

all aspects of the Lung Cancer Mortality Reduction Program adequately address the burden of lung cancer on women and minority, rural, and underserved populations.

“(6) The cooperation and coordination of all tobacco control and cessation programs within agencies of the Department of Health and Human Services to achieve the goals of the Lung Cancer Mortality Reduction Program with particular emphasis on the coordination of drug and other cessation treatments with early detection protocols.”

SEC. 5. DEPARTMENT OF DEFENSE AND THE DEPARTMENT OF VETERANS AFFAIRS.

The Secretary of Defense and the Secretary of Veterans Affairs shall coordinate with the Secretary of Health and Human Services—

(1) in developing the Lung Cancer Mortality Reduction Program under section 399V-6 of the Public Health Service Act, as added by section 4;

(2) in implementing the demonstration project under section 6 within the Department of Defense and the Department of Veterans Affairs with respect to military personnel and veterans whose smoking history and exposure to carcinogens during active duty service has increased their risk for lung cancer; and

(3) in implementing coordinated care programs for military personnel and veterans diagnosed with lung cancer.

SEC. 6. LUNG CANCER SCREENING DEMONSTRATION PROJECT.

(a) SENSE OF THE SENATE.—It is the sense of the Senate that a national computed tomography lung cancer screening demonstration project should be carried out expeditiously in order to assess the public health infrastructure needs and to develop the most effective, safe, equitable, and efficient process that will maximize the public health benefits of screening.

(b) DEMONSTRATION PROJECT IN GENERAL.—Not later than 1 year after the date of enactment of this Act, the Secretary of Health and Human Services (referred to in this Act as the “Secretary”), in consultation with the Secretary of Defense, the Secretary of Veterans Affairs, the Director of the National Institutes of Health, the Director of the Centers for Disease Control and Prevention, the Commissioner of Food and Drugs, the Administrator of the Centers for Medicare & Medicaid Services, and the other members of the Lung Cancer Advisory Board established under section 7 of the Lung Cancer Mortality Reduction Act of 2011, shall establish a demonstration project, to be known as the Lung Cancer Computed Tomography Screening and Treatment Demonstration Project (referred to in this section as the “demonstration project”).

(c) PROGRAM REQUIREMENTS.—The Secretary shall ensure that the demonstration project—

(1) identifies the optimal risk populations that would benefit from screening;

(2) develops the most effective, safe, equitable and cost-efficient process for screening and early disease management;

(3) allows for continuous improvements in quality controls for the process; and

(4) serves as a model for the integration of health information technology and the concept of a rapid learning into the health care system.

(d) PARTICIPATION.—The Secretary shall select not less than 5 National Cancer Institute Centers, 5 Department of Defense Medical Treatment Centers, 5 sites within the Veterans Affairs Healthcare Network, 5 International Early Lung Cancer Action Program sites, 10 community health centers for minority and underserved populations, and additional sites as the Secretary determines

appropriate, as sites to carry out the demonstration project described under this section.

(e) QUALITY STANDARDS AND GUIDELINES FOR LICENSING OF TOMOGRAPHY SCREENING FACILITIES.—The Secretary shall establish quality standards and guidelines for the licensing of hospitals, outpatient departments, clinics, radiology practices, mobile units, physician offices, or other facilities that conduct computed tomography screening for lung cancer through the demonstration project, that will require the establishment and maintenance of a quality assurance and quality control program at each such facility that is adequate and appropriate to ensure the reliability, clarity, and accuracy of the equipment and interpretation of the screening scan and set appropriate standards to control the levels of radiation dose.

(f) TIMEFRAME.—The Secretary shall conduct the demonstration project under this section for a 5-year period.

(g) REPORT.—Not later than 180 days after the date of enactment of this Act, the Secretary shall submit a report to Congress on the projected cost of the demonstration project, and shall submit annual reports to Congress thereafter on the progress of the demonstration project and preliminary findings.

SEC. 7. LUNG CANCER ADVISORY BOARD.

(a) IN GENERAL.—The Secretary of Health and Human Services shall establish a Lung Cancer Advisory Board (referred to in this section as the “Board”) to monitor the programs established under this Act (and the amendments made by this Act), and provide annual reports to Congress concerning benchmarks, expenditures, lung cancer statistics, and the public health impact of such programs.

(b) COMPOSITION.—The Board shall be composed of—

(1) the Secretary of Health and Human Services;

(2) the Secretary of Defense;

(3) the Secretary of Veterans Affairs;

(4) the Director of the Occupational Safety and Health Administration;

(5) the Director of the National Institute of Standards and Technology; and

(6) one representative each from the fields of clinical medicine focused on lung cancer, lung cancer research, radiology, imaging research, drug development, minority health advocacy, veterans service organizations, lung cancer advocacy, and occupational medicine to be appointed by the Secretary of Health and Human Services.

SEC. 8. AUTHORIZATION OF APPROPRIATIONS.

To carry out this Act (and the amendments made by this Act), there are authorized to be appropriated such sums as may be necessary for each of fiscal years 2012 through 2016.
