the national emergency declared in Executive Order 12957 and to implement section 105(a) of CISADA (22 U.S.C. 8514(a)), I issued Executive Order 13553 on September 28, 2010, to impose sanctions on officials of the Government of Iran and entities acting on behalf of the Government of Iran determined to be responsible for or complicit in certain serious human rights abuses. To take additional steps with respect to the threat posed by Iran and to provide implementing authority for a number of the sanctions set forth in ISA, as amended by, inter alia, CISADA, I issued Executive Order 13574 on May 23, 2011, to authorize the Secretary of the Treasury to implement certain sanctions imposed pursuant to ISA by the Secretary of State.

This order expands upon actions taken pursuant to ISA, as amended by, inter alia, CISADA. The ISA requires that, absent a waiver, the President impose at least three of nine possible forms of sanctions on persons determined to have made certain investments or transfers of refined petroleum. The CISADA expanded ISA to, inter alia, require the same treatment of persons determined to have provided refined petroleum to Iran above specified monetary thresholds or have provided certain goods, services, technology, information, or support to Iran related to the importation or development of refined petroleum. This order authorizes the Secretary of State to impose similar sanctions on persons determined to have provided certain goods, services, technology, or support that contributes to either Iran’s development of petroleum resources or to Iran’s production of petrochemicals, two sectors that continue to fund Iran’s illicit nuclear activities and that could serve as conduits for Iran to obtain proliferation sensitive technology. Because CISADA has impeded Iran’s ability to develop and refine its own energy sector, Iran has tried to compensate by using its petrochemical facilities to refine petroleum. These new authorities will provide the Secretary of State to impose sanctions on officials of the Government of Iran determined to be responsible for or complicit in certain serious human rights abuses.

The following sanctions may be selected for imposition on a person that the Secretary of State determines to meet any of the above criteria:

- The Board of Directors of the Export-Import Bank shall deny approval of the export or reexport of goods or services, technology, or support for which sanctions may be imposed pursuant to this new order, and knowingly participated in the provision of such goods, services, technology, or support.

- The following sanctions may be selected for imposition on a person that the Secretary of State determines to meet any of the above criteria:

- The Secretary of the Treasury shall prohibit any transfers of credit or payments between financial institutions or by, through, or to any financial institution, to the extent that such transfers or payments are subject to the jurisdiction of the United States and involve any interest of the sanctioned person.

- The Secretary of the Treasury shall restrict or prohibit imports of goods, technology, or services, directly or indirectly, into the United States from the sanctioned person.

- I have delegated to the Secretary of the Treasury the authority, in consultation with the Secretary of State, to take such actions, including the promulgation of rules and regulations, and to employ all powers granted to the President by the IEEPA as may be necessary to execute the purposes of this order.

- The Secretary of the United States Government are directed to take all appropriate measures within their authority to carry out the provisions of this order.

I am enclosing a copy of the Executive Order I have issued.

Barack Obama.
