boca Raton Umbrella Association, COBRUA, as President of the Yarmouth Association, was on the Half Penney Board, and serves on the Executive Board of the West Boca Community Council.

I, along with much of the South Florida community, am most grateful for Marvin's close work and relationships with our local elected officials. When Hurricane Wilma devastated South Florida, Marvin's hard work, along with the help of former Congressman Robert Wexler, Commissioner Burt Aaronson, and other local officials led to a speedy response which guaranteed that Century Village got the assistance it needed in the aftermath of the storm.

It has been an honor to count Marvin as a colleague, an advisor, and most of all a friend. I would like to congratulate Marvin and his family on his 85th birthday, and I look forward to many more years of working together with Marvin to better the South Florida community.

Mr. THOMPSON of Mississippi. Mr. Speaker, I rise today to honor Ms. Zelpha (Zep) Montgomery-Whatley, The Builder of "Miss Bernice's House."
