

Courageous and principled leaders like these give us hope that a free Cuba is an inevitable destiny. They also give us hope that soon we will be able to achieve President John F. Kennedy's December 1962 promise to surviving Bay of Pigs veterans that their battle flag "will be returned to this brigade in a free Havana."

Mr. LAUTENBERG (for himself and Mr. THUNE) submitted the following resolution; which was considered and agreed to:

S. RES. 143

Whereas each year, the underground utility infrastructure of the United States, including pipelines, electric, gas, telecommunications, water, sewer, and cable television lines, is jeopardized by unintentional damage caused by those who fail to have underground lines located prior to digging;

Whereas some utility lines are buried only a few inches underground, making the lines easy to strike, even during shallow digging projects;

Whereas digging prior to locating underground utility lines often results in unintended consequences, such as service interruption, environmental damage, personal injury, and even death;

Whereas the month of April marks the beginning of the peak period during which excavation projects are carried out around the United States;

Whereas in 2002, Congress required the Department of Transportation and the Federal Communications Commission to establish a 3-digit, nationwide, toll-free number to be used by State "One Call" systems to provide information on underground utility lines;

Whereas in 2005, the Federal Communications Commission designated "811" as the nationwide "One Call" number for homeowners and excavators to use to obtain information on underground utility lines before conducting excavation activities;

Whereas "811" has helped reduce the amount of digging damage caused by a failure to call before digging from 57 percent in 2004 to 37.5 percent in 2009;

Whereas the 1,400 members of the Common Ground Alliance, who are dedicated to ensuring public safety, environmental protection, and the integrity of services, promote the national "Call Before You Dig" campaign to increase public awareness about the importance of homeowners and excavators calling 811 to find out the exact location of underground lines; and

Whereas the Common Ground Alliance has designated April as "National Safe Digging Month" to increase awareness of safe digging practices across the United States and to celebrate the anniversary of 811, the national "Call Before You Dig" number: Now, therefore, be it

Resolved, That the Senate—

(1) supports the goals and ideals of National Safe Digging Month; and

(2) encourages all homeowners and excavators throughout the United States to call 811 before digging.
