

There are over 700 soldiers in this command and because of MSG Wimberly's efforts, expertise, and dedication to Georgia Army National Guard Aviation, all units either passed or exceeded standards this past spring during the Forces Command Aviation Resource Management Survey inspection.

MSG Wimberly has also completed a tour in Afghanistan with a Georgia ARNG Infantry Embedded Training Team. Through this experience—and by participating in pre-mobilization validation training exercises—MSG Wimberly has developed an advanced ability to plan, coordinate, and execute complex logistic/supply operations.

He is an invaluable professional soldier whose dedication to mission accomplishment makes him worthy of recognition as a leader in the community, the National Guard, and our great nation.

I ask my colleagues to join me in thanking Master Sergeant Sterling T. Wimberly for his service and his commitment to the betterment of his community.

OPPOSITION TO UNITED NATIONS
CRITICISM OF ISRAEL

HON. STEVE ISRAEL

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Thursday, February 17, 2011

Mr. ISRAEL. Mr. Speaker, I am emphatically opposed to using the U.N. to single out Israel for criticism on the issue of settlements, whether that criticism is in the form of a resolution or a statement. Should a resolution criticizing Israel come before the Security Council, the United States should clearly veto it. To the extent that we have disagreements with Israel on policy matters, we should find a way to express those differences in private, just as we would with our other close allies. The Administration has to understand that we stand by our friends through thick and thin.

Let's be clear; the issue isn't settlements; the issue is negotiations. Israel froze settlement construction for ten months last year. Israel has shown it is ready to take risks for peace. The onus is on the Palestinian Authority. If Palestinians object to settlements or oppose building permits—negotiate.

Israel, a friend and ally of the United States, is located in a dangerous neighborhood. Anyone who has recently watched the news or read a newspaper has seen the collapse of multilateral talks on Iran's nuclear weapons program, Hezbollah's successful effort to topple the government of Lebanon, and a wave of unrest spreading throughout the Middle East. Given the threats facing Israel, the long friendship between our two nations, and Israel's strategic importance to the United States, it is critical that the U.S.-Israel relationship is strong at all levels of our government.

The United States is in the middle of a ten-year commitment of military aid to Israel and I hope that the long tradition of strong bipartisan support in Congress to fully fund this commitment, even at a time of fiscal constraint, continues.

FULL-YEAR CONTINUING
APPROPRIATIONS ACT, 2011

SPEECH OF

HON. EDDIE BERNICE JOHNSON

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, February 15, 2011

The House in Committee of the Whole House on the State of the Union had under consideration the bill (H.R. 1) making appropriations for the Department of Defense and the other departments and agencies of the Government for the fiscal year ending September 30, 2011, and for other purposes:

Ms. EDDIE BERNICE JOHNSON of Texas. Mr. Chair, I would like to talk briefly about the amendment offered by my friend from New Jersey, Mr. PASCARELL.

The Pascrell amendment would restore funding to the fire grant programs which was cut by the Republicans in the CR. I wholeheartedly support the notion of restoring this funding. However, I must oppose this amendment because it restores the fire grant funding by cutting an equal amount from the Department of Homeland Security's Science and Technology Directorate.

The proposed \$510 million cut to the Science & Technology Directorate is on top of an \$85 million cut already proposed in the CR. If this amendment is adopted, the budget for the Science and Technology Directorate will fall to \$410 million from \$1.005 billion in FY 2010. This would be a 59 percent cut from FY 2010 levels. The magnitude of this cut would cripple the DHS Science and Technology Directorate. Some of the specific effects of this cut include:

- Elimination of all border security and maritime security research and development which includes cargo security research and development;

- Termination of all first responder research and development;

- Termination of all cyber security research and development;

- Termination of all non-aviation explosives research and development;

- Elimination of all human factors research and development including all biometric identification work;

- Elimination of all infrastructure and geophysical research and development including first responder monitoring and tracking work;

- Significant cuts to chemical and biological research and development;

- Significant cuts to radiological and nuclear research and development;

- Elimination of all university programs including the Minority Serving Institution program.

While the Republican cuts to the fire grants program in the CR are devastating, I cannot support solving one problem by creating an equally devastating one. And make no mistake, these cuts to the S&T Directorate will cripple our nation's ability to respond to future threats. As terrorists evolve and adapt, we must do so as well, and the S&T Directorate is at the forefront of this effort.

For these reasons, I must reluctantly oppose the Pascrell amendment, and urge a "no" vote on its adoption.

TRIBUTE TO FITZ JOHNSON

HON. PHIL GINGREY

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, February 17, 2011

Mr. GINGREY of Georgia. Mr. Speaker, in celebration of Black History Month, I want to recognize African Americans from throughout Georgia's 11th Congressional District who have a major impact on their community. Today, I rise to recognize Fitz Johnson of Marietta, Georgia, the owner of Atlanta's professional women's soccer team, the Atlanta Beat.

Already an accomplished businessman and influential Georgian, Fitz brought women's professional soccer to Atlanta in 2010. Mr. Speaker, the hard work and passion that made Fitz a successful business owner are fueling his drive to make the Beat a successful franchise.

Not only did he help Kennesaw State University build the only women's specific soccer stadium in the United States, he is working 15-hour days doing everything from handling ticket sales to janitorial services to build a winner in Atlanta.

I ask my colleagues to please join me in thanking Fitz Johnson for his contributions to his community, and wish him all the best with the Atlanta Beat.

ON THE BIRTH OF GENEVIEVE
FRANCES DALTON

HON. JOE WILSON

OF SOUTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

Thursday, February 17, 2011

Mr. WILSON of South Carolina. Mr. Speaker, I am happy to congratulate Sean Dalton and his wife Kathryn Howell Dalton on the birth of their new baby girl, Genevieve Frances Dalton, who was born on Friday, February 4, 2011, at 7:59 p.m. in Alexandria, Virginia. Genevieve was 7 pounds, 10 ounces, and 19 inches long.

I am so excited for this new blessing to the Dalton family and wish them all the best. I want to also congratulate Genevieve's grandparents Brenda and Larry Dalton of Cary, North Carolina, and Dorothy and Stan Howell of Charlotte, North Carolina, on this wonderful new addition to their family.
