IN SUPPORT OF USPTO'S
NATIONAL TRADEMARK EXPO

HON. JAMES P. MORAN

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 19, 2012

Mr. MORAN. Mr. Speaker, I rise today to express my support of the United States Patent and Trademark Office's (USPTO) National Trademark Expo. In a time of ongoing challenges for the American and global economy, I want to join the USPTO in its efforts to recognize the vital role that trademarks play in the economy.

The USPTO disseminates trademark information at the Expo to educate the public about the important role that trademarks play in our society and the global marketplace. This year's two-day event will be held on Friday, October 19th, from 10:00 a.m. to 5:00 p.m., and Saturday, October 20th, from 10:00 a.m. to 4 p.m., at the USPTO headquarters in Alexandria, Virginia.

A broad cross-section of America's large corporations, small businesses, governmental agencies, and non-profit organizations will highlight a wealth of valuable information about trademarks: from the various types of trademarks available and their benefits. The Expo will also feature educational seminars, as well as children's workshops and activities. Exhibitors at the National Trademark Expo will include: 5-hour ENERGY; 1000 Cranes, LLC; ABA Section of Intellectual Property Law; AIPLA, Creativity in Bloom; American Girl; The American National Red Cross; Caterpillar Inc.; CMG; Cricket Wireless; Department of the Army; GEICO; Girl Scout Council of the Nation's Capital; The Hershey Company; HiT Entertainment; Hooray for Books!; Idaho Potato Commission; Indian Arts and Crafts Board; International Trademark Association (Unreal Campaign); Mattel; NASA Goddard Space Flight Center; NASCAR, Inc.; NBC Learn; NumbersAlive!; The Pepsom Group; Rita's Ice, Custard, Happiness; Rutgers, The State University of New Jersey; Travelers; Under Armour; United States Air Force; UPS; U.S. Department of Energy; U.S. Government IPR Agencies; Department of Commerce, National IPR Coordination Center, and Customs and Border Protection; Valvoline; Wormwatcher; and Zipcar.

On average, people are exposed to 1,500 trademarks each day. In a time of globalization, counterfeit goods pose an increasing threat to American businesses and jobs, and trademarks assist the public in discerning between authentic and counterfeit merchandise. Counterfeit goods cost the United States billions of dollars and countless jobs annually, as well as undermine consumer confidence in brand integrity when purchasers encounter knock-off goods of inferior quality.

I applaud the USPTO for its continued efforts to educate the public on the important role of trademarks and the benefits of federal registration through the National Trademark Expo. I urge my colleagues to join me in recognizing the USPTO, at this time when trademark protection and intellectual property rights play an increasingly important role in our global economy. And, I encourage the public and my fellow Members of Congress and staff to bring their family and friends to this free, family-friendly event.

HONORING ROY DRIVER

HON. MICHAEL H. MICHAUD

OF MAINE

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 19, 2012

Mr. MICHAUD. Mr. Speaker, I rise today to recognize the achievements of Roy Driver who will be retiring after 32 years of outstanding work for the Vet Centers and the Department of Veterans Affairs.

Roy has dedicated more than 30 years to improving the lives of veterans and their families. Prior to his time with the Vet Centers, Roy served in the U.S. Coast Guard from 1960–1970 as a Sonar/Oceanographic Technician. He has attended the Greater Hartford Community College, Central Connecticut State College and Southern Connecticut State College. From 1974 to 1978 he served as a Veterans Affairs Coordinator for two colleges in Connecticut.

In 1980, he was the Team Leader of the Hartford Connecticut Vet Center, one of the first in the nation. During his time in Hartford, two additional Vet Centers were opened as satellites. Maine veterans were fortunate that in 1991, Roy moved to the Portland, Maine Vet Center, where he remained until 2004, when he became Team Leader of the Lewiston Vet Center.

It is always with some lingering sadness that I pass along my best wishes for the retirement of people like Roy. Throughout his career, he has been an important part of the lives of many combat veterans and their families, helping them to work through the issues that resulted from their service to our nation. You can never truly quantify the work of such an individual. On behalf of the people of Maine, I congratulate Roy and wish him the best of luck on his retirement and in his future endeavors.

Mr. Speaker, please join me in honoring Roy Driver for his unwavering dedication to our veterans and their families.

IN HONOR OF ARCHCARE AT TERENCE CARDINAL COOKE HEALTH CARE CENTER ON THE OCCASION OF THE 4TH ANNUAL "STEPPING UP IN FAITH FOR HIV AND AIDS" COMMUNITY EVENTS WEEK

HON. CAROLYN B. MALONEY

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 19, 2012

Mrs. MALONEY. Mr. Speaker, I rise to pay special tribute to ArchCare at Terence Car-

dinal Cooke Health Care Center, a faith-based, multi-specialty nursing facility in East Harlem, which has been serving the community since 1978. During the 4th Annual "Stepping Up in Faith for HIV and AIDS" Community Events Week, the Health Care Center is sponsoring "A Sacred NYC HIV & AIDS Conversation" among faith-based organizations, community-based organizations, Faith in Action Advocates, and the NYC Department of Health and Mental Hygiene. The discussion will focus on the theme "Turning the Tide Together—as we move forward with HIV and AIDS Prevention and Care in our Faith and Secular Partnership."

In 1989, ArchCare at Terence Cardinal Cooke Health Care Center created the first long term care facility in New York State to provide comprehensive residential health care services to people living with AIDS and HIV. In their 156-bed unit, residents have access to a continuum of medical services, including dentists, dietitians, occupational and physical therapists, and social workers. At all stages of care, residents and their families are encouraged to participate in case conferences to discuss treatment plans. The Discrete Unit provides treatment with the hope that residents will be able to return to the community and live independently.

According to United Nations estimates, there are more than 33 million people living with HIV in the world. In 2011 alone, some 2.7 million people became newly infected with the virus, and an estimated 2 million people died from AIDS. In the United States, New York remains an epicenter of the disease, with the five boroughs alone accounting for 15.5% of the entire AIDS caseload in the United States, meaning that our city has more persons living with AIDS than the entire state of California.

ArchCare and the Terence Cardinal Cooke Health Care Center have long fought on the front lines of the fight against AIDS and HIV, taking action to ensure that their patients are provided with access to vital healthcare services, and afforded protection of their basic human rights without fear of reprisal or discrimination. Not only does ArchCare provide quality, comprehensive care, but it also offers an environment of peace, tranquility and community.

The Terence Cardinal Cooke Health Care Center is named in honor of New York's former Archbishop, and its mission is driven by Terence Cardinal Cooke's words: "The 'gift of life', God's special gift, is no less beautiful when it is accompanied by illness or weakness, hunger or poverty, mental or physical handicaps, loneliness or old age."

Mr. Speaker, I ask that my colleagues join me in paying tribute to ArchCare and Terence Cardinal Cooke Health Center's years of commitment to the fight against HIV and AIDS through exceptional care for all patients and vital education events. In so doing, we honor the dedication to compassionate service of the staff at Terence Cardinal Cooke, and hope that they serve as an inspiration to health care providers across the country.
