Bishop Fernandez is an amazing inspirational speaker, author, community servant, and business person whose work continues to manifest the freedom of worship enjoyed across our Nation. Through his work, he has encouraged us all to exercise faith and live victoriously.

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore (Mrs. MILLER of Michigan). The Chair will entertain up to 15 further requests for 1-minute speeches from each side of the aisle.

PAY OUR TROOPS; DON'T SHUT DOWN GOVERNMENT

(Mrs. HARTZLER asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Mrs. HARTZLER. Madam Speaker, I rise today on behalf of men and women in uniform who won't get paid if Senator HARRY REID continues to refuse to pass the continuing resolution and shuts down the government later this week. They deserve better.

We have warriors fighting on our behalf in two theatres, bravely standing strong for our ideals of freedom and liberty. Meanwhile at home, their families are sacrificing too. Spouses are bravely running the household and being both mom and dad to their children.

While they are fighting for us, the Senate and the President are AWOL, doing nothing to make sure our soldiers are getting paid, even as the President takes us into a third war. In fact, they're actively promoting a shutdown because they believe it will benefit them politically.

I say, shame on them.

The House has proposed a CR which funds the Defense Department for the rest of the year, ensuring our men and women in uniform and their families receive their well-deserved paychecks and our country is defended.

We need to pass this bill and move forward and stop playing politics. Our military deserves nothing less.

GOVERNMENT SHUTDOWN

(Mr. MCGOVERN asked and was given permission to address the House

for 1 minute and to revise and extend his remarks.)

Mr. MCGOVERN. Madam Speaker, we are 1 day closer to a government shutdown, and the Republican leadership continues their obstinate crusade against everyday Americans.

If their insistence on draconian cuts and their blind allegiance to a government shutdown weren't bad enough, their 2012 budget decimates SNAP and Medicaid, food and health care assistance programs for the most vulnerable people in America.

Republicans continue their efforts to balance the budget on the backs of the poor, and we must not stand for that.

But Americans from all walks of life are saying enough. Over 23,000 people—members of churches, mosques, and synagogues; union members and white collar workers; clergy and lay people—are fasting in opposition to the draconian Republican budget cuts.

Democrats stand with those fasting in opposition to cuts to programs that make up the circle of protection, the programs that protect the hungry and the most vulnerable both here at home and around the world. We can and we should and we must do better.

I urge my Republican colleagues, stop your assault on the poor. Stop your assault against the poor.

LEGAL AUTHORITY FOR WAR IN THE NAME OF HUMANITY?

(Mr. POE of Texas asked and was given permission to address the House for 1 minute.)

Mr. POE of Texas. Madam Speaker, the United States is engaged in a new concept of war. No longer will the United States go to war only when it is in our national security interest. The Obama Doctrine is "war in the name of humanity."

Secretary Gates said military intervention in Libya is not necessary for our national interest. So now we drop bombs in countries when we self-righteously decide the ruler is mean to his people. Is this a lawful reason, a legal reason for war in Libya?

My concern is that the Constitution does not give the President unilateral authority to commit our military to foreign entanglements in the vague philosophy of humanity. There has been no prior consulting and consent of Congress. The War Powers Act only gives the President authority to enter into war without consulting Congress when a national emergency is created by an attack on the United States, its territories or possessions, or its Armed Forces.

There is no such national emergency. So what is the legal authority for military intervention in Libya? We need some answers. Are you in, Mr. President? And that's just the way it is.

GOVERNMENT SHUTDOWN

(Mr. BACA asked and was given permission to address the House for 1 minute.)

Mr. BACA. Madam Speaker, we stand today on the verge of a government shutdown. Without quick action, we will leave our seniors, our veterans, and vulnerable Americans everywhere out in the cold. But instead of working on a compromise, I state, Republicans have introduced a budget that will devastate seniors while protecting tax breaks for the richest.

Under the Republican budget, seniors in my district would lose their guaranteed benefit under Medicare and face devastating cuts to Medicaid benefits for nursing home care, which now pays over 48 million elderly and disabled Americans.

Seniors live on a fixed income. I state, seniors live on a fixed income. They cannot afford to pay more for health care or see cuts in their Social Security or have their Medicare privatized. We must not cut their benefits in order to protect and enlarge tax breaks for the rich and for companies that ship jobs overseas or for the oil industry.

We must control our deficit. It is wrong to balance the budget on the backs of American seniors. This is not about power; it's about what's good for the American people.

SAN RAMON VALLEY HIGH SCHOOL

(Mr. MCNERNEY asked and was given permission to address the House for 1 minute.)

Mr. MCNERNEY. Madam Speaker, I rise today to ask my colleagues to join me in recognizing the importance of improving our Nation's schools. I recently visited the San Ramon Valley High School and heard from many students on this important issue. I told the students then and there that I would bring their message back to Washington, D.C., and share it in our Nation's Capital.

Today's young people face an increasingly competitive world, and their education is the foundation of our country's economic success. The students at San Ramon Valley High School shared with me the importance of high quality education and teaching young people not only how to take a test, but also how to apply their skills in real life situations.

The students also asked that when Congress makes decisions about the Federal budget, that funding for schools and education should be a top priority. After all, investing in the education of our young people is an investment in our future.

I urge my colleagues to listen to the thoughts and ideas of the students at San Ramon Valley High School and the young people throughout our country.
