The Chair will alternate recognition between the parties, with each party limited to 1 hour and each Member other than the majority and minority leaders and the minority whip limited to 5 minutes each, but in no event shall debate continue beyond 11:50 a.m.

CONGRATULATING CONSUMERS ENERGY COMPANY ON ITS 125TH ANNIVERSARY

The SPEAKER pro tempore. The Chair recognizes the gentleman from Michigan (Mr. WALBERG) for 5 minutes.

Mr. WALBERG. Madam Speaker, it’s my great honor to recognize and congratulate Consumers Energy Company on its 125th anniversary. On this day 125 years ago, Consumers Energy founded William A. Foote and Samuel Jarvis secured a street lighting franchise agreement with the city of Jackson, Michigan. What began as the illumination of a dozen streetlights has endured 125 years of change, growth, and service. Today, Consumers Energy delivers electricity and natural gas to 6.8 million of Michigan’s 10 million residents in all 68 counties of the State’s Lower Peninsula.

For the past 125 years, Consumer Energy has operated under the timeless principle: provide customers with safe, reliable, and affordable energy service. This principle has played an integral role in improving the quality of life for generations of Michigan residents. It also has been responsible for the growth of businesses and industries which provide jobs for millions of the State’s residents.

Since its beginning in 1886, the goal of Consumers Energy was to deliver power to homes and businesses in cities, towns, villages and even the most rural areas. In 1927, the company installed Michigan’s first rural power line, the 7-mile Mason-Dansville line, thereby bringing power to rural farms for the first time.

Today, Consumers Energy continues a proud tradition as an industry and community leader. In celebration of its milestone anniversary, the company will award $125,000 each to 10 communities for a total of $1.25 million for programs and services that will strengthen those communities and touch the lives of thousands of our citizens.

Madam Speaker, I ask my colleagues to join me in recognizing Consumers Energy’s 125th anniversary and wishing them continued growth and success in the future.

FRUITS AND VEGETABLES FOR SCHOOL CHILDREN

The SPEAKER pro tempore. The Chair recognizes the gentleman from Oregon (Mr. BLUMENAUER) for 5 minutes.

Mr. BLUMENAUER. Madam Speaker, there was a tough article in the Sun Times.

Now, this doesn’t just deal with the health of kids. It also deals with the health of local economies. When you are able to buy fresh fruits and vegetables locally and put them into the schools, it has a significant multiplier effect. Each dollar there actually has more economic impact than a dollar spent on infrastructure or a dollar that...
